

Coordinating Council on Access and Mobility (CCAM)

Summary of Recent Activities: Q3 FY2016–Q3 FY2020

Updated Quarterly

Department of Agriculture (USDA)

Activity	Description	Date	Primary Topic
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with the USDA Food and Nutrition Service (FNS) entitled <i>Rides to Meals, Part 2: Strategies to Connect Youth with Summer Food Service Programs</i> , which followed up on NCMM and FNS’s 2015 webinar entitled <i>Rides to Meals: Strategies & Resources to Support Connections between Summer Food Service Programs and Transportation</i> . FNA also has a <i>Summer Meals Toolkit</i> that includes resources related to transportation challenges and partnerships with DOT. Click here to access the Part 1 webinar, here to access the Part 2 webinar, and here to access the toolkit.	April 2016	Youth Transportation
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with the USDA Target Center entitled <i>Removing Barriers: Creating Inclusive Transportation Options to Facilitate Access to Community Services</i> . Click here to access the webinar.	December 2017	Mobility Management
Stakeholder Engagement	The USDA, the FTA, and the National Rural Transit Assistance Program (RTAP) jointly hosted a workshop titled <i>Opioids Misuse: Increasing Access to Transportation in Rural Communities</i> . The workshop targeted federal, state, and local officials focused on addressing the opioid crisis in rural West Virginia. Click here to access the webinar.	September 2018	Rural Transportation
Conference	The National Center for Mobility Management (NCMM) hosted a meeting for Health Care Access Design Challenge Grantees, and representatives from USDA Rural Development attended to provide their perspective. Click here to access information about the grant program.	October 2018	Nonemergency Medical Transportation
Interagency Coordination	The USDA Food and Nutrition Service (FNS) and the FTA coordinated to update the FNS’s website to include up-to-date information on DOT grant funding for Summer Meals programs and federal matching.	November 2018	Youth Transportation

Department of Education (ED)

Activity	Description	Date	Primary Topic
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with ED technical assistance centers entitled <i>Inclusive Transportation and Mobility Options to Support Youth & Young Adults Transition to Success</i> . Click here to access the webinar.	September 2016	Youth Transportation

Department of Health and Human Services (HHS)

Activity	Description	Date	Primary Topic
Interagency Collaboration	Staff from the Administration for Community Living (ACL) collaborated with the FTA on the FTA's FY2016 Rides to Wellness notice of funding opportunity to add an evaluation criteria as to whether applicants involved consumer representatives from the target groups as part of the coalition responding to the grant.	May 2016	Nonemergency Medical Transportation
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with the HHS Office of Faith Based and Neighborhood Partnerships entitled <i>Partnerships with Faith-based & Community Organizations to Support Inclusive Coordinated Transportation & Mobility Management</i> . Click here to access the webinar.	October 2016	Mobility Management
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with Administration for Community Living (ACL) technical assistance centers entitled <i>Moving from Transportation Towards Mobility Management: Disparities, Data and Action</i> . Click here to access the webinar.	December 2016	Mobility Management
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with a Health Resources and Services Administration (HRSA) technical assistance center entitled <i>Addressing Access to Care, Social Determinants of Health, and Health Care Costs through Patient-Centered Transportation Solutions</i> . Click here to access the webinar.	January 2017	Nonemergency Medical Transportation
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with Administration for Community Living (ACL) technical assistance centers entitled <i>Facilitating Transportation Access to CDSME and Falls Prevention Programs through Participation in Mobility Management Networks</i> . Click here to access the webinar.	January 2017	Mobility Management

Activity	Description	Date	Primary Topic
Interagency Meeting	The FTA represented the CCAM at the Federal Interagency Health Equity Team (FIHET) meeting and provided a brief presentation on CCAM objectives and progress.	March 2017	Transportation Coordination
Technical Assistance	The Health Resources and Services Administration (HRSA), FTA, and Health Outreach Partners (HOP) collaborated to create <i>Transportation and Health Access: A Quality Improvement Toolkit</i> . The toolkit provides a continuous quality improvement process to reduce missed appointments due to transportation barriers. Click here to access the toolkit.	April 2017	Nonemergency Medical Transportation
Interagency Coordination	HHS participation in the CCAM was expanded to include the Administration for Children and Families (ACF) and the Administration on Disabilities (AOD).	April 2017	Council Operations
Webinar	The Health Resources and Services Administration (HRSA) hosted a webinar on transportation and health access titled <i>Learn How to Use a Continuous Quality Improvement Process to Reduce Missed Appointments Due to Transportation Barriers</i> . The webinar featured Health Outreach Partners (HOP) and the Veterans Health Administration (VHA). Click here to access the webinar.	June 2017	Nonemergency Medical Transportation
Stakeholder Engagement	The FTA disseminated a request for feedback on HHS's <i>Strategic Plan FY 2018 - 2022</i> and a request for stakeholder input on the strategic direction of the Center for Medicare and Medicaid Innovation (CMMI). Click here to access the strategic plan.	October 2017	Transportation Coordination
Federal Guidance	To maximize flexibility and improve transportation coordination, the Administration for Community Living (ACL) published new guidance that clarifies that Older Americans Act (OAA) Title IIIB Supportive Services grantees may use their funds to match specific FTA programs. Click here to access the guidance.	January 2018	Cost Sharing
Webinar	Health Outreach Partners (HOP), a technical assistance center funded by the Health Resources and Services Administration (HRSA), hosted a three-part Transportation Webinar Series on innovative efforts to overcome transportation barriers to health care. Each webinar focused on a specific topic related to transportation. The topics were presented by panelists with expertise in the subject matter. One of the featured panelists was an FTA Rides to Wellness grantee. Click here to access the webinar series.	February 2018	Nonemergency Medical Transportation
Research	The Centers for Medicare and Medicaid Services (CMS) reviewed and provided feedback on the Transit Cooperative Research Program's (TCRP) research report for Project B-44, <i>Impact of the Trend Toward Separate Statewide Medicaid Transportation Brokerages on Human Services Transportation Coordination</i> . Click here to access the report.	February 2018	Nonemergency Medical Transportation

Activity	Description	Date	Primary Topic
Webinar	The Substance Abuse and Mental Health Services Administration (SAMHSA) hosted a webinar titled <i>Getting There from Here: Innovative strategies for addressing transportation needs of people with behavioral health conditions</i> . The webinar featured presentations from two of the FTA's Rides to Wellness grantees and the National Center for Mobility Management (NCMM). Click here to access the webinar.	April 2018	Nonemergency Medical Transportation
Funding Opportunity	The Administration for Community Living (ACL) partnered with the Community Transportation Association of America (CTAA), the National Association of Area Agencies on Aging (N4A), and the Institute for Community Inclusion of the University of Massachusetts-Boston to offer Inclusive Transportation Planning Grants for local inclusive transportation planning projects. The projects are expected to adopt inclusive strategies that fit their communities and build upon learning from previous projects. Click here to access information about the grant program.	May 2018	Coordinated Planning
Interagency Meeting	The Centers for Disease Control and Prevention (CDC) engaged the National Rural Transit Assistance Program (RTAP) to better understand the connection between health and transit. The CDC manages a nutrition and obesity program that targets rural counties with the highest rates of obesity and poverty. CDC staff reached out to RTAP because they want to become more familiar with transit and identify opportunities to enhance access to better food, social engagement, and physical activities through transit. National RTAP briefed the CDC on tools for assessing the status of transit in counties nationally and shared strategies for engaging in the local transit planning processes.	June 2018	Mobility Management
Conference	The Administration for Community Living (ACL) invited FTA staff to participate in the 2018 National Title VI Training and Technical Assistance Conference in Washington, DC, where the FTA discussed the Tribal Transit program. There were 22 attendees at the FTA session, which received positive feedback.	September 2018	Tribal Transportation
Conference	The National Center for Mobility Management (NCMM) hosted a meeting for Health Care Access Design Challenge Grantees, and representatives from the Substance Abuse and Mental Health Services Administration (SAMHSA) and the Administration for Community Living (ACL) attended to provide their perspective. Click here to access information about the grant program.	October 2018	Nonemergency Medical Transportation

Activity	Description	Date	Primary Topic
Stakeholder Engagement	The Administration for Children and Families (ACF) hosted a webinar for Tribal Temporary Assistance for Needy Families (TANF) and Native Employment Works (NEW) grantees titled <i>Overcoming Transportation Barriers: Partnering with TANF and NEW Agencies to Develop Transportation Assistance Strategies</i> . The National Rural Transit Assistance Program (RTAP) presented during the webinar on access challenges in rural and tribal healthcare. Click here to access the webinar.	December 2018	Rural Transportation
Interagency Collaboration	FTA and the Administration for Community Living (ACL) staff participated in a conference call to discuss ways to collaborate on a Transit Cooperative Research Program (TCRP) research proposal and further ways to collaborate to reduce transportation barriers, including via the CCAM.	December 2018	Transportation Coordination
Conference	The Centers for Disease Control and Prevention (CDC) hosted a two-day convening on health-related social needs for state public health and Medicaid leaders, health insurance plans, healthcare providers, philanthropies, federal partners, and community integrators advancing access to health and human services. An FTA representative participated in a panel on transportation and highlighted the former Rides to Wellness program.	March 2019	Nonemergency Medical Transportation
Stakeholder Engagement	The Centers for Disease Control and Prevention (CDC) hosted a webinar titled <i>Food Systems: Retail Networks and Healthy Transportation to Food Access</i> . The National Rural Transit Assistance Program (National RTAP), an FTA technical assistance center, presented on access challenges in rural and Tribal communities.	March 2019	Transportation Coordination
Research	A representative from the Centers for Disease Control and Prevention (CDC) will serve as a liaison to the Transit Cooperative Research Program (TCRP) H-55, Guidebook and Research Plan to Help Communities Improve Transportation to Health Care, and will attend the TCRP interim panel meeting in June.	April 2019	Nonemergency Medical Transportation
Webinar	The Administration on Children and Families (ACF) and National Center for Mobility Management (NCMM) jointly hosted a webinar for stakeholders in Regions 5 and 7 titled <i>Identifying Transportation Solutions to Improve Access to Economic Opportunities</i> . Click here to access the webinar.	April 2019	Mobility Management
Interagency Collaboration	The FTA coordinated with the Substance Abuse and Mental Health Services Administration (SAMHSA) on the 2018 National Aging and Disability Transportation Center (NADTC) Trends Report to provide additional insight on Section 5: Opioid Use and Transportation. Click here to access the report.	April 2019	Transportation for People with Disabilities

Activity	Description	Date	Primary Topic
Research	Representatives from the FTA and the Centers for Disease Control and Prevention (CDC) attended a panel in Washington, DC for the Transit Cooperative Research Program's <i>Guidebook and Research Plan to Help Communities Improve Transportation to Health Care</i> (TCRP H-55).	June 2019	Nonemergency Medical Transportation
Technical Assistance	The National Center for Mobility Management (NCMM) (an FTA-funded technical assistance center), the Centers for Disease Control and Prevention (CDC), and the Association of State and Territorial Health Officials (ASTHO) presented on a webinar titled <i>Public Health and Transportation Webinar Series Part One: Collaborating Together for Community Health</i> . The webinar focused on how public health and transportation professionals can work together to support community health and well-being. Click here to access the webinar.	October 2019	Transportation Coordination
Interagency Meeting	The Administration for Community Living (ACL) regularly participates in the quarterly meetings of the National Aging and Disability Transportation Center (NADTC), an FTA technical assistance center.	Ongoing	Transportation Coordination
Federal Guidance	An HHS representative announced that all HHS program funds that are spent on transportation may be eligible to be used to fulfill the local match requirement of FTA's Section 5310 and Section 5311 programs. The CCAM posted this announcement in its website. Click here to access more information.	October 2019	Cost Sharing
Stakeholder Engagement	The Centers for Disease Control and Prevention (CDC) and the National Center for Mobility Management (NCMM), an FTA-funded technical assistance center, presented at the APTA TRANSform Conference. The presentation, titled <i>Transit's Link to Health, Wellness, and Livable Communities</i> , focused on policies and practices on collaborations that integrate health, active transportation, and equity issues into planning and designing livable communities. It also included information about relevant work at the NYC Metropolitan Transportation Authority (MTA).	October 2019	Transportation Coordination
Stakeholder Engagement	The Administration for Children and Families and the FTA jointly hosted a webinar titled <i>Expanding Access to Transportation for Older Adults and People with Disabilities</i> . The webinar included information on FTA's Section 5310 and 5311 grants and on HHS's newly announced ability to use HHS grant funds spent on transportation to fulfill the match requirement of FTA's Section 5310 and Section 5311 grant programs. Click here to access the webinar.	November 2019	Transportation Coordination

Activity	Description	Date	Primary Topic
Stakeholder Engagement	The Administration for Children and Families distributed to its regional networks the HHS announcement that all HHS program funds that are spent on transportation may be eligible to be used to fulfill the match requirement of FTA's Section 5310 and Section 5311 programs.	November 2019	Transportation Coordination
Training	The CCAM led the development of a new National Transit Institute Course, <i>Grow Your Ridership by Welcoming Older Riders</i> . The FTA, Administration for Community Living (ACL), Corporation for National and Community Service (CNCS), and the HHS Office of the Assistant Secretary of Health (OASH) provided input in the development of the course.	December 2019	Older Adults Transportation
Webinar	The Centers for Disease Control and Prevention (CDC) hosted a meeting titled, <i>Expanding Public Transportation to Improve Health Equity: The Maryland and Georgia Experience</i> . The session highlighted the intersection of public health and transportation and their potential to address health equity. An FTA representative presented and participated in discussion about transportation practices, policies, and decisions that affect public transportation in urban and rural areas.	February 2020	Nonemergency Medical Transportation
Stakeholder Engagement	The Administration for Children and Families (ACF) Region 5 office requested technical assistance support from the National Center for Mobility Management (NCMM), an FTA-funded technical assistance center, to its grantees in Indiana with a focus on low-income families and transportation needs.	February 2020	Mobility Management
Stakeholder Engagement	The National Rural Transit Assistance Program (RTAP), an FTA technical assistance center, developed in conjunction with the Administration for Children and Families (ACF) a technical resource on transportation for Head Start programs. The resource summarizes pertinent Federal requirements if transportation is provided under a Head Start program, and includes best practices from state, local, and Tribal transit providers that work with Head Start programs. Click here to access the resource.	February 2020	Youth Transportation
Stakeholder Engagement	The Administration for Children and Families (ACF) Region 1 hosted a meeting titled <i>Driving Forward. Let's Tackle the Transportation Hurdle</i> . Panelists from ACF and local stakeholders discussed how states can work together on innovations to improve access to transportation. A representative from the National Center for Mobility Management (NCMM), an FTA technical assistance center, shared information on how transit planning organizers and providers partner with local businesses, chambers of commerce, health care, and non-profit human service organizations to implement mobility services aligned with the needs of a community.	March 2020	Transportation Coordination

Activity	Description	Date	Primary Topic
Stakeholder Engagement	The Administration for Community Living (ACL) released its Annual Report on Centers for Independent Living. The report noted that Centers for Independent Living can use ACL funding as match for several FTA programs, including FTA's Section 5310 Enhanced Mobility for Seniors and People with Disabilities.	April 2020	Cost Sharing
Conference	Representatives from FTA and the Substance Abuse and Mental Health Services Administration (SAMHSA) led a session at the Rx Drug Abuse and Heroin Summit titled <i>How the federal family is helping rural communities respond to the opioid epidemic: DOT and HHS-SAMHSA</i> . FTA and SAMHSA's presentations included information on the agencies' grant programs and how they serve rural communities' health needs.	April 2020	Rural Transportation
Stakeholder Engagement	The Centers for Disease Control and Prevention (CDC) and HUD hosted a joint webinar along with Seattle/King County titled <i>Implementing Assessment and Recovery Centers and Providing Transportation to Isolation and Quarantine Facilities: Lessons from Seattle/King County</i> . The webinar focused on Seattle/King county's efforts to implement Assessment and Recovery Centers for COVID-19, as well as address transportation needs for people to get to isolation and quarantine facilities. Click here to access the webinar.	April 2020	Nonemergency Medical Transportation

Department of the Interior (DOI)

Activity	Description	Date	Primary Topic
Interagency Coordination	DOI participation in the CCAM was expanded to include the Office of the Secretary. A representative from DOI participated in CCAM Work Groups.	March 2017	Council Operations

Department of Justice (DOJ)

Activity	Description	Date	Primary Topic
Interagency Coordination	DOJ participation in the CCAM was expanded to include the Civil Rights Division. A representative from the Civil Rights Division participated in CCAM Work Groups.	March 2017	Council Operations

Activity	Description	Date	Primary Topic
Conference	The FTA and the DOJ coordinated to have the National Aging and Disability Technical Assistance Center (NADTC) participate in the DOJ's Rural and Tribal Elder Justice Summit in Des Moines in November 2018. Click here to access information about the summit.	November 2018	Rural Transportation
Stakeholder Engagement	The National Center for Mobility Management (NCMM), an FTA-funded technical assistance center, provided information about transportation and mobility resources to the National Reentry Resource Center, a DOJ Office of Justice Programs-funded technical assistance center. The National Reentry Resource Center shared the information with their audiences.	December 2019	Mobility Management

Department of Labor (DOL)

Activity	Description	Date	Primary Topic
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with the Office of Disability Employment Policy (ODEP) entitled <i>Facilitating Employment Success Through Innovative Mobility Options</i> . Click here to access the webinar.	November 2016	Mobility Management
Interagency Meeting	The Office of Disability Employment Policy (ODEP) hosted an interagency meeting to discuss autonomous vehicle policies and how they can impact people with disabilities. The meeting included representatives from DOL, DOJ, DOT, HHS, NCD, and the White House.	May 2018	Mobility Management
Stakeholder Engagement	The Office of Disability Employment Policy (ODEP) and the FTA jointly hosted a month-long public dialogue titled <i>Barriers and Solutions to Complete Trips for All</i> , capitalizing on ODEP and FTA's partnership in the Accessible Transportation Technologies Research Initiative (ATTRI). The initiative focused on improving transportation for Americans with disabilities. Staff from both ODEP and the FTA moderated discussions and provided resources. Click here to access the webpage.	April 2019	Transportation for People with Disabilities

Department of Transportation (DOT)

Activity	Description	Date	Primary Topic
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar entitled <i>Senior Corps and Volunteer Transportation</i> . The webinar discussed how stakeholders can build the capacity of their community volunteers around mobility management to create reliable and safe transportation solutions for older adults and people with disabilities. Click here to access the webinar.	November 2016	Older Adults Transportation
Funding Opportunity	The FTA launched the Transit and Health Access Initiative to increase partnerships between health and transportation providers and demonstrate the financial benefit of such partnerships. The initiative includes a competitive pilot program (Section 3006(b)) that helps finance innovative projects for the transportation disadvantaged to improve the coordination of nonemergency medical transportation (NEMT) and other transportation services. Click here to access information about the initiative.	December 2016	Nonemergency Medical Transportation
Funding Opportunity	The National Aging and Disability Transportation Center (NADTC) awarded a variety of Health Care Access Design Challenge 2017 community grants to help communities assess their transportation needs, develop solutions, and implement new transportation models and innovations that increase the availability of accessible transportation services for older adults and people with disabilities. Grantees can use their NADTC funds to identify solutions to improve the effectiveness of Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities grants. Click here to access information about the grant program.	January 2017	Coordinated Planning
Webinar	The FTA and the National Center for Mobility Management (NCMM) jointly hosted a webinar titled <i>Public Transit Agency Update and Input Session on the Coordinating Council on Access and Mobility</i> . The webinar updated the transit industry on the progress of the CCAM and gathered industry input on transportation coordination to further inform the development of the CCAM Strategic Framework. Click here to access the webinar.	January 2017	Transportation Coordination
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar titled <i>Safe Harbor Regulation and NEMT</i> . The webinar discussed updated rules from HHS that affect nonemergency medical transportation. Click here to access the webinar.	February 2017	Nonemergency Medical Transportation
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar titled <i>Inclusive Planning and Shared-Use Mobility: Ensuring Diversity of Perspective in a Changing Transportation Environment</i> . The webinar gave a summary of shared-use mobility in the United States and discussed a pilot program between an assisted living facility for older adults and Lyft. Click here to access the webinar.	February 2017	Mobility Management

Activity	Description	Date	Primary Topic
Webinar	The FTA and the National Center for Mobility Management (NCMM) jointly hosted a webinar titled <i>State DOT Update and Input Session on the Coordinating Council and Mobility</i> . The webinar updated state departments of transportation on the progress of the CCAM and gathered input on transportation coordination to further inform the development of the CCAM Strategic Framework. Click here to access the webinar.	February 2017	Transportation Coordination
Technical Assistance	The National Aging and Disability Transportation Center (NADTC) published a blog post titled <i>Section 5307, 5310, and 5311: Using Non-DOT Federal Funds for Local Match</i> . FTA updated its program fact sheets for Sections 5307, 5310, and 5311 to include a link to this guidance. Click here to access the blog post and click here to access the 5311 fact sheet.	March 2017	Cost Sharing
Interagency Meeting	The FTA met with the Federal Emergency Management Agency (FEMA) to discuss points of collaboration between the CCAM and the Interagency Coordinating Council on Emergency Preparedness and Individuals with Disabilities (ICC).	April 2017	Transportation Coordination
Webinar	The FTA and the National Center for Mobility Management (NCMM) hosted a webinar titled <i>Coordinating Council on Access and Mobility: Community Perspectives Webinar</i> . Participants heard from three communities about regulatory, financing, and administrative barriers they face related to coordination and vehicle sharing at the state and local level. The FTA provided a brief update on the CCAM, and Q&A followed the community presentations. Click here to access the webinar.	June 2017	Vehicle Sharing
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar with the Maine Primary Health Care Association entitled <i>Innovative Mobility Options to Support Patient Access to Federally Qualified Health Centers (FQHC)</i> . Click here to access the webinar.	June 2017	Nonemergency Medical Transportation
Federal Guidance	The FTA updated Charter Rule guidance to eliminate confusion and misunderstanding regarding the Charter Rule, which allows FTA funding recipients to share vehicles with funding recipients of other CCAM-relevant programs. Click here to access the guidance.	September 2017	Vehicle Sharing
Technical Assistance	The National Center for Mobility Management (NCMM) and the Corporation for National and Community Service (CNCS) co-developed a guide to mobility management, <i>Mobility Management: Introduction, Implementation, Community Service and Seniors</i> . Click here to access the guide.	September 2017	Mobility Management
Research	The Transit Cooperative Research Program (TCRP) completed its interim report for project B-45, <i>Transportation to Dialysis Centers: Health/Transportation Policy Intersection</i> . Click here to access the report.	October 2017	Nonemergency Medical Transportation

Activity	Description	Date	Primary Topic
Federal Guidance	The FTA hosted a discussion of the Charter Rule for the FTA's technical assistance centers and representatives from HHS. The discussion clarified issues surrounding the rule and prompted the program managers of the FTA Section 5307, 5310, and 5311 programs to add Charter Rule information to their program pages on the FTA website.	October 2017	Vehicle Sharing
Funding Opportunity	The FTA released its FY2017 Report to Congress on the Pilot Program for Innovative Coordinated Access and Mobility (ICAM) Rides to Wellness Demonstration and Innovative Coordinated Access and Mobility Grants. Successful uses of the Rides to Wellness grants include projects by St. Louis, MO and Flint, MI. Click here to access the report, here learn more about St. Louis's project, and here to learn more about Flint's project.	December 2017	Nonemergency Medical Transportation
Funding Opportunity	The National Center for Mobility Management (NCMM) awarded the Health Care Access Design Challenge Grants to assist communities in addressing health care access issues. The goals of the projects are to support communities in designing ready-to-launch health care transportation solutions that improve access in each of the four challenge areas; and disseminate results of the communities' work to facilitate the implementation of solutions in part or in whole by other communities. Click here to access information about the grant program.	January 2018	Nonemergency Medical Transportation
Stakeholder Engagement	The FTA hosted a meeting with the Indiana Family and Social Services Administration (FSSA), the National Center for Mobility Management (NCMM), and FTA Regional Office staff to discuss opportunities for transportation coordination and local match.	March 2018	Cost Sharing
Interagency Coordination	A representative from FTA served on the review panel for the Administration for Community Living's (ACL) Inclusive Transportation Planning Grants. Click here to access information about the grant program.	April 2018	Coordinated Planning
Funding Opportunity	The National Aging and Disability Transportation Center (NADTC) created a new grant program, Getting Ready to Innovate, which awards funding to organizations that are developing transportation solutions that fill current gaps in service and meet identified needs. This grant opportunity is intended to support the development of program innovations designed to increase the availability and accessibility of community transportation services for people with disabilities and older adults. Grantee innovations must work towards the removal of barriers to transportation and the expansion of mobility options. Click here to access information about the grant program.	April 2018	Mobility Management

Activity	Description	Date	Primary Topic
Stakeholder Engagement	Staff from the FTA and the National Center for Mobility Management (NCMM) attended a meeting for a Maine regional mobility management network initiative. The state is poised to implement a statewide mobility management program, and the transit director will support a mobility manager with the state DOT.	May 2018	Mobility Management
Webinar	A representative from FTA presented information about the CCAM Transit and Health Access Initiative on the <i>Health Equity Through Federal Initiatives</i> webinar hosted by the National Hispanic Medicaid Association (NHMA). It was the first webinar of the NHMA College Health Scholars Program. Click here to access the webinar.	June 2018	Nonemergency Medical Transportation
Training	The National Transit Institute (NTI) piloted the Advancing Mobility Management course. The course will teach participants how to lead change in an organization or community, articulate a mobility management vision, build connections among integration partners, and measure mobility management success and performance. The FTA invited HHS and VA representatives to attend this pilot. Click here to access information about the course.	September 2018	Mobility Management
Federal Guidance	DOT issued clarifying guidance on the FTA's definition of disability. Click here to access the guidance.	September 2018	Transportation Coordination
Webinar	The National Center for Mobility Management (NCMM) and the Shared-Use Mobility Center (SUMC) jointly hosted a webinar titled <i>Accessibility for All: Considerations for Including People with Disabilities in Shared Mobility Strategies</i> . During the webinar, panelists shared research and perspectives on inclusive shared-mobility strategies. Click here to access the webinar.	September 2018	Mobility Management
Conference	The National Center for Mobility Management (NCMM) hosted a meeting for Health Care Access Design Challenge Grantees, and representatives from the HHS Substance Abuse and Mental Health Services Administration (SAMHA), HHS Administration for Community Living (ACL), and USDA Rural Development also attended to provide their perspective. Click here to access information about the grant program.	October 2018	Nonemergency Medical Transportation
Research	The Transit Cooperative Research Program (TCRP) released its research report for Project B-44, <i>Handbook for Examining the Effects of NEMT Brokerages on Transportation Coordination</i> (Research Report 202), which provides background information about non-emergency medical transportation (NEMT) and describes the different models available to states for providing NEMT for Medicaid beneficiaries. Click here to access the report.	October 2018	Nonemergency Medical Transportation

Activity	Description	Date	Primary Topic
Webinar	The National Center for Mobility Management (NCMM) hosted a webinar titled <i>Autonomous Vehicles: Driving Employment for People with Disabilities</i> . DOL's Office of Disability Employment Policy (ODEP), the American Council on the Blind, and GM's Cruise Automation discussed their work towards inclusive mobility. Click here to access the webinar and here to access a summary report .	October 2018	Mobility Management
Work Group	The FTA held three Program Analysis Work Group meetings and discussed FTA programs that can fund transportation for targeted populations and FTA local match policies, and produced a list of FTA programs that may participate in local match cost sharing arrangements.	October - November 2018	Cost Sharing
Conference	The FTA and the DOJ coordinated to have the National Aging and Disability Technical Assistance Center (NADTC) participate in the DOJ's Rural and Tribal Elder Justice Summit in Des Moines in November 2018. Click here to access information about the summit.	November 2018	Rural Transportation
Federal Guidance	The FTA's Tribal Transit Program (TTP) webpage was updated to highlight the potential for TTP grantees to coordinate and assist in regularly providing meal delivery service for homebound individuals, if the delivery service does not conflict with providing public transportation service or reduce service to public transportation passengers. Click here to access the webpage.	November 2018	Transportation Coordination
Interagency Collaboration	FTA and National Center for Mobility Management (NCMM) staff attended a Region 5 Prevention Collaborative Opioid Taskforce Meeting, and gave a presentation titled <i>Resources for Transportation and Mobility Management to Promote Prevention and Recovery</i> . Representatives from the Substance Abuse and Mental Health Services Administration (SAMHSA), HHS's Office of the Assistant Secretary of Health (OASH), and the USDA also attended.	December 2018	Mobility Management
Stakeholder Engagement	FTA staff gave a presentation titled <i>Leveraging Coordination Resources to Develop a Mobility Management Network</i> at a Region 5 coordination meeting hosted by HHS.	December 2018	Mobility Management
Stakeholder Engagement	The National Center for Mobility Management (NCMM) and the National Aging and Disability Technical Assistance Center (NADTC) gave a webinar presentation for HUD's Integrated Wellness in Supportive Housing (IWISH) grantees on transportation coordination and mobility management.	December 2018	Mobility Management
Interagency Coordination	The National Center for Mobility Management (NCMM) coordinated with FTA, HHS, HUD, USDA, DOL, ACF, and DOJ partners to create a joint research proposal to the Transit Cooperative Research Program (TCRP) focusing on opioid prevention/treatment and transportation.	January 2019	Mobility Management

Activity	Description	Date	Primary Topic
Conference	The National Center for Mobility Management (NCMM) coordinated a panel at the Transportation Research Board's (TRB) 2019 Annual Meeting on innovative mobility strategies and considerations for individuals with disabilities. The DOL's Office of Disability Employment Policy (ODEP) participated as a panelist and contributed content on autonomous vehicles.	January 2019	Mobility Management
Federal Guidance	The FTA updated its Section 5310 and Section 5311 program webpages to highlight the potential for Section 5310 and Section 5311 grantees to coordinate and assist in regularly providing meal delivery service for homebound individuals, if the delivery service does not conflict with providing public transportation service or reduce service to public transportation passengers. Click here to access the Section 5310 webpage.	March 2019	Transportation Coordination
Federal Guidance	The FTA updated its Section 5310 program FAQ to clarify that in certain circumstances, vehicles and equipment funded through the Section 5310 program can be used to provide service to a drug rehabilitation treatment center. Click here to access the Section 5310 FAQ.	March 2019	Nonemergency Medical Transportation
Stakeholder Engagement	The National Center for Mobility Management hosted a meeting in Ohio for state ED, DOT, and DOL representatives to learn about the CCAM and learn and discuss how to coordinate state mobility management efforts to support individuals with disabilities. Representatives from the Federal Transit Administration and the Administration for Families and Children also attended.	April 2019	Mobility Management
Conference	An FTA representative attended the Centers for Medicare and Medicaid Services (CMS) National Care Transitions Awareness Day and shared information about the National Transit Institute's Advancing Mobility Management course, as well as information about FTA's half fare/reduced fare requirements. Other attendees included representatives from the Administration for Community Living (ACL), the National Institutes of Health (NIH), and the Substance Abuse and Mental Health Services Administration (SAMHSA). Click here to access more information on FTA's half fare/reduced fare requirements.	April 2019	Mobility Management
Webinar	A representative from the National Center for Mobility Management (NCMM) presented on a Safety + Justice Challenge technical assistance webinar. The representative provided information on the NCMM, and answered questions focused on mobility management, transportation challenges, and best practices to increase community mobility for justice-involved populations.	April 2019	Mobility Management
Stakeholder Engagement	An FTA representative presented on the CCAM at an FTA Planning and Environment Training, and shared information and resources across other FTA offices.	May 2019	Coordinated Planning

Activity	Description	Date	Primary Topic
Interagency Meeting	HUD invited the National Center for Mobility Management (NCMM) to present at a Promise Zone Federal Convening on how mobility management can strengthen transportation in Promise Zone communities.	May 2019	Mobility Management
Stakeholder Engagement	An FTA representative presented on the CCAM at the FTA’s Bi-Weekly Exchange, which is an FTA-wide webinar including staff across the Regions in order to facilitate communication between headquarters and regional staff and to promote awareness of agency activities.	May 2019	Mobility Management
Funding Opportunity	The FTA announced that 37 projects across the country have been selected to receive Access and Mobility Partnership Grants, totaling \$9.6 million. The grants focus on transportation and technology solutions to reach medical appointments, access healthy food, and improve paratransit services. The program emphasizes better coordination between health care providers and transit agencies, as well as technology improvements such as mobility-on-demand shared transportation services and smart phone apps for booking services.	May 2019	Nonemergency Medical Transportation
Stakeholder Engagement	The National Rural Transit Assistance Program (RTAP) hosted its annual Spring Review Board Meeting. The FTA presented on current initiatives, including an update and discussion on the CCAM. Attendees included stakeholders from transit agencies across the country.	May 2019	Mobility Management
Webinar	An FTA representative presented at a webinar for HHS region 3 Human Services Senior Executives titled, <i>Identifying Transportation Solutions to Improve Access to Economic Opportunities</i> . The presentation included information on transportation best practices, funding opportunities, and free technical assistance that can help improve economic opportunities for the communities that the Administration for Children and Families (ACF) serves. An ACF representative spoke about current work in the regions to improve economic mobility.	June 2019	Transportation Coordination
Webinar	An FTA representative presented at an Administration for Children and Families (ACF) Office of Regional Operations webinar for Program Specialists located across every ACF region. The presentation included information on the CCAM, including transportation best practices, funding opportunities, and free technical assistance.	June 2019	Mobility Management
Interagency Coordination	The National Center for Mobility Management (NCMM) updated its website to include up-to-date information on locally developed, coordinated public transit human services transportation plans by state. Click here to access the webpage.	June 2019	Transportation Coordination

Activity	Description	Date	Primary Topic
Webinar	A representative from the National Center for Mobility Management (NCMM) presented on an All in Data for Community Health Network technical assistance webinar titled Addressing Transportation to Improve Community Health. The representative provided information on the NCMM, and answered questions focused on mobility management, access to health-related destinations, and how transportation can support improved health outcomes. Click here to access the webinar.	July 2019	Nonemergency Medical Transportation
Conference	An FTA representative presented jointly with AARP and the Greater Wisconsin Agency on Aging Resources at the National Home and Community Based Services Conference. The presentation focused on the value of mobility management to local communities.	August 2019	Mobility Management
Interagency Collaboration	DOT served as a reviewer for the Department of Energy's Advanced Vehicle Technologies Research grant, which awarded funds to projects that address priorities in advanced batteries and electric drive systems, co-optimized engine and fuel technologies, materials for more efficient powertrains, and alternative fuels and new energy efficient mobility systems. Five projects will support "New Mobility Services in Rural America." Click here to access more information.	August 2019	Rural Transportation
Stakeholder Engagement	An FTA representative gave a presentation at the Multi-State Transit Technical Assistance Program (MTAP) Steering Committee Conference Call on the CCAM's October 2019 meeting and the DOT's Access and Mobility for All Summit.	October 2019	Transportation Coordination
Technical Assistance	DOT confirmed the accuracy of program-specific information for a White House-led Federal Rural Resources Guide. The DOT-specific information includes information on Rural Transit Grants (including Tribal and Appalachian programs), the Tribal Transit Program, and the Rural Transportation Assistance Program (RTAP).	October 2019	Rural Transportation
Stakeholder Engagement	Representatives from the Federal Transit Administration and the Association of State and Territorial Health Officials (ASTHO) gave a presentation on the CCAM and health equity and wellness at an American Public Transit Association (APTA) meeting.	October 2019	Nonemergency Medical Transportation
Stakeholder Engagement	The Federal Transit Administration sent a GovDelivery email notice to stakeholders about HHS's newly announced ability to use HHS grant funds spent on transportation to fulfill the match requirement of FTA Section 5310 and Section 5311 programs.	November 2019	Transportation Coordination
Interagency Collaboration	Representatives from the FTA and the Federal Highways Administration (FHWA) presented to HHS's National Clinical Care Commission. The presentation focused on the CCAM, DOT-HHS collaboration to improve access to healthy living, and DOT programs that promote active transportation.	November 2019	Transportation Coordination

Activity	Description	Date	Primary Topic
Interagency Collaboration	A representative from FTA presented on FTA’s internal bi-weekly call on the CCAM and potential opportunities to collaborate with the Federal Highway Administration (FHWA) by funding the same project. The presentation included information on HHS’s announcement that HHS grant funds spent on transportation may be used to fulfill the match requirement of FTA Section 5310 and Section 5311 programs.	November 2019	Transportation Coordination
Stakeholder Engagement	A representative from the FTA presented at the Rural Substance Use Disorder Workshop in Tennessee. The presentation included an update on the CCAM, including information about the CCAM Program Inventory and the October 2019 CCAM Meeting. Representatives from the National Center for Mobility Management (NCMM), and National Rural Transit Assistance Program (RTAP) also presented on their technical assistance capabilities.	December 2019	Nonemergency Medical Transportation
Stakeholder Engagement	The Office of Disability Employment Policy (ODEP) and the Administration on Community Living (ACL) participated in a workshop session facilitated by the National Center for Mobility Management (NCMM), an FTA-funded technical assistance center, at the annual TASH Conference in Phoenix, AZ. The workshop focused on creating inclusive community transportation forums to engage human service organization, with an emphasis on building mobility management networks.	December 2019	Mobility Management
Webinar	The FTA and its technical assistance center, the National Center for Mobility Management (NCMM), hosted a webinar titled, <i>Transportation and Mobility Options to Support Post-school Transition for Youth with Autism</i> . The webinar focused on transportation and mobility services for youth with autism transitioning out of high school. The webinar focused on helping users leverage mobility resources and develop connections with transportation providers and services. The webinar was sponsored by the National Autism Coordinator and the Office of Autism Research Coordination, National Institute of Mental Health. Click here to access the webinar.	February 2020	Youth Transportation
Stakeholder Engagement	An FTA representative presented at the Health Resources and Services Administration's (HRSA) RCORP 2020: Addressing the Opioid Crisis Through Sustainable Community Action event on Federal transportation resources that rural communities can access as they address the opioid epidemic. The presentation, titled <i>Federal SUD/ODU Resources and Funding Opportunities in Support of Rural Communities</i> , was jointly presented by representatives from USDA, HRSA, and DOL, who presented additional non-transportation resources for rural communities addressing the opioid epidemic.	March 2020	Rural Transportation

Activity	Description	Date	Primary Topic
Training	The National Center for Mobility Management (NCMM), and FTA technical assistance center, released a course entitled <i>Cost Allocation Techniques for Community Transportation</i> . The course includes five modules, including Understanding Different Cost Allocation Models, Building a Cost Allocation Model, and Using Fully Allocated Costs to Sell Transit Services. Click here to access the course.	March 2020	Cost Sharing
Webinar	The National Center for Mobility Management (NCMM) and the National Rural Transit Assistance Program (RTAP), two FTA-funded technical assistance centers, hosted a joint webinar on transportation cost allocation. The NCMM shared information about cost allocation training and materials, and RTAP shared information on its new cost allocation tool. Click here to access the webinar.	March 2020	Cost Sharing
Research	The FTA provided input on the Transit Cooperative Research Program’s Guidebook and Research Plan to Help Communities Improve Transportation to Health Care (TCRP H-55). Specifically, FTA provided information on removing barriers to transportation and health access.	April 2020	Nonemergency Medical Transportation
Stakeholder Engagement	The National Aging and Disability Transportation Center (NADTC), an FTA technical assistance center, fielded a survey to its stakeholders to collect examples of transportation coordination and partnerships in transportation. NADTC also requested any examples of programs that were started, influences, or are operated by community initiatives or partners that may not be traditional transportation programs.	April 2020	Transportation Coordination
Stakeholder Engagement	An FTA representative presented at the virtual Shared Mobility Summit as part of the Accessibility Workshop on Human Services Transportation: Making Mobility as a Service Universal. FTA's presentation included information about the CCAM. Click here to access the workshop recording.	May 2020	Transportation Coordination
Stakeholder Engagement	Representatives from FTA and the National Center for Mobility Management (NCMM), an FTA technical assistance center, participated in a Shared-Use Mobility Center panel titled "Human Services Transportation: Making Mobility as a Service Universal." Panelists discussed the needs, opportunities, and strategies for connecting human service transportation to public transit, and the FTA shared information about the CCAM.	June 2020	Transportation Coordination

Activity	Description	Date	Primary Topic
Funding Opportunity	The FTA announced \$3.5 million in grants for 17 projects in 16 states to improve mobility and access to public transportation for older adults, people with disabilities and individuals of low income. The Mobility for All Pilot Program seeks to improve mobility options through employing innovative coordination of transportation strategies and building partnerships to enhance mobility and access to vital community services.	June 2020	Nonemergency Medical Transportation
Stakeholder Engagement	An FTA representative presented at the FTA's Bi-Weekly Exchange, an internal call with HQ and regional staff, about the CCAM's just-released Federal Fund Braiding Guide.	June 2020	Cost Sharing

Department of Veterans Affairs (VA)

Activity	Description	Date	Primary Topic
Interagency Meeting	The Community Transportation Association of America (CTAA) hosted a meeting with the FTA and the Veterans Health Administration (VHA) Office of Rural Health Policy. The purpose of the meeting was to better coordinate interagency efforts to support rural communities.	March 2017	Veterans Transportation
Webinar	The Health Resources and Services Administration (HRSA) hosted a webinar titled <i>Learn How to Use a Continuous Quality Improvement Process to Reduce Missed Appointments Due to Transportation Barriers</i> . The webinar featured Health Outreach Partners (HOP) and the Veterans Health Administration (VHA). Click here to access the webinar.	June 2017	Nonemergency Medical Transportation
Training	The National Transit Institute (NTI) piloted the Advancing Mobility Management course. The course will teach participants how to lead change in an organization or community, articulate a mobility management vision, build connections among integration partners, and measure mobility management success and performance. FTA invited representatives from HHS and VA to attend this pilot. VA representatives also provided feedback on course development. Click here to access information about the course.	September 2018	Mobility Management

National Council on Disability (NCD)

Activity	Description	Date	Primary Topic
Interagency Coordination	NCD participation in the CCAM was expanded to include the Policy and Legal Team. A representative from the NCD participated in CCAM Work Groups.	March 2017	Council Operations

Social Security Administration (SSA)

Activity	Description	Date	Primary Topic
Interagency Coordination	SSA participation in the CCAM was expanded to include the Office of Retirement and Disability Policy. A representative from SSA participated in CCAM Work Groups.	March 2017	Council Operations

Broader Interagency Activities

Activity	Description	Date	Primary Topic
Interagency Coordination	Representatives from DOL, DOT, ED, HHS, USDA, and VA met twice in 2016 to draft a new strategic plan framework for the Council. The draft strategic framework outlines key goals and objectives to address FAST Act requirements and improve the accessibility, availability, and efficiency of transportation for targeted populations. The draft strategic framework will be submitted to the CCAM for their official review and approval.	July - December 2016	Transportation Coordination
Stakeholder Engagement	The CCAM Policy Work Group invited a group of state, local, and industry stakeholders to participate in a focus group and discuss local and federal barriers to vehicle sharing. Representatives from DOT, HHS, USDA, and VA attended the Work Group meeting.	May 2017	Vehicle Sharing
Interagency Work Groups	The FTA led three CCAM Work Groups to help address FAST Act requirements. The Work Groups included participation from 10 CCAM agencies. The Cost Allocation Work Group addressed cost sharing barriers, the Policy Work Group addressed vehicle sharing barriers, and the Interagency Collaboration Work Group developed tools to enhance coordination across CCAM agencies.	February - June 2017	Transportation Coordination

Activity	Description	Date	Primary Topic
Conference	The FTA State Programs Meeting featured two panels on the CCAM and coordinated transportation. The first panel focused on federal support of local coordination and included representatives from HHS, DOL, and the VA. The second panel focused on local promising practices and included representatives of local transit agencies and state departments of transportation.	August 2017	Transportation Coordination
Stakeholder Engagement	The FTA held 32 in-person focus groups and key informant interviews, three industry listening sessions, and three virtual focus groups in order to learn more about the current state of transportation services for targeted populations, identify transportation success stories, and identify barriers to transportation coordination. Representatives from DOL, DOT, HHS, and VA supported focus group participant identification.	April 2018	Transportation Coordination
Interagency Meeting	AARP hosted a call to discuss their plans for a national mobility management inventory. Representatives from DOT, HHS, VA, and DOL attended the call.	July 2018	Mobility Management
Interagency Meeting	HHS, HUD, and USDA hosted an interagency planning meeting to discuss transportation barriers to medical care for rural communities and older adults. A representative from FTA attended the meeting.	October 2018	Nonemergency Medical Transportation
Interagency Meeting	The Federal Partners in Transition (FPT)--a workgroup with representatives from several federal agencies, including ED, HHS, DOL, and SSA--hosted a meeting to further interagency conversations around supporting youth, including youth with disabilities, in their transition from school to adulthood. An SSA representative presented, and an FTA representative also attended.	November 2018	Youth Transportation
Interagency Meeting	The FTA convened a Federal Interagency Input Meeting to collect feedback from CCAM agencies on the scope of work for the National Center for Mobility Management (NCMM). Representatives from HHS, DOL, DE, USDA, DOT, and VA attended. The official five-year NCMM award was granted in January 2019.	November 2018	Mobility Management
Interagency Meeting	The FTA hosted an interagency conference call on ways to improve rural access and transportation. Representatives from USDA, DOJ's Bureau of Justice Assistance, HHS's Centers for Disease Control and Prevention (CDC), and HHS's Administration for Children and Families participated.	March 2019	Rural Transportation

Activity	Description	Date	Primary Topic
Interagency Meeting	The Federal Partners in Transition (FPT)—a workgroup with representatives from several federal agencies, including ED, HHS, DOL, and SSA—hosted a meeting to bring together PROMISE federal partners to discuss ways they can better serve youth with disabilities and their families, and to identify components of PROMISE state and local partnerships to inform federal strategies. PROMISE programs are designed to improve connections among federal programs at the state and local levels to assist youth and families with accessing resources.	April 2019	Youth Transportation
Interagency Meeting	The Substance Abuse and Mental Health Services Administration (SAMHSA) hosted a Region 3 HHS and Federal Partners Opioid Taskforce meeting. Representatives from the FTA and the National Rural Transit Assistance Program (RTAP) presented on transportation access in rural areas.	April 2019	Rural Transportation
Interagency Collaboration	To encourage a more collaborative approach to developing CCAM-related notices of funding opportunities, FTA invited CCAM partners to USDOT to provide input on three FTA-funded grant opportunities that will be announced in 2020. The grant programs include: FAST Act Section 3006(b) Innovative Coordinated Access and Mobility (ICAM) Pilot Program; National Aging and Disability Transportation Center (NADTC) Grants; and National Center for Mobility Management (NCMM) Grants. Participants included representatives from USDA, DOL, DOJ, HHS, and SSA. Click here to access more information.	April 2019	Transportation Coordination
Interagency Meeting	DOT hosted a Federal Partners in Transition (FPT) meeting, and an FTA representative presented on the CCAM, its initiatives, and related technical assistance centers. Two FTA-funded technical assistance centers--the National Center for Mobility Management (NCMM) and the National Rural Transportation Assistance Program (RTAP)--also attended and presented on the resources they offer. Representatives from DOL, ED, and HHS attended the meeting.	May 2019	Youth Transportation
Interagency Meeting	DOT hosted a meeting of the Multi-Agency Task Force on Increasing Employment Opportunities for People with Disabilities. Additional attendees included representatives from HHS, DOL, and VA.	June 2019	Transportation for People with Disabilities
Interagency Collaboration	DOT, DOJ, USDA, HHS, and the White House Office of National Drug Control Policy (ONDCP) coordinated and presented jointly at the National Association of Drug Court Professionals conference. The presentation was titled <i>Federal Resources You May Not Know About to Help You Respond to the Drug Epidemic</i> , and included information about transportation resources. Click here to access the presentation.	July 2019	Transportation for People with Disabilities

Activity	Description	Date	Primary Topic
<p>Interagency Collaboration</p>	<p>The CCAM released the CCAM Program Inventory, which contains information about 130 programs across CCAM agencies that are able to provide funding for human services transportation for people with disabilities, older adults, and/or individuals of low income. The CCAM Program Inventory includes detailed program information, such as CFDA numbers and statutory references, information on recipients and beneficiaries, and eligible transportation activities. Click here to access the CCAM Program Inventory.</p>	<p>October 2019</p>	<p>Transportation Coordination</p>
<p>Interagency Meeting</p>	<p>The CCAM officially convened for the first time in ten years in order to adopt a new Strategic Plan for 2019 through 2022. CCAM meeting attendees discussed next steps, including the development of a cost-sharing policy and the development of recommendations to improve transportation coordination. Representatives from DOT, USDA, ED, HHS, HUD, DOJ, DOL, VA, and the NCD attended.</p>	<p>October 2019</p>	<p>Transportation Coordination</p>
<p>Interagency Collaboration</p>	<p>The CCAM released the Federal Fund Braiding Guide, which provides information on when transportation project cost sharing via Federal fund braiding for local match is allowable. The Federal Fund Braiding Guide contains program-specific information on 61 grant programs that may fund transportation across USDA, HHS, DOJ, DOT, and VA. Click here to access the Federal Fund Braiding Guide.</p>	<p>June 2020</p>	<p>Cost Sharing</p>
