TSA Security Directives and Resources

- TSA has issued a Security Directive that requires owner/operators of public transportation (rail and bus), passenger rail, and intercity bus to implement measures to ensure that all passengers, patrons, and employees wear masks to prevent the spread of COVID-19.
- The security directive is available for download at <https://www.tsa.gov/sd-and-ea>
- TSA also has resources available on its website to assist owner/operators for complying with the security directive, these are available at <https://www.tsa.gov/coronavirus>
- Questions, comments, and requests for alternative measures to comply with the SD can be sent to TSA-Surface@tsa.dhs.gov
