REGION 8 BULLETIN NO: 2014-19

Subject: TrAMS Training in Denver – Coming Soon!

Date: August 8, 2014

Dear Grantees:

SAVE THE DATE! The week of November 3rd, FTA will be offering hands-on training sessions in Region 8 to provide a Basic 101 training session on TrAMS, FTA's future Transit Award Management System, which will replace our TEAM system later in FY 2015. The target audience for this training is current FTA grantees and the individuals who work with TEAM and are responsible for the day-to-day activities to develop and manage FTA grants or cooperative agreements. This is part of an ongoing outreach effort to acquaint FTA recipients with TrAMS. Topics to be covered will include a general orientation to TrAMS, the differences between TEAM and TrAMS, applications, reporting requirements and more. **Announcements about the specific dates and how to register are forthcoming soon.** To keep up-to-date about TrAMS developments, please sign up for alerts by visiting FTA's website at <http://www.fta.dot.gov/TrAMS>.

Sincerely,

**LINDA M
GEHRKE**
