FTA

FEDERAL TRANSIT ADMINISTRATION

The contents of this document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies. Grantees and subgrantees should refer to FTA's statutes and regulations for applicable requirements of the TOD Pilot Program.

U.S. Department of Transportation
Federal Transit Administration

Introduction - Pilot Program for TOD Planning

- Grants for comprehensive planning in new fixed guideway and core capacity improvement transit project corridors
- Fifth funding opportunity with \$6.22 million available
 - Four prior awards = 81 projects for \$74 million
- NOFO released September 25, 2020
- Applications due October 26, 2020 (aim to apply earlier)
- Award announcements anticipated December 2020 or January 2021

Goals for the Program

- Encourage comprehensive TOD planning at transit station areas in corridors containing eligible projects
- Support TOD planning work that goes beyond what local agencies would usually fund themselves
- Encourage partnerships to maximize chances for successful TOD implementations

Transit Project Requirements

- TOD planning work must be associated with a new fixed guideway or core capacity improvement project as defined in the NOFO
 - **Does not** need to be a candidate for or recent recipient of Capital Investment Grants Program funding (or any FTA/DOT funding)
 - Fixed guideway projects under construction or recently opened can be considered “new”
 - Core capacity improvement projects are also “new”

Eligible Applicants

- Existing FTA grantees that meet one of the following:
 - Sponsor of an eligible transit project and partnering with an entity in the project corridor that has land use authority
 - An entity in an eligible transit project corridor that has land use authority and is partnering with the transit project sponsor
 - Sponsor of an eligible transit project and has land use authority
- Only one application per transit project corridor
- Multiple corridors allowed (but separate application needed for each)

Work Plans

- Address all six aspects in NOFO section (C)(3)
 - A. Enhance economic development and ridership
 - B. Facilitate multimodal connectivity and accessibility
 - C. Increase non-motorized access to transit hubs
 - D. Enable mixed-use development
 - E. Identify infrastructure needs associated with the transit project
 - F. Include private sector participation
- Identify final deliverables
 - See NOFO section (C)(3) for examples

Ineligible Activities

- TOD planning work in a single transit capital project station area
- Transit project development activities that would be reimbursable under an FTA capital grant
- Capital projects
- Site- or parcel-specific planning

Grant Conditions

- Awards of \$250,000 to \$2 million
- Maximum 80 percent Federal funding share
- In-kind contributions permitted; transportation development credits (toll revenue credits) do not count towards the local match requirement
- Pre-award authority guidance with notice of award selections
- Section 5303 Metropolitan Planning Program requirements apply

Submitting an Application

- Apply through grants.gov (FTA-2020-014-TPE)
 - Don't wait until October 26!
- SF 424 Mandatory form with attachments:
 - Cumulative 15-page limit for all attachments
 - Applicant and Proposal Profile form, available via <http://www.transit.dot.gov/TODPilot>
 - A map of the proposed study area
 - Evidence of partnerships between the transit project sponsor and land use planning authority
 - Documentation of local (non-federal) funding commitments

Initial Application Screening Criteria

- Eligible applicant and transit project
- Evidence of partnership
- Complete application including:
 - Overview of comprehensive TOD planning project
 - Work plan by task, including substantial deliverables
 - Schedule in terms of milestones
 - Project budget and identification of matching funds
 - Performance measures for the planning work
 - Potential impediments and how the work plan will address

Formal Application Evaluation Criteria

- Based on the information provided in the Applicant and Proposal Profile form and other attachments
 - Demonstrated need for TOD planning funds
 - Strength of the work plan, schedule and process
 - Funding commitments for TOD planning work

Additional Considerations

- Department objectives
 - Supporting economic vitality
 - Leveraging Federal funding
 - Using innovative approaches
 - Reducing regulatory barriers
 - Holding grant recipients accountable

Other Factors

- These may include:
 - Geographic diversity
 - Diversity in the size of the grantees receiving funding
 - Projects located in or that support public transportation service in a qualified opportunity zone
 - <https://www.transportation.gov/opportunity-zones>
 - Support of the US DOT R.O.U.T.E.S. initiative
 - Applicant's receipt of other competitive awards
 - Prioritization of projects with a higher non-federal share

2020 Pilot Program for Transit-Oriented Development Planning

Section I. Applicant Information

Is this a resubmission due to an invalid/error message from FTA? Yes No

Organization Legal Name:

FTA Recipient ID number:

Is the proposed comprehensive planning work associated with a new fixed guideway transit project or a core capacity improvement transit project as outlined in the Notice of Funding Opportunity? Yes No

Is the applicant either the sponsor of this transit project or an entity with land use authority in the transit project corridor (or both)? Yes No

Identify the transit project, including mode and station locations, and indicate if it is a current or past New Starts, Small Starts, or Core Capacity Project. If it is not, describe how the transit project meets the definition of a new fixed guideway project or core capacity

CAUTION: Do not use “Supplemental Form” from prior years or create your own form. Please use the file provided on the FTA website.

The “Attachment Form” shown below is included in the SF-424 Grant Application Package in Grants.gov.

Please attach the **FTA Supplemental Form** to the **Attachment Form** shown below when submitting in Grants.gov.

The screenshot shows a web browser window with a purple header bar containing the text "Please fill out the following form." and a "Highlight Existing Fields" button. Below the header, there is a section for "Authorized for Local Reproduction" and "Standard Form 424 Mandatory (Effective 08/2005) Prescribed by OMB Circular A-102". The main content area is titled "ATTACHMENTS FORM" and contains instructions: "Instructions: On this form, you will attach the various files that make up your grant application. Please consult with the appropriate Agency Guidelines for more information about each needed file. Please remember that any files you attach must be in the document format and named as specified in the Guidelines." and "Important: Please attach your files in the proper sequence. See the appropriate Agency Guidelines for details." Below the instructions, there is a list of nine attachment slots, each with a text input field and three buttons: "Add Attachment", "Delete Attachment", and "View Attachment".

Get Started on Your Workspace Application

Workspace is the standard way for organizations or individuals to apply for federal grants in Grants.gov. Workspace allows a grant team to simultaneously access and edit different forms within an application. Plus, the forms can be filled out online or offline—your choice.

Grants.gov Workspace also allows applicants and organizations to tailor their application workflow. Here are three approaches that applicants can take when completing a Workspace application:

Basic	Intermediate	Advanced
<p>+ Best for organizations with 1-2 registered Grants.gov users</p> <p>+ Application forms are downloaded and emailed to collaborators before being uploaded back to the workspace</p> <p>LEARN MORE ></p>	<p>+ Best for organizations with 3-5 registered Grants.gov users</p> <p>+ Applicant teams are typically comprised of an AOR who submit a Workspace application on behalf of overseas for</p> <p>LEARN MORE ></p>	<p>+ Best for organizations with external Grants.gov users, such as consultants</p>

Using Custom Roles in Workspace

Organizations are also able to create custom role organization.

Common Questions (1 of 4)

- When does FTA expect to release the next TOD NOFO?
- What is the maximum allowable period of performance, if we get a TOD planning award?

Common Questions (2 of 4)

- If we get a TOD planning award, does this mean we must eventually pursue a Capital Investment Grants application?
- We are still in the early planning stage, and have not yet nailed down the station locations, do we have a project that is eligible?

Common Questions (3 of 4)

- We have a BRT service in operation that does not meet the fixed guideway BRT definition in the NOFO, but are considering a possible upgrade that will meet this definition. Will this project be eligible for consideration of an award?

Common Questions (4 of 4)

- My agency received TOD Pilot Program funds under a previous funding opportunity. Are we eligible for consideration of another award?
- Does the 15-page limit apply to cover pages and letters of support?
