| 2.0              | 1/15/2021  | Version 2.0 of the Recipient version of the TrAMS User Guide was assembled from various earlier versions of the user guide and other supplemental source documentation.  
- The overall structure was reorganized to focus on instruction for the TrAMS system  
- Section Headers were updated for internal consistency and to follow naming conventions in the system itself  
- Sections not pertinent to Recipient users were trimmed out  
- Sections in need of future updates were identified  
- Outdated material was removed | Leslie Thomas, Paul Zaic, et al. |
| 2.1              | 5/6/2021   | Added or Updated the following:  
- 5.2.1.1.1.5 Related Action: Application Review Comments  
- 5.2.1.1.6 Related Action: View Period of Performance Changelog | Jae Hu Kim, David Von Berg, Nidhi Arora, Paul Zaic |

1 About this User Guide

The Transit Award Management System (TrAMS) User Guide is a technically-focused manual intended to help users understand the system and perform work within it. Readers of this guide will learn basic navigation, system terminology, management of different system records, workflow progression, and other skills necessary to master the system.

This guide does not provide business guidance. Readers will encounter many references to business terminology, explanations of the Application to Award lifecycle, and familiar forms and reports, but only as it is necessary to help learn how to accomplish their work in TrAMS. The guide lays out many system rules, such as when a certain field is available, or which user roles may access certain actions. However, the guide does not define business rules or best practices, such as when it might be appropriate to take one action over another.

For best practices and other guidance, readers of this guide should refer to FTA circulars or FTA Regional Offices.
2 TrAMS Overview

The Federal Transit Administration (FTA) as part of the U.S. Department of Transportation (DOT) provides financial assistance to develop new transit systems and improve, maintain, and operate existing systems. Financial assistance to states and local transit providers (from here on referred to as recipients) is provided through federal grants and cooperative agreements. Recipients of these federal funds are responsible for managing their programs in accordance with federal requirements, and the FTA is responsible for ensuring that the recipients of these funds follow federal mandates along with statutory and administrative requirements. The Transit Award Management System (TrAMS) is a web-based tool that was developed to allow recipients to apply for federal funds, manage their programs in accordance with federal requirements, and provide the FTA with a method to review, approve, control, and oversee the distribution of funds.

The TrAMS application is based on the Appian platform. The platform provides workflow control through role-based access and by assigning ‘Tasks’ to the appropriate ‘User Roles’ when a particular step in a grant’s life cycle should be performed. Recipients initiate the grants process within the TrAMS application and are notified by email of any assigned tasks. Access to specific TrAMS grant functions are restricted to only be available during certain times within the grant’s life cycle and to users who are allowed to perform those tasks.

2.1 Recipients in TrAMS

The TrAMS system maintains information on each recipient organization, the organizations compliance with eligibility requirements for awards, and the users within their organization.

Recipient Organization profile information is automatically imported from the System for Award Management (SAM). Any changes to organizations information such as name, address, phone, emails, contact information, etc. must be made in SAM. Additional organizational information including, Congressional Districts, Fleet, Point of Contact and Union, Direct Recipient and Sub-allocation information is updated using TrAMS functionality. When applying for a grant, all required organizational information is taken from the Recipients organizations record.

To apply for FTA grants, recipients must ensure that they are in compliance with required civil rights programs. Using TrAMS, recipients must annually submit their Certification and Assurance that they adhere to the program standards. Through TrAMS they document, manage, and verify compliance to Equal Employment Opportunity (EEO), Title VI, and Disadvantage Business Enterprise (DBE) programs.

Each user within a recipient organization is provided with a unique ‘User Name’ for accessing TrAMS. Their user name is linked to one or more ‘User Roles’ that controls the information that they are allowed to view and update in TrAMS. Each organization has one or more users that have been granted the role of ‘User Manager’. The ‘User Manager’ is able to manage the access to TrAMS for their organization, including adding new users, inactivating users, and assigning user roles. Each user role is linked to a specific subset of allowed activities and linked to assigned tasks as a grant moves through its life cycle.
2.2 Grant Life Cycle in TrAMS

Using TrAMS a designated user representing the recipient organization will draft an application to begin the TrAMS Grant Life Cycle. Recipients will need to provide a high-level overview of the general purpose of the grant and answer some general questions regarding the purpose of the request. The recipient will then be required to add more specific information regarding the specifics of a grant by adding one or more projects. Projects within TrAMS allow for adding the details associated with an application including such items as location of project, type of work to be performed, environmental findings, funding source, funds requested, and expected project milestones. Additionally, TrAMS allows recipients to upload supporting documentation both on a project level and at the application level. Once a project is complete the system will perform a validation on the project to verify its completeness. After all projects for an application have been completed and validated, the system will perform a final validation on the application prior to the recipient being able to submit it for an initial FTA review.

Each recipient organization belongs to one of 10 regional FTA offices. Applications submitted to the FTA in TrAMS are transmitted to the recipients’ local regional office. A pre-award manager from the regional office will be assigned to review the application for completeness and accuracy. The pre-award manager will use TrAMS to assign any additional required reviews (environmental, civil rights, and technical). These additional reviewers will receive a TrAMS task to log their concurrences or objections and provide any additional feedback. After all requested reviews have been completed TrAMS will notify the pre-award manager and assign him a new task to complete. The pre-award manager may at this point assign a task to the recipient to make changes or comments to their application or have TrAMS assign the application its Federal Award Identification Number (FAIN). Once the FAIN has been assigned the recipient will receive an email indicating that they have received initial approval of their application and that they have been assigned a task to submit the final application.

After submission has occurred the pre-award manager will receive a task to determine and assign any additional reviews that need to take place and request that funds are reserved. Again, tasks will be assigned to additional regional reviewers to log their concurrences or objections along with a task to the regional reservationist to reserve the funds. Once more TrAMS will allow the pre-award manager to route the application back to the recipient for additional changes if necessary. Following the completion of the approval process the regional Administrator will receive a task to approve and obligate the funds for the award. A user designated as the recipient ‘Official’ will receive a task to accept the award. At this point the award will be executed and will move into a post award phase of grant.
During the post-award phase, the recipient organization will be required to fulfill the terms of the award. Each award requires the recipient to provide a Federal Financial Report (FFR) and a Milestone Progress Reports (MPR). Frequency of these reports depends on the size of the recipient organization, the type of funding, and the amount of the funding. The TrAMS application will maintain the required frequency of these reports for each grant and will assign a task to the recipient prior to their due dates. Both the FFR and the MPR report will be created within the TrAMS application. Upon their completion they will be forwarded to FTA for review and will be maintained within the system throughout the life of the grant.

Required modifications to any grant are also maintained, reviewed, and approved using TrAMS. Three different types of changes to grants are available using TrAMS, Budget Revisions, Grant Amendments, and Administrative Amendments. Budget Revisions may be initiated by the recipient for changes that do not involve changes to scopes and funding of the grant. For changes to the scope or funds the recipient may initiate a Grant Amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. An Administrative Amendment is initiated by the FTA and will be used to modify grant name changes, clarify or modify terms and conditions of the grant or make funding adjustments to the grant.
Once all activities of a grant have been completed or all Federal funds expended the recipient must request a ‘Closeout’ of the grant using the TrAMS application. The recipient will be required to submit within TrAMS a final version of their FFR and MPR reports. Any unexpended balance of Federal funds will automatically deobligated by TrAMS upon closing of the grant. The grant closeout process may also be initiated by FTA in the event that the FTA determines that there is a failure to comply with the terms and conditions, failure of the recipient to make progress, or if they determine the funds are no longer needed for various reasons.

Following the completion of the closeout process of a grant, all financial records, supporting documents, and any submitted reports associated with the grant shall remain available in TrAMS for review by both the FTA and the recipient organization.

2.3 Information Exchanges

TrAMS interacts with other FTA and government systems in maintaining recipient organization information and awarding and executing grants and cooperative agreements. TrAMS interacts directly or indirectly with the following systems:

- **System of Award Management (SAM)**: TrAMS obtains recipient organization information from SAM via a nightly update that includes such information as: legal business name, addresses, phone numbers, emails, DUNS, TIN, Cage Numbers and SAM organization contact information. Some recipient information from SAM displays in TrAMS. Any updates to the recipient’s SAM information must be made in SAM; and must be completed by the recipient organization.

- **Grant Notification System ‘GNS’**: Applications funded from certain grant programs or discretionary funds are required to go through the Congressional Release Process. TrAMS transmits a file to GNS for these applications when they are ready to be awarded.

- **Financial Management System (FMS)**: FMS is the interface for financial transactions between TrAMS and Delphi, where award information is transmitted nightly.
  - Delphi eInvoicing System (DELPHI): FMS sends the award/obligation information to be processed by DELPHI. Delphi’s ESC/E Invoicing (sub-system) is used for requests for...
drawdowns against cooperative agreements. Note: TrAMS does not directly interface with DELPHI.

- **Electronic Clearing House Operation (ECHO):** Requests to draw downs against grants are processed through ECHO Web 2.0 application. ECHO Web 2.0 interacts with FMS to ensure that only obligated funds are distributed. Note: TrAMS does not directly interface with ECHO.

- **Oversight Tracking System (OTRAK):** TrAMS transmits a monthly report of Recipients and Total Obligations to OTRAK. OTRAK maintains oversight review information on recipient organizations.

- **USA Spending:** As mandated through the Federal Funding Accountability and Transparency Act, federal assistance award information shall be available for public access on the usa.spending.gov website. TrAMS transmits a file on semi-monthly basis to provide award information to the site.
3 Getting Started

3.1 User Management and Access

3.1.1 Getting Access

In order to access TrAMS users will first need an account set up for them using the FTA Access Control and Entry System (FACES). FACES is the user creation and management system for each user on the FTA platform which TrAMS resides. FACES is used to manage security requirements, this includes authenticating users when they try to log in to the FTA platform, locking accounts, recertifying user accounts, etc. FACES is used to assign and manage the user roles that will dictate what users see and do in TrAMS.

The FACES User Guide offers more detailed step-by-step instructions for establishing and managing user roles as mentioned above. The following sections of this user guide provide more detailed information about users and user roles within TrAMS.

3.1.2 Initial Login to TrAMS

Once user roles have been established in FACES, users can log into TrAMS through a browser via https://faces.fta.dot.gov/suite/.

FTA employees do not use a username and password, rather they log in via the network. New users should contact their FTA office/region’s Local Security Manager (LSM) or Supervisor in order to obtain access to TrAMS. After the LSM or Supervisor has activated the user’s account in TrAMS, the user will receive an email from TrAMS indicating that the account is ready for use.

Recipient Users will log in with a username and password. New users should contact their organizations ‘User Manager’ in order to obtain access to TrAMS. After the User Manager has added the users contact information into TrAMS the user will receive an email from TrAMS indicating that the account has been created. Users will need to use the ‘Forget Your Password?’ option to initially set their password.

3.1.3 Browser Support

The TrAMS web system may be accessed through a web browser.

The following web browsers are supported by TrAMS:

- Microsoft Edge
- Microsoft Internet Explorer
- Apple Safari
- Mozilla Firefox
- Google Chrome
3.1.4 User Roles

3.1.4.1 Introduction

There are three account types in TrAMS:

- **FTA User Roles**
  - These consist of FTA employees and Federal Contractors.

- **Recipient User Roles**
  - These consist of individuals who are employed by or support a Recipient Organization.
  - Note that Recipient Users are also referred to as Organization Users in the FACES User Guide.

- **DOL User Roles**
  - These consist of Department of Labor employees.
  - Note that DOL Users are also referred to as External Users in the FACES User Guide

3.1.4.2 Recipient User Roles

Each recipient organization will have a User Manager assigned to them and it will be the User Manager’s responsibility to assign roles to each user within their organization. Recipient users will be assigned one or multiple roles. The roles assigned to a user control the ‘Actions’ that a user will have access to and the ‘Tasks’ that the system assigns to the user. Recipient users are limited to viewing the data for the recipient organizations that the user belongs to.

The following table lists the available user roles that may be assigned to recipient users and the system actions that these roles provide access to.

<table>

• Project Scope Budget Report  
• Project Budget Report  
• ALL Read-Only role actions+  
• Create New User  
• Create Multiple User  
• Recertify Users  
• Review Unlock Requests  
• Manage Role Documentation | N/A |
| **Submitter** - Creates and edits applications and their details; creates, edits, and deletes applications’ projects and their details; validates and transmits initial draft applications for FTA review; formally submits applications to FTA for award consideration; implements post-award activities (amendments, budget revisions, and closeouts); adds, edits, and deletes direct recipients and formula program sub-allocations (if designated recipient) | • ALL Read-Only role actions+  
• Create Application | • Submit and Transmit Application  
• Re-Submit Application  
• Complete Sub-Allocations |
| **Developer** - Creates and edits applications and their details; creates, edits, and deletes applications’ projects and their details; validates draft applications (but CANNOT transmit or submit); creates and edits post-award activities (amendments, budget revisions, and closeouts) | • ALL Read-Only role actions+  
• Create Application | |
| **Official** - Executes grant/cooperative agreements; certifies (PINs) the annual Certifications & Assurances; adds, edits, and deletes direct recipients and formula program sub-allocations (if designated recipient) | • ALL Read-Only role actions | • Execute Application |
| **Attorney** - Prepares and submits/uploads recipient legal | • ALL Read-Only role actions | N/A |
### 3.1.5 User Profiles

A User record includes all information that is directly related to a user’s profile such as their name, address, title, and user roles. FTA users within an FTA office/region may see other users from within their office/region along with their ‘Summary’ page and ‘User Details’ information. Recipient users within an organization may see other users from within their organization along with their ‘Summary’ page and ‘User Details’ information.

Each user may manage their profile information. All information other than email address/username, current user roles, and the FTA office/region that they are a part of may be edited by the user. User roles may be edited by User Managers (refer to User Manager Responsibilities of the TrAMS Recipient User Guide for more information), LSMs, and Supervisors. FTA users should contact their office/region’s LSM or Supervisor if they need to make additions or deletions. Recipient users should contact their organization’s User Manager(s), LSM(s), or GSM(s). Changes to email addresses are not possible – if users need to change their email address, they must have an LSM or Supervisor activate a new FTA account with the new email address.

### 3.1.6 User PIN

TrAMS employs a PIN-based system to add security to some of its functions. A four-digit numeric Personal Identification Number (PIN) code, as set by the users themselves, will be required to complete specialized actions only available to specific user roles. The Recipient Roles are Submitter, Attorney, and Official. The FTA Roles are Administrator and Budget Director.

For recipient organization users, a PIN is used to formally submit an application to FTA for review as the Submitter, execute an application as the Official, and sign off on Certifications and Assurances as either the Official or Attorney.
User Setup

3.1.6.1 User Manager Responsibilities

Each organization will have one or more users that have been assigned the ‘User Manager’ role. As a User Manager for an organization a user is able to:

- Create new users
  - Assign user roles
- Create multiple users
- Review user role request
- Manage role documentation
- Review unlock requests
- Update existing user records
  - Edit user profile information
  - Deactivate users
  - Reactivate users
  - Manage user roles
  - Unlock users
- Recertify user roles

Some roles added by User Managers require elevated approvals (Submitter, Official, and Attorney). When these roles are added, a role request is generated and a request to review the role is sent to the user’s LSM.

Some roles require justification for their assignment to a specific user. The TrAMS Submitter, Attorney, and Official roles require a Delegation of Authority letter from the agency’s CEO justifying the assignment of the role to the specific user. Justification documentation can be uploaded in advance of role assignment via the Manage Role Documentation action or uploaded at the time the role is added on the Manage Roles form.

User accounts are automatically locked after 60 days of user inactivity. Users who are locked out will still be able to log into TrAMS but their access will be severely restricted. User Managers may review unlock requests for users in their organization.

Once a user has been created, users with the User Manager role are able to manage details for existing users in their organization including: managing the users’ profiles, updating their user roles/privileges, and assigning User Manager privileges. Users may be deactivated from the Users Record, and deactivated users may be reactivated as well.
3.2 Understanding Workflow

The underlying FTA Platform software, Appian, is workflow based – it is designed for situations where the work consists of steps in a pre-defined process such as applying for a grant or cooperative agreement. In Appian, workflow is carried out by a set of users. Users can access portions of TrAMS and take actions in TrAMS based on their user roles. Some user actions in TrAMS will kick off a workflow such as submitting a grant to FTA for review.

TrAMS automates the workflow associated with creating, awarding, and administrating FTA awards. Each workflow step is associated with a specific user role responsible for completing the step. As part of the workflow, Appian assigns ‘Tasks’ to users with the appropriate user roles to prompt completion of the next “step” or “action” in the process. Steps in a workflow must be completed in the order defined.

To understand how tasks work, see the Task Tab section of Navigating TrAMS.

3.3 Navigating TrAMS

The software systems residing on the FTA Platform, including TrAMS, all share a common layout. This section provides a brief synopsis of the FTA Platform layout followed by TrAMS-specific information on how to navigate, find, and work with data in TrAMS. Users with access to multiple systems (TrAMS and NTD) on the FTA Platform will see content from each of their systems at the same time within the common layout.

3.3.1 Navigation and Views

After logging in via https://faces.fta.dot.gov/suite/, you will see the FTA Platform homepage. The homepage contains four distinct areas as shown below in Figure 3: Navigation:

Figure 1: Navigation
1. **Navigation Tabs**: Located across the top of any FTA Platform screen are five tabs. The tabs are used to navigate through the system. All TrAMS users regardless of the User Roles assigned, will see these five tabs:
   1. News
   2. Tasks
   3. Records
   4. Reports
   5. Actions

2. **User Account Information**: Located at the top right corner of the screen, the silhouette icon provides quick access to your user account, this includes three options:

   **Profile**: Provides a means for the user to view and update their individual profile information and to set up their Personal Identification Number (PIN). See the *FACES User Guide* for PIN Set up

   **Settings**: The user settings Page is where the user can set the language and time zones and update your password settings.

   **Sign – out**: User can select the sign-out from the dropdown to close the application
3. **Navigation Menu**: The navigation menu may appear on the left-hand side or at the top of the screen. The navigation menu allows you to filter for specific data within the tab that is being viewed and may contain a menu of additional information you can view. Filters and menu items vary by tab and data type selected. In some cases, a search bar is available to allow you to quickly find specific items.

4. **Main Content**: This area displays menus, entry forms, reports, and other data. The information displayed is specific to the functionality of the tab you are working in (for example, only tasks will display when working in the ‘Tasks’ tab). When printing from within a web browser, only the content in the Main Content area will be included.

### 3.3.2 Navigation Tabs

#### 3.3.2.1 News Tab

The ‘News’ tab displays platform and software system-specific news to all users and allows the user to collaborate with other users through messaging. News feeds and messages may be targeted to specific users and/or groups, or to all users. The ‘News’ tab is the default tab displayed when a user initially logs into the platform.

The News Tab is the general landing page once you log on to the system. TrAMS automatically posts news feeds for a recipient organization for activities such as when:

- Applications are created
- Applications are returned to the recipient for comments and changes
- Applications are transmitted to FTA for initial review/concurrences
- Applications are submitted to FTA for final review/concurrences

TrAMS messages are grouped by award application and viewable by recipient organization users and FTA users. Feeds will appear with the most recent posting found at the top of the list. You can use the left-hand navigation to search for specific events or to filter down to a selected view. You can also follow specific users or groups.
You can click the empty star next to a news entry to “star” or flag important entries. You can then filter on all “Starred” entries using the “Starred” filter on the left-hand navigation pane.

FTA occasionally posts messages to all users on the news page. These posts are not monitored. Please do not respond to FTA messages posted here.

3.3.2.2 Tasks Tab

The ‘Tasks’ tab shows specific work items that have been assigned either to you or to groups to which you belong. TrAMS generates and assigns tasks to a specific user or user group at certain steps in the grant life cycle. TrAMS is workflow-based and tasks are used to move an application. Clicking a task link will open the associated task.

As an example, users that have been assigned the ‘Official’ user role will receive a task when an award is ready for execution. By accepting the task, the ‘Official’ will be able to review the award information and sign their acceptance.

The ‘Tasks’ tab also lists any social tasks assigned to or by you. The number of open tasks assigned to the user (both process and social tasks) displays next the ‘Tasks’ tab title enclosed in parentheses.

Social Tasks are derived from other users and not directly from TrAMS. Social tasks do not have task forms. Instead, they can be commented on, or closed, directly from the task list.

You can click the empty star next to each task to “star” it. You can then filter on all “Starred” tasks using the “Starred” filter on the left-hand navigation pane.
Tasks are assigned when a user needs to perform a specific action as a part of a workflow. Users are notified by email when tasks are assigned to them. The workflow waits for the task(s) to be completed prior to moving on to the next step (or task) in the workflow.

Tasks may be assigned to an individual user or to a group of users who share the same role. You can tell which type of task has been assigned by looking at the text above the task link. Tasks assigned directly to you will show the text “Me” above the task link. Tasks assigned to a group will show the group name. Figure 1: Individual Task shows an example of a task assigned to a specific user. Figure 2: Group Task shows an example of a task assigned to a group.

Figure 2: Individual Task

Figure 3: Group Task

When tasks are assigned to a group of users, any user within the group may claim and complete the task. Once a task has been claimed, the task becomes unavailable to the other users in the group. If you select a task and then decide not to complete the task, you can return the task to the group for someone else to pick up.

### 3.3.3 Task Notifications

Automatic system-generated task notifications are sent via email at the time the tasks are created. Task notification emails have the following characteristics:

- From: Appian for Federal Transit Administration (PROD)
- To: User’s Saved Contact Email (as viewed on User Profile – if your email has changed, speak with your User Manager)
- Subject: New Task: [Type of Task that has been assigned]
- Body: Link to the task
3.3.4 Accepting Tasks

When you receive a task notification email, you may click on the provided link. The link will redirect you to the FTA Platform log on screen. After logging into the system, you will be either redirected to the task form or you may need to check your task queue by going to the ‘Tasks’ tab. In the latter situation,

1. Click on the ‘Tasks’ tab.
2. Find the corresponding task link (use filters as needed).
3. Click on the link provided to accept the Task.

4. For group tasks, TrAMS will display an ‘Accept’ and ‘Go Back’ button options. Click the ‘Accept’ button to claim the task and begin working on the task. You can leave the task form and return later.

5. If you leave the Task and return later, you will notice that the task will appears as assigned to you (or ‘Me’) on the Tasks tab.
6. Complete and submit the task. The Task will be removed from your task Tab once the task has been completed.

**Note:** If the Task form appears to be in read-only mode, scroll to the top of the form to verify that you have accepted the task.

### 3.3.5 Returning Tasks

If you have selected the wrong task or would prefer to work on the task at another time, you can return the task to the original assigned user(s) list. This can be done whether you have formally accepted the task.

1) To return a task that you’ve opened, but not yet accepted, click the “Go Back” button at the top of the screen.

2) To return a task that you have already accepted, scroll to the bottom of the page and select the “Close”, “Close Task”, or “Return to Group” button. The button terminology will depend on the specific task.

**Note:** If you have returned the task but do not immediately see the task back in your task queue, refresh the task queue by clicking on the ‘Task’ tab again. When returning a task to the group, you may also see a new email notification.
3.3.6 Records Tab

The ‘Records’ tab provides a way to access and work on records that already exist in the system. Records consist of all information for a specific type of data, such as all the information about a recipient organization or an application. Click the ‘Records’ tab to see a list the records types you have permissions to view.

All TrAMS users can view the six (6) record types defined in Table 2: Record Types.

<table>
<thead>
<tr>
<th>Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Application/Awards</td>
<td>Contains applications and awards associated with recipient organization(s) or regional cost center FTA Staff members.</td>
</tr>
<tr>
<td>Projects</td>
<td>Provides direct access to the individual projects that make up applications and awards.</td>
</tr>
<tr>
<td>Recipient Organization</td>
<td>Contains recipient organization information. If you are a recipient organization member, you can only see the recipient organizations to which you belong.</td>
</tr>
<tr>
<td>Static Reports</td>
<td>Contains historical copies of nightly generated reports.</td>
</tr>
<tr>
<td>Systems</td>
<td>Contains Software Release Information and FAQs for TrAMS and all other FTA Platform systems. See the FACES User Guide for more details.</td>
</tr>
<tr>
<td>Users</td>
<td>Contains information about all users within the recipient's organization (or regional cost center for FTA Staff members). See the FACES User Guide for more details.</td>
</tr>
</tbody>
</table>
3.3.7 Reports Tab

The ‘Reports’ tab provides access to a suite of reports accessed by clicking on the report name link. Currently, only a limited number of reports are available on the ‘Reports’ tab for TrAMS users. Additional TrAMS reports are available on the ‘Actions’ tab and are expected to be transferred over time (e.g., MPR and FFR reports). Recipient users can find the following reports under the Reports Tab:

- Disbursement Report
- Recipient POC Details
- User Details Report

3.3.8 Actions Tab

The activities, listed on the ‘Actions’ tab, are available to execute at any time. Available actions are based on your user roles. The ‘Actions’ tab provides a way to create new records, create and view Excel reports (use the TrAMS Excel reports in the left menu to filter options), and perform searches for specific records (use TrAMS 1.0 in the left menu to filter only to those options, such as search FFR/MPR reports). You will see FTA Access Control System (ACS) in the left menu only if you are a User Manager, and will see the available ACS options in the Action Tab main menu. See the FACES User Guide for information about associated Actions.

3.4 Working with the Navigation Tabs

This section contains general guidance on how to search for information within the standard FTA Platform layout. The guidance is applicable to all systems on the FTA Platform.

Information in this document is proprietary to FTA

Unclassified – For Official Use Only
3.4.1 News Feeds

Any user with viewing permissions to a post can search the ‘News’ tab for that post. You can manage what you see and don’t see on the news feed, these are restricted by the permissions you set. Viewing permissions for posts, messages, and kudos are granted only to the sender and his/her intended recipient users/groups. You can view, subscribe, and unsubscribe to news feeds using the following steps:

1) Click your user icon at the top right corner of the page and then select ‘Settings’.

2) From the left navigation menu, select ‘News’.

3) To subscribe to a feed, click either the ‘All’ or ‘Personalized’ link below the feed name.
   
   a) ‘All’ subscribes you to all events added to that feed. A check mark will indicate that you have subscribed to ‘All’.
   
   b) ‘Personalized’ subscribes you to only view events added to that feed and targeted specifically to a group in which you’re a member. Check with your system administrator before enabling this setting as they will need to configure this option. A person icon next to the news feed title will indicate that you have subscribed to ‘Personalized’.

4) To unsubscribe from a feed, click the ‘Unsubscribe’ link below the feed name. Once you unsubscribe, you will no longer see events in your ‘News’ tab from that specific feed.
5) You can also unsubscribe from a feed from the ‘News’ tab directly by positioning your cursor over a news item and clicking the small red ‘x’ that appears.

Note: If you do not wish to see the system’s automatic posts about awards, you can unsubscribe from the ‘TrAMS Grant Management’ news feed. It is recommended that you do not unsubscribe.

### 3.4.2 Records

You can search for data using the ‘Records’ tab. The record types that you can access will depend on your user role(s). The primary Record options are outlined in the following section and include:

1) Applications/Awards  
2) Projects  
3) Recipient Organizations  
4) Static Reports,  
5) Systems  
6) Users.

A search box and additional filters can be used to refine your search within a given record type.

#### 3.4.2.1 Searching from the Records Tab

To search for records using the ‘Records’ tab:

1. Click on the ‘Records’ tab on the navigation bar.

2. Select one of the record types available (e.g., “Applications / Awards”).
3. A form will open listing the first hundred (100) records with hyperlinks to each record. Scroll to the bottom of the form to see the total number of records available for you to view.

4. Record-specific information will display with the record hyperlink (bold blue font) and under each record shown. This information varies by record type. For example, the Application record type shows the grantee name, application current status, and last updated date for the application.

Example User Record

5. For most record types, a search box and filters will display horizontally across the top of the screen where you can enter search criteria.

The search box is not case sensitive. The magnifying glass is an icon, use your keyboard enter key to populate the search item. When searching for an award or project identification number, the dashes are required.

Filters will vary based on data type selected. Static Reports will not contain any search filters.

Filter dropdown boxes have pre-determined filters from which you can select. Specific filters for each record type are discussed in subsequent user guides.
6. Records that meet the search criteria will display on the page.

7. If the search does not provide the desired records, click ‘Clear Filters’ icon on the top right corner.

8. To open a record, click the blue record hyperlink.

3.4.2.2 Record Contents

Upon opening a specific record, in most instances, a high-level summary of the data populates in the main content area of the screen. This is the “Summary” dashboard in the navigation bar.

Related Actions: The top navigation menu contains links specific to the type of record. This will often include a ‘Related Actions’ option (sometimes referred to as a ‘tab’. The ‘Related Actions’ opens to a page of options to view and modify detailed record information. Your ability to update record information depends on your assigned roles as well as the current state of the data (ex. recipient users with read only can view, however they cannot edit applications).
3.4.3 Using Search Fields

Both the ‘News’ and ‘Records’ pages contain search boxes/bars that can be used to filter available information. The search boxes/bars can be identified by a magnifying glass icon located within the box. As an example, the ‘News’ contains a search box on the top left-hand side of the screen as shown in the following screenshot.

Note: The magnifying glass icon in the search bar is simply an image and has no function.

Searches are case insensitive. Searching on bus returns the same entries as Bus or BUS. Searches will return partial matches as well.Searching on bus will return entries containing bus, business, or busy.

Depending on the type of information on the page, search entries can be entered in the following ways:

- **By Keyword(s):** Enter a word, the first part of a word, or multiple words into the search box and then press the ‘Enter’ key. The platform will return items that contain the search term(s). To search for a specific phrase, enclose the phrase in quotation marks (" ").

- **By Author:** Enter the text from: followed by all or part of a name, and then press ‘Enter’. The search will return entries attributed to a user with a partially or fully matching first name, last name, or username. For example, from: Smith might return entries by John Smith, Matt Smithers, Smith Jordan, Smithe Company, or robert.smith. It does not search through any comments. To include both a first and last name, enclose the name in quotation marks. For example, from:"John Smith" will only return entries attributed to John Smith. Searching by author only applies to searches on the ‘News’ page.
• **By Keyword and Author:** By combining the two tactics above, you can search for entries that contain a specific keyword and were attributed by a specific author. For example, `contract from:"John Smith"` only returns entries authored by John Smith that contain the word "contract." Entering `from:"John Smith" contract` returns the same results since contract is outside the quotes.

• **By Star Status:** Enter the text `is:starred` along with your other search requirements to narrow down results to only those you had previously starred. For example, `is:starred task` only returns tasks that were starred by you. Entering `contract from:"John Smith" is:starred` only returns entries authored by John Smith, containing the word "contract", and had been starred by you.

Table 3 presents search tips by data type in TrAMS.

**Table 2: Search Box Tips**

<table>
<thead>
<tr>
<th>Data Type</th>
<th>Search Tip</th>
</tr>
</thead>
<tbody>
<tr>
<td>News</td>
<td>The 'News' tab will return posts, messages, kudos, and events that contain the search term(s) either in the main entry or within a related comment. Searching by author does not search through comments attributed to the user.</td>
</tr>
<tr>
<td>Applications/Awards</td>
<td>Dashes are required when searching by application ID (e.g. search FL-2018-001-00 and not FL201800100). Partial names are ok but must be continuous (e.g. FL is acceptable as is FL-2018 and 2018-001).</td>
</tr>
<tr>
<td>Recipient Organizations</td>
<td>Vendor ID or name or acronym</td>
</tr>
</tbody>
</table>

### 3.4.4 Actions Tab Searches

The ‘Actions’ tab contains options for dynamically searching through TrAMS information. To access the search options:

1) Select the ‘Actions’ tab.

2) Click the “TrAMS 1.0” application filter in the left-hand navigation pane (other filters may be available). The list of available actions and search options will display, what populates is based on your user roles.
3) From the Actions Menu Options, click a search link. A search form will open (e.g. “Search Applications/Awards”). Use the filters to refine your search. Note that the asterisk indicates a required filter. The data each user can access depends on their user role and associated organization(s).

3.4.5 Emails

In addition to tasks, users may receive emails from the system indicating that they need to perform an action as part of a workflow. After receiving an email and logging on, the user will not find any corresponding tasks to perform instead they will need to navigate to the appropriate record and must initiate the required action. In some instances the action initiated with start a workflow that includes tasks to other user roles (for example closeout amendment). Similarly, the action may initiate other email notifications to different users (such as in the Certification and Assurance process).
As an example, a user may receive an email indicating that an Application has been returned by the pre-award manager and that they should review the comment.

Hello,

Application 1707-2016-1 has been returned by region10.preawardmanager1 (Pre-Award Manager) for review of the FTA comment. Please login to TrAMS to review the FTA comment for this application.

Thank you

*** Please note that this is a system generated email notice. Please do not reply to this email. ***

You will be able to distinguish between emails sent by the system and system emails associated with tasks:

- ‘New Task’ will be at the beginning of the subject line for emails associated with tasks.
- Emails not associated with a Task ‘From’ line will be listed as ‘TrAMS Administrator’.
- The link in the email takes you to the TrAMS website or takes you to the task at hand if you are already logged into TrAMS.

In both cases, the workflow will not continue until the required action(s) are complete.

3.4.6 Exporting Information from TrAMS

3.4.6.1 Printing from the Browser

When printing within a web browser, only content within the Main Content area will be included.
3.4.6.2 Exporting Files (View/Prints) Information

TrAMS records and documents that may be viewed and printed have been formatted as ‘Rich Text Format’ (.rtf). These files will need to be opened using a program that is compatible with this type of file (e.g. Microsoft Word).

When you select a ‘View/Print’ action, you will be prompted to open or save the file. Variations will exist depending on the browser that you are working with and the program you have defined to be the default program to open rtf files.

Example: Internet Explorer 11 and Microsoft Word

Example: Chrome

The view print format may require the user to adjust the font size or layout of the page to suit the user’s preferences or view information displayed.
3.5  Working with Appian Forms

This section describes different aspects of the TrAMS/Appian interface, functionality and the types of field, filters, buttons and terminology you will see while working in TrAMS.

3.5.1  Buttons

Use form buttons to perform actions such as saving data, deleting data, or leaving the form. When no buttons exist on a form, you can click an item outside the form to close the form. You will see a variety of other button labels used. The button labels will indicate what actions will happen when the buttons are clicked. Many buttons use standardized labels and form layout to indicate expected functionality.

- **Back**: The ‘Back’ button appears on forms that are part of a sequence. It is used to move to a previous form in the sequence. The ‘Back’ button will usually appear on the lower left side of the form. Always use the form ‘Back’ button instead of the browser back button to avoid losing your place in the sequence.

- **Cancel**: The ‘Cancel’ button closes a form without saving any changes made on the form since the last save. The ‘Cancel’ button only applies to the current form.

- **Close**: The ‘Close’ button completes an action or workflow and returns the user to the menu on which they selected the action. The button is commonly on read-only forms where no action is to be taken (e.g. a success screen).

  **Tip:** Click the ‘Close’ button on success screens to complete a process and prevent “extra” tasks appearing in the task list.

- **Forms with Close and Cancel Buttons**: Some forms contain a ‘Cancel’ button tied to an expanded portion of the form as well as a ‘Close’ button at the bottom of the form. In these instances, the ‘Cancel’ button will close the expanded portion of the form without saving the information and the ‘Close’ button will close the entire form without saving.
• **Save**: The ‘Save’ button saves the changes that have been made to the form. ‘Save’ buttons allow users to save data intermittently on a form. If a form has both a ‘Save’ button and a ‘Cancel’ button, only the changes made after the last ‘Save’ button click are not saved.

• **Next**: The ‘Next’ or ‘Next Step’ button is shown when the workflow steps you through a series of forms. It will save the data on the current form and move to the next form in the workflow.

• **Generate Report**: The ‘Generate Report’ button appears on report forms. It initiates the creation of the report based on the selected search criteria. Most reports generate on the same form, others will generate a task. For the latter, you must open the task to retrieve the report.

• **Submit**: The ‘Submit’ button saves the data and closes the current form.

### 3.5.2 Checkboxes

Checkboxes are used when one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected (by selecting the box a second time) independent of the other items in the list.
3.5.3 Date Fields (Calendars)

You can enter dates into Appian date fields in one of two ways: 1) type the date directly into the field; or 2) use the calendar function to pick a date. Dates follow a ‘mm/dd/yyyy’ format.

To select a date using the picker:

1. Click in the date field box.

2. A calendar for the current month will display. Use the arrows (< and >) to navigate to the correct month and year. You can only move forward or backward by months, not years.

3. Click on the date to select it. The date will populate in the date field.
3.5.4 Document Uploads

Document uploads are indicated by the ‘Upload’ button. To upload a file, either click the ‘Upload’ button and select a file using the folder navigator. Alternately, you can drag and drop a file into the upload field box. Appian generally will not restrict the type of document that you can upload.

Documents are most easily readable by other users as .doc, .rtf and .pdf uploads.

Give your document a meaningful description. Appian document uploads can be up to 2GB in size.

Deleting documents: documents can be deleted prior to saving. Hold cursor over the document, you will see an ‘X’, select to delete.
Depending on the location of the upload, most documents may be deleted after saving, others may not be deleted. Refer to the applicable system section to determine if applications can be deleted and under what conditions. TrAMS does not keep records of documents deleted.

Documents saved can be populated by selecting the related hyperlink associated with the file name.

|--------------|---------|----------------------------------|---------------------------------------------------|-------------|---------|

**Note:** All migrated TEAM documents under the recipient profile will be identified as a “TEAM” Doc under ‘Uploaded by’, all future documents will generally identify who uploaded the document.

### 3.5.5 Drop-Down Fields (Single-Select)

Drop-downs fields are used to select from a set list of allowable values. The drop-down field ensures that only valid values are selected. Sometimes, the values allowed in a field may depend on the values selected in other fields. In these cases, the list of values will refresh as the independent fields values change. This will be the case when you are developing your application budget activity line items, see example below.

![New Budget Activity Line Items (ALIs)](image)

You must select a scope, activity type and item name.

### 3.5.6 Drop Down (Multi-Select)

A multi-select drop down field also appears as a list of allowable items that expands when the user clicks in the field. In this case, multiple items can be selected from the list (click an item to select it). Selected items will appear to be highlighted within the drop down and will be listed in the field box. To unselect click on the item again.

![Drop Down (Multi-Select)](image)
3.5.7 Grids (Tables)

Appian uses grids (tables) to display data. Individual or multiple records (rows) in these grids may be selectable and fields (columns) sortable depending on the specific grid.

3.5.7.1 Selecting Grid Records (Rows)

Grids contain checkboxes when a user can select a specific record to view or modify.

1. To select a grid record, click the checkbox next to the row.

2. To select all items in a grid, click on the top checkbox and all other checkboxes will automatically be selected, then click the appropriate button to perform the action on all items in the table.

3.5.7.2 Expanding and Collapsing Data

Grids are also used to select items for which you want to display additional details. For grids which are used to expand data details, only one row may be picked at a time.

1) Click the checkbox next to the item to expand. The page will expand below the current grid to show the additional information.
2) To collapse the item, simply uncheck the box, or click the appropriate action buttons that are present on the form.

3.5.7.3 Sorting Grids by Field (Column)

Some grids are sortable and can be sorted alphabetically (or in reverse) on a single column. A blue arrow within a grid header field indicates that the grid has been sorted by either ascending or descending. One column will default the display. All column headers can be selected to sort on other criteria.

To sort a grid:
1. Click in the field label in the header row to sort the table on that column.

2. A blue arrow will appear next to the field name and the table will sort in ascending order on that field (A-Z, or 0-9).
3. Click in the field label again to sort information in the opposite direction.

### 3.5.7.4 Paging Grids (Row Limits)

Most grids in TrAMS are paging grids. Paging grids have a maximum number of records that they can display at a time. When the number of records exceeds the number of rows that can display, additional “pages” become available. You may “page through” the grid using the navigation arrows beneath the grid to see additional records.

**Navigation arrows:**

1. Click the single forward arrow ‘>’ to show the next set of records.
2. Click the double forward arrow ‘>>’ to move to the last record.
3. Click the single backward arrow ‘<’ to move to the previous set of records.
4. Click the double backward arrow ‘<<’ to move to the first record.
3.5.8 Radio Buttons

Radio button groups are used when a user can select only one (1) item from a short list (usually <5 items). The selected radio button will appear highlighted.

3.5.9 Text Fields

A text field search filter allows the user to enter free text.

3.5.10 Type Ahead Fields

Type-ahead fields are like text fields but search for matching inputs. The user can type valid data for the field and the system will populate available data inputs. The user will then be prompted to select from search results that match what was typed. A matching item that was selected can be unselected by clicking the “x”.

Note: Type ahead fields will be more common for FTA user views of the report forms where a recipient ID may need to be selected from the full list of recipients. In most cases, such as the recipient ID, the information will auto populate for recipient users. If you are a user in multiple organizations, you may be presented with the available search fields.
4 Recipient Organization Management

4.1 Overview

A recipient organization is any entity that is eligible to seek and apply for federal assistance from FTA. FTA will assess a recipient organization’s eligibility; and assign an identification number (Recipient ID) to conduct business with FTA. The Recipient ID is a four-digit number (e.g. 2345); and is used in TrAMS, and other FTA systems to identify the recipient organization record.

The Recipient Organization record is where a user can search, view, and update, recipient organization record details in TrAMS.

Each recipient organization is associated to either a Regional FTA Office or an FTA Headquarters Office. These offices are known as “cost centers.” Each cost center has an acronym and number that are used throughout TrAMS. The FTA cost centers are listed in Table 1: FTA Cost Centers for reference:

Table 3: FTA Cost Centers

<table>
<thead>
<tr>
<th>Cost Center Name</th>

</tbody>
</table>

**User Role Requirements**

A TrAMS user must have at least a minimum, the Read-Only user role to access the recipient organization to view or update portions of the record information. In some instances, a user must have specified user roles to complete updates.

### 4.2 Search Recipient Organization Records

There are multiple ways to search for and access a recipient organization record. Users may find recipient organization information by either searching from the ‘Actions’ tab and selecting ‘Search Recipient Organization’ or searching from the ‘Records’ tab and selecting ‘Search Recipient Organization’.

Users can navigate to the organization record from any application or awards’ ‘Summary’ page by clicking the Recipient ID hyperlink located on that page.

#### 4.2.1 Searching Recipient Organization from Actions Tab

To search for a recipient organization using the ‘Actions’ tab:

1. Select the ‘Actions’ tab in the navigation bar.
2. Click the ‘Search Recipient Organizations’ link in the menu (you can filter the menu for search functions by selecting TrAMS 1.0 in the left menu).
3) The ‘Search Recipients in TrAMS’ form will display with search criteria fields. Note that none of these fields are required. Not populating any fields will return all recipient organizations in your profile. You can search for an organization using one or more of the following criteria:

a) **Recipient ID** The recipient’s ID (or VIN) will default to their organization. When a user is assigned to more than one ID, you can choose the recipient ID from the drop-down menu. Only one ID can be selected and viewed at a time.

b) **Recipient Name:** Enter in all or part of the recipient organization’s name in the ‘Recipient Name’ field. (Note, this will not work if you have not selected the correct VIN.)

c) **Recipient Alias:** Enter in all or part of the recipient alias name. (Note, this will not populate if you have not selected the correct VIN.)

d) **TrAMS Status:** Select the recipient organization’s status in TrAMS from the drop-down menu provided under the ‘TrAMS Status’ field. Status options are ‘Active’, ‘Inactive’, or ‘New-Pending Review’.

e) **SAM Status:** Select the recipient organization’s status in SAM.gov from the drop-down menu provided under the ‘SAM Status’ field. Status options are: ‘Active’ or ‘Expired’.

f) **Cost Center:** Select a cost center (aka, a Regional Office or HQ office) from the drop-down menu provided under the ‘Cost Center’ field. For recipient organizations, your Recipient ID is already associated with a cost center. If you are a user associated with multiple recipient organizations across different FTA offices; then the cost center you choose must correspond with the Recipient ID. Remember, this is not a required field.
4) Once all desired search criteria have been entered, click the ‘Continue’ button.

5) The ‘Search Results’ form will be displayed. To access the recipient record, click on the ‘Recipient ID’ hyperlink of the desired recipient organization. After selecting the hyperlink, you will be taken to the record of the Recipient Organization.

In most cases, only your recipient organization will display. If you are associated with more than one organization, you can only search for one organization at a time.

Recipient Organization names in the table are listed by their legal business name (from SAM) and then the provided acronym. If the legal business name is incorrect, or your SAM status is inactive, you must contact SAM to make modifications. If the acronym is missing or incorrect, contact FTA to update your information.
4.2.2 Searching Recipient Organizations from Records Tab

Recipient organization profile(s) may be accessed from the ‘Records’ tab in TrAMS.

1) Click the Records tab in the navigation bar.
2) Click on the ‘Recipient Organization’ record type from the menu to view recipient organizations. The results will display recipient organizations in which you have assigned user roles.

3) In most cases, only one recipient organization will display. If you have user roles for multiple recipient organizations, each organization will display in the list.
4) Recipient Organization names are listed by their legal business name (from SAM), the provided acronym, and then the four-digit recipient/vendor ID number (or VIN). If the legal business name is incorrect, you must contact SAM. If the acronym is missing or incorrect, contact FTA to update your information.
5) The results will display in alpha order based on the first two letters. You may filter displayed records by using the search box and typing the organization name in full or in part, or you can search by entering the four-digit recipient/vendor ID number.

Note: The magnifying glass is just an icon, select the search button or enter on your keyboard to return results.

6) Click on the recipient organization’s name, which is a hyperlink that will take you directly to your recipient organization record’s ‘Summary’ page.
7) To return to the list of organization records, click the ‘Recipient Organization’ hyperlink at the top of the ‘Summary’ page. This is sometimes referred to as a “breadcrumb trail”.

4.3 View Recipient Organization Records

4.3.1 Overview

Each Recipient profile has dashboards to view information and a series of related actions. The following section covers the different information that may be viewed. Information is outlined moving left to right as shown below. The tab selected is highlighted by the blue box and arrow.
4.3.2 Summary

The ‘Summary’ page is the landing page after selecting an organization record to view. The ‘Summary’ page is in a read-only format for all users. It contains high-level information concerning the organization including:

- TrAMS Profile Information
- SAM Profile Information
- Payment Information
- Locations
Recipients are responsible for changes to the SAM profile information and must be made directly in SAM. TrAMS is synced nightly with SAM. Users can also update their recipient organization’s SAM information by clicking on the Sync Recipient Organization with SAM related action.

### 4.3.3 Applications / Awards

The applications / awards option will populate a list of all applications and awards that are associated with a recipient organization; this includes both active and closed awards. A grid/table will populate listing associated with the organization. The list provides the application/award number or Federal Award Identification Number (FAIN), the application name, person last updated by, last update date, and the current status of the application/award. Each amendment associated with an award will be displayed separately.

To view recipient ‘Applications/Awards’ from the Recipient organization profile:

Click on the ‘Applications/Awards’ form the navigation bar.

The FAIN will be displayed as a hyperlink and can be used to directly access the application/award record. If there are no applications, the grid will be empty.
Users can filter and sort on the various columns within the Applications grid. Users can filter by ascending or descending order by clicking on the column header twice. Users can also sort by most recently acted on by using the last updated date or sort by application status.

When more than 25 applications/awards exist, use the arrows on the bottom of the page to display the additional applications.

4.3.4 TrAMS Users

All active TrAMS users associated with the selected recipient organization can be found under the recipient organization profile. User record information will display in a grid. If there are no users the grid will be blank. Information displayed includes the user’s first and last name, contact information (email and phone), and the user roles that have been assigned.

1) Click on ‘TrAMS Users’ from the navigation bar.

2) The active TrAMS users associated with the recipient will display. If there are no TrAMS users associated, the grid will be empty.

3) This is a summary view only of the user; you may review more information about a user by reviewing their profile. To modify user profile information, see the FACES User Guide.
4. If a user has roles that are associated with multiple organizations, you can differentiate each role title by referring to the organization’s four-digit recipient ID number.

### 4.3.5 Locations

Recipient organizations must be associated with at least one and may be associated with multiple, urbanized areas (UZA), states and congressional districts. This information is important as it is used during the development of applications. Applications must define the place of the performance which is in part associated with the UZA and applicable congressional districts.

The ‘Locations’ dashboard displays all the applied UZAs and congressional district(s).

To view the ‘Locations’ for a recipient organization:

1) Click on ‘Locations’ from the navigation bar.
2) The ‘Urbanized Areas (UZA) and States’ section displays the UZAs and states associated with the recipient organization. If there are no UZAs and states associated, the grid will be empty. Your organization should have at least one UZA populated to support future applications/awards. To modify your UZA information, contact your FTA awarding office.

3) The ‘Congressional Districts’ section displays all Congressional Districts associated with the recipient organization. If there are no Congressional Districts associated, the grid will be empty. Your organization should have at least one Congressional District to support future applications/awards. To manage your Congressional Districts, refer to Related Action: Manage Congressional Districts.

4.3.6 Designated Recipient

The Designated Recipient section is undergoing changes in the TrAMS system and is not currently active. This section will be updated once implemented. The below describes the intent of this module.

The Designated Recipient option is visible to all users. This module will allow those recipient organizations who have the principal authority and responsibility for suballocating specified formula funds to states and urbanized areas (UZAs) to document the allocations (or splits) among the eligible direct recipients within the urbanized area. If the recipient organization is a designated recipient, you will see the funding programs and UZAs that are associated with the recipient of the ‘Designated Recipient’ page.

All user roles including the read-only can “view” the information in this dashboard.

Note: If you do not see a UZA listed; check your recipient locations. If you confirm a UZA is missing, contact your FTA office to update your location information.
Designated recipient details can only be updated by FTA after verifying that they have the appropriate documentation for the requested changes.

In TrAMS, a recipient organization's profile can be tagged as designated recipients for the following formula programs, which can be suballocated in TrAMS:

- Section 5307 – Urbanized Area Formula Program (5307-2A)
- Section 5310 – Formula Grants for Enhanced Mobility of Seniors & Individuals with Disabilities (5310-1A)
- Section 5337 – State of Good Repair Formula Grants (5337)
- Section 5339 – Formula Grants for the Bus and Bus Facilities Infrastructure Investment Program

**Note:** If you are a designated recipient your profile should indicate “yes” under the question ‘Is Designated Recipient?’ If your profile information is not accurate, contact your FTA POC; only FTA has the authority to update that piece of information.

To view the designated recipient details for a recipient organization:

1) Click on the ‘Designated Recipient’ tab.
2) The formula programs associated with the designated recipient are listed and displayed in a grid format under the ‘Designated Recipient Details’ section. If there are no formula programs associated or the recipient organization is not a designated recipient, no grid will display.

3) To view associated suballocations:
   a) Select the applicable fiscal year from the dropdown menu;

Information in this document is proprietary to FTA
b) The grid will display allocations by fund program and UZA. Attachments may be populated by using the hyperlink under the ‘Split Letter’ column to view the document.

4.3.7 News

To better understand the News tab, please refer to News Feed in Navigating TrAMS.

4.3.8 Related Actions

4.3.8.1 Introduction

All users have access to view information about their assigned recipient organization. Certain information may only be modified by specific user roles.

To view or modify, use the ‘Related Actions’ tab for the selected Recipient Organization. The following actions are available only to recipient users:

- Recipient Documents
- Civil Rights Information
- Certifications & Assurances
- Fleet Status
- Congressional Districts
- Direct Recipients
- POC and Union Information
- Sync Recipient Organization With SAM
4.3.8.2 Related Action: Recipient Documents

TrAMS users have the ability to manage documentation for their assigned recipient organizations.

To View recipient documents:

1) Click on Related Actions in the navigation bar.

2) Click ‘Recipient Documents’ from the menu.

3) The Recipient Organization | Document Summary page will display. Documents migrated from TEAM or added to TrAMS will display in a grid. If there are no documents, the grid will be blank. To view a previous uploaded document on the ‘Document Summary’ page, click on the hyperlink under the ‘Document File Name’ column.
4) Click the ‘Close’ button to return to the ‘Related Actions’ menu.

4.3.8.2.1 Add Recipient Profile Documents

1. Click the ‘Add Document’ button to upload a document for the recipient organization.
2. The ‘Add Documents’ page will display:
4.3.8.2.2 Delete Recipient Profile Documents

2) To delete a document that you just uploaded prior to selecting the save button, the user can either:
a) Place the cursor over the newly uploaded document the document icon will display an “X”; select the “X” to proceed with deleting; or
b) The user can select the ‘Cancel’ button to return to the ‘Document Summary’ page without saving the document.

Note: Once a document has been uploaded and saved, it cannot be deleted. Contact your FTA POC to delete documents.

c) Use the ‘Save’ button to complete the document upload process.

Note: The table below describes the crosswalk for values listed under ‘Document Context’ and ‘Document Type’. For example, when the user selects ‘Civil Rights’ from the ‘Document Context’ dropdown, the user will also see and be able to select the values under ‘Document Type’ dropdown shown below. Note that documents migrated from TEAM, where no context or type was provided, will display with “General.”

<table>

3) To view a previously uploaded document that is displayed on the ‘Document Summary’ page, click on its hyperlink under the ‘Document File Name’ column. (Note: you are not required to select the checkbox.)
4.3.8.3 Related Action: Civil Rights Information

TrAMS users can view their recipient organization’s civil rights program status information. Only recipient users with the ‘Civil Rights’ role assigned is authorized to manage their civil rights program compliance information.

Refer to Civil Rights Management to better understand the information captured under your civil rights information and the process for submitting and obtaining FTA reviews and concurrence on your civil rights programs.

To view civil rights compliance information for a recipient organization:

1) Click on Related Actions from the navigation bar.
2) Click ‘Civil Rights Information’ from the menu.
3) The ‘Civil Rights Compliance’ summary dashboard will display a table/grid that contains a summary of the Civil Rights programs and DBE Goal including:
   a) The program name
   b) The current status for each Civil Rights program
   c) The last submitted date for each program
   d) The date the FTA concurred on the program
e) The due date for the next submission
f) The expiration date of the program

4) To view additional information about each of the programs, check the checkbox associated with the program and then the ‘Continue’ button.

5) The ‘Civil Rights Compliance | [Selected Program Name]’ form will be displayed showing:
   a) Current Program Status
   b) Status History of the program
   c) Uploaded documents
   d) Comments provided for the program

   **Note:** Using the comment box is browser dependent, in most cases, you will be able to scroll within the box to review comment history.

6) Documents may be viewed by clicking the ‘Document Name’ hyperlink.
4) Click the ‘Cancel’ button to return to the ‘Civil Rights Compliance’ summary page and select another program to view.

The ‘DBE Goals’ page includes the same information as each program. This page includes an additional section listing the DBE Goals.
To view civil rights compliance information for a recipient organization:

7) Click ‘Civil Rights Information’.

8) The ‘Civil Rights Compliance’ form will be displayed for the recipient organization. The form will display a grid that contains:
   a) The four programs that recipients must adhere with
   b) The current status for each of the programs
   c) Submission of compliance information for each of the programs
   d) The date the FTA completed their review and concurred
   e) Due date for the next compliance submission
   f) Expiration date of the compliances

9) To view additional information about each of the programs, check the check box associated with the program and then the ‘Continue’ button.
10) The ‘[Selected Program Name]’ form will be displayed showing the
   a) Current status of the program
   b) History of the program’s statuses
   c) Uploaded documents
   d) Comments provided for the program

5) Document contents may be viewed by clicking the ‘Document Name’ hyperlink.
6) Click the ‘Close’ button to return to the ‘Civil Rights Compliance’ page and select another program to view.

**4.3.8.4 Related Action: Certifications & Assurances**

Recipients must certify that they are in compliance with Federal transit laws as well as Federal cross-cutting requirements prior to FTA making an award. Certification & Assurances (C&As) must be submitted electronically via TrAMS.

The C&As module:
- Allows you to view current and past C&As.
- Allows you to certify the current fiscal year.
- Allows you to correct or update the current fiscal year C&As.
- Prohibits corrections to past fiscal years.

**User Roles:**
- All TrAMS user roles can view the C&As.
- The Official user role executes only for the Official.
- The Attorney user role executes only for the Attorney.
- A user may be given authority to have both the ‘Official’ and ‘Attorney’ user roles to certify; this is referred to as “certifying on behalf of both” for an organization. Refer to [Certify on Behalf of Both the Official and Attorney](#) for more information.

**4.3.8.4.1 View the C&As**

1) Find your Recipient Organization Profile.
2) Click on Related Actions in the navigation bar.
3) Click on ‘Certifications & Assurances’ from the menu options.
4) The ‘Certifications and Assurances’ form will display for your recipient organization.
   a) Use the provided drop-down menu under ‘Select Fiscal Year’ to select the fiscal year of the C&A you wish to view. Only the current fiscal year, plus the past nine fiscal years will display (a total of ten fiscal years are available to be viewed).
   b) Click the ‘Continue’ button.

5) If the Certifications & Assurances have not yet been published for a fiscal year, you will receive a warning message:

6) If the C&As are published, a read-only version of the ‘FY [current FY] C&A Affirmations’ form for the selected fiscal year will populate.

If the C&As have not been completed by the recipient for the current fiscal year, this entire form will be read-only and display incomplete fields. An example of an incomplete field is a Certification Date displayed as N/A or categories only displaying red circles (indicating not certified).
The Certifications and Assurances Information Critical Dates:

1) **Fiscal Year**: This will reflect the Fiscal Year that you selected on the prior form.
2) **Assigned Date**: This is the date that FTA published the C&As in TrAMS (note that it may be different than the date indicated on the FTAs website).
3) **Due Date**: reflects FTA guidance to complete your C&As within 90 dates from date of publication in TrAMS.
4) **Original Certified Date**: This date will populate only once both the Official and Attorney have PINed in TrAMS. The Initial Date Certified Date does not change.

**Last Certification Date**: The last certification date will be the same as the original certification date the first time the organization certifies. The Last Recertified Date will update if the
organization updates any categories or documents, and both the Official and the Attorney have recertified.

Both the Official and Attorney must certify or PIN for the Latest Certification Date to populate and be considered complete. Each recertification is tracked. See the recertification process below.

To read the full narrative of each category, under “Published Certifications and Assurances” there is a link to direct you to the list of the current and past published Certifications and Assurances and instructions.

4.3.8.4.2 Complete C&A Certifications

To complete the certification of the C&As, it requires two independent actions. The C&As are workflow-based and are initiated by the Official User. The second action is taken by the Attorney user role. There is no task in the task tab; the Attorney will only receive an email notification once the Official has certified. The Official asserts to the certifications and the Attorney affirms the certifications. FTA does allow for one individual to take action in TrAMS “On Behalf of Both” the Official and Attorney. This is common when outside legal counsel supports an organization.

Initiate C&A Certification
1) Log in as the Official User.
2) Locate your Recipient Organization Profile.
3) Click on Related Actions in the navigation bar.
4) Select the Certification and Assurances option from the available menu.
5) A form will populate to select the fiscal year to certify; select the current fiscal year.
6) The C&A’s form will populate and display checkboxes next to each C&A category. Boxes will only display if you have the Official User Role.
7) Category #1 is a required selection. An error message will display and you cannot certify until it is selected.
8) Check applicable boxes.

**Note:** The Certified circle will remain red until you complete certification, by entering your PIN. Once certified, the circle will change to a green circle with a checkmark.

---

9) Review the Certify Affirmation information. Confirm your name and title are properly displayed.
10) Enter your PIN (you will receive an error if you have not entered a correct PIN. If you need to set your PIN, see *User Management and Access*).
11) Click on the Certify button.
12) The Attorney will now receive an email notification to complete certification.
13) Attorney Certifies
   a) The Attorney User can follow the same steps of the Official to locate the certification. The attorney will not see checkboxes and cannot make corrections.
      1) To Certify, enter the user PIN in the provided field.
      2) Click on Certify.
      3) Confirm the certified date is now populated.

   b) The Attorney can return the C&As to the Official if a correction is needed.

To Return the C&As to the Official:

   1) Select the Return to Official Button.
   2) The user will be prompted to confirm you want to return the C&As.
   3) The user will be prompted to provide comments to the Official.

   4) The Attorney’s comments will populate in the email to the Official and display on the C&As form.
1) The Official must PIN the C&As again to return the C&As for the Attorney to complete certification.

2) The Attorney will receive an email notification again and can follow the steps above to complete certification.

3) Once certified the Original and Latest Certification Date will populate and the selected categories will display with a green circle. The names of the certifying individuals will display and the date certified.
4.3.8.4.3 Certify on Behalf of Both the Official and Attorney

This process allows for a single individual to certify the C&As in TrAMS. The user must be assigned both user roles, Official and Attorney. To be assigned both TrAMS user roles, you must have the appropriate delegation of signature authority.
When certifying on “Behalf of Both” a signed and dated copy of the C&As must be uploaded to the C&As module at the time of certification. The exact same categories must be selected.

Typically, the Official PINs in TrAMS on behalf of the Attorney. The same process can be used if the Attorney PINs on behalf of the Official.

To complete certification on behalf of both

1. Follow the steps to complete the certification provided above.
2. Select the applicable certifications.
3. Upload the document and provide a document description. Multiple documents may be added.

4. Both the Official and the Attorney PIN fields will display
5. The PIN must be entered in each field
6. Click on the Certify button.

ADD SCREENSHOT that looks like this
7. Confirm the correct names and dates populated
8. The document will display in a grid. The document may be viewed by selecting the hyperlink. Documents added here only reside in the C&As module. Recipients should upload them here versus adding C&As document to the Recipient Profile.
4.3.8.4.4 Recertify or Correct C&As

Corrections may only be made to the current fiscal year C&As.

1. Only the Official can initiate recertification.
2. Follow steps to complete the certification provided above to proceed to the current fiscal year certifications.
3. Upload revised documentation, if applicable.
4. Both the Official and Attorney must re-PIN to be in a certified status.

4.3.8.4.5 C&As and Your Grant Applications

All recipients must complete their C&As in TrAMS before FTA can make an award (or amendment) in a given fiscal year. The following explains how the C&As relate to your applications and information about your C&As during application development:
- If FTA has not published the C&As yet or if you have not certified yet, the system will flag that your C&As are “missing” or not yet complete when you are working on a new application or a new amendment.

- There are no hard stops in the application development process. This will not stop application development, transmission or submission.

- The status box will change to completed once you have certified to the Certifications and Assurances.

<table>
<thead>
<tr>
<th>Application Tasks for Completion</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual C&amp;As</td>
<td>MISSING</td>
</tr>
<tr>
<td>Executive Summary</td>
<td>COMPLETED</td>
</tr>
<tr>
<td>Project(s) Validated</td>
<td>COMPLETED</td>
</tr>
</tbody>
</table>

- The example warning message will display when you are transmitting an application for initial review. This is not a hard stop; select the continue button to proceed with the action.

**Warning Issues**

- This application can pass Application Validation with the following issues, but they must be corrected prior to Award
- Your organization has expired or incomplete civil rights program compliances. Please update your civil rights programs (Recipient Organization Record, Civil Rights Information Related Action)
- Your organization has not approved C&A's for Fiscal Year 2018 (Recipient Organization Record, Certifications & Assurances Related Action).
4.3.8.5 Related Action: Application Fleet Status

When rolling stock (fleet of buses, trains, etc.) is included in an award any information associated with the fleet can be found under the Related Actions tab, Application Fleet Status option. The information listed in the award is determined by the fleet status at the time of award execution.

All users may view the read-only fleet status information associated with the award.

1) Log in as a TrAMS user

2) Navigate to the Records tab

3) Click on the “TrAMS | Recipient Organizations”
4) Use the filters to identify a Recipient Organization

5) Click on the Recipient Organization
6) Navigate to the list of related actions by clicking on the “Related Actions” tab
7) Select “Fleet Status” related action
8) **Recipient Fleet Summary will be displayed**

![Recipient Fleet Summary](image)

9) **Click on the icon on the View column to see more information**
4.3.8.6 Related Action: Manage Congressional Districts

The Congressional District information associated with a recipient organization may be managed by both FTA and recipient organization users. Users may add and delete congressional districts. DOL users will have view-only access.

To view congressional districts applicable to a recipient organization:

1) Click ‘Congressional Districts’.
2) The ‘Manage Congressional Districts’ form will be displayed.

**Note:** You may click on the ‘U.S. House of Representatives Search’ link to find the appropriate representative for a given congressional district. The system will direct you to the search function on the U.S. House of Representatives website.

---

**Anchorage, Municipality Of (inc) | Manage Congressional Districts**

<td>Alaska</td>
<td>Don Young</td>
</tr>
</tbody>
</table>

Visit the following site to find Congressional Districts by zip code:

[Visit U.S. House of Representatives Search](http://www.house.gov/representatives/find)

---

3) Click on the ‘Close’ button to return to the ‘Related Actions’ menu.

---

**4.3.8.6.1 Add or Update Congressional information**

To update existing district information, you will need to delete and add the district again.

4) Click on Related Actions tab

5) Click on ‘Congressional Districts’ from the menu options.

6) The ‘Manage Congressional Districts’ form will display.

7) To add a new Congressional District:
   a) Use the provided drop-down menu under the ‘Congressional District’ field to select a congressional district number.
   b) Use the provided drop-down menu under the ‘State’ field to select the state that the congressional district is located in.
   c) Enter the appropriate representative name for the new congressional district into the ‘Representative Name’ field.

**Note:** You may click on the ‘U.S. House of Representatives Search’ link to find the appropriate representative for a given congressional district. The system will direct you to the search function on the U.S. House of Representatives website.
d) Click the ‘Add’ button. All fields are required to save information. The system will show the newly added district in the ‘Current Congressional Districts’ grid.
4.3.8.6.2 To delete a congressional district

e) Select the checkbox for the congressional district you wish to remove.
f) Click the ‘Delete’ button. The system will remove the congressional district from the grid.
g) Click on the ‘Close’ button to return to the ‘Related Actions’ menu.

4.3.8.7 Related Action: Direct Recipients

For organizations that are Designated Recipients, you have the ability to view, add and delete direct recipients. For organizations that are not Designated recipients, you have the ability to view information.

Note that while Direct Recipients users can be added, the associated Designated Recipient Module and Suballocation Module are not currently active. These sections will be updated once activated.

Recipient users can view the Direct Recipients associated with the organization; these recipients are available for apportionment suballocations.

4.3.8.7.1 View Existing Direct Recipients

1) Click on the Related Action tab.
2) Click ‘Direct Recipients’ from the menu options.
3) The ‘Manage Direct Recipients’ form will display. The direct recipients associated with the recipient organization are listed and displayed in grid format.

4) If there are no direct recipients associated, the grid will be empty.
5) Click the ‘Cancel’ button to return to the ‘Related Actions’ menu.
4.3.8.7.2 Add a New Direct Recipient

1) Click on the ‘Add’ Enter the 4-digit Recipient ID and click the ‘Search’ button.

2) The ‘Add New Direct Recipient’ form will display. The direct recipient’s organizational details are listed and any locations are displayed in grid format.

3) Click the ‘Add’ button to add the direct recipient. You will return to the ‘Add New Direct Recipient’ form.
4.3.8.7.3 Delete a Direct Recipient

1) Select the checkbox for the direct recipient you wish to remove.
2) Click the ‘Delete’ button. The system will remove the direct recipient from the grid.
3) Click on the ‘Cancel’ button to return to the ‘Related Actions’ menu.

4.3.8.8 Related Action: POC and Union Information

The Point of Contact (POC) and Union information for an organization are stored to provide contact information for an application/award. The system also uses POC information to send email notifications about certain system activities (e.g. email reminders for C&A’s or notifications of award execution tasks). This information may also be used for FTA to send correspondence.

All users of the recipient organization will have access to view POC and Union information. Adding, updating, and the deletion of POC and Union information are limited to recipient users that have the ‘User Manager’ role.

Refer to Civil Rights Management to better understand the information captured under your civil rights information and the process for submitting and obtaining FTA reviews and concurrence on your civil rights programs.

4.3.8.8.1 View POC and union information applicable to a recipient organization

1) Click on Related Actions tab
2) Click ‘POC and Union Information’ from the menu options.
3) The ‘Points of Contact’ form will display.
4) Any POCs associated with an organization will appear in the Points of Contact grid.

5) To filter on a particular recipient POC, you can search by the contact name, title, or the email address, you must know part of all of this information for the search feature. You can also select the appropriate POC contact type from the drop-down menu provided under the ‘POC Contact Type’ field. The display only shows the first 10 contacts, you may need to page over to display additional information.

**4.3.8.8.2 Add, Delete, or Edit/view a POC**

1) To add a new POC click on the ‘New’ button.
2) Fill out the information on the Points of Contact. You can click ‘Save Changes’ to create a new POC or you can ‘Cancel Changes’ and return back to the Points of Contact form. All fields with an asterisk (*) are a required field.

   a) The Application Type: Select Yes or No. Select Yes, only if you are a State DOT.
   b) Union POC: Select Yes or No. Select only if you are a Union Representative. Selecting yes will populate an additional required field to enter the name of the Union Organization.
   c) POC Contact Type options include the following:
      - Chief Executive Officer (CEO)
      - Metropolitan Planning Organization (MPO)
      - Equal Employment Opportunity (EEO)
      - Disadvantaged Business Enterprises (DBE)
      - Title VI
      - Section 504
      - ECHO
      - Grants
      - General FTA Issues
3) To view or edit details on the POC, select the checkbox next to the contact you would like to view and then click the ‘Edit’ button.

4) To edit the form, update the information and click ‘Save Changes’ to return back to the Points of Contact form. If you are only viewing the information you can click on ‘Cancel Changes’ to return back to the Points of Contact form.
5) To delete a POC select the checkbox next to the contact you would like to delete and then click the ‘Delete’ button.
6) Click the ‘Close’ button to return to the ‘Related Actions’ menu.

4.3.8.9 Related Action: Sync Recipient Organization with SAM

Recipient organization details, such as addresses, are brought into TrAMS via a nightly sync with the System for Award Management (SAM). If the recipient has updated organizational information in SAM, any user can either sync with SAM immediately or wait for the nightly sync to occur.

NOTE: The DUNS information in TrAMS may not be modified. Before taking any action related to your organization’s DUNS number, contact your FTA POC. If changes are required to your TrAMS profile, payment, or location information contact your FTA POC to make the desired corrections.

To sync a recipient organization’s system record with information on the SAM.gov website immediately:

1) Click on the Related Actions tab.

2) Click ‘Sync Recipient Organization with SAM’ from the menu options.

3) The system will update its information from SAM and show you a success message.

4) Click on the ‘Close’ button in the message to return to the ‘Related Actions’ menu.

5) Confirm information has updated on the Summary.

4.4 Civil Rights Management

4.4.1 Overview

Recipient organizations are required to comply with civil rights programs in order to receive FTA funding. These programs include:
1) Equal Employment Opportunity (EEO) Program  
2) Disadvantaged Business Enterprise (DBE) Program  
3) DBE Goal  
4) Title VI of the Civil Rights Act of 1964.

Not all programs are required by all recipients. Recipients can consult FTA Circulars or other guidance to determine which programs apply. Recipients can view and update civil rights information from their Recipient Records. To ensure recipients stay in a fundable status, FTA Regional Civil Rights Officers review recipient civil rights program submissions for adequate documentation of the requirements.

### 4.4.2 User Roles

Recipient users with the Civil Rights role can modify and submit civil rights information for their organizations. All other recipient users have viewing privileges of the civil rights information for their organizations. FTA Regional Civil Rights Officers review recipient civil rights program submissions for adequate documentation of the requirements. All other FTA and DOL users can view civil rights information as well.

### 4.4.3 Program Statuses

When a recipient submits a civil rights program to FTA for review, the program status is set to ‘In Review – Submitted to FTA.’ The program cannot be modified until the review is complete. FTA Regional Civil Rights Officers will review and update civil rights information for the recipients within their region. Civil Rights Officers will set the appropriate review status for the program as the programs moves through the review process. An explanation of each status is provided in the table below.

<table>
<thead>
<tr>
<th>Program Status</th>
<th>Description</th>
<th>Recipient Can Edit Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>1) In Review – Submitted to FTA</td>
<td>The program has been submitted to FTA for review.</td>
<td>No</td>
</tr>
<tr>
<td>2) In Review – Under FTA Review</td>
<td>The FTA Regional Civil Rights Officer is currently reviewing the recipient’s civil rights program submission.</td>
<td>No</td>
</tr>
<tr>
<td>3) In Review – Returned to Grantee</td>
<td>The FTA Regional Civil Rights Officer has reviewed the civil rights program and has returned it the recipient for updates.</td>
<td>Yes</td>
</tr>
<tr>
<td>4) Concur</td>
<td>The FTA Regional Civil Rights Officer has reviewed and approved the program submission.</td>
<td>Yes</td>
</tr>
</tbody>
</table>
The first time the DBE Goal, Title VI and EEO programs are approved, FTA will enter a 'New Due Date' and 'New Expiration Date' for the programs. For subsequent approvals, the dates will automatically move forward three years from the previous dates unless the Civil Rights Officer has changed the dates.

<table>
<thead>
<tr>
<th>Status</th>
<th>Description</th>
<th>Can be Viewed at Time of Sale?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Expired</td>
<td>The validity of the civil rights program has expired and the recipient needs to resubmit the program to FTA.</td>
<td>Yes</td>
</tr>
<tr>
<td>Incomplete</td>
<td>The default program status for new recipients. This status cannot be selected by the reviewer or recipient. Additionally, this status will not generate a DBE Report task.</td>
<td>Yes</td>
</tr>
<tr>
<td>N/A</td>
<td>The FTA Regional Civil Rights Officer can set this status after review of any civil rights program if the program does not apply to a recipient organization.</td>
<td>Yes</td>
</tr>
</tbody>
</table>

### 4.4.4 View Recipient Civil Rights Information

Recipient users with the Civil Rights role can modify and submit civil rights information for their organizations. All other recipient users have viewing privileges of the civil rights information for their organizations. FTA and DOL users can view civil rights information as well.

To view and/or update a recipient’s civil rights information:

1. Go to the Records tab and select the Recipient Organization link.

2. Click on the Recipient Organization record.
3. Click the ‘Related Actions’ link in the navigation pane at the top of the screen and then click the ‘Civil Rights Information’ related action.

4. The ‘Civil Rights Compliance’ form will display. The four civil rights programs with their current statuses for the selected recipient will display in a table under the ‘Status History’ section.
5. To leave the form and return to the ‘Related Actions’ menu, click the ‘CANCEL’ button.

6. To view or edit program details, select a program from the ‘Status History’ grid and click the ‘CONTINUE’ button.

7. The relevant program page will open showing the program details to include a history of the program status, supporting documentation, and comments. From this page, the civil rights office for a recipient organization can manage their recipient’s program. On any of the program forms, click the ‘CANCEL’ button to return to the ‘Civil Rights Compliance’ form. Click the ‘SAVE CHANGES’ button to save all information entered on the form.
4.4.5 Manage and Submit Recipient Civil Rights Information

Only recipient users with the Civil Rights role can modify and submit civil rights information for their organizations. Information may only be edited when the program statuses are ‘In-Review – Returned to Grantee’, ‘Expired’ or ‘Concur’. Not all programs are required for all recipients.

4.4.5.1 EEO Program

To update your organization’s EEO Program information:
1) Go to your recipient organization record and select the ‘Civil Rights Information’ related action.

2) On the ‘Civil Rights Compliance’ page, select the check box for ‘EEO Program.’ Then click the ‘CONTINUE’ button.
3) The ‘Equal Employment Opportunity (EEO) Program’ form will open. The form content includes the program status, existing documents, and comments.

![Image of the EEO Program form]

4) Click the ‘MANAGE DOCUMENTS’ button to add or delete any related documents.

![Image of the Manage Documents form]

5) The ‘Manage Documents’ form will open.
   a) **Add Document**: Enter the following information on the ‘Upload Document’ section to add a document. Only the document type and document itself are required entries. Once finished, click the ‘SAVE’ button to add the document. The document will be added to the grid under ‘Existing Document Details’.
      i) **Document Type**: Use the drop-down menu to select a document type.
      ii) **Document Name**: Enter the name for the document into the text box.
      iii) **Program Begin and End Dates**: Enter the date range for the program’s duration.
iv) **Civil Rights Document**: Click the ‘Upload’ button to select a file to upload. Click the ‘X’ on the uploaded document link to remove the file.

![Upload Document](image)

b) **Delete Document**: If any document needs to be removed (e.g. the wrong document was uploaded), select the check box for the document from the ‘Existing Document Details’ grid, then click the ‘DELETE’ button.

![Manage Civil Rights Documents: EEO Program](image)

c) Click the ‘CLOSE’ button to return to the ‘EEO Program’ form.

6) Enter any comments into the optional ‘Civil Rights Program Comments’ field, then click the ‘SAVE CHANGES’ button.
7) If the program is ready to submit to FTA, there will be a ‘SUBMIT’ button visible. Click the ‘SUBMIT’ button to send to FTA for review. Programs are only submitted to FTA once the ‘SUBMIT’ button is clicked.

8) The ‘Civil Rights Compliance’ form will display. The EEO Program entry in the Status History section will show an updated status ‘In Review - Submitted to FTA’ as well as an updated ‘Submitted Date’.

4.4.5.2 DBE Program

To update your organization’s DBE Program information:
1) Go to your recipient organization record and select the ‘Civil Rights Information’ related action.

![Civil Rights Information page](image1)

2) On the ‘Civil Rights Compliance’ page, select the check box for ‘DBE Program.’ Then click the ‘CONTINUE’ button.

![DBE Program status](image2)
3) The ‘Disadvantaged Business Enterprise (DBE) Program’ form will display.

4) Click the ‘MANAGE DOCUMENTS’ button to add or delete any related documents.

5) The ‘Manage Documents’ form will open.
   a) **Add Document**: Enter the following information on the ‘Upload Document’ section to add a document. Only the document type and document are required entries. Once finished, click the ‘SAVE’ button to add the document. The document will be added to the grid under ‘Existing Document Details’.
      i) **Document Type**: Use the drop-down menu to select a document type.
      ii) **Document Name**: Enter the name for the document into the text box.
      iii) **Program Begin and End Dates**: Enter the date range for the program’s duration.
      iv) **Civil Rights Document**: Click the ‘Upload’ button to select a file to upload. Click the ‘X’ on the uploaded document link to remove the file.
b) **Delete Document**: If any document needs to be removed (e.g. the wrong document was uploaded), select the check box for the document from the ‘Existing Document Details’ grid, then click the ‘DELETE’ button.

c) Click the ‘Close’ button to return to the ‘DBE Program’ form.

6) Enter any comments into the optional ‘Civil Rights Program Comments’ field, then click the ‘SAVE CHANGES’ button. To discard any changes made prior to saving, click the ‘CANCEL’ button to return to the ‘Civil Rights Compliance’ form.
7) If the program is ready to submit to FTA, there will be a ‘SUBMIT’ button visible. Click the ‘SUBMIT’ button to send to FTA for review. Programs are only submitted to FTA once the ‘SUBMIT’ button is clicked.

8) The ‘Civil Rights Compliance’ form will display. The DBE Program entry in the Status History section will show an updated status ‘In Review - Submitted to FTA’ as well as an updated ‘Submitted Date’.

4.4.5.3 DBE Goal
To update a recipient’s DBE Goal information:

1) Go to your recipient organization record and select the ‘Civil Rights Information’ related action.
2) On the ‘Civil Rights Compliance’ page, select the check box for ‘DBE Goal.’ Then click the ‘CONTINUE’ button.

3) The ‘Disadvantaged Business Enterprise (DBE) Goal’ form will display.
4) Enter or review and update your goals in the ‘DBE Goals’ section. Values should be entered as a percentage between 0% and 100% (e.g., 10%). Up to two digits beyond the decimal can be entered (e.g. 20.25%).

a) **DBE Race Conscious Goal**: Enter as a percentage (e.g. 10.1%).

b) **DBE Race Neutral Goal**: Enter as a percentage (e.g. 13%).

c) **Overall Goal**: The system will automatically calculate the Overall Goal by combining the DBE Race Conscious Goal and the Race Neutral Goals.

5) Click the ‘MANAGE DOCUMENTS’ button to add or delete any related documents.

6) The ‘Manage Documents’ form will open.

a) **Add Document**: Enter the following information in the ‘Upload Document’ section to add a document. Only the document type and document itself are required entries. Once finished, click the ‘SAVE’ button to add the document. The document will be added to the grid under ‘Existing Document Details’.

i) **Document Type**: Use the drop-down menu to select a document type.

ii) **Document Name**: Enter the name for the document into the text box.

iii) **Program Begin and End Dates**: Enter the date range for the program’s duration.

iv) **Civil Rights Document**: Click the ‘Upload’ button to select a file to upload. Click the ‘X’ on the uploaded document link to remove the file.
b) **Delete Document**: If any document needs to be removed (e.g. the wrong document was uploaded), select the check box for the document from the ‘Existing Document Details’ grid, then click the ‘DELETE’ button.

c) Click the ‘Close’ button to return to the ‘DBE Goal’ form.

7) If the program is ready to submit to FTA, there will be a ‘SUBMIT’ button visible. Click the ‘SUBMIT’ button to send to FTA for review. Programs are only submitted to FTA once the ‘SUBMIT’ button is clicked. **If your DBE Goals status is set to NA, Incomplete, or blank, the system will not generate the task to complete your semiannual DBE report.**
8) Enter any comments into the optional ‘Civil Rights Program Comments’ field, then click the ‘SAVE CHANGES’ button. To discard any changes made prior to saving, click the ‘CANCEL’ button to return to the ‘Civil Rights Compliance’ form.

9) The ‘Civil Rights Compliance’ form will display. The DBE Goal entry in the Status History section will show an updated status ‘In Review - Submitted to FTA’ as well as an updated ‘Submitted Date’.

4.4.5.4 Title VI

Title VI of the Civil Rights Act of 1964: Title VI is a Federal statute and provides that no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

To update your organization’s Title VI program:

1) Go to your recipient organization record and select the ‘Civil Rights Information’ related action.
2) On the ‘Civil Rights Compliance’ page, select the check box for ‘Title VI Program.’ Then click the ‘CONTINUE’ button.

3) The ‘Title VI Program’ form will display.
4) Click the ‘MANAGE DOCUMENTS’ button to add or delete any related documents.

8) The ‘Civil Rights Compliance’ form will display. The Title VI entry in the Status History section will show an updated status ‘In Review - Submitted to FTA’ as well as an updated ‘Submitted Date’.
4.4.6 Disadvantaged Business Enterprise (DBE) Reporting

4.4.6.1 Overview

A Semiannual DBE report must be completed and submitted by recipient organizations with a DBE goal. Recipients with the user role of Civil Rights will receive an email with a link to the report 60 days prior to the due date (October 1 and April 1). Submission due dates are June 1 and December 1 of each fiscal year. FTA regional and HQ staff will review the reports and provide approval.

4.4.6.2 Search and View DBE Reports

You may view previously submitted DBE Reports for your recipient organization from the ‘Reports’ Tab.

1) Click ‘Disadvantaged Business Enterprise (DBE) Report’.

2) The Disadvantaged Business Enterprise (DBE) Report’ form will be displayed with search criteria fields. You will be able to complete the following fields:

   a) Select a Recipient ID. If you are part of one TrAMS Organization your Recipient ID will be auto-populated. If you are part of multiple TrAMS Organizations you can select a Recipient ID from the drop-down menu.

   b) Select a DBE report status from the drop-down menu provided under the ‘Status’ field.

      (New/Draft auto populates once anew DBE Report is created; and will display the red dot under the submitted column).

   c) Select a DBE report fiscal year from the drop-down menu provided under the ‘Fiscal Year’ field.

   d) Select a DBE due date from the drop-down menu provided.

3) Once all search criteria have been entered, any applicable DBE reports will display in a table below.

4) Click ‘View’ of the DBE Report you wish to see and scroll down the page to access a read-only version of the report within the DBE Report dashboard itself.
5) Click the 'Export to Excel' button if you wish to export the DBE Report information into an Excel Spreadsheet.

6) Click the 'View/Print' button if you wish to generate a view/print document of the DBE report. The 'Download View/Print DBE Report' form will be displayed, which provides a link to open or save a local copy of the DBE report.
4.4.6.3 Accessing the DBE Report via email Link

1) Once the system has generated a new DBE report for your organization, the recipient users with civil rights roles will be sent an email with a link to their ('New/Draft') DBE report. Clicking this link will bring you to the appropriate record where you can complete and submit your DBE report.

2) If a regional civil rights officer or TCR HQ reviewer chooses to return the report to the recipient, the users with civil rights roles for that organization will receive an email with a link to their ('Incorrect/Incomplete') DBE report. Clicking this link will bring you to the appropriate record where you can correct and submit your DBE report.
4.4.6.4 Accessing the DBE Report via the Records Tab

In addition to accessing the report via email link, you may also access the DBE report via the following steps:

1) Click on the ‘Records’ tab:

2) Click on the ‘Disadvantaged Business Enterprise (DBE) Reports’ Record.
3) Click on the link in the ‘Details’ column to select the appropriate DBE Report for your organization, based on the fiscal year, due date, and status.

4) The read only view ‘[Due Date] Uniform Report of DBE Awards or Commitments and Payments Form’ will be displayed.
4.4.6.5 Uniform Report of DBE Awards or Commitments and Payments Form

If the recipient has a DBE program, FTA will ensure that annual goals have been submitted as required during their review. The read only view for Uniform Report Form Details are listed below:

1) Currently Active Awards:
   The form includes a list of currently active awards. Click on the Application # link from the grid if you wish to view an application listed for your recipient organization.

   ![Current Active Awards Table]

2) “DBE Uniform Report Summary”:
   a. Report Type:
      i. Semiannual
      ii. Quarterly
      iii. Project Goal
      iv. Other
   b. Report Fiscal Year:
      i. The Fiscal Year that the report was created
   c. Report Due Date

Information in this document is proprietary to FTA
i. The Due Date for the report

d. Version
   i. ‘New/Draft Reports’ will be version 0.
   ii. Amendments to ‘Approved’ version 0 Reports will be incremented by 1

e. Report Status
   i. New/Draft
   ii. Incorrect/Incomplete
   iii. Ready for Regional Review
   iv. Ready for HQ Review
   v. Approved

f. Last Updated By
   i. The first and last name of the user who last modified the report via a report status change

g. Last Updated Date
   i. The date of the last modification to the report via a status change

h. Submitted Date
   i. Original date of submission for version 0 reports
   ii. Amendments use the original date of submission for the version 0 report

### Triennial DBE Goals:

i. The DBE goals information is pulled from the Civil Rights module of the Recipient Organization.

### Sections A, B, C & D:

j. The information within these sections will be in read-only form for FTA and Regional Civil Rights users.
### Section A: Awards and Commitments Made During This Period

5) Status log:

Information in this document is proprietary to FTA

Unclassified – For Official Use Only
6) DBE Report Remarks:
   
   k. Remarks added by users (Recipient, Civil Rights Regional Staff or DBE Approver-FTA user) are displayed in read only format.

4.4.6.6 Related Action: Complete DBE Report

A Semiannual DBE report must be completed and submitted by the recipient (submission due dates are June 1 and December 1 of each fiscal year) before it can be reviewed by FTA.

You can begin completing the DBE report in one of two ways:

1) Click on the ‘Related Actions’ tab, followed by the ‘Complete DBE Report’ related action.

OR

2) Click on the ‘Related Actions’ shortcut ‘Complete DBE Report’
Note: The ‘Complete DBE Report’ related action and related action shortcut will only be visible to a recipient when the status of the report is ‘New/Draft’.

3) An editable version [Due Date] Uniform Report of DBE Awards or Commitments and Payments Form’ will be displayed

4) Enter all dollar figures as needed.

5) Enter remarks into the ‘Recipient Remarks’ field. *This is a required field when submitting the report to the regional civil rights reviewer.
6) Click the ‘Upload’ button under the ‘Upload Document(s)’ section if you wish to select a local file to upload as a supporting document. Click the ‘Remove’ link which appears after upload if you wish to remove your uploaded file.

7) Click the ‘View/Print’ button if you wish to generate a view/print document of the DBE report. The ‘View/Print DBE Report’ form will be displayed, which provides a link to open or save a local copy of the DBE report. Click the ‘Close’ button to return to the previous form.

8) Click on the ‘Save’ button to save the semiannual DBE Report and click ‘Close’ button to return to the ‘Complete DBE Report’ Related Action.
9) Once finished, click on the ‘Submit to FTA Region’ button to proceed and submit the DBE report to FTA Regional Office staff for their review.

4.4.6.7 Related Action: Correct DBE Report

You can begin correcting the DBE report in one of two ways:

1) Click on the ‘Related Actions’ tab, followed by the ‘Correct DBE Report’ related action.
OR

2) Click on the related action shortcut ‘Complete DBE Report’

3) Once you have finished entering all dollar figures as needed, enter remarks into the ‘Recipient Remarks’ field. *This is a required field when submitting the report to the regional civil rights reviewer.

4) Click the ‘Browse’ button under the ‘Upload Supporting Document’ field if you wish to select a local file to upload as a supporting document. Click the ‘Remove’ link which appears after upload if you wish to remove your uploaded file.

5) Click the ‘View/Print’ button if you wish to generate a view/print document of the DBE report. The ‘View/Print DBE Report’ form will be displayed, which provides a link to open or save a local copy of the DBE report. Click the ‘Close’ button to return to the previous form.

6) Once finished, click on the ‘Submit to FTA Region’ button to proceed and submit the DBE report to FTA Regional Office staff for their review.

Note: The ‘Correct DBE Report’ related action and related action shortcut will only be visible to a recipient when the status of the report is ‘Incorrect/Incomplete’.
7) The ‘Confirmation’ form will be displayed with the following confirmation message: ‘The [FY] Semiannual DBE Report for [Recipient Name] is submitted. Please click the Close button to complete your action.’
8) Click the ‘Close’ button to return to the read only DBE Report Summary page. You may also navigate away if needed.

9) Additionally, an email with a link to the DBE report will be sent to the appropriate civil rights regional reviewer to notify them that the DBE report is ready for review.

4.4.6.8 DBE Amendments and Report Versions

Approved reports can now be modified in certain cases. When a regional civil rights reviewer or TCR approver chooses to do this, an Amendment is created and the version number is incremented. Additionally, an email is sent out to the recipient civil rights user to correct and submit the DBE Report. Existing DBE reports start at version zero, as well as ‘New ‘Draft’ DBE reports. Amendment reports start in an ‘Incorrect/Incomplete’ status and follow the same workflow as the ‘Correct DBE Report’ related action.

4.4.6.9 Creating Ad-Hoc DBE Reports

Recipient civil rights user can now request for creating ad-hoc report by contacting their RCRO. It is now possible to launch additional, ad-hoc DBE reports in TrAMS that are separate from the semiannual DBE reports. When an ad-hoc report is created for a recipient organization, a notification email is sent to the recipient civil rights users of that organization. The ad-hoc report will initially be in the "New/Draft" status and have a version number of zero. Recipient civil rights users can fill out the ad-hoc DBE report using the "Complete DBE Report" related action.Recipient civil rights users can request an ad-hoc report by contacting their Regional Civil Rights Officers.
The following sections will also be displayed for review.

</table>
1. The ‘Status Log’ grid will display status information about the DBE report, including statuses, dates and reviewer names. The status changes will be displayed in order from newest to oldest.

2. You may also click on the ‘Review recipient document – click here’ link under the ‘Download Document’ section to open or save a copy of the document attached to the report.
3. Click on any remark link provided in the ‘DBE Report Remarks’ section to expand remark details.
4. Click the ‘View/Print’ button if you wish to generate a view/print document of the DBE report in html format. The ‘View/Print DBE Report’ form will be displayed, which provides a link to open or save a local copy of the DBE report’s details.

4. Click the ‘Close’ button to return to the previous form.

5. Once finished with the review, enter remarks into the ‘HQ FTA Remarks’ field and then click the ‘Save’ button. This is a required field.

To return the DBE report to the recipient:

1. Click the ‘Return to Recipient’ button.

2. The ‘Confirmation’ form will be displayed with the following message: “The [Fiscal Year] Semiannual DBE Report for [Recipient Name] has been returned to the recipient.”
3. Click the ‘Close’ button. The system returns you to the ‘Tasks’ tab and the review link will now be removed from the task list.

Once FTA staff returns a DBE report to the recipient, a new ‘Correct DBE Report’ task will be generated for the recipient’s ‘Civil Rights’ group.

After the recipient resubmits the corrected DBE report, it will need to go through FTA Regional review again before the report can be reviewed by FTA HQ.

To approve the DBE report:

1. Click the ‘Approve’ button.
2. The ‘Confirmation’ form will be displayed with the following message: “The [Fiscal Year] Semiannual DBE Report for [Recipient Name] has been approved.”

3. Click the ‘Close’ button. The system will return you to the ‘Tasks’ tab and the review link will now be removed from the task list. The DBE report’s status will update to ‘Approved’.

5 Application / Award Lifecycle

5.1 Application / Award Overview

5.1.1 Application / Award Status

The status of an application / award reflects the different phases within the grant lifecycle. Recipients may view an application at any time; however, the actions that they may perform on an application will vary depending on the application award status. Both FTA and the recipient may view the application at any time but modification of the application will be restricted depending on the status. Only users with the Submitter or Developer role will be able to edit the application, other user roles will see a read-only version of the forms.

The following table lists available statuses of applications prior to award:

<table>
<thead>
<tr>
<th>TrAMS Pre-Award Status</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>In-Progress</td>
<td>Initial application creation by the recipient or returned to recipient prior to FAIN assignment. Developers, Submitters, and FTA (pre-award manager) may edit.</td>
</tr>
<tr>
<td>In-Progress / Returned to Grantee</td>
<td>Application has been returned to the recipient from FTA after FAIN assignment. Developers, Submitters, and FTA may edit. Funding source for existing line items cannot be updated.</td>
</tr>
<tr>
<td>Transmitted / Ready for FTA Review</td>
<td>Application has been transmitted to the FTA, reviews have not yet begun. Only FTA may edit the application.</td>
</tr>
<tr>
<td>Initial Review / Concurrence</td>
<td>FTA initial review in progress. Only FTA may edit the application. FTA inputs congressional details if needed.</td>
</tr>
<tr>
<td>Review Complete / Ready for FAIN</td>
<td>FTA has completed their review. Only FTA may edit the application.</td>
</tr>
<tr>
<td>FAIN Assigned / Ready for Submission</td>
<td>The FAIN has been assigned and the application has been returned to the recipient. Submitter will have a Task to submit the application but will not be allowed to edit may return to FTA for editing.</td>
</tr>
<tr>
<td>Application Submitted</td>
<td>Application has been submitted to the FTA by the recipient. FTA may edit the application, except for ALI.</td>
</tr>
<tr>
<td><strong>TrAMS Pre-Award Status</strong></td>
<td><strong>Description</strong></td>
</tr>
<tr>
<td>---------------------------</td>
<td>----------------</td>
</tr>
<tr>
<td>Final Concurrence / Reservation</td>
<td>The application undergoing final concurrence reviews. FTA completes reservation and adds discretionary allocations. FTA sends application to DOL if required for certification or review. FTA may edit the application, except for ALI.</td>
</tr>
<tr>
<td>Ready for RA Concurrence / Award</td>
<td>Final concurrences are complete and application is awaiting concurrence by the RA and the awarding of the application. Application sent for Congressional release if required. Editing not available.</td>
</tr>
<tr>
<td>Obligated / Ready for Execution</td>
<td>Application has been sent back to the recipient and is waiting for execution by the Recipient Official. Editing not available.</td>
</tr>
</tbody>
</table>

The following statuses are applicable post award:

<table>
<thead>
<tr>
<th><strong>TrAMS Post-Award Status</strong></th>
<th><strong>Description</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Active (Executed)</td>
<td>Active award or Active Amendment. Budget revisions, Amendments, Closeouts may be initiated by Developers and Submitters. FTA may initiate Administrative Amendments or Closeouts.</td>
</tr>
<tr>
<td>Active / Budget Revision In-Progress</td>
<td>A budget request has been initiated however it has not yet been sent to FTA for review. May edit project narratives and line items.</td>
</tr>
<tr>
<td>Active / Budget Revision Under Review</td>
<td>FTA is reviewing the budget revision and reserves funds if necessary.</td>
</tr>
<tr>
<td>In-Progress / Admin Amendment</td>
<td>FTA has initiated an amendment on this award.</td>
</tr>
<tr>
<td>Active Award / Inactive Amendment</td>
<td>The award is active however there is a newer active amendment for this award. All information is read-only.</td>
</tr>
<tr>
<td>Active Award / Ready for Closeout</td>
<td>Closeout in amendment in progress.</td>
</tr>
</tbody>
</table>
### 5.1.2 Searching for Applications/Awards

Users can search two (2) ways for an application or award in TrAMS:

1) Use the ‘Records’ tab
2) Use the ‘Actions’ tab.

You can use the ‘Projects’ link on the ‘Records’ tab to search for application projects independent of the application record. This primarily applies to new TrAMS applications. See Searching for Projects for more details.

#### 5.1.2.1 Action Tab: Search Application/Awards

To search from the ‘Actions’ tab:

1) Go to the ‘Actions’ tab and click the ‘Search Applications / Awards’ action link.

2) The ‘Application | Search Applications’ form will display. The first view is of a user associated with one recipient organization, the second view is for a user associated with multiple recipient organizations. The latter has the opportunity to further filter information by a specific recipient organization name or ID number.
3) Enter any (or no) combination of search criteria in the provided fields and click the ‘SEARCH’ button. Search results are restricted to applications and awards for the user’s recipient organizations. Search criteria is not required. If no search criteria is entered, all applications and awards for the recipient organization(s) will be returned.

4) The search criteria options are:
   a) **Recipient ID/Name**: This is applicable only for users with more than one organization. Recipient ID is the 4 digit number. Recipient Name is a text field that allows the user to enter all or part of a recipient organizations name. The user must already belong to the organization that is entered in the text field.
   b) **Fiscal Year**: A drop-down menu containing fiscal years.
   c) **Federal Award ID Number (FAIN)**: Enter a complete or partial application number. Enter the first part of an application number to return all applications beginning with the number. Dashes are required.
   d) **Section Code**: Enter a two-digit section code for the application or award’s funding source.
   e) **Application Name**: Enter the full or partial name of the application.
   f) **Application State**: Enter the state abbreviation for the application.
   g) **Application Status**: Select an application status from the drop-down menu.

5) When the search is complete, the ‘Application Search Results’ form will open, containing a table of awards and applications that meet the search criteria. Each FAIN is a hyperlink to the returned application record. Click on a FAIN to go to the selected application record. Click the ‘SEARCH AGAIN’ button to return to the previous screen and enter new search criteria.
5.1.2.2 Records Tab: Applications/Awards

To search for an application or award from the Records tab:

1) Go to the ‘Records’ tab and click ‘Applications/Awards’.

2) A list of applications and awards will appear. FTA users can see all TrAMS applications and awards. Grantee users can only see the applications and awards for their organizations.
3) Each application record name is a hyperlink to the application record. As shown in the sample application record link below, application record links have a standard format: “application/award ID” | “the application/award title.”

Beneath the application link are three additional pieces of information: the grantee name, the current application status, and date the application was last updated.

The ‘Last Updated Date’ is changed to the current date anytime a user saves, updates, deletes or completes an action that changes the status of the application.

4) Search criteria can be used to filter or narrow down the list of applications (at top of the page). Filters include pre-award status and post-award status. These filters are drop-down boxes. You can also enter text into the ‘SEARCH’ box to filter the list to applications that match all or part of the text in the application name hyperlink. The search ignores capitalization (“bus” will return anything with “BUS”, “Bus”, or “bus” in the title). If you use the application FAIN, you must include the dashes.

5) To view a specific application, click the application hyperlink to go directly to the application record.
6) The ‘Applications/Awards Summary page will display. To return to the application list, click the ‘Application/Award’ hyperlink on the top of the page.

5.1.3 Search for Existing Awards

Users can search for awards in TrAMS two ways:

1) Select the Records tab across the top, click the Applications/Awards option, enter the Award Name in the Search box, enter part of the FAIN (dashes are required), or by using the filter criteria and selecting from a list of available options.
2) Select Records across the top, click the Recipient Organization option from the drop down list, search for the Recipient using the Search button. Choose from the Recipient names. Once the Recipient record opens, click on the Applications/Awards tab. The FAIN column includes a hyperlink to the application or award record. Note that the grids can be sorted by selecting any column header.
Once an award is executed, all Recipient users will have access to additional actions listed under the ‘Related Actions’ tab, found beneath the Records tab, which includes:

1) View execution details and the award Letter
2) View the fund status on both the award level and project level
3) View of the Fleet status of the award
4) Manage any Special Conditions placed on the award

Additionally, Recipients with the appropriate user roles [Developer or Submitter User Role] may initiate ‘Budget Revisions’, ‘Amendments’ and ‘Closeouts’ from the ‘Related Actions’ menu.
5.1.4 Searching for Projects

Projects divide an application into smaller pieces. Each application must have at least one project. Sound project naming conventions will help with search functions later.

Application and award project records can be found from an application record or searched for directly from the ‘Records’ tab.

To search for a project from the ‘Records’ tab:

1) Go to the ‘Records’ tab and click ‘Projects’.
2) A list of projects will appear. Grantee users can only see the projects for their organizations. (*FTA users can see all TrAMS projects.*)

3) Each project record name is a hyperlink to the project record. As shown in the sample project record link below, project record links have a standard format: “application ID - project ID - project title.”

Beneath the project link are two additional pieces of information: the grantee name and the date the project was last updated.

4) A search box for filtering the list of projects is available at the top of the page. Enter text into the ‘SEARCH’ box to filter the list to projects that match all or part of the text in the project hyperlink. The search ignores capitalization (“bus” will return anything with “BUS”, “Bus”, or “bus” in the title); the project number must include the dashes.

5) Once you have identified the desired project, click on the project link to go directly to the project record.
6) The project Summary page will display. To navigate back to the project list, click the ‘Projects’ hyperlink on the top of the page.

5.1.5 Working with Applications/Awards

Once an Application/Award has been selected from one of the search options, the ‘Summary’ page will be displayed. The left navigation menu will contain more options to select and view additional application/award information. Available options will vary depending on your user role and the current status of the application/award.

The following left navigation menu options are available to all user roles and for all application/award statuses.

- Summary
- News
- Related Actions
- Points of Contact
- Application Control Totals
- Application Projects

5.1.5.1 Summary

The Summary page of an application will be the landing page after selecting a specific application/award to view or work with. It contains high level information about the application/award including,

- A timeline showing the current status of the application/award,
- Basic recipient information with a hyperlink to the recipient record,
- Application/Award status information,
- The executive summary of the application/award,
- Application details.
The ‘Summary’ page is in read-only format for all users at all times, the ‘Executive Summary’ and the ‘Application Details’ information can be edited from the ‘Related Action’ Application Details.

1) Click the ‘Recipient ID’ hyperlink to move to the recipient record to see or edit detailed recipient information.

2) Click on the ‘Application/Award’ hyperlink to navigate back to list of application records.

5.1.5.2 News

The News tab is currently present on records but is not functional. This feature is being phased out.

5.1.5.3 Related Actions

By selecting the ‘Related Actions’ from Application records the user will be shown a menu of options that are associated to the Application record. These will include additional details about the application/award that may be viewed and actions that may be taken on the record. The menu items shown depend on the logged in users’ role and the status of the application/award.

The following detailed ‘Related Actions’ are visible regardless of the user role or status of the application.

- Application Documents
- Application Details
- View-Print Application
- View-Print Budget Change History
- Application Review Comments
These actions are described in the following sections. Additional related actions that are available are described under Application Development and Post-Award Management.

5.1.5.4 Dashboards

5.1.5.4.1 Dashboard: Points of Contact

The ‘Points of Contact’ dashboard displays FTA points of contacts and the recipient point of contact for the application/award. The recipient point of contact is set during the initial application development and may be updated on the ‘Application Details’ screen. The FTA points of contacts will be established after initial transmission of an application (‘Transmitted / Ready for FTA Review’ status). The point of contacts name, user role, email, and phone number will be displayed. Updates to names, roles, and phone numbers must be done from the user’s profile page.

To view the ‘Points of Contact’ for an application/award:

1) Click on the ‘Points of Contact’ from the left navigation menu to view points of contact associated with the application/award. The points of contact associated to the application are listed and displayed in grid format. If there are no points of contact associated, the grid will be empty.
2) To move away from the ‘Points of Contact’ dashboard simply click on another item from the left navigation menu or select a new tab.

5.1.5.4.2 Dashboard: Application Control Totals

The ‘Application Control Totals’ displays the total funding associated with an application/award.

To view the ‘Application Control Totals’ for an application/award:

1) Click on the ‘Application Control Totals’ from the left navigation menu to view the dollar totals associated with the application/award. The application/award totals are listed in a grid and itemized by their funding source name. If no funding sources have been defined for an application the grid will not be displayed.
2) To move away from the ‘Application Control Totals’ simply click on another item from the left navigation menu or select a new tab.

### 5.1.5.4.3 Dashboard: Application Projects

The ‘Application Projects’ dashboard displays the list of projects associated with an application/award. Projects contain the details associated with each grant including:

- Scope of work to be performed
- Location where work will be performed

*Local Amount may include State, Local + Other Federal Funds*
Projects allow the overall application/award to be divided into multiple pieces. Each application/award must have at least one project associated with it. Awards migrated from TEAM will only have one.

To view Projects associated with an application/award:

1) Click on select ‘Application Projects’ from the left navigation menu. The list of projects associated with the application/award will be displayed in a grid.

2) Click on the link of the ‘Project Number’ for the project information that you want to view.

3) The project ‘Summary’ page will be displayed.
4) To return to the application ‘Summary’ page click on the application ‘FAIN’ hyperlink.

5) To see additional information about the project, select the ‘Related Actions’ from the left navigation menu.

For additional information on ‘Related Actions’ for projects, refer to the *Projects* section of *Application Development*

### 5.1.5.4.4 Dashboard: Review / Approvals Dashboard

The ‘Review/Approvals’ dashboard for an award contains the latest comments resulting from reviews, concurrences, and approvals, and is only viewable by FTA and DOL users.

To view all FTA reviewer comments for an award:

1) Click on the ‘Review / Approvals’ dashboard from the left navigation menu.

2) The award’s latest FTA review comments will be displayed in grid format.
Click on a comment link to expand details.
3) Use the paging buttons below the grid if all entries are unable to be displayed on a single page of the grid.

5.1.6 Application Phases & Application Status

As the title suggests, this section explains the difference between the Application Phases and the Application Statuses as well as how they relate to one another. The Application Phases are tracked in TrAMS by a visual called the Progress Bar, as mentioned in the Summary section. Below is an example of a Progress Bar.

The Application/Award Status is visible in multiple places within TrAMS, but a common location to view the application Status is on the ‘Summary’ Dashboard, as shown in the following image:
Each phase within a TrAMS application has one or more statuses. For example, an application within the ‘In-Progress’ phase can have a status of ‘In-Progress’ or ‘In-Progress / Returned to Grantee.’ The table below shows the relationship between the Progress Bar (Application Phases) and the Application Statuses.

5.2 Application Development

Application detail records include both applications that are in progress and applications that have been awarded. Available application record details will be displayed in the left navigation menu after selecting an application record. The ‘Related Actions’ menu will display actions relevant to the selected application. Actions displayed will vary based on the user’s role and the current status of the application.

Refer to the Working with Applications/Awards section for more detailed information on common application / award details and actions.

5.2.1 In-Progress Phase

This section details the steps leading up to the submission of a formal application and subsequent award. The process and information requested to be completed is designed to ensure that once an application is transmitted, it can be processed by the FTA Regional Office in a timely manner.

To create and transmit an application to FTA, you must be a Submitter or Developer user. The basic steps covered in the create application process includes:

1) Create the application, complete the application details
2) Add one or more projects to the application to include:
   a) Add project details and narratives, project locations, and project plan information.
   b) Add budget activity line items and milestones
   c) Add environmental determinations
   d) Validate the project
3) Validate and transmit the application

After an application is transmitted, FTA can return the application to the recipient or assign the application to internal reviewers FTA will only assign a FAIN if the application is considered complete. The application will then be returned to the recipient for formal submission to FTA. After submission, FTA will conduct any additional reviews, reserve funds for the application, and then award the grant.
If the application indicates pre-award authority, then the applicant must submit the initial Federal Financial Report (FFR) before the Official will receive the task to execute.

Once a grant has been awarded (and the FFR has been submitted for the pre-authority application), users with the Official role in the Recipient Organization will receive a task to execute the award. The task must be completed within 90 days.

Figure 2, below, highlights this general application process from initial creation to award.

5.2.1.1 Action: Create Application

The ‘Create Application’ action is the first step in the application development process. Only recipient organization users with the Submitter or Developer roles can access this action.

The form collects high-level information about the application. Some fields are required to save the form. All questions must be answered prior to application transmission. You can return to this form using the ‘Application Details’ related action once the application is created.

For Guidance to better understand each question and level of information/details refer to resources available on the TrAMS Guidance Page and your primary FTA Office.

To create a new application:
1) Click the ‘Actions’ tab to display a list of available user actions.
2) Click the ‘Create Application’ action.

4) **Application Name (Required):** Enter an application name. This name will be used for this award and any future amendments. It cannot be modified after award. The name will be visible by the public in USAspending.gov. A maximum of 510 characters are allowed.

5) **Application Type (Required):** Select the application type from the drop-down menu. Two options are available: a) Grant, b) Cooperative Agreement. If Cooperative Agreement is chosen, the Recipient will have the option to choose a particular region to complete the initial review of the application during transmission of the application. Grants, are routed to their assigned region for review and do not provide the option to assign the application to other regions for review.

6) **Application Point of Contact (Required):** Select a point of contact (POC) from the drop-down menu provided. This individual will be the primary point of contact from the recipient organization regarding this application. The person selected as the POC will be listed on the Points of Contact page. This also includes the View-Print Application and any other documentation that provides a list of POCs.

7) **Application Executive Summary (Required):** Enter an executive summary describing the general purpose of the award. Click the diagonal lines in the bottom right-hand corner and drag the lines down to expand the text box. A maximum of 4000 characters are allowed.
8) **Research and/or Development**: Select the ‘Yes’ or ‘No’ option to respond to the question, ‘Does this application include funds for research and/or development activities?’

9) **Period of Performance Start Date**: The period of performance start date is a non-editable field. There is placeholder text that will display until the time of award. The Period of Performance Start Date will be the Original Award Date (i.e. the date the Regional Administrator enters the PIN to obligate the award). Once the Award is obligated, the placeholder text will be removed and the field will be auto-populated with the proper date.

10) **Period of Performance End Date**: Enter the period of performance end date. The system will not allow past dates to be entered. The Period of Performance End Date field is not mandatory at the time of application creation, but is required and must be populated before the application is Transmitted. This field is only editable by the FTA Submitter or Developer while the application is In-Progress status.

11) **Pre-Award Authority (Required)**: Select the Yes or No option to respond to the question ‘Is this application using pre-award authority?’ Selecting ‘Yes, my application is subject to pre-award authority’ will generate a task for an initial Federal Financial Report (FFR) after FTA makes the award. The Initial FFR must be completed by your recipient organization’s FFR Reporter before the Official can execute.

12) **Suballocation Funds**: Select the appropriate radio button response to the question: ‘Does this application include suballocation funds?’ If your organization is a direct recipient of suballocated funds from a designated recipient (option 2 in the screenshot below), additional documentation must be uploaded (e.g. split letter). One or more documents can be added. If your selection changes to a different option (e.g. option 1 or 2), then any uploaded documents are deleted and the option to upload documents disappears from the page.
13) **Indirect Costs:** Select the appropriate radio button response to the question: ‘Will indirect costs be applied to this application?’ If the answer ‘Yes, indirect costs WILL be applied to this application at our organization’s approved rate.’ is selected, an input box will appear, ‘Please Provide Details’. In this case, additional details on the rate, applicable base, and amount of indirect costs must be provided.

14) **Federal Debt:** Select either the Yes or No option to respond to the question, ‘Does your organization have delinquent Federal debt?’ If you select, the ‘Yes’ option, an input box will appear, ‘Please Provide Details’. Enter additional details into this box.

15) **E.O. Review:** Select either the Yes or No option as applicable to respond to the question, ‘Does your State require E.O.12372 review?’ If you select the Yes option, two additional fields will appear:
   a) Enter the state application ID in the ‘Please Provide State Application ID’ field.
   b) Enter the state review date in the ‘Please Provide Date Submitted for State Review’ field.
16) Once all details have been entered for the new application, click the ‘Create Application’ button. If you remain on the page, review the form for any error messages for missed information. Click the ‘Cancel’ button to discard the application and all information entered.

17) The new application record will be created and saved.

18) A confirmation message will display: ‘Click on the link below to view the new Application record,’ and the Summary Dashboard will be displayed. You may either click on the hyperlink to automatically be redirected to the new application record and continue developing your application, or return to the record later by clicking the ‘Close’ button to return to the ‘Actions’ tab. To access the application at a later date, go to Records, Applications / Awards, and search for the application record.

The temporary ‘Application Number’ is also generated after clicking the ‘Create Application’ button. There are 3 components of the temporary application number, each separated by a dash. The first part (from left to right) is the Recipient ID, followed by the fiscal year, which is the second part. The last component of the temporary Application Number is a unique number that is incremented each time a new application is created. This ‘Application Number’ is temporarily used to reference the application until the FAIN is assigned by FTA.

Once you access the application record, the Progress Bar will show that the application is in the ‘In-Progress’ phase, as shown in the image below. This is the first phase within the Pre-Award grant lifecycle.
5.2.1.1.1 Related Actions Available upon Application Creation

After an application is created several Related Actions are immediately available. Some may be used right away, though others will come into play later on in Application Development. As the Application / Award Lifecycle progresses in this User Guide, Related Actions and Tasks will be shown in the order that progresses the Application / Award for the most part, but ....

5.2.1.1.1.1 Related Action: Application Documents

The ‘Application Documents’ action allows users to add, delete, or view documents associated with the application.

To add, delete, or view documents for an application record:

1) Click ‘Application Documents’.
2) You will be taken to the ‘Manage Application Documents’ form for the selected application. You will be able to upload a new document or delete existing ones displayed in the grid.

3) Click the ‘Add Document’ button to upload a new document for the application.

4) You will be taken to the ‘Add New Documents’ form.
   a) Use the provided drop-down menu under the ‘Document Context’ field to select from one of the predefined context types.
   b) Use the provided drop-down menu under the ‘Document Type’ field to select from one of the predefined document types.
   c) Enter a description for the document into the ‘Document Description’ field.
   d) Click the ‘Browse...’ button under the “Select File” field to select a local file for upload. You may upload only one file at a time. Click the ‘Remove’ link which appears after upload if you wish to remove your uploaded file.
e) Click the ‘Save’ button once all details are complete and a file has been uploaded.

5) To delete any existing documents, select the check box for one or more documents in the grid and then click the ‘Remove Document’ button.

### 5.2.1.1.2 Related Action: Application Details

The ‘Application Details’ will allow FTA users with the role of ‘Pre-Award Manager’ or ‘Post-Award Manager’ to edit high level application information during initial application creation and during post-award modifications. This information will be read-only for all other FTA users and during other phases of a grant’s life cycle.

To edit an application record:

1) **Click ‘Application Details’**.

2) You will be taken to the ‘Application Details’ form for the selected application. You will be able to edit text saved in fields and change the values saved for drop-down menus. Refer to *Action: Create Application* for information that will be expected for each field.
3) Once you have completed your changes, click the ‘Save’ button. All changes will be saved and you will be returned to the ‘Related Actions’ menu. You can verify changes by clicking the ‘Summary’ dashboard to view application details.
5.2.1.1.3 Related Action: View-Print Application
To view or print the application as a document use the ‘View-Print Application’ related action. This will generate a document in html format that may be viewed, saved, and/or printed.

1) Click ‘View-Print’ Application.

2) The ‘View/Print Application’ form will be displayed. Click on the provided ‘View Print Application [Application number]’ link to open or save application details in html format.

3) Click the ‘Close’ button to return to the ‘Related Actions’ menu.

5.2.1.1.4 Related Action: View-Print Budget Change History

To view or print budget changes that were made to the application during a budget revision select the ‘View-Print Budget Change History’ related action. This will generate a document in RTF format that shows changes for a selected revision number that may be viewed, saved, and/or printed.

1) Click ‘View-Print Budget Change History’

2) The ‘View/Print Budget Change History for [FAIN #]’ form will be displayed.

3) Select the check box for a revision to view, and then click the ‘View/Print’ button.

Note: Revision number 0 indicates that it is the budget for the initial award for this amendment and revision numbers are incremented by 1 for each subsequent budget revision in the amendment.
4) The ‘View/Print Budget Revision’ form will be displayed. Click on the provided link to view or save budget revision details.

5) Click the ‘Close’ button to return to the ‘View/Print Budget Change History for [FAIN #]’ form.

6) Click the ‘Close’ button on the form to return to the ‘Related Actions’ menu.

5.2.1.1.1.5 Related Action: Application Review Comments

The ‘Application Review Comments’ related action can be used to add comments to the application as it is going through development and reviews. FTA personnel will be able to add review comments to an application or any of its post-award modifications as they progress toward execution, while recipient users may only add review comments when the application has statuses of “In-Progress” or “FAIN Assigned / Ready for Submission.” Application review comments created by FTA users can still be viewed by the application’s recipient after they have been made.

To add or view a history of all review comments made on an application:

1. Click ‘Application Review Comments’.
2. The ‘[Application Title]’ form will be displayed.

3. Comments provided by reviewers during the application review process will be displayed as links under ‘Application Review Comments’.

At any point, you may click the ‘Cancel’ button to return to the ‘Related Actions’ menu without saving any changes.
4. Click on the link for a comment to expand the form and view comment type, the comment’s creator, and text.

5. If you wish to add a new comment, click the ‘Add New Comment’ button.

6. The form will expand to display the ‘Add New Review Comment’ section. Use the drop-down menu provided under the ‘Comment Type’ field to select a comment type. Type your comment into the ‘Comment Text’ field and then click the ‘Save’ button. Your comment will be added to the ‘Application Review Comments’ grid.

5.2.1.1.6 Related Action: View Period of Performance Changelog

During the lifecycle of an Application / Award, the Period of Performance (POP) End Date may change several times. This related action allows the user to see a history of those changes.

To view the Period of Performance Changelog for an Application:

1) Use the Records tab to search and open the desired application/award.
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click the ‘View Period of Performance Changelog’ related action from the menu.
4) A view-only form called ‘Period of Performance Changelog’ will open. It shows a grid that details the history of changes to the Period of Performance.

![Period of Performance Changelog](image-url)

</tbody>
</table>
5.2.1.1.7 Related Action: Add Project to Application

Each application must include one or more projects. The application related action ‘Add Project to Application’ will be visible to Developers and Submitters when an application or amendment is in the status of ‘In-Progress’.

To add a new project to an application:

5) Use the Records tab to search and open the desired application/award, or proceed from the success screen hyperlink.

6) Click the ‘Related Actions’ link from the navigation bar.

7) Click the ‘Add Project to Application’ related action from the menu.

8) An editable form, ‘Create Project | Step 1 of 3 - Add Project Details and Narratives’, will open.
9) Complete the following fields in the “Project Overview” section:

<table>
<thead>
<tr>
<th>Create Project</th>
<th>Step 1 of 3 - Add Project Details and Narratives</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Project Overview</strong></td>
<td></td>
</tr>
<tr>
<td>* Project Name</td>
<td>Proj 1 Statewide Rural Mob Mgt and Oper FY2017 &amp; FY2018 Funding</td>
</tr>
<tr>
<td>* Project Description</td>
<td>Project 1 – Statewide Rural Mobility Management at 80% and Operating at 50%. The Project 1 amount is $295,390 Federal which includes $111,388 of 80% mobility management and $184,002 of 50% operating funds. The Project 1 request includes FY 2017 Statewide (DS) lapping funds in the amount of $145,860 (49% of FY 2017 apportionment) and FY 2015 Statewide (DS) carryover funds in the amount of $133,790 (49% of FY 2018 apportionment) for a total project 1 request of $284,950. The requested funds will be used for mobility management elements for five Regional Coordinating Councils to include Region 4.</td>
</tr>
<tr>
<td>* Project Benefits</td>
<td>Funding for this project will be used to support coordinated transportation service activities in the rural regions in cooperation with the State Coordinating Council for Community Transportation.</td>
</tr>
<tr>
<td>Additional Information</td>
<td>This region is divided into nine Community Transportation Regions and each region has an associated Regional Coordinating Council (RCC) which is composed of local transportation providers, human service agencies, funding agencies and organizations, consumers, and regional planning commission staff. Section 2311 capital mobility management program funds are allocated by region according to a formula based on regional populations of residents over 65 and more between the ages of 5 to 64 with disabilities, using census data. Each region receives a proportional amount based on seniors and individuals with disabilities divided by the number of persons who are 65 years old or older, multiplied by the number of people with disabilities for the region.</td>
</tr>
</tbody>
</table>

a) **Project Name (Required):** Enter the project’s name into the ‘Project Name’ field. A maximum of 510 characters are allowed.

b) **Project Description (Required):** Enter a project description into the ‘Project Description’ field. There is no character limit for the Project Description field.

c) **Project Benefits (Required):** Enter the project’s benefits into the ‘Project Benefits’ field. There is no character limit for the Project Benefits field.

d) **Additional Information (Optional):** Enter any additional notes into the ‘Additional Information’ field. There is no character limit for the Additional Information field.
10) Complete the following fields under the ‘Capital Investment Project Details’ section:

- **Is this a New Starts, Small Starts, or Core Capacity project funded through the FTA Capital Investment Grant Program?**
  - Yes, this is a Capital Investment Grant project. If you select ‘yes’, the project(s) included in your application will use the 13 or 14 scope series and cost categories of FTA’s Activity Line Item Tree.
  - No, this is not a Capital Investment Grant project.
- If yes, what type of major capital investment project?
  - New Starts
  - Small Starts
  - Core Capacity

11) Once all required project details have been entered, click the ‘Next Step’ button.

a) Select either the Yes or No option to respond to the question, ‘Is this a New Starts, Small Starts, or Core Capacity project funded through the FTA Capital Investment Grant Program?’ A yes selection, will limit your budget activity line items to what is referred to as the Standard Cost Categories and specified scope codes (e.g. 140-00). A project cannot have both the Standard Cost Categories and the traditional scope codes.

b) If you select Yes, select an option to identify the program and respond to the question, ‘If yes, what type of major capital investment project?’ The available types are: New Starts, Small Starts, Core Capacity.
12) An editable form, ‘Create Project | Step 2 of 3 - Add Project Location’, will open.

13) Click the ‘Back’ button to return to the previous step. Any input entered or selections made by the user before clicking this button are saved to the form. Click the ‘Cancel’ button to exit the project creation. The user is taken back to the Project Related Actions when the ‘Cancel’ button is selected.

14) Complete the following fields on the ‘Create Project | Step 2 of 3 – Add Project Location’ form.
   a) **Place of Performance:** Select one or more checkboxes from the grid for the Urbanized Areas (UZA) associated with the project scope of work.
b) **Congressional District:** Select one or more Congressional Districts where the project will take place.

At least one UZA and one Congressional District must be selected for the project to be successfully validated. Information may be modified during application development prior to transmission.
15) **Narrative (Required):** Enter a location narrative into the ‘Location Narrative’ field.

16) When all information is entered, click the ‘Next Step’ button.

17) An editable form, ‘Create Project | Step 3 of 3’, will open. This form collects related program plan information.
Create Project | Step 3 of 3

Other Project Information
Projects that request FTA funding are required to be part of an approved program plan:
1) Transportation Improvement Plan (TIP)
2) Statewide Transportation Improvement Plan (STIP)
3) Unified Planning Work Program (UPWP)
4) Long Range Plan
Use the fields in the section below to upload relevant program plan documentation

Program Plan Documentation
STIP/TIP
New Document

DOT STIP-TIP
RTF - 34.05 KB
Date: 02/15/2016
Description: DOT signed the Fiscal Year 2019 Certifications and Assurances on 6/27/2017. DOT is current with all Civil Rights submissions. All projects are listed in the Fiscal Year 2017 element of the STIP. All administrative and statutory requirements have been met in accordance with the 53310 Enhanced Mobility of Seniors and Individuals with Disabilities Program, as articulated in Federal Transit Administration Circular 9070.1 G.

UPWP
New Document

Date: mm/dd/yyyy
Description: 
18) Depending on the funding program(s) associated with the project, you can include your approved STIP/TIP, Unified Work Program, or Long-Range Plan information. In each section, you may perform the following:

   a) **New Document**: Add a document by clicking the ‘Upload’ button under the respective program and then selecting a document to upload from your computer.

   b) **Date**: Click on the date field to either type in a date or display a date picker.

   c) **Description**: Enter a document description.

19) Once all details have been entered for the new project, click the ‘Finish’ button to complete the create project steps.

20) The new project record will be created and saved.

21) A confirmation message will display with a hyperlink to the project record. Click the hyperlink to go directly to the new project record and continue developing your project. Click the ‘Close’ button to return to the application ‘Related Actions’ tab.

   On the ‘Success’ page, the Project Number is also generated. The format of the project number is the Temporary Application Number, separated by a dash (-), the letter ‘P’ and a unique number that is incremented each time a new project is created within the application. See the image below for the Project Number generated for this project.
5.2.1.2 Projects

Once a project has been created, additional details are required before the application is ready for transmission. Projects contain the following details:

- Scope of work
- Location where work will be performed
- Funding sources and amounts (budget activity line items)
- Project milestones
- Environmental determinations
- Project-specific documentation

Projects must be independently validated for completeness.

Related actions are available from the project related actions tab and are editable for Developers, Submitters, and FTA users with ‘Pre-Award Manager’ or ‘Post-Award Manager’ roles while an application has a status of ‘In Progress’. With the exception of ‘Validate Project’ these actions are also available to other user roles in a read-only format and available during other project statuses in the read-only format.
5.2.1.2.1 Related Action: Project Details and Narratives

The ‘Project Details and Narratives’ related action allows the user to update the information initially entered during the first step of the ‘Add Project to Application’ process (see Related Action: Add Project to Application).

To update the project details:

1) Use the Records tab to search and open the desired project (or access the project from the application navigation bar). The steps for reaching the project via the application navigation bar are as follows:
   a) Select the ‘Records’ tab.
   b) Click on ‘Applications / Awards’ and select the desired application.
   c) Select ‘Application Projects’ from the application navigation bar.
   d) Select the project hyperlink, as shown in the image below.
2) Click the ‘Related Actions’ link from the project navigation bar.
3) Click the ‘Project Details and Narratives’ related action from the menu.
4) An editable form will open.

![TrAMS Transit Organization | Project Details and Narratives](image)

**Project Details**
- **Project Number**: 9900-2016-12-P3
- **Project Title**: Proj 3 Small Urban Mobility Management FFY2017 & FFY2018 funding
- **Date Created**: 2/15/2016 5:29 PM EST

**Project Overview**
- **Project Name**: Proj 3 Small Urban Mobility Management FFY 2017 & FFY 2018 funding
  - Please create a project name. For example, Wilson Bridge Construction. You may rename this project at a later time.

- **Project Description**: Project 3 – Small Urban Mobility Management at 80%. The Project 3 amount is $711,440 for mobility management activities for Small Urban Regional Coordinating Council areas to include Region 7 (Nashua), Region 8 (Greater Manchester), and Region 10 (Southeast Seacoast region).

- **Project Benefits**: Funding for this project will be used to support coordinated transportation service activities in the Small Urban regions in cooperation with the State Coordinating Council for Community Transportation.

Please describe the scope of this project and how it impacts the associated grant application.
5) Edit the Project Name, Project Description, Project Benefits, Additional Information, or capital investment project details as necessary. Project Name, Project Description, Project Benefits remain required fields.

6) Click ‘Save’ to save all changes. After saving, the system takes the user back to the Project Related Actions page. Click ‘Cancel’ to return to the Related Actions form without saving any changes.

5.2.1.2.2 Related Action: Project Location

The ‘Project Location’ related action allows the user to update the information initially entered during the second step of the ‘Add Project to Application’ process (see Related Action: Add Project to Application).

To update the project location information:

1) Search and open the desired project
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click the ‘Project Location’ related action from the menu.

4) An editable form will open.
5) Update the places of performance or location narrative as necessary. The Location Narrative remains a required field to save the form.

6) Click ‘Save’ to save all changes. After Saving, the system redirects to the project related actions page. Click ‘Cancel’ to return to the related actions form without saving any changes.

### 5.2.1.2.3 Related Action: Project Plan Information

The ‘Project Plan Information’ related action allows the user to update the STIP/TIP, UPWP or Long-Range Plan information initially entered during the second step of the ‘Add Project to Application’ process (see Related Action: Add Project to Application).

To update the project plan information:

1) Search and open the desired project.

2) Click the ‘Related Actions’ link from the navigation bar.

3) Click the ‘Project Location’ related action from the menu.

4) An editable form will open.

Program Plan Documentation

STIP/TIP

New Document

Existing Documents 9900-2018-12-P3 - Program Plan - STIP_TIP

Date 02/21/2018

Description

This grant does not include new construction; construction that involves alterations; or rebuild or remanufacture of stations, stops, or vehicles. As a result, the Civil Rights Officer will not review this grant and does not need to provide a Civil Rights Concurrence. Additionally, the recipient's Civil Rights programs are in fundable status.

UPWP

New Document

Date mm/dd/yyyy

Description
5) Update the STIP/TIP, UPWP, or Long-Range Plan documents, dates, and descriptions as necessary.

6) Click ‘Save’ to save all changes. After clicking save, the user is directed to the project related actions. Click ‘Cancel’ to return to the related actions form without saving any changes.

5.2.1.2.4 Related Action: Budget Activity Line Items and Milestones

The Application and Project Budgets are formulated by adding project scopes and budget activity line items (ALIs) to a project. ALIs describe the type of work that the grant will support.

To add or update ALIs for a project:

1) Use the Records tab to search and open the desired project.
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click on ‘Budget Activity Line Items and Milestone’ related action from the menu.
Budget Activity Line Items and Milestone
Manage Budget Activity Line Item and Milestone
4) The ‘Manage Budget Activity Line Items and Milestones’ form will open. Any existing ALIs for the project will display in the ‘Existing Line Item’ section. If there are no ALIs associated, the grid will be empty.

5) At any time, click the ‘Close’ button to leave the form without saving any changes and return to the project related actions page.

6) **Add Budget Activity Line Items (ALI):** Click on the ‘Add Line Item’ button to add one or more ALIs to the project.
7) The ‘Add New Budget Activity Line Items (ALIs)’ form will open. Click ‘Cancel’ to exit without saving the changes and return to ALI summary page. Otherwise, click the ‘Add Item’ link.

8) A new row will appear in the ALI table. Select values from the drop-down menus for: Scope Code/Scope Name, Activity Type, and Line Item Number/Line Item Name. These values are dependent on each other. The value for Scope Code/Scope Name must be selected first. The values for Activity Type will not populate until Scope Code/Scope Name is selected. Similarly, the values for Line Item Number/Line Item Name will not populate until an Activity Type is selected. The relationships are based on the Activity Line Item Tree.

Also notice that each added line item has a link that says ‘DEL’ to the right of the ‘Line Item Number/Line Item Name’ column. Clicking this link allows the user to delete the activity line item.
9) The scopes available depend on whether the project is a Major Capital Investment project (as selected on the “Project Details and Narratives” form):

a) If Yes (‘Yes, this is a Capital Investment Grant project’), the 13/14 series scopes will be available. Applicants should only use the 140-00 related scope codes in new applications.

b) If No (‘No, this is not a Capital Investment Grant project’ on the Project Details form), the user will see the standard capital, planning, operating, etc. scopes and ALIs from the FTA Scope/ALI tree when adding new line items.
10) Once all ALI’s have been added, click ‘Save’.

11) After saving, the ALI is added to the ‘Existing Budget Activity Line Items’ grid with a status of ‘In Progress’ and you may continue to add ALI’s by clicking ‘Add Item’ to the ‘New budget Activity Line Items’ grid; and continue to save new ALIs.
12) Click ‘Finish’ to exit once all ALIs have been entered and return to the ALI summary page and begin to complete the required information for each added ALI.
13) The new ALIs will appear on the ‘Manage Budget Activity Line Items and Milestones’ form in the ‘Existing Line Items’ table. Each new ALI will have a status of ‘In-Progress’ and summary level information related to quantity and budget. This information will auto populate and the status will move from ‘In-Progress’ to ‘Completed’ as you complete the ALI information.

14) **Input ALI Details**: Each ALI requires additional details to be added. For a line item to have a status of ‘Complete’, it must have: a quantity, an extended budget description, an FTA funding source selected, at least 2 milestones, and all milestone estimated completion dates filled out. To add ALI details, select the check box against the desired ALI from the ‘Existing Line Items’ table. The form will expand to show the selected ALI.
6) **Line Item Scope:** You may provide a customized name for the line item in the ‘Line Item Scope’ details section by updating the ‘Custom Line Items Name’ field or you may choose to keep the standard line item name. Only the first 510 characters for custom line item name will save.

![Line Item Scope: 117-00 OTHER CAPITAL ITEMS (BUS)](image)

7) **Line Item Details:** Update the line item details section

   a) **Quantity:** Provide the Quantity of items that this ALI will cover in the ‘Quantity’ field. This field must be a whole number.

   b) **Extended Budget Description (Required):** Provide description of the ALI in the ‘Extended Budget Description’.

   c) **3rd Party Contractors:** Update the 3rd party contractor question with the correct answer. Click on the radio button next to the ‘Yes, 3rd Party Contractors will be used for this line item.’ or ‘No, 3rd Party Contractors will not be used for this line item’.

![Line Item Details](image)

8) **FTA Funding Information:** Update the FTA Funding Information Section with the requested amount to be provided by the grant or cooperative agreement.

   a) **FTA Funding Source:** Select a value from the drop-down menu provided under the ‘FTA Funding Source’ field. The Funding Source selected determines whether the application is a discretionary
or a formula application. If a discretionary funding source (e.g. 5309 – New Starts) is selected for one or more Budget Activity Line Items, then the application will undergo the Congressional Release process before Obligation and Award Execution take place. If a non-discretionary funding source (e.g. 5311 – Rural Area Formula) is selected, the Congressional Release process is not required.

b) **FTA Funding Amount:** Update the FTA Funding Amount field with the desired amount of funding. (Note: The dollar sign and commas will auto populate once you click outside of the field.)

```
FTA Funding Information

FTA Funding Source
5309 - New Starts

FTA Funding Amount
$405,440
```

9) **Non-FTA Funding Information Section:** Provide information concerning additional local, state or other federal funding that will be provided for this ALI as applicable. All amounts should be entered as whole numbers.

a) **Local Share Amount:** Update the ‘Local Share Amount’ field with the amount the local government will be contributing, if applicable.

b) **Local/In-Kind Share Amount:** Update the ‘Local/In-Kind Share Amount’ with the value of any local in-kind funding, if applicable.

c) **State Share Amount:** Update the ‘State Share Amount’ field with the amount the state will be contributing, if applicable.

d) **State/In-Kind Share Amount:** Update the ‘State/In-Kind Share Amount’ field with the desired amount, if applicable. (Note: you will be requested to upload a document to support these funds when validating the project.)

e) **Other Federal Share Amount:** Update the ‘Other Federal Share Amount’ field with the desired amount, if applicable.

f) **Adjustment Amount:** Update the ‘Adjustment Amount’ field with the desired amount, if applicable. Note: This information will not be additive to the ‘Total Eligible Cost’ of the activity budget or award budget.

g) **Transportation Development Credit:** Update the ‘Transportation Development Credit’ field with the desired amount, if applicable. (Note: This information will not be additive to the ‘Total Eligible Cost’ of the activity budget or award budget. You will be requested to upload a document to support these funds when validating the project.)
The ‘Total Eligible Cost’ will be update after saving. This is the sum of the FTA Funding and Non-FTA Funding (excluding the Transportation Development Credit and Adjustment Amount).

The Non-FTA Funding Information section appears differently in TrAMS applications in comparison to Transportation Electronic Award Management (TEAM) applications. TEAM is the legacy system used process and review applications. An application created by the legacy system is usually referred to as a TEAM grant. There are several differences between applications created by the TrAMS system versus the TEAM system, but the one difference applicable to this section can be seen in the image below.

Funding Information: TEAM Application
Unlike TrAMS, a TEAM application has a simpler layout when it comes to the Budget ALI page. A TEAM application only has one section for Funding Information, while the TrAMS applications divide the section into two: 1) FTA Funding information and 2) Non-FTA Funding information. Notice the difference in the TEAM Funding information shown above versus the TrAMS Funding Information displayed below.

**Funding Information: TrAMS Application**

![TrAMS Funding Information Table]

10) **Rolling Stock Information:** When the scope code ‘Rolling Stock’ is selected, the Rolling Stock Information Section will display. Completing the Rolling Stock Information section is optional, based on your selection of scope code.

   a) **Vehicle Condition:** Select a value from the drop down ‘Vehicle Condition’ field indicating whether the vehicles are new or used.

   b) **Fuel:** Select a value from the drop down ‘Fuel’ field indicating the type of fuel that the vehicles will use.

   c) **Vehicle Size:** Provide a short text describing of the size of the vehicle in the ‘Vehicle Size’ field.
<table>
<thead>
<tr>
<th>Vehicle Condition</th>
<th>Fuel</th>
</tr>
</thead>
<tbody>
<tr>
<td>Used</td>
<td>Biodiesel</td>
</tr>
<tr>
<td>Vehicle Size</td>
<td></td>
</tr>
<tr>
<td>40 feet</td>
<td></td>
</tr>
</tbody>
</table>
11) **Milestones**: Update the Milestone section. A table will display with the minimum two milestones; auto populated to ‘Start Date’ and ‘End Date.’ Two milestones are required to pass project validation. A ‘Rolling Stock’ line item will have five standard milestones (RFP/IFB Issue Date, Contract Award Date, Initial Delivery Date, Final Delivery Date, and Contract Completion Date). The Estimated Completion Date for each milestone must be populated.

| Milestones
<table>
<thead>
<tr>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Name</td>
</tr>
<tr>
<td>Start Date</td>
</tr>
<tr>
<td>End Date</td>
</tr>
</tbody>
</table>

12) You can update, delete, or add milestones to the default list. Details for each milestone in the grid must be provided for the ALI to be marked as complete.
13) **Update Milestone:** To update a default milestone, click the checkbox next to the milestone name. The ‘Milestone Details’ section will open. Update the milestone name as desired. Add an estimated completion date and input a description. A name and completion date are required for each milestone. When done, click the ‘Save Milestone’ button.
14) **Add Milestone:** To add new milestones click the ‘Add New Milestone’ button and the form will expand to allow for the input of the milestone details. Add the milestone name, an estimated completion date and input a description. A name and completion date are required for each milestone. When done, click the ‘Save Milestone’ button.

15) **Delete Milestone:** Click the checkbox next to the milestone name. The ‘Milestone Details’ section will open. Click on the ‘Delete Milestone’ button and a confirmation prompt is displayed. Click ‘Yes’ to delete the milestone, and collapse the form. Selecting the ‘No’ button will prevent any changes from occurring.
16) **Save Line Item:** Once all details for the selected line item have been added, click the ‘Save Line Item’ button. The button can be found below the ‘Existing Line Items’ grid and beneath the ‘Milestones’ section.
17) The ‘Click Close Button to Save’ form will appear. **Warning: You must click the ‘Close’ button on this screen to complete saving. Failure to select the ‘Close’ button will result in incorrect Control Totals.**

![Image of 'Click Close Button to Save' form]

18) Once saving is complete, the ‘Budget Activity Line Items’ form will reopen. The status for the saved line item will change from ‘In-progress’ to ‘Completed’ after all required information has been provided.

![Image of 'Budget Activity Line Items' form]

Notice there are two fields above populated with dollar amounts based on recent updates to the Activity Line Items: FTA Amount and Total Eligible Cost. The FTA Amount is derived from the dollar amount entered into the ‘FTA Funding Amount’ field within the ‘Manage Budget Activity Line Items and Milestones’ form. The Total Eligible Cost includes the FTA Amount, plus some of the Non-FTA Funding.

The Non-FTA Funding that is included in the Total Eligible Cost includes all of the values entered into the ‘Local Share Amount’, ‘Local/In-Kind Share Amount’, ‘State Share Amount’, ‘State/In-Kind Share Amount’, and ‘Other Federal Share Amount’ fields. The ‘Adjustment Amount’ and ‘Transportation Development Credit’ fields are not included in the ‘Total Eligible Cost’. 
19) Select all remaining ALI’s and repeat the process of updating their information. All line items must have a ‘Complete’ status in order to successfully validate the project.

<table>
<thead>

</tbody>
</table>
20) To delete an ALI, select the checkbox next to the ALI and then click the ‘Delete Line Item’ button that appears. A prompt will display confirming that you wish to delete.

![Image of Existing Line Items table](image1.png)

21) Once a line item is deleted the existing line items grid will no longer display the deleted line item.

22) Click the ‘Cancel’ button to exit out of the form without saving changes for the selected line item and collapse the form to exclude the line item sections.

![Image of Project Details form](image2.png)

23) Click the ‘Close’ button to return to the Projects Related Actions menu.
5.2.1.2.5 Related Action: Environmental Determinations

Environmental determinations must be provided to pass project validation. You may select to have one environmental determination apply to the project as a whole (and all ALIs within the project) or select individual environmental determination for each ALI.

To update Environmental Determination, complete the following:

1) Use the Records tab to search and open the desired project.
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click on the link ‘Environmental Determination’ related action from the menu to update environmental determination details.

4) The Project Environmental Review Summary form will open. The top of the form contains information about environmental reviews.
### 9900-2018-12-P3 | Project Environmental Review Summary

**Recipient Details**
- **Recipient ID**: 9900
- **Recipient Name**: Trans Transit Organization

**Application Details**
- **FAIN**: 9900-2018-12
- **Temp App Number**: 9900-2018-12
- **Application Name**: 2311 FORMULA FFY17 & FFY18 FUNDS FOR MDOT MGT & CAPITAL PROJECTS
- **Application Status**: In Progress

**Project Details**
- **Project Number**: 9900-2018-12-P3
- **Project Name**: Proj 3 Small Urban Mobility Management FFY2017 & FFY2018 funding

**FTA Environmental Review**
Prior to approving a grant in TRAMS, FTA must find that the action complies with the National Environmental Policy Act (NEPA) and any other applicable environmental laws and regulations including, but not limited to, Section 106 of the National Historic Preservation Act, Section 4(f), and the Endangered Species Act. TRAMS requires you to input NEPA changes of action (whether the project modifies an existing, existing, or potential habitat for threatened or endangered species).
5) At the bottom of the form, review the text in the ‘Step 1: Independent Utility and Permissible Segmentation’ section. Select whether this project is covered by one or multiple NEPA findings.

a) **Multiple**: ‘This Project and each ALI activity have a separate, individual NEPA finding’ – select this option when each ALI within the project has its own environmental determination, or

b) **One**: ‘This Project and ALL ALIs activities are covered by one NEPA determination’ – select this option when one environmental determination applies to the project as a whole.

6) Click on the ‘Next’ button to move the next form. Click the ‘Close’ button on this, or any subsequent forms, to close the form without saving changes and return to the project ‘Related Actions’ menu.
7) The ‘Step 2: Project Environmental Finding Summary’ section will appear.

a) If the answer to Step 1 was ‘This Project and each ALI activity have a separate, individual NEPA determination,’ the form will display each ALI in the project. A ‘NEPA Class of Action’ and its corresponding ‘Category Exclusion’ will need to be chosen for each ALI.

b) If the value ‘This Project and ALL ALIs activities are covered by one NEPA finding’ was selected, the form will display a single row for the entire project. Only one ‘NEPA Class of Action’ and its corresponding ‘Category Exclusion’ may be selected.
8) Select a value from the drop-down menu provided under the ‘NEPA Class of Action’ field. Once you select a class of action from the drop-down, the ‘Category Exclusion’ field will populate with appropriate values.

a) If ‘Class II(c) – Categorical Exclusion (C-List)’ or ‘Class II(d) – Categorical Exclusion (D-List)’ is selected, a new dropdown menu will appear displaying the possible categorical exclusion values.

b) Otherwise, the value of ‘NA’ will populate.

9) To change your Step 1 answer, click the ‘Back’ button and adjust your selection. The following validation message will display to confirm your change. You will need to repeat steps 5 – 7.
10) When the NEPA classes and categorical exclusions have been selected, click the ‘Next’ button to move to the next page to provide detail information on the Environmental Findings.

11) The ‘Step 3: Budget Activity Line Items Associated to NEPA Class of Action’ section will display:

```
<table>
<thead>
<tr>
<th>Scope Code</th>
<th>Scope Name</th>
<th>Line Item Number</th>
<th>Line Item Name</th>
<th>FTA Amount</th>
<th>Total Eligible Cost</th>
<th>NEPA Class</th>
<th>Categorical Exclusion</th>
</tr>
</thead>
<tbody>
<tr>
<td>117-00</td>
<td>OTHER CAPITAL ITEMS (BUS)</td>
<td>117-00</td>
<td>MOBILITY MANAGEMENT (S302A01X)</td>
<td>$405,440.00</td>
<td>$567,238.00</td>
<td>Class I(c) - Categorical Exclusions (C-List)</td>
<td>Joint Development of Facilities</td>
</tr>
<tr>
<td>112-00</td>
<td>BUS TRANSITWAYS/LINES</td>
<td>112-00</td>
<td>ACQUIRE - BUSWAY</td>
<td>$23,100.00</td>
<td>$25,991.00</td>
<td>Class II(c) - Categorical Exclusions (D-List)</td>
<td>Highway Modernization</td>
</tr>
</tbody>
</table>
```

12) When multiple findings have been selected you will be presented with a grid to select the ALI to be updated. Select an ALI by checking the box associated with the ALI and the form will expand to allow the entry of the details. If only one finding was selected for the project, selecting an ALI will not be required and the expanded form will automatically be displayed.
13) For each NEPA Class of Action selected the user will be able to:

   a) Provide a description of the findings in the ‘Description Details’ field.

   b) Click on each finding date type ‘Date’ field to either type in a date or select a date from the date picker. Date fields listed will depend on the NEPA Class of Action selected.

   c) Click on the ‘Browse’ button to upload a document that is associated with the NEPA Class of Action.
14) Click on ‘Save’ to save all information for the selected NEPA Class of Action. Then click ‘Close’ to close the form and return to the project ‘Related Actions’ menu.

15) Click on ‘Back’ to return to the previous form and modify the NEPA Class of Action or Categorical Exclusions selected.

5.2.1.2.5.1 NEPA Class Actions & Category Exclusions

Within section Environmental Determinations, a submitter or developer must select the necessary ‘NEPA Class Actions’ and ‘Category Exclusions in order to complete project validation. The NEPA Class action column shows all of the options available for selection in the ‘NEPA Class Action’ drop down menu. After selecting the Class Action, the corresponding Category Exclusions become available for selection in the ‘Category Exclusions’ drop-down menu.
The table below displays the Category Exclusion options that are available for each of the corresponding NEPA Class Actions.

**Table 3: NEPA Class Actions & Category Exclusions**

<table>

Type 07: Minor Facility Realignment for Rail Safety Purposes |
5.2.1.2.6 Related Action: Project Documents

Documents that are added to the project will display in the Project Documents related action. This also includes the documents that are added as part of Project Validation. The documents that are added to the project will also display at the Application level as well, within the ‘Application Documents’ Related Action. The Project Documents related action allows users to upload new documents, remove or view documents.

To add, view, or delete documents associated with the project:

1) Use the Records tab to search and open the desired project
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click on the ‘Project Documents’ related action from the menu.

4) The ‘Manage Documents’ form will open. Documents previously uploaded and associated with the project will display in a grid.
5) **View Document**: To view a document, click the corresponding 'Document File Name' hyperlink. The file will download to your local file system.
6) **Add Document**: Click the ‘Add Document’ button to upload a new document to the application. The "Add New Document" form will open. Fill in all required information as described below:

**Trams Transit Organization | Add New Document**

- **Project Details**
  - Project Number: 9000-2018-12-R3
  - Project Name: Proj 3 Small Urban Mobility Management FY2017 & FY2018 funding

- **Upload New Document**
  - **Document Context**: Select a context type (“document category”) from the drop-down menu.
  - **Document Type**: Select a document type from the drop-down menu. The available types depend on the selected context.
  - **Document Description**: Enter a description for the document.
  - **Select Document**: Click the ‘Upload’ button and select a file from your local system. You may only upload one file at a time. After uploading a file, hover over the ‘page’ icon next to the uploaded file and click the ‘X’ that appears to remove the file as needed.

Information in this document is proprietary to FTA
e) Once all details have been entered, click the ‘Save’ button to save the document.

f) The previous screen will open and you will see the uploaded file in the ‘Existing Documents’ grid.

</tbody>
</table>

7) **Delete Document**: To delete a document, select the checkbox next to the document in the ‘Existing Documents’ table and click the ‘Remove Document’ button. More than one document can be deleted at a time.
5.2.1.2.7 Related Action: Validate Project

All projects must be validated before transmitting an application to FTA for review. To validate a project, complete the following:

1) Search and open the desired project
2) Click the ‘Related Actions’ link from the navigation bar.
3) Click on the ‘Validate Project’ related action from the menu.

4) The system will validate the project to ensure all required elements for the project are present and will provide a summary of critical issues and warnings.
5) If the validation results in critical issues, you will need to address them individually before the project will pass validation. Critical issues will result in a red box ‘Validation Error’ and the list of errors to be corrected. Potential critical errors include missing ALIs, incomplete ALIs, missing location details, and missing environmental determinations. The following screenshot shows two critical errors that must be addressed: an incomplete ALI and a missing congressional district.

![Project Validation Results](image)

6) Click the ‘Close’ button to return back to the available related actions for the project and update the project as necessary.

7) Once the project passes initial validation, you will be presented with a series of questions based on the ALIs in your project. The forms will only appear if the criteria apply to your project. The three potential forms are:
   a) Section 5307 Funding Security Question
   b) Transportation Development Credit or In-Kind Funding Document Upload
   c) Fleet Status Update for Rolling Stock ALIs
8) **Section 5307 Funding Security Question:** This question will only appear if you have selected 5307 funding for this application. The question asks if at least 1% of the 5307 funds will be expended for security purposes.

9) If you select ‘Yes, our organization will expend at least 1% of the 5307 funds in this application for security related projects’ and then click the ‘Continue’ button, you will be presented with a confirmation screen.

10) If you select ‘No, our organization will NOT expend at least 1% of the 5307 funds in this application for security related projects,’ then you will need to explain why on the next form.
   a) Click on desired reason. This is a multi-select choice
   b) Update the ‘Explanation’ field with the desired text. This is a long paragraph text field.
   c) Click on ‘Continue’ to save the information.
11) **In-Kind Funding**: When one or more of the ALI has an In-Kind funding source, documentation will be required. The ‘Upload In-Kind Funding Document’ page will display when a budget ALI contains In-Kind funding.

   a) Click on the ‘Upload’ button and select a document to upload.

   b) Click on the ‘Save’ button to continue.

   *If In-Kind documentation has already been uploaded during previous validations of a project, you can skip uploading a document by clicking on the ‘Skip’ button.*

12) **Transportation Credit**: When one or more of the ALI’s contain Transportation Development Credits as a Non-FTA funding source, you will be required to upload documentation. The ‘Upload Transportation Credit Document’ page will display.

   a) Click on the ‘Upload’ button and select a document to upload.

   b) Click on the ‘Save’ button to continue.

   *If Transportation Credit Documentation has already been uploaded during previous validations of a project, you may skip uploading a document by clicking on the ‘Skip’ button.*
13) When one or more of the ALI’s contain rolling stock, the current fleet status associated to the recipient organization is shown. You may add new fleet types, update the current fleet items, delete fleet items, or bypass making any changes to the rolling stock by clicking the ‘Close’ button. The fleet status associated with the application will be the fleet status listed on the recipient organization profile at the time of application award. Fleet information will display in the application view print once the award is made. Use the Recipient Profile at any time to view or update fleet information.
14) Once all validations have passed, the confirmation screen ‘Project Validated’ will display with the following message: ‘Project Number [project #] has been successfully validated’. Click the Close button to return to the ‘Related Actions’ menu.

![Project Validated](image)

### 5.2.1.2.7.1 Project Validation Critical Errors

During project validation, there are several errors that can occur, preventing a user from advancing through the validation process. The following items define each of the critical errors and how to resolve each of them.

#### 5.2.1.2.7.1.1 TrAMS Validation Errors

The following table provides the system validation messages shown by TrAMS for the above Related Action.

<table>
<thead>
<tr>
<th>Project Validation</th>

<td>The project has been set up for one environmental finding per ALI and at least one ALI is missing an environmental finding association.</td>
</tr>
<tr>
<td>“The project must have a NEPA Class of Action/Environmental Determination selected (Environmental Determinations Related Action).”</td>
<td>The project has been set up for all activities to be covered under one environmental finding, but no environmental finding has been selected.</td>
</tr>
</tbody>
</table>

### 5.2.1.2.7.1.2 Missing ALIs

The ‘Missing ALIs’ critical error will display with the following text:

- The project must have at least one item. Please add line items to the project before continuing (Budget Activity Line Items Related Action)
5.2.1.2.7.1.3 Incomplete ALIs

The ‘Incomplete ALI’ critical error will display with the following text:

- The following line items in the project have a status of ‘In-Progress’. Please ensure each line item has a status of ‘Completed’ before continuing (Budget Activity Line Items Related Action)

5.2.1.2.7.1.4 Missing Location Details

The ‘Missing Location Details’ critical errors include the following:
• The project must have at least one congressional district selected (Project Location Related Action.)
• The project must have at least one UZA code/state selected (Project Location Related Action)

To resolve these issues, refer to Related Action: Project Location.

5.2.1.2.7.1.5 Missing Environmental Determinations

The ‘Missing Environmental Determinations’ critical errors include the following:
• The project must have NEPA Class of Action/Environmental Determination selected (Environmental Determinations Related Action).

To resolve this issue, refer to Related Action: Environmental Determinations.
5.2.1.2.8  Related Action: View-Print Application

Users may access the View-Print Application functionality from either the application record or the project record. Refer to Related Action: View-Print Application for information regarding this action.

5.2.1.2.9  Related Action: Application Special Conditions

5.2.1.2.10  Related Action: View Period of Performance Changelog

5.2.1.2.11  Related Action: Delete Project

Projects can be deleted from an application by users with a submitter or developer role while the application is in ‘In-Progress’ status.

To delete one or more projects from an application:

1) Search and open the desired application/award.

2) Click the ‘Related Actions’ link from the navigation bar.

3) Click the ‘Delete Project’ related action.

4) The ‘Application | Select Project to Delete’ form will display.

CANCEL
5) Select the check box for a project you wish to delete from the application and then click the ‘Delete’ button which appears. You may only select one project at a time.

6) The ‘[Application ID] | Confirm Delete Project’ form will display. Click the ‘Delete’ button to confirm project deletion or click ‘Cancel’ to return to the application ‘Related Actions’ menu without deleting the project.

7) Click the ‘Yes’ button on the additional prompt message, ‘Are you sure you want to delete this project?’ to confirm the deletion. WARNING: Deleted projects are not recoverable.
8) The ‘Project | Deleted’ success message will display with the following confirmation message: ‘[Project ID] has been successfully deleted’. Click the ‘Close’ button to return to the ‘Related Actions’ menu.

5.2.1.2.12 Dashboard: Project Control Totals

To view the total funding associated with the Project, select the ‘Project Control Totals’ from the left navigation menu.
5.2.1.3 Related Action: Delete Application

5.2.1.4 Related Action: Validate and Transmit Application

Once all projects for an application have been completed and have been successfully validated you will be ready to send the application to the FTA for their initial review to take place. You will need to return to the ‘Related Actions’ associated with the application. Both users with the Submitter and Developer roles can transmit an application to FTA.

To validate and transmit an application:

1) Search and open the desired application/award.

2) Click the ‘Related Actions’ link from the navigation bar. A list of available related actions will show. If in a project, go to the ‘Summary’ page and click on the FAIN hyperlink to return to the Application ‘Summary’.

3) Click the ‘Validate and Transmit Application to FTA’ related action.
4) The system will display a form with validation results. The results may contain Critical Issues and Warning Issues. You must resolve any critical issues to proceed with validation and transmit. Potential critical errors include, but are not limited to, missing application details and missing projects. Potential warnings include, but are not limited to, expired Civil Rights programs.

5) Warnings only are displayed, they can be disregarded by clicking the ‘Continue with Warnings’ button.
6) Once all critical errors have been corrected, revalidate the application. The ‘Application | Validated’ screen will display. To proceed with submission, click the ‘Continue with Transmission’ button. If you are not ready to transmit to FTA for initial review, click the ‘Close’ button to return to the ‘Related Actions’ menu without transmitting.

![Application | Validated](image)

7) The ‘Application | Transmitted’ success screen will display. Click the ‘Close’ button to return to the ‘Related Actions’ menu.

![Application | Transmitted](image)
8) The ‘Summary’ page will update to show the new application status. The status bar will be set to ‘Initial Review / Concurrence’ and the application’s status field will have changed from ‘In-Progress’ to ‘Transmitted/Ready for FTA Review’.

5.2.1.4.1 Validate and Retransmit Application to FTA

If deficiencies are identified in the application by any FTA reviewers, the application will be returned to the recipient for updates. An email will be sent to the recipient’s Point of Contact indicating that the application has been returned. The status of the application will return to the ‘In-Progress’ status or to ‘In-Progress / Returned to the Grantee’ when returned following FAIN assignment.

The recipient may then:

- Have users with the Submitter or Developers roles edit the application.
  - All actions available and editable during drafting of the application will be available.
  - Changes made to projects will require project validation prior to resubmission.
  - After correcting the application deficiencies, retransmit the application using the ‘Validate and Transmit Application to FTA’ related action.
- WARNING: Changes to existing ALI(s) will not be permitted once the FAIN has been generated. Projects within the application can no longer be deleted once the FAIN is assigned (In-Progress/Returned to Grantee).
### 5.2.1.4.2 TrAMS Validation Messages

The following table provides the system validation messages shown by TrAMS for the above Related Action.

<table>
<thead>
<tr>
<th>Application/Amendment Validation</th>
<th>Reason</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Critical Issues</strong> - This application cannot pass Application Validation and be transmitted to FTA for review until these errors are corrected.</td>
<td></td>
</tr>
<tr>
<td>“This application has no associated projects. Please add at least one project before continuing (Add Project to Application Related Action).”</td>
<td>There are no projects associated to application/amendment.</td>
</tr>
<tr>
<td>“The following projects in this application have not passed Project Validation: &lt;list of incomplete Project Numbers&gt; Please validate all projects in the application before continuing (Project Record, Validate Project Related Action).”</td>
<td>The projects associated to the application/amendment have not been validated.</td>
</tr>
<tr>
<td>“This application is missing application details (Name, Executive Summary, or Type). Please fill out all application details before continuing (Application Details Related Action).”</td>
<td>The application/amendment is missing an Application Name, Executive Summary, or Application Type.</td>
</tr>
<tr>
<td><strong>Warning Issues</strong> - This application can pass Application Validation with the following issues, but they must be corrected prior to Award.</td>
<td></td>
</tr>
<tr>
<td>“Your organization’s SAM registration status is Expired (Expiration Date: &lt;SAM expiration date&gt;). Please visit the SAM website to update your organization’s registration status.”</td>
<td>Your recipient organization’s SAM status has expired.</td>
</tr>
<tr>
<td>“Your organization has expired or incomplete civil rights program compliances. Please update your civil rights programs (Recipient Organization Record, Civil Rights Information Related Action).”</td>
<td>Your recipient organization has at least one Civil Rights program whose status is not equal to “Concur” or “N/A.”</td>
</tr>
<tr>
<td>“Your organization has not approved C&amp;A’s for Fiscal Year &lt;current Fiscal Year&gt; (Recipient Organization Record, Certifications &amp; Assurances Related Action).”</td>
<td>Your recipient organization does not have approved C&amp;A’s for the current fiscal year.</td>
</tr>
</tbody>
</table>
5.3 Application Review, Award, and Execution

5.3.1 Ad Hoc Related Actions for Application Review

5.3.1.1 Related Action: Execution & Award Summary

To view execution details and the award agreement letter, select the ‘Execution & Award Summary’ from the ‘Related Action’ menu. This information is only available after an application has been awarded.

1) Search and select an award record as shown in Section 5.1 of this document,
2) Once award record opens, click on the ‘Related Action’ tab.
3) Select ‘Execution & Award Summary’ from the list of options.
4) The ‘Award | View Execution Summary’ page will display showing:
   a) Recipient Details, which includes ID and name of Recipient
   b) Award Details, which includes the FAIN, reporting frequency and if there is pre-award authority
   c) Award and Execution Details, which includes who awarded and who executed the award
5) Click the ‘View Award Agreement’ button, which creates a hyperlink to a Word document. The Word document shows award information, terms and conditions along with funding information.

6) Click on the ‘AwardLetter_[FAIN]’ hyperlink to view the Award letter, or click the ‘Close’ button at any time to return to the ‘Related Actions’ menu.

5.3.1.2 Related Action: Award Fund Status

The ‘Award Fund Status’ Related Action allows a Recipient to view the financial details of an executed award such as obligation, deobligation, disbursement, refund and unobligated balance. All recipient user roles can access this Related Action, which is available once an award has a status of ‘Active’. The ‘Award Fund Status’ page is read-only for all users.

To view ‘Award Fund Status’ information:
1) Click the ’Award Funds Status’ from the ‘Related Actions’ menu.
2) The display will include:
   a) Recipient Details
   b) Award Details
   c) Award Funding Summary
   d) Award Funding – Account Class Code grid
   e) Award Funding - Financial Purpose Code (FPC) grid
   f) Application Transaction History grid, which can be filtered by several drop down options.

**Note:** Each grid will display a small number of rows, use the arrow keys on the bottom of the grid to view additional records. Arrows only appear when there are additional rows.
Elements of Award Funding Summary:

a) If the award has more than one fund source, a PO Number will populate for each source.

b) Obligation is the total amount of funds awarded, original or as amended to add new funds.

c) Deobligation indicates any scope code transfer removing funds from a funding source.

d) Disbursements indicate the amount of funds passed through FMS via ECHO or Delphi to the Recipient.

e) Refund indicates any funds returned to FTA via ECHO or pay.gov.

f) Unliquidated Balance reflect the amount available to be disbursed against the original award obligation.

Elements of Award Funding – Account Class Code

a) The Account Class Code section details information for each obligation to include deobligation, disbursement, refund and unliquidated balance.

b) This section includes information needed to complete drawdowns on awards, including:

   a. PO (Purchase Order) Number
   b. Project Number
   c. Cost Center
   d. Scope Code/Name/Suffix
   e. Account Class Code

   c) Fiscal Year (first 4 digits), Section Code digits 7 and 8, following by a ‘limitation code’ to further delineate the program funds.

      a. FPC Code (TEAM Awards)

   d) Unliquidated Balance specifies the amount of funds available for disbursement.
**Note:** TrAMS awards; funds cannot be reallocated in a budget revision or amendment greater than the amount available to the specific Scope Code Suffix as shown as Unliquidated Balance.

Elements of Award Funding – Financial Purpose Code (FPC)

a) Financial information pertaining to each FPC used.

![Award Funding - Account Class Code](image)

![Award Funding - Financial Purpose Code (FPC)](image)

Application Transaction History

Application Transaction History shows all financial activities pertaining to the application. This section can be filtered by one of the options from the drop down menu:

a) FPC (e.g. 00, 01, 02, 04, 09)

b) Project Number (it must contain all numbers and dashes)

c) Scope Code

d) Transaction Type (Obligation, Authorized Disbursement, Disbursement, Refund)

The ‘Choose Filter Data’ option allows further drill down into a specific category based on the ‘Filter By’ selection. This is a ‘type ahead’ function, and will auto populate available data. Start typing the appropriate data in the Choose Filter Data field than select from the list of values that becomes available. If entered information does not populate a list of values, there are no further options for the award.
5.3.1.3 Related Action: Project Funds Status

Recipients may view their fund status from a project level versus total award level. To view the project fund status, the user will need to navigate to the project record within an Application or Award. Once you are in an Application or Award:

1) Select ‘Application Projects’ tab.

2) A grid will populate with a list of projects. Only several will populate, if you have additional projects you may need to move the grid forward using paging at the bottom right of the grid. You can sort information in the grid using the column headers.

3) Click on the ‘Project Number’, which is a hyperlink taking you to the project record.

4) Select the ‘Related Actions’ tab.

5) Select ‘Project Funds Status’ from the menu options.
6) The Project Funds page contains the following sections:
   a) Recipient Details
   b) Award Details
   c) Project Details
   d) Project Funding Summary grid
   e) Project Funding - Account Class Code grid
   f) Project Funding - Financial Purpose Code (FPC) grid
   g) Project Funding - Transaction History grid

5.3.1.4 Related Action: Application Fleet Status

When rolling stock (fleet of buses, trains, etc.) is included in an award any information associated with the fleet can be found under the Related Actions tab, Application Fleet Status option. The information listed in the award is determined by the fleet status at the time of award execution.

All users may view the read-only fleet status information associated with the award.

10) From the Application or Award, click the Related Actions tab, select ‘Application Fleet Status’ from the list.

11) ‘The Application Fleet Status’ form will display.

12) Select the ‘Close’ button to return to the ‘Related Actions’ menu.

5.4 Post-Award Reporting

5.4.1 Overview
Recipients of FTA funding submit Milestone Progress Reports (MPR) and Federal Financial Reports (FFR) on a periodic basis to show the status and progress of activities and funding expenditures on their awards. The MPRs and FFRs are completed and submitted by the recipient within 30 days of the end of the reporting period. The reporting period for MPRs and FFRs can be Annual, Quarterly or Monthly, depending on the requirements for the award and/or funding program.

Submission of both MPRs and FFRs in TrAMS is task-based, which means that recipient users in the ‘MPR Reporter’ and ‘FFR Reporter’ role groups will receive a task to complete and submit their MPR or FFR 30 days before a report is due. Once recipients submit their reports for FTA review, FTA Regional Office staff with the ‘Post-Award Manager’ role may complete their reviews of the reports before the next reporting period is over. Once a new reporting period has finished, FTA staff will no longer be able to review reports from prior periods – those reports will now be read only.

### 5.4.1.1 FFR/MPR Reporting Cycle Timeframes

**Table 1 - Quarterly FFR/MPR Reporting Cycle Timeframes**

<table>
<thead>
<tr>
<th>Quarterly FFR/MPR Reporting Cycle</th>
<th>Months Covered</th>
<th>Task Issued</th>
<th>Due Date</th>
<th>Task Closes*</th>

5.4.2 Search for FFRs and MPRs

5.4.2.1 Action: Search FFR and MPR for Review

To view the complete MPR and FFR reports (in progress, submitted or reviewed); they can be found under the ‘Actions’ tab.

To view read-only versions of previously submitted or draft FFRs and MPRs:

1) Click 'Search FFR and MPR for Review'.

2) The ‘MPR and FFR Review | Search Criteria’ form will display. The following search fields can be used to narrow down your search for a specific report. Any required fields are marked with an asterisk.

   a) The ‘Application/Award Fiscal Year’ field will limit the search to select report years.
   b) The ‘Application/Award Status’ field will limit search based on the award status. Some example statuses are: Active (Executed), In-Progress, or Closed.
   c) Select whether your award is ‘Active’ or ‘Closed’ from the drop-down menu provided under the ‘Active / Closed Award(s)’ field.
   d) Use the ‘Application Number’ field to enter a specific application/award number. You must include the dashes and the amendment extension.
   e) Select the ‘Report Type’ field to search for FFR or MPRs only, select “Any” to retrieve both types. *This is a required field.
   f) Select the ‘Report Status’ field to search for reports either "Work In Progress", Submitted, FTA Review Complete.
   g) Select one or more check boxes for the 'Report Period Type' field. *This is a required field.

Note: You must select “Initial” if you are searching for an initial award. Initial awards are not automatically pulled when selecting the ‘ANY’ option.

h) The corresponding report period selections on the right side of the screen will become active as the check boxes are selected. You must select one or more report periods from the ‘Report Period Annual,’ ‘Report Period Quarterly,’ and/or ‘Report Period Monthly’ fields. Hold down the ‘CTRL’ key if you wish to select multiple report periods. All activated report period fields will require a selection.
Note: Selecting ‘Initial’ does not activate any Report Period lists. You must select the Initial box to retrieve initial reports.

i) Select a radio button option for the ‘Report Final’ field.

To search for reports within a given range of dates the user may use the ‘Period From’ field ‘Period To’ field to enter in a date or display a calendar picker to select a date from for the first date of a range.

Note: The ‘Clear Filter’ button on this form can be used at any time to wipe out all entered search criteria.

3) Apply the desired search criteria along with the required fields and click the ‘Search’ button.

4) The ‘MPR and FFR Review | Search Results’ form will be displayed with results in grid format.
5) Select the check box for a report from the list and then click the ‘View Selected Report’ button to access a read-only version of the report.

   Note: Only one report may be selected and viewed at a time. You can sort information by clicking on the header of any column (e.g. report period).
   a) Click the ‘Back to Search’ button if you wish to return to the previous search criteria form.
   b) Clicking the ‘Cancel’ button returns you to the ‘Actions’ tab.

6) The selected FFR or MPR report title will display either:
   a) ‘MPR and FFR Review | Federal Financial Report (FFR)’ or
   b) ‘MPR and FFR Review | Milestone Progress Report (MPR)’.

7) To view (and print) the report, click on the link displayed within the report. This will generate an html view/print document that you can save or open. Clicking on the ‘Close’ button on this form returns you to the previous search results.
8) Click the 'View FFR' or 'View MPR' button to view the related report.

**Note:** If a matching report does not exist, you will be presented with the ‘There is no matching report’ message.

Note that reports submitted under TEAM can be viewed and printed by clicking on the link to the applicable MPR or FFR document in the Document File Name column of either the ‘Previous Milestone Progress Reports’ or ‘Previous Federal Financial Reports’ section. Both the MPR and FFR are included in a single document with a file name starting with “MPR_Q.” Only TEAM reports may also be found under the applicable Application Documents.
5.4.3 Federal Financial Report (FFR)

5.4.3.1 Complete and Submit FFR

5.4.3.1.1 Task: Complete [Fiscal Year and Cycle] Federal Financial Report for Federal Award ID No. [Application Number]

The completion of the Federal Financial Report is assigned as a task to the users with the ‘FFR Reporter’ user role.

The task to complete the FFR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the FFR Reporter Group; therefore, everyone with the FFR user role will receive the task. The task will allow the FFR Reporter to complete and submit their Federal Financial Report.

A task will be issued for each active award. The number of Tasks assigned to a user will be visible next to the ‘Tasks’ tab.

1) After the FFR Reporter successfully logs on, click the ‘Tasks’ tab.

2) Select the task for the application and then accept the task. The format of the task reads; Complete [FY] [Report Frequency] Federal Financial Report’ for Federal Award ID No.

3) The ‘Input FFR Values’ form will be displayed. You must accept the task to edit the fields.
At any point, you may click the ‘Close Task’ button on this form to return to the ‘Tasks’ tab without saving any changes and retain the task.

Complete the fields that need to be populated in the FFR.

Complete fields as needed under the ‘Indirect Expense’ section.

- ‘Type’ drop-down menu options include: ‘Provisional’, ‘Predetermined’, ‘Final’, ‘Fixed’ and ‘N/A’.
- ‘Rate’ field is a percent value.
- ‘Base’ field a dollar value.
- ‘Period From’ and ‘Period To’ fields allow the user to enter dates or display the date picker to select dates.
- ‘Amount Charged’ is a dollar value field
- ‘Federal Share’ a dollar value field.
7) Enter dollar values into the ‘This Period’ fields for the following sections on the form:

Note: TrAMS will auto populate any $ signs and commas when you click outside of the field.
   
a) ‘A. Federal Cash on hand at Beginning of Period’
   
b) ‘B. Federal Cash Receipts’
   
c) ‘C. Federal Cash Disbursements’
   
d) ‘F. Federal Share of Expenditures’
   
e) ‘G. ‘Recipient Share of Expenditures’

Note: You are allowed to type in negative numbers into any of the editable fields on the FFR. However, calculated fields CANNOT be negative.
**Note:** TrAMS calculates the total expenditures based on the award control totals.

8) You will also be able to enter dollar values into the ‘Amount’ fields for the following sections on the form:

   a) ‘I. Federal Share of Unliquidated Obligations’
   b) ‘J. Recipient Share of Unliquidated Obligations’

<table>
<thead>
<tr>
<th>I. Federal Share of Unliquidated Obligations</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$0</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>J. Recipient Share of Unliquidated Obligations</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$0</td>
</tr>
</tbody>
</table>

c) ‘K. Total Unliquidated Obligations’

d) ‘L Total Federal Share’

e) ‘M. Unobligated Balance of Federal Funds’

f) ‘N. Total Recipient Share Required’

g) ‘O. Remaining Recipient Share to be Provided’
<table>
<thead>
<tr>
<th></th>
<th></th>
<th>Amount</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>K. Total Unliquidated Obligations (I + J)</td>
<td></td>
<td>$0</td>
<td></td>
</tr>
<tr>
<td>L. Total Federal Share (F + I)</td>
<td></td>
<td>$0</td>
<td>Calculated by System</td>
</tr>
<tr>
<td>M. Unobligated Balance of Federal Funds (E - L)</td>
<td></td>
<td>$145,220</td>
<td>Calculated by System</td>
</tr>
<tr>
<td>N. Total Recipient Share Required</td>
<td></td>
<td>$12,000</td>
<td></td>
</tr>
<tr>
<td>O. Remaining Recipient Share to be Provided [ N - (G + J) ]</td>
<td></td>
<td>$12,000</td>
<td>Calculated by System</td>
</tr>
</tbody>
</table>

**Note:** The total recipient share is derived from the award control total at the time the FFR is generated.

- h) ‘P. Federal Program Income on Hand at Beginning of Period’
- i) ‘Q. Total Federal Program Income Earned’
- j) ‘R. Federal Program Income Expended in Accordance with the Deduction Alternative’
- k) ‘S. Federal Program Income Expended in Accordance with the Addition Alternative’
- l) ‘T. Federal Program Income Expended on Allowable Transit Capital and Operating Expense’
- m) ‘U. Federal Unexpanded Program Income’
9) Once you have completed entering all details, click the ‘Calculate Totals’ button.

On June 21, 2018, FTA made a modification to the FFR report form rules; it no longer allows the calculated value of Line D to be negative (see Note below). Please be aware that FFRs submitted before this date may show negative amounts.

Note: To avoid system validation errors while entering dollar values into the ‘This Period’ and ‘Amount’ fields, you must keep the following rules in mind for the FFR:

The sum of the value displayed under the ‘Cumulative’ field in ‘G. Recipient Share of Expenditures’ and the value provided for ‘J. Recipient Share of Unliquidated Obligations’ must be less than or equal to the value displayed for ‘N. Total Recipient Share Required.’

You cannot input values in both ‘R. Federal Program income expended in accordance with the deduction alternative’ and ‘T. Federal Program income expended on allowable transit Capital and operating expense.’ You will be allowed to enter a value for only one of these fields.

The calculated value of ‘D. Federal Cash on hand at End of Period (A + B - C)’ cannot be negative.

The calculated value of ‘O. Remaining Recipient Share to be provided [N - (G + J)]’ cannot be negative.

10) The system will display the ‘Confirm FFR Data’ form. If you wish to return to the previous ‘Input FFR Values’ form to make changes, click on the ‘Modify FFR Values’ button.
### 5.4.3.1.2 Task: Review FFR - [Fiscal Year and Cycle] Federal Financial Report for Federal Award ID No. [Application Number]

Information in this document is proprietary to FTA

Unclassified – For Official Use Only
11) Sections ‘A’ to ‘U’ will display the data entered in the previous step.

12) Once you have finished entering information for the FFR, click the ‘Continue to Submission’ button.

13) The ‘Submit FFR’ form will be displayed. Use the ‘Back’ button at the bottom of the form if you wish to return to the previous form.

14) Enter any comments for FTA into the ‘Submission Remarks’ field and then click the ‘Submit to FTA’ button to proceed. The ‘Save’ button can be used to save the comments entered into the ‘Submission Remarks’ field. This is a required field.
15) The ‘Submitted’ form will be displayed with the following confirmation message: ‘Federal Award ID Number [FAIN #] FFR for [FY] [Report Frequency] has been submitted to FTA.’

16) Click the ‘Close’ button. The system returns you to the ‘Tasks’ tab and the task link will now be removed from the task list.
5.4.4 Milestone Progress Report (MPR)

5.4.4.1 Task: Complete and Submit MPR

To complete the Milestone Progress, Report the user must have the ‘MPR Reporter’ user role.

The task to complete the MPR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the MPR Reporter Group; therefore, everyone with the MPR user role will receive the task. The task will allow the MPR Reporter to complete and submit their Milestone Progress Report. A task will be issued for each active award.

The number of tasks assigned to a user will be visible next to the ‘Tasks’ tab.

1) After the MPR Reporter successfully logs on, click the ‘Tasks’ tab.

2) Select the task ‘Complete [FY] [Report Frequency] Milestone Progress Report’ for the application. The form will populate; accept the task to complete the report.

3) The ‘Milestone Progress Report (MPR) | Summary’ form fields will display.

4) At any point, you may click the ‘Close Task’ button to return report to the ‘Tasks’ tab without saving any changes and retain the task.
5) The Report Begin Date – is the date that the period for which activities being reported on begins. Example: the beginning date for Q2 reports in FY18 would begin on January 1, 2018.

6) The Report End Date – is the date that the period for which activities being reported on ends. Example: the end date for Q2 reports in FY18 would end on March 30, 2018.

7) The Report Due Date – is the date that the reports are due. Example: the due date for Q2 reports in FY18 is April 30, 2018. However, the task will still be available in TrAMS up through the date when the task closes (in this example is June 30, 2018).

Note: TrAMS will pre-select the ‘Final Report’ radio button based on the whether the report is final or not. The final button is auto populated once a closeout is created. Users cannot select this radio button.

8) Enter comments into the ‘MPR Overview Remarks’ field to provide details about overall progress of the award scope of work. This is a required field and the field length is limited to 255 characters.

9) Review all line items displayed under the ‘List of Line Items’ grid. Any value greater than zero under the ‘Number of Milestones Pending’ column indicates pending milestone(s) (this means the last
estimated date passed during the reporting cycle and it must be updated). The user must provide an appropriate ‘Actual Completion Date’ or ‘Revised Estimated Completion Date’.

### List of Line Items

<table>
<thead>
<tr>
<th>Project Number</th>
<th>Scope Number</th>
<th>Scope Name</th>
<th>Line Item Number</th>
<th>Line Item Name</th>
<th>Number of Milestones</th>
<th>Number of Milestones Pending</th>
</tr>
</thead>
<tbody>
<tr>
<td>FL-2018-006-01-00</td>
<td>114-00</td>
<td>BUS: SUPPORT EQUIP AND FACILITIES</td>
<td>11.44.11</td>
<td>REHAB/RENOVATE - SUPPORT VEHICLES</td>
<td>2</td>
<td>1</td>
</tr>
</tbody>
</table>

Note: A milestone is considered ‘Pending’ if one of the following is true:

- The ‘Original Estimated Completion Date’ expired on or before the ‘Report Period End Date’
- There is no ‘Actual Completion Date’ indicated yet; and the milestone is before the ‘Report Period End Date’
- The ‘Revised Estimated Completion Date’ expired on or before the ‘Report Period End Date’

10) Select the check box for an activity line item with a pending milestone to display the activity information and milestones.

### List of Line Items

<table>
<thead>
<tr>
<th>Project Number</th>
<th>Scope Number</th>
<th>Scope Name</th>
<th>Line Item Number</th>
<th>Line Item Name</th>
<th>Number of Milestones</th>
<th>Number of Milestones Pending</th>
</tr>
</thead>
<tbody>
<tr>
<td>FL-2018-006-01-00</td>
<td>114-00</td>
<td>BUS: SUPPORT EQUIP AND FACILITIES</td>
<td>11.44.11</td>
<td>REHAB/RENOVATE - SUPPORT VEHICLES</td>
<td>2</td>
<td>1</td>
</tr>
</tbody>
</table>

11) The form will expand to display the ‘Line Item Details,’ ‘FTA Funding Information,’ and ‘Milestones’ sections.
12) To update Pending Milestones, select the checkbox associated with milestones whose estimated dates are in the past in relation to the ‘Report Period End Date’ (ex. if the report period end date is 3/31/2016 all milestones with estimated dates that are earlier than 3/31/2016 will be considered pending and will need to be updated).

a) Enter either a revised estimated completion date or an actual completion date.

b) Enter Milestone Progress Comments

c) Select ‘Save All Changes’ button (this button saves information and keeps you on the page)
Each milestone can only have one date – either a new Revised Estimated Completion Date or an Actual Completion Date.

Revised Estimated Completion Date must be a date in the future of the ‘Report Period End Date’; Actual Completion Date must be on or before the ‘Report Period End Date’.

If you enter invalid values for Revised Estimated Completion Date (i.e. a date in the past) or for Actual Completion Date (i.e. a date in the future), the system will display an error message indicating the issue with the entered date.

The Revision number field on the MPR task is a system generated number that increments per milestone per reporting cycle. For example, if the revision number field displays a “6”, that is the sixth MPR task for that specific grant, where an existing milestone has been present on a single ALI.
13) To add a new milestone to the activity, click the ‘Add New Milestone’ button. The form will expand further to display the ‘Add New Milestone’ section:

   a) Enter a name for the milestone into the ‘Name’ field.

   b) Click in either the ‘Estimated Completion Date’ or the ‘Actual Completion Date’ field to enter a date or display the date picker to select a date from. You may only enter a date in one field.

   c) Enter a comment about the milestone into the ‘Detailed Description’ field. This is a required field.

   d) Once you have completed entering information in all fields, click the ‘Save All Changes’ button and you will be returned to the ‘Milestones’ grid.
14) Click on the ‘Continue to Submission’ button to proceed with the next step in completing the MPR.
   
a) If you have made changes but wish to return to the form at a later date, you can close the task by clicking on ‘Close Task’. When you return to the task all saved changes will display.

15) The ‘Submit MPR’ form will be displayed. Use the ‘Back’ button at the bottom of the form if you wish to return to the previous form. The ‘Save’ button can be used to save the comments entered into the ‘Submission Remarks’ field. Enter any comments for FTA into the optional ‘Submission Remarks’ field and then click the ‘Submit to FTA’ button to proceed.
16) The ‘Submitted’ form will be displayed with the following confirmation message: ‘Federal Award ID Number [FAIN #] MPR for [FY] [Report Frequency] has been submitted to FTA for review.’

```
Milestone Progress Report | Submitted

Success!

Federal Award ID Number RL-2018-0656 MPR for 2018 7 has been submitted to FTA for review.
```

17) Click the ‘Close’ button. The system returns you to the ‘Tasks’ tab and the task link will now be removed from the task list.

## 5.5 Post-Award Management

Activity conducted after a grant is award is considered post-award management. These activities consist of budget revision, amendment, reporting and close out.

A budget revision can be initiated by the Recipient for changes to an award, as long as the change does not include new scope codes or funding amounts. For changes to the scope codes or funding amount, the Recipient may initiate an amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. For a change to, modify terms and conditions or make funding adjustments, an FTA user will initiate an Administrative Amendment.

### 5.5.1 Budget Revisions

A budget revision is any change to an award that has an impact on the budget allocation of the original award. A budget revision may be a transfer of funds within a project scope or between existing ALIs within an approved award. It could also include the addition or deletion of an ALI.

The function of a budget revision is to allow the transfer of funds within or across existing project scope codes and budget activity line items (ALIs), add additional ALIs, or make updates to Application Details (narrative, performance end date, OMB questions).

#### 5.5.1.1 User Roles

Users with the “Developer” or “Submitter” role can initiate a budget revision.

#### 5.5.1.2 Budget Revision Workflow

Once a budget revision is initiated, the award status is moved to ‘Active / Budget Revision In-Progress’. No other types of revisions (Amendments or Closeout Amendments) may be initiated until the award is back in an ‘Active (Executed)’ status.
Budget revisions are reviewed and approved by FTA staff in the Regional Post-Award Manager user role. FTA may reject the budget revision and return it to the recipient for additional modifications. Following approval of the budget revision, FTA staff may need to take additional steps within TrAMS to align obligated funds to the new budget. Upon completion of FTA actions, the award will return to the ‘Active (Executed)’ status.

The award must be back in Active status before any additional drawdowns can be made against the revised budget. Recipients should wait three (3) to five (5) business days after budget revision approval to seek a drawdown.

The following is the general workflow of a budget revision:

1. **Recipient Creates Budget Revision**
2. **Modify and/or Add ALI**
3. **Update Award/Project Narratives and Extended Budget Description**
4. **Validate All Projects**
5. **Validate and Submit to FTA**
6. **Post-Award Manager reviews and approves Budget Revision**

### 5.5.1.3 Budget Revision Creation and Submission

#### 5.5.1.3.1 Related Action: Create Budget Revision

Updates to the content of this section are in progress.

To create a ‘Budget Revision’ you must be logged on with the ‘Submitter’ or ‘Developer’ user roles and the award must be in the ‘Active (Executed)’ status.

1) Locate your award, and select the ‘Related Actions’ tab.
2) Click the ‘Create Budget Revision’ related action.
3) Select one or more of the following budget revision reasons (required).
   a) Modify FTA Funding Across Existing Scope Codes
   b) Modify FTA Funding Within Existing Scope Codes
c) Modify Non-FTA Funding for Existing Scopes

d) Modify Quantities for Existing ALI

If you are using the budget revision process to modify the period of performance, end date use (b) Modifying Funding Within Existing Scope Codes.

4) Provide an explanation for the change. (Character limitation is 450 Characters including spaces)

5) Click ‘Create Budget Revision’ to initiate the budget revision process

6) Click ‘Cancel’ to return to the ‘Related Actions’ page without creating a budget revision.

7) A success message will be displayed following the successful initiation of a budget revision.
8) Select the Close button to return to the Related Actions list.

**Note:** To modify the period of performance end date, use the ‘Related Actions’ tab from the top bar and select “Application Details” from the main menu. Enter the period of performance end date. The system will not allow past dates to be entered.

**5.5.1.3.1.1 Error Messages while Creating a Budget Revision**

1) Recipient users may encounter error messages when the active award has a pending Budget Revision or a pending amendment. The system will populate an error message indicating the applicable pending action. For example:

   a. For budget revisions, user can confirm if a pending action by reviewing the related action menu option Budget Revision History.
b. For amendments, users can determine if there is a pending action by searching for the application without the amendment extension (-00 or 01, etc...). In the example below, award 00 is inactive; the active award is 01 and amendment 02 is in review; once amendment 02 is approved, amendment 01 will move to the “Active Award/Inactive Amendment” status.

2) The Budget Revision remarks field is limited to 450 characters. If the grantee exceeds the character limits (including spaces) the system will reject the create budget revision function.
3) The information in the ‘Award | Budget Revision Details’ form can be modified as several points during the creation and during the review process. The grantee will be presented with the same form again prior to submission, and can be edited at that time.

4) Users should be aware of the below:

i) The ‘Budget Revision Reasons’ field requires at least one selected check box

ii) The Budget Revision Description field does not accept certain special characters; it is best to avoid bullets and $ signs.

iii) The Budget Revision Description will display in the Budget Revision View Print History Grid once created. The information should be concise. It is preferred that the detailed budget revision information is incorporated into Executive Summary.

iv) If there is a pending action on the award, the grantee will not be able to create a new budget revision until the prior action is completed or deleted. Refer to the **Related Action: Delete Budget Revision.**
5.5.1.3.2 Related Action: Budget Revision Activity Line Items

When modifying Budget Activity Line Items (ALIs) in TrAMS, the display fields and options available vary slightly for applications that were originally created in TEAM or TrAMS. Separate sections are included to address the different business rules that apply to TEAM and TrAMS awards.

5.5.1.3.2.1 Budget Revision Activity Line Items (TrAMS Award)

To modify the budget ALIs for an application:

1) Select the Related Actions tab from the Application/Award level.
2) Click the ‘Budget Revision Activity Line Items’ option.

3) The ‘Manage Budget Revision Activity Line Items and Milestones’ form will be displayed. The ALIs associated with the application are shown in the ‘Existing Line Items’ section.

4) At any point, you may click the ‘Close’ button to return to the ‘Related Actions’ menu without saving any changes.
5) Add new ALIs to an existing Project
   a) Click on the ‘Add Line Item’ button

   b) The ‘Project Selection for Add Line Item’ form will be displayed. Use the provided drop-down menu to select a project to add ALIs to and then click the ‘Continue’ button.

   c) The ‘Add New Budget Activity Line Items (ALIs)’ form will be displayed.

   d) Click the ‘+Add Item’ link to begin adding a new line item.

**Note:** The available selection of scope codes and funding sources for any new ALIs added to the project(s) during the budget revision will be limited to selections made in the latest approved award.
6) Clicking the ‘Cancel’ button will return you to the ‘Manage Budget Revision Activity Line Items and Milestones’ form without saving any changes. The system will provide a warning prompt for confirmation before returning you to the previous screen.

7) The ‘New Budget Activity Line Items (ALIs)’ section will create a new grid row and display selectable fields each time the ‘+Add Item’ link is clicked. Click the ‘DEL’ link if you wish to delete an ALI that you added to the grid.

8) Select a Scope Code from the drop-down menu provided under the ‘Scope Code / Name’ field.
   a) Select an activity type for the selected scope from the drop-down menu provided under the ‘Activity Type’ field.
   b) Select a line item name or number from the drop-down menu provided under the ‘Line Item Number/Line Item Name’ field
   c) Click the ‘Finish’ button to add all new ALIs that have been completed to the project and return to the ‘Manage Budget Revision Activity Line Items and Milestones’ form.
9) To update new or existing budget ALIs for a project:

   a) Select the check box for an ALI to modify from the grid under ‘Existing Line Items’. The form will expand below the grid to include the following sections for the selected line item:
      - ‘Line Item Scope’
      - ‘Line Item Details’
      - ‘FTA Funding Information’
      - ‘Non-FTA Funding Information’
      - ‘Rolling Stock Information’
      - ‘Milestones’

   b) Update the Line Items as needed
Note: There is no longer a ‘Zero Out Line Item’ button. If you need to bring an ALI down to a zero dollar amount, enter a ‘$0’ into the field. (Do not simply wipe out the amount, you must replace the amount with a zero dollar amount.) To support the reduction in ALI, type a notation in the Extended Budget Description section. The milestones can be corrected with actual dates during the next reporting cycle referencing this revision action.

10) Update the ‘Line Item Scope’ section as needed:
   a) Update the line item’s name in the ‘Custom Line Item Name’ field, if needed.

11) Update the ‘Line Item Details’ section as needed:
   a) Update the quantity in the ‘Revised Quantity’ field with the desired number. This is an integer field and must be a whole number.
   b) Update the original extended budget description in the ‘Updated Extended Budget Description’ field with the desired text.
   c) Select either the Yes or No option to respond to the question, “Will 3rd Party contractors be used to fulfill this activity line item?”
12) Update the ‘FTA Funding Information’ section as needed:

a) Update the original FTA funding amount in the ‘Revised FTA Funding Amount’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Total Eligible Cost’ field will update accordingly.

13) Update the ‘Non-FTA Funding Information’ section as needed:

a) Update any existing values in fields with the desired amounts. These are all integer fields and must be whole numbers. The ‘Revised Total Eligible Cost’ field will update automatically.

i) If the budget revision changes the local match ratios, the overall award level control totals and subsequent FFR will NOT update automatically as it does on the ALI level. Consider an Amendment.
Note: The ‘Rolling Stock Information’ section is only shown when a rolling stock line item exists in the project with a selected activity line item.

14) Update the ‘Rolling Stock Information’ section as needed:
   a) Select a vehicle condition from the drop-down menu provided for ‘Vehicle Condition’.
   b) Enter a vehicle size into the ‘Vehicle Size’ field.
   c) Select the vehicle’s fuel type from the drop-down menu provided under the ‘Fuel’ field.

15) The ‘Milestones’ section will be read-only if an existing line item is selected. You cannot update existing milestones during a budget revision.
16) Update the ‘Milestones’ section if you have selected a new ALI that was added to the budget revision. Update the Milestones’ section if you have selected a new ALI that was added to the budget revision.

17) Once you have completed all the sections related to the selected ALI from the grid, you will have the following options:

   a) Click on the ‘Save Line Item’ button to save all information for the selected ALI and click ‘Close’ button to return to the ‘Manage Budget Revision Activity Line Items and Milestones’ form, or

   b) Click on the ‘Delete Line Item’ button to delete the selected ALI from the project. This is only applicable to ALIs that were created during this budget revision.
c) Click on the ‘Cancel’ or ‘Close’ button to exit out of the form without saving changes for the selected ALI. You will be returned to the ‘Related Actions’ menu.

18) Repeat previous steps to update the remaining ALIs in the grid as needed. The status for each ALI will change from ‘In-Progress’ to ‘Complete.’ The status of ‘Complete’ is required for all ALIs on the project in order to validate and mark the project as ready for FTA review.

19) Any new ALI must be associated with an environmental finding.

5.5.1.3.2.2 Budget Revision Activity Line Items (TEAM Award)

To modify the budget ALIs for a TEAM award:
1) Select the Related Actions tab, and
2) Click ‘Budget Revision Activity Line Items’ from the menu options.
3) The ‘Manage Budget Revision Activity Line Items and Milestones’ form will be displayed. The ALIs associated to the project are listed and displayed in grid format under the ‘Existing Line Items’ section.

**Note:** At any point, you may click the ‘Close’ button to return to the ‘Related Actions’ menu without saving any changes.

4) Click on the ‘Add Line Item’ button to add ALIs to this project.

5) The ‘Project Selection for Add Line Item’ form will be displayed. Use the provided drop-down menu to select a project to add ALIs to and then click the ‘Continue’ button.
6) The ‘Add New Budget Activity Line Items (ALIs)’ form will be displayed. Click the ‘+Add Item’ link to begin adding a new line item. Note that your selection of scopes and funding sources for any new ALIs added to the budget revision’s project will be limited to selections made in the original award.

7) Clicking the ‘Cancel’ button will return you to the ‘Manage Budget Revision Activity Line Items and Milestones’ form without saving any changes. The system will provide a warning prompt for confirmation before returning you to the previous screen.

8) The ‘New Budget Activity Line Items (ALIs)’ section will create a new grid row and display selectable fields each time the ‘+Add Item’ link is clicked. Click the ‘DEL’ link if you wish to delete an ALI that you added to the grid. (A validation message appears indicating that all three fields must be completed before the form can be saved).
9) Select a scope code from the drop-down menu provided under the ‘Scope Code / Scope Name’ field.

10) Select an activity type for the selected scope from the drop-down menu provided under the ‘Activity Type’ field.

11) Select a line item name or number from the drop-down menu provided under the ‘Line Item Number/Line Item Name’ field (The validation message disappears and a checkmark appears in the status box which indicates that the form can be saved and the user can move forward).

12) Click the ‘Finish’ button to add all new ALIs that have been completed to the project and return to the ‘Manage Budget Revision Activity Line Items and Milestones’ form.

To update new or existing budget ALIs for a project:

13) Select the check box for an ALI you wish to modify from the grid under ‘Existing Line Items’. The form will expand below the grid to include the following sections for the selected line item:

   a) Line Item Scope
   b) Line Item Details
   c) Funding Information
   d) Rolling Stock Information
   e) Milestones

   **Note:** There is no longer a ‘Zero Out Line Item’ button. If you need to bring an ALI down to a zero dollar amount. Enter a ‘$0’ into the field. (Do not simply wipe out the amount, you must replace the amount with a zero dollar amount.) Add notations in the extended budget.
14) Update the ‘Line Item Scope’ section as needed:
   a) Update the line item’s name in the ‘Custom Line Item Name’ field with the desired text.

15) Update the ‘Line Item Details’ section as needed:
   a) Update the quantity in the ‘Revised Quantity’ field with the desired number. This is an integer field and must be a whole number.
   b) Update the original extended budget description in the ‘Updated Extended Budget Description’ field with the desired text.
   c) Select either the Yes or No option to respond to the question, “Will 3rd Party contractors be used to fulfill this activity line item?”

16) Update the ‘Funding Information’ section as needed:
TEAM-created applications will only display fields for Award FTA Funding Amount, Award Non-FTA Amount, and Award Total Eligible Cost. Only the FTA Funding Amount and Total Eligible Cost fields are editable in a Budget Revision for a TEAM Award.

   a) Update the original FTA funding amount in the ‘Revised FTA Funding Amount’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Non-FTA Amount’ field will update accordingly.
   b) Update the original award’s total eligible cost in the ‘Revised Total Eligible Cost’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Non-FTA Amount’ field will update accordingly.

17) Update the ‘Rolling Stock Information’ section as needed:
   a) Select a vehicle condition from the drop-down menu provided under the ‘Vehicle Condition’ field.
   b) Enter a vehicle size into the ‘Vehicle Size’ field.
   c) Select the vehicle’s fuel type from the drop-down menu provided under the ‘Fuel’ field.

   **Note:** The ‘Rolling Stock Information’ section is only shown when a rolling stock line item exists in the project and has been selected.

18) The ‘Milestones’ section will be read-only if an existing line item is selected. Update the ‘Milestones’ section if you have selected a new ALI that was added to the budget revision.
19) Once you have completed all the sections related to the selected ALI from the grid, you will have the following options:

   a) Click on the ‘Save Line Item’ button to save all information for the selected ALI and return to the ‘Manage Budget Revision Activity Line Items and Milestones’ form, or

   b) Click on the ‘Delete Line Item’ button to delete the selected ALI from the project. This is only applicable to ALIs created during this Budget Revision.

Note: There is no longer a ‘Zero Out Line Item’ button. If you need to bring an ALI down to a zero dollar amount. Enter a ‘$0’ into the field. (Do not simply wipe out the amount, you must
replace the amount with a zero dollar amount.) Add notations in the extended budget description. The milestone can be corrected with actual dates during the next reporting cycle referencing this revision action.

c) Click on the ‘Cancel’ button to exit out of the form without saving changes for the selected ALI. You will be returned to the ‘Related Actions’ menu.

20) Repeat previous steps to update the remaining ALIs in the grid as needed. The status for each ALI will change from ‘In-Progress’ to ‘Complete.’ The status of ‘Complete’ is required for all ALIs on the project in order to validate and mark the project as ready for FTA review.

5.5.1.3.3 Related Action: Current Budget Change Log

To view the most current Budget Change Log for a budget revision:

1) From the Application/ Award, select Related Actions tab
2) Select the ‘Current Budget Change Log’ related action from the menu
3) The ‘Budget Revision | Budget Change Log’ form will display in read only.
   a) It will only display the individual ALIs which were modified, and the change amounts.
   b) The Change log will display the cumulative amounts by Scope Code (this is not the source to 
      determine if it satisfies FTA guidance for a budget revision or amendment).
   c) The Award Funding Summary must have a zero difference.

4) Click the ‘Close’ button to return to the ‘Related Actions’ menu.
   
   **Note**: The Change Log only displays while the budget revision is available through FTA’s review. 
   Once approved, the change log is no longer visible to the recipient or FTA.

5.5.1.3.4 Related Action: View-Print Budget Change History

Recipients may review past budget revisions by selecting the ‘View Print Budget Change History’ under the Related Actions tab.

1) Go to the Award level Related Actions tab.
2) Click ‘View-Print Budget Change History’ from the menu options.

3) Select the checkbox for the budget revision to review and click the ‘View Print’ button.
   Note: Revision number ‘0’ is the original award or the initial budget of an approved amendment.

   The status will be pending until FTA approves the revision request. If the budget revision status is approved, confirm that the latest amendment is Active (Executed) to determine if the overall award is in Active Status.

4) Click on the ‘View Print Budget Revision – [FAIN]’ hyperlink to see the changes made during the budget revision.
5) Click the ‘Close’ button to return to the ‘Related Actions’ menu.

Note: The format for your view print will be dependent on the browser you are using. You may need to format the document to landscape and legal to more easily see information displayed.

5.5.1.3.5 Related: Action: Modify Budget Revision Details

At any point after having initiated a budget revision and while the Award status is ‘Active/Budget Revision In-Progress’, the recipient may modify the Budget Revision Details information.

To modify the Award details as part of a budget revision:

1) Go to the Award level Related Actions tab
2) Click the ‘Modify Budget Revision Details’ from the menu options.

3) The ‘Budget Revision Details’ form will be displayed.
4) Edit any previously entered details for the budget revision, such as Budget Revision Information or the Budget Revision Description section.

5) Click the ‘Submit’ button to save changes and be returned to the ‘Related Actions’ menu.

6) At any point, you may click the ‘Cancel’ button to return to the ‘Related Actions’ menu without saving any changes.

5.5.1.3.6 Related Action: Validate and Submit Budget Revision

Before you can validate and submit your budget revision, be sure that all associated projects have been successfully validated. Validation checks are used to confirm all parts of the action are complete. The system will identify what needs to be corrected when attempting to submit the budget revision.

The recipient with the ‘Submitter or Developer’ role may submit the budget revision to FTA for review and approval.

1) From the ‘Related Actions’ menu click ‘Validate and Submit Budget Revision’
2) Step 1 of the Budget Revision submission, the system will give user an opportunity to update project specific information (Narratives, Environmental Findings, or Documents) before proceeding to Submission. You can click on the hyperlink of the project to proceed to the record and make changes. If you already made all corrections, click ‘Continue with Submission’ button to proceed to the next submission step.

3) In Step 2, the system asks the user if the budget revision will change the size or physical characteristics of the activity line items. You are confirming that this question satisfies FTAs Circular 5010 guidelines for a budget revision. You must select either Yes or No to the question and click ‘Continue with Submission’.

4) In Step 3, the system allows the user to review the budget revision details and make final edits to the Revision Reason and Revision Description fields. The user may enter remarks into the
5.5.1.3.6.1 TrAMS Validation Messages

The following table provides the system validation messages shown by TrAMS for the above Related Action.

<table>
<thead>
<tr>
<th>Message Text</th>

</table>
The award must remain the same in a budget revision.

<grid of FTA funding sources on application>”

| “The following projects in this application have not passed Project Validation:
| <list of incomplete Project Numbers>
| Please validate all projects in the application before continuing (Project Record, Validate Project Related Action).” | The projects associated to the budget revision application have not been validated. |

### 5.5.1.4 FTA Review of Submitted Budget Revisions

The FTA awarding office will review budget revisions and either approve or disapprove the request. FTA may return the budget revision request to the recipient for additional information or corrections. If returned, the revision will revert to ‘Active / Budget Revision In-Progress’ status in the system.

Once the revision is approved, FTA must complete either a scope code transfer (TrAMS Award) or FPC transfer (TEAM Awards) to complete the financial transaction of the budget revision, if appropriate.

Once the FTA office has approved the Budget Revision, and completed the financial action, the award will return to an ‘Active (Executed)’ status.

Recipients are reminded to wait at least three to five business days after approval to ensure the financial transactions have passed through all of FTAs financial management systems (FMS).

### 5.5.1.5 Additional Ways to Check the Change in Period of Performance End Date

If the Budget Revision is created to modify the Period of Performance End Date, user can check the following sections that displays ‘Period of Performance End Date’ in the read only format.

1) ‘Application Details’ related action
2) Summary Dashboard

3) View/Print Application
4) Execution & Award Agreement Summary

5) MPR Details Report
5.5.2 Amendments

An amendment may be initiated in TrAMS on an award application with ‘Active (Executed)’ status by the recipient organization. Amendments are created to revise details of an award such as scope, increase or decrease award funding or change the performance period end date.

User Roles: users with the ‘Submitter’ or ‘Developer’ role have the authority to create an amendment.

Once created, the amendment must go through the same FTA review cycle as an original TrAMS application, it follows all steps from creation to award.

The general workflow is as follows:

1. Recipient Creates and Submits an Amendment for FTA Review
2. FTA Initial Review and Concurrence on Amendment
3. Recipients Formally Submits Amendment for FTA Final Review
4. FTA Final Concurrences, Reservation & Award
5. Recipient Executes the Award Agreement
Refer to the Application Development section for further details on how an application is created and submitted.

Only recipients may initiate amendments however, FTA staff may initiate Administrative Amendments.

5.5.2.1 Amendment

5.5.2.1.1 Related Action: Create Amendment

Note: Only a recipient organization’s Submitter or Developer roles will be able to access this action.
To create an Amendment, the user must select an Award that is in ‘Active (Executed)’ status with no existing Amendment or pending Budget Revisions. See steps below:

1) Select an award with a status of ‘Active (Executed)’. Once on the Award Summary dashboard, click ‘Related Actions’ tab and select ‘Create Amendment’ from the menu.

2) The ‘Amendment | Create Amendment’ form appears. The user must select from the Amendment Reasons shown and submit a brief description in the Amendment Details field.

3) Click the ‘Create Amendment’ button.
   
   **Note:** The Amendment details cannot be modified later, similar to budget revision details. The Amendment Details is limited to 500 characters, including spaces. If the Create Amendment does not proceed to the next step, check your word count.
The Amendment Created confirmation message will be shown. The user may proceed to work on the amendment by selecting the hyperlink, which now indicates the amendment extension (01, 02 etc.).

4) You can either click the ‘Close’ button to exit the page or click on the new amendment record hyperlink.

   Note: The creation of an amendment will change the award number to include the last two digits indicating an amendment or revision. As screen shot above shows - FL-2018-007-01

When viewing the amendment record, the Summary will show the reason for the amendment along with what tasks need to be completed to proceed with submitting the amendment to FTA for approval. Screen shot below is an example of an amendment summary screen:
5.5.2.1.2 Related Action: Application Details

If the amendment is to update application details the ‘Application Details’ related action allows users to edit high-level application information. Application information can only be modified during initial application creation and during post-award modifications, such as an amendment. This information will be read-only for all other users and during all other phases of a grant’s life cycle.

To view or edit an application record:

1) From the ‘Related Actions’ tab, click ‘Applications Details’ from the menu.

   ![Application Details](image)
2) The ‘Application Details’ form will be displayed. User with Developer/Submitter role can edit textual response and change the selected values saved for all questions.
3) ‘Period of Performance End Date’ can be changed without taking any financial actions.

Note: User cannot change pre-award authority question from ‘Application Financial Information’ section.

Note: If funds are being added, the suballocation question should be updated as needed and add documents here, not in the Application Documents module.
4) Clicking the ‘Cancel’ button will return you to the ‘Related Actions’ tab without saving any changes.

5) Click ‘Save’ button to save all the information and return to the ‘Related Actions’ tab.

Note: Projects can be added by FTA users with ‘Pre-Award Manager’ or ‘Post-Award Manager’ roles while an amendment has a status of ‘In-Progress’.

Note: Projects with a single scope and single ALI cannot be deleted.

5.5.2.1.3 Project Related Actions

With the exception of ‘Validate Project’, the following project Related Actions are available to various user roles in a read-only format and available during other project statuses in the read-only format.

- Project Details and Narratives
5.5.2.1.3.1 Related Action: Amendment Budget Activity Line Items and Milestones

The Application and Project Budgets are formulated by adding scopes and budget activity line items (ALIs) to a project. In an amendment, recipients are able to add new scopes and ALIs that were not previously part of the award.

To add or update the budget ALIs for a project on an amendment:

1. From the project-level ‘Related Actions’ menu, click ‘Amendment Budget Activity Line Items and Milestones’.

   ![Amendment Budget Activity Line Items and Milestones]

   Manage Budget Activity Line Item and Milestone for Amendment

2. The ‘Manage Budget Activity Line Items and Milestones’ form will be displayed. The ALIs associated to the project are listed and displayed in grid format under the ‘Existing Line Items’ section.
3. At any point, you may click the ‘Close’ button to return to the ‘Related Actions’ menu without saving any changes.

4. User should be aware that existing milestones on existing ALIs cannot be modified as part of an amendment. Use the Extended budget details to express milestone changes or additions that can be incorporated into the next reporting cycle milestone progress report.

5. The amendment process can be used to make changes to the period of performance end date without taking any financial actions.

6. To add a new ALI to the project:
   1. Click on the ‘Add Line Item’ button
2. The ‘Add New Budget Activity Line Items (ALIs)’ form will be displayed. Click the ‘+Add Item’ link to begin adding a new line item. Multiple ALIs can be added during this process by clicking on +Add Item more than once.

**Note:** The available selection of scope codes and funding sources for any new ALIs added to the project(s) during the amendment will be limited to selections made in the latest approved award.

7. Clicking the ‘Cancel’ button here will return you to the ‘Manage Budget Revision Activity Line Items and Milestones’ form without saving any changes. The system will provide a warning prompt for confirmation before doing so. Clicking ‘No’ will return you back to the ‘Add New Budget Activity Line Item(ALIs)’
8. The ‘New Budget Activity Line Items (ALIs)’ section will create a new grid row and display selectable fields each time the ‘Add Item’ link is clicked. Click the ‘DEL’ link to delete an ALI that was added to the grid.

9. Select a scope from the drop-down menu provided under the ‘Scope Code/Name’ field.
   a. Select an activity type for the selected scope from the drop-down menu provided under the ‘Activity Type’ field.
   b. Select a line item name or number from the drop-down menu provided under the ‘Line Item Number/Line Item Name’ field.
c. Click the ‘Finish’ button to add all new ALIs that have been completed to the project and return to the ‘Manage Budget Activity Line Items and Milestones’ form.

10. To edit the ALI details and milestones for a project under the amendment:

   a. Select the check box for an ALI you wish to modify from the grid under ‘Existing Items’. The form will expand below the grid to include the following sections for the selected line item:
      
      • ‘Line Item Scope’
      • ‘Line Item Details’
      • ‘Funding Information’
      • Non-FTA Funding Information
      • ‘Rolling Stock Information’ (if applicable)
      • ‘Milestones’

      **Note:** Update the ‘Line Item Scope’ section as needed:

   b. Update the line item’s name in the ‘Custom Line Item Name’ field with the desired text.

11. Update the ‘Line Item Details’ section as needed:

   a. Update the quantity in the ‘Revised Quantity’ field with the desired number. This is an integer field and must be a whole number.

   b. Update the original extended budget description in the ‘Updated Extended Budget Description’ field with the desired text. This is a long paragraph field.

   c. Select either the Yes or No option to respond to the question, ‘Will 3rd Party contractors be used to fulfill this activity line item?’
12. If this amendment is for a TEAM application, update the ‘Funding Information’ section as needed (otherwise, skip to Step 5 for a TrAMS application)

a. Update the original FTA funding amount in the ‘Revised FTA Funding Amount’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Non-FTA Amount’ field will update accordingly.

b. Update the original award’s total eligible cost in the ‘Revised Total Eligible Cost’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Non-FTA Amount’ field will update accordingly.

13. For TrAMS applications update the ‘FTA Funding Information’ section as needed:

a. Update the original FTA funding amount in the ‘Revised FTA Funding Amount’ field with the revised amount. This is an integer field and must be a whole number. The ‘Revised Total Eligible Cost’ field will update accordingly.

14. Update the ‘Non-FTA Funding Information’ section if necessary:
a. Update any existing values in fields with the desired amounts. These are all integer fields and must be whole numbers. The ‘Revised Total Eligible Cost’ field will update accordingly.

<table>

</tbody>
</table>
15. Update the ‘Rolling Stock Information’ section as needed:
   a. Select a vehicle condition from the drop-down menu provided under the ‘Vehicle Condition’ field.
   b. Enter a vehicle size into the ‘Vehicle Size’ field.
   c. Select the vehicle’s fuel type from the drop-down menu provided under the ‘Fuel’ field.

   ![Rolling Stock Information Table]

   **Note:** The ‘Rolling Stock Information’ section is only shown when a rolling stock line item in the project has been selected. Fleet information will not display in the application view print until FTA has awarded the amendment.

16. The ‘Milestones’ section will be read-only if an existing line item is selected. Update the ‘Milestones’ section if you have selected a new ALI that was added to the budget revision. Refer to Related Action: Budget Activity Line Items and Milestones if further instructions on milestones are needed.

17. Once you have completed all the sections related to the selected ALI from the grid, you will have the following options:
   a. Click on the ‘Save Line Item’ button to save all information for the selected ALI and click ‘Close’ button to return to the ‘Project | Manage Budget Activity Line Items and Milestones’ form, or
b. Click on the ‘Delete Line Item’ button to delete the selected ALI from the project. This is only applicable to ALIs that were created during the amendment process, or

c. Click on the ‘Cancel’ button to exit out of the form without saving changes for the selected ALI. You will be returned to the ‘Related Actions’ menu.
d. Every time you save a line item the below screen will prompt. You MUST select the close button to save the changes made to the ALI added or modified.

18. Repeat previous steps to update the remaining ALIs in the grid. The status for each ALI will change from ‘In-Progress’ to ‘Complete.’ The status of ‘Complete’ is required for all ALIs on the project in order to validate and mark the project as ready for FTA review.

5.5.2.1.4 Transmit and Submit Amendment

The amendment transmission and submission process is the same as an original award. Refer to Application Development for instructions to transmit an amendment to FTA for initial review and to accept the submission task to formally submit an amendment for final review.

When transmitting an amendment, you will receive similar prompts:

1. If rolling stock is included add fleet information. Select the Close button, if no changes are needed to proceed to the next form.
2. If TDC or In-kind local match is included, prompts to add documentation will display. Use the skip button, if no additional documentation is required.
3. If Section 5307 funds were applied, even if no additional funds were added, there will be a prompt to respond to for the 1% security questions.
4. If the amendment is a Cooperative Agreement award, you will be prompted to select the cost center of the FTA office that will manage the amendment. Refer to Application Development for more information.

5.5.2.1.5 Amendment Execution

Once FTA has completed all reviews and awarded the amendment, the Recipient Official is required to execute the award agreement for the amendment. Refer to Application Development for details on how to execute the award.

5.5.3 Closeout Amendment

Closeout Amendment is the process by which FTA Regional Staff determines that all activities in an award are complete and all federal funds necessary to complete the project have been expended. Either the recipient or FTA can initiate closeout of an award when all approved activities are completed and/or applicable federal funds expended.

5.5.3.1 Closeout Amendment Workflow

Award closeout is the term used to signify the process which completes an award after all activities for an Award have been completed or all federal funds necessary to complete the project have been expended.

Both the recipient and FTA may initiate a closeout; the steps are the same regardless of which user initiates and completes the closeout.
A closeout can only be performed on an award that is in the ‘Active (Executed)’ status with no pending post award actions. The process is the same for both TEAM and TrAMS awards, any differences in the format of the award is explained in the Guide. All parts of the closeout must be completed to validate and submit the request to FTA.
5.5.3.2 User Roles for Closeouts

Recipient users with a ‘Submitter’ or ‘Developer’ role have access to initiate and submit a closeout request.

The Recipient users with the FFR Reporter and the MPR Reporter user roles have access to complete the final reports for the closeout amendment package.

The user roles may be assigned to one or more individuals; therefore, coordination may be required.

FTA users with the Post-Award Manager role have access to initiate and submit a closeout request.

If FTA initiates the Closeout, then the Post-Award Manager will submit the Closeout and complete the final reports for the closeout amendment package.
5.5.3.3 Related Action: Create Closeout Amendment

Only the FTA Regional Post-Award Manager role or the Recipient will be able to access this related action to initiate and submit the closeout request.

Ensure the record has an application status of ‘Active (Executed)’. A Closeout cannot be initiated if there are any pending amendments or budget revisions. ‘Create Closeout Amendment’ will not be displayed as one of the menu options within Related Actions tab if there are pending actions.

1) Steps to create Closeout Amendment:
   a) Search and Select the Award Record either using the Records Tab or locating the record under the recipient profile ‘application/awards’ tab
   b) From the Award Record, click on Related Actions
   c) To initiate Click ‘Create Closeout Amendment’ from the menu options.
2) The ‘Unliquidated Balance Warning’ form will be displayed if there are any unliquidated balances on the application’s existing account class codes (ACCs). The unliquidated balances will be deobligated from the award as part of the closeout process.

3) To continue, click the ‘Continue with Closeout Request’ button to proceed with the closeout and the deobligation of the unliquidated balances on the award.

4) Click the ‘Cancel Closeout Request’ button to return to the ‘Related Actions’ menu without closing the award.
5) The ‘Closeout Amendment’ form will be displayed. Complete the following under the ‘Closeout Amendment Information’ section:

a) Select one or more check boxes under the ‘Closeout Reasons’ section. At least one closeout reason must be provided.

b) A validation error message will appear if no ‘Closeout Reasons’ are selected.
c) The user may enter a comment into the ‘Closeout Remarks’ field, however it is not required. You can modify this information during the closeout process.

Note: Information for the Close Out summary should be updated as necessary. For more information refer to Related Action: Closeout Details.

d) Click the ‘Create Close Out Amendment’ button.

e) Error messages that prevent creating CloseOuts:
   i) If the FTA user has a pending MPR/FFR report not yet submitted to the recipient, the closeout cannot be created.
   ii) If the FTA user has a pending budget revision or amendment, the closeout cannot be created.

f) The ‘Closeout Created’ form will display with the following confirmation message: “A new closeout amendment for Federal Award ID Number [FAIN #] has been created.” It will provide an active new amendment record link to the closeout amendment.
g) The link will take the user to the Award Summary where the Award Summary Details are listed in the following sections:
   1) Recipient Details
   2) Award Status Information
   3) Closeout Details
   4) Executive Summary
   5) Application Details
### FL-2018-007-01 | 2311 FORMULA FFY17 & FFY18 FUNDS FOR MOB MGT & CAPITAL PROJECTS

#### Recipient Details
- **Recipient ID:** 9900
- **Award Name:** 2311 FORMULA FFY17 & FFY18 FUNDS FOR MOB MGT & CAPITAL PROJECTS
- **Award Status:** Active Award / Ready for Closeout
- **Award Start Date:** 2/26/2018

#### Close Out Details
- **Close Out Date:** N/A
- **Recipient Name:** Trans Rail Transportation
- **Award Date:** N/A
- **Last Updated By:** Post Award Manager Region A
- **Last Updated Date:** 1/30/2019
- **Period of Performance End Date:** 12/31/2025

#### Executive Summary
The Department of Transportation (DOT) is requesting $1,014,667 of Section 2311 Enhanced Mobility of Seniors and Individuals with Disabilities program funds to include FY 2017 Statewide (DG) Small Urban (D04) and Large Card ODL for Mobility Management projects. Also a part of a FY 2018 Statewide (G03) Capital out of pocket and equipment and FY 2017 Small Urban funds requested to be transferred to Statewide. The needs of seniors and individuals with disabilities in the state Small Urbanized areas are adequately being met. The grant funding is broken out into five separate projects as follows:

1. **Project 1 (Rural-D04):** The Project 1 request includes FY 2017 Statewide (DG) awarding funds in the amount of $136,609 (65% of FFY 2017) and FY 2018 Statewide (G03) and FY 2019 Statewide (G03) awards funds in the amount of $153,792 (65% of FFY 2019) for a total project of $391,401. The requested funds will be used for mobility management and operating projects for five Regional Coordinating Councils in the rural areas of NH to include Region 1 (Grafton, Grafton, Carroll, and Region 3 (Middletown, Region 4 (Meriden and Region 5 (New London).)

2. **Project 2 (Rural-D04):** The Project 2 request includes FY 2018 Statewide (DG) awarding funds in the amount of $45,965 (65% of FFY 2018) and FY 2019 Statewide (G03) and FY 2019 Statewide (G03) awards funds in the amount of $126,277 (65% of FFY 2019) for a total project of $272,242. The requested funds will be used for the procurement of three (3) Project 3 (Small Urban-D04): The Project 3 request includes FY 2017 Small Urban (D04) awarding funds in the amount of $208,156 (65% of FFY 2017) and FY 2018 Small Urban (D04) awarding funds in the amount of $126,277 (65% of FFY 2019) and FY 2019 Small Urban (D04) awarding funds in the amount of $208,156 (65% of FFY 2019) for a total project of $542,609. The Project 3 funds will be used for Mobility Management for five Regional Coordinating Councils to include Region 7 (Londonderry, Region 8 (Stratford, Region 9 (Manchester, Region 10 (Southeast Nassau),)

#### Application Details
- **Type of Financial Assistance:** Grant
- **Frequency of Milestone Progress Report:** Annual
- **Frequency of Financial Reports:** Annual
- **Does this application include funds for research and/or development activities:** No
- **Indirect Cost Description:** N/A
- **Dilational Federal Debt:** No
- **State Application ID:** N/A
- **Data Submitted for State Review:** N/A

---

**Pre-Award Authority:**
- **Yes:** this application is using Pre-Award authority.
- **No:** this application does not include funds for research and/or development activities.
- **Indirect Cost Description:** N/A
- **Dilational Federal Debt:** No
5.5.3.3.1 Related Action: Closeout Details

To view or edit closeout details for a closeout amendment:

1) Search and select the applicable Award. The status of the closeout amendments ‘Active Award / Ready for Closeout’ status.

2) You will land on the Award level Summary; click on the ‘Related Actions’ tab.
3) Click ‘Closeout Details’ From the menu options.

4) The Close Out Amendment ‘Summary’ form will display with the information entered or selected during the create closeout amendment steps. You can modify the ‘Closeout Details’ reasons or remarks as needed.

5) At any point, you may click the ‘Cancel’ button to return to the ‘Related Actions’ menu without saving any changes.

6) Click the ‘Save and Close’ button to save all changes and return to the ‘Related Actions’ menu.
5.5.3.4 Related Action: Closeout Budget Reconciliation

Before submitting a closeout amendment for approval, the FTA Regional Staff or the Recipient should reconcile the final award budget and modify budget activity line item (ALI) amounts accordingly. This is done via the ‘Closeout Budget Reconciliation’ selection under the Related Action tab on the Application Record.

1) Search and select the applicable Award, you will land on the application summary
2) Click on ‘Related Actions’ tab
3) Click on the ‘Closeout Budget Reconciliation’ from the related action menu

4) The ‘Closeout Budget Reconciliation’ form will be displayed. The ALIs associated to all projects display in grid format under the ‘Existing Line Items’ section. (TEAM awards only have one project)
5) At any point, you may click the ‘Close’ button to return to the ‘Related Actions’ menu without saving any changes.

---

**Closeout Budget Reconciliation**

Manage Budget Reconciliation for Closeout Amendment

---

Information in this document is proprietary to FTA

Unclassified – For Official Use Only
6) Select the check box for the ALI you wish to modify from the grid. The form will expand below the existing line items grid to include the following sections for that selected line item:
   a) ‘Line Item Scope’
   b) ‘Line Item Details’
   c) ‘FTA Funding Information’
   d) ‘Non-FTA Funding Information’
   e) ‘Rolling Stock Information’ (if applicable)
   f) ‘Milestones’

7) Clicking the ‘Cancel’ button will return you to the ‘Closeout Budget Reconciliation’ form without saving any changes. The system will provide a warning prompt for confirmation before returning you to previous screen.

8) Update the ‘Line Item Scope’ section as needed:
   a) Update the line item’s name in the ‘Custom Line Item Name’ field with the desired text.

   b) Update the ‘Line Item Details’ section as needed.

   c) Update the quantity in the ‘Quantity’ field with the desired number. This is an integer field and must be a whole number.

   d) Update the original extended budget description in the ‘Updated Extended Budget Description’ field with the desired text. [FTA requests users add narrative ‘on top of’ any previously existing narrative, do not delete narrative history.]

   e) Update the Yes or No option to respond to the question, ‘Will 3rd Party contractors be used to fulfill this activity line item?’, if applicable.
f) Update the original FTA funding amount in the ‘Revised FTA Funding Amount’ field with the revised amount. This is an integer field and must be a whole number.

g) The ‘Revised Total Eligible Cost’ field will update automatically.

<table>
<thead>
<tr>

<td>FTA Funding Source</td>
</tr>
<tr>
<td>5316 - Bus Testing Facility</td>
</tr>
<tr>
<td>Award FTA Funding Amount</td>
</tr>
<tr>
<td>Revised FTA Funding Amount</td>
</tr>
</tbody>
</table>

9) For a TrAMS closeout amendment, update the ‘Non-FTA Funding Information’ section as needed:

a) Update any existing values in fields with the desired amounts. These are all integer fields and must be whole numbers.

b) The ‘Revised Total Eligible Cost’ field will update automatically.
10) Once you have completed all the sections related to the selected ALI from the grid, you will have the following options:

a) Click on the ‘Save Line Item’ button to save all information for the selected ALI and return to the ‘Closeout Budget Reconciliation’ form; you must click the Close Button on the second form to save all changes.

b) Click on the ‘Cancel’ button to exit out grid without saving changes for the selected ALI. The form will collapse.
11) Repeat previous steps to update the remaining ALIs in the grid as needed. Click the ‘Close’ button to return to the ‘Related Actions’ menu.

5.5.3.5 Task: Complete Final FFR

A final Federal Financial Report (FFR) must be submitted to FTA before a Closeout Amendment can be processed. A task will be generated once the Closeout amendment is created.

User Roles Required: Only a Regional Post Award Manager User Role or the Recipient can complete the final FFR. This may require coordination with other users to complete your closeout.

The Final FFR task is assigned to the ‘Regional Post Award Manager’ role as soon as the closeout amendment is created.

To complete the final FFR:

1) Log on as the ‘Regional Post Award Manager and click on the ‘Tasks’ tab.
2) Select the ‘Complete Final Federal Financial Report for Federal Award ID No. [FAIN]’ task for the application.
3) Click the ‘Accept’ button to accept the task and the editable ‘Federal Financial Report (FFR) | Input FFR Values’ form will be displayed. Click the ‘Go Back’ button to return the task to the FFR Reporter Group.
4) At any point, you may click the ‘Close Task’ button on this form to return to the ‘Tasks’ tab without saving any changes and retain the task. (Note that an email notification is sent when returned.)
5) Complete fields as needed under the ‘Indirect Expense’ section (you must specify indirect expenses in your FFR if you indicated use of your approved rates on the application details)
   a) Select an indirect expense type using the drop-down menu provided under the ‘Type’ field.
   b) Enter a rate into the ‘Rate’ field. Note that this is a percent value.
   c) Enter a dollar value into the ‘Base’ field.
   d) Click in the ‘Period From’ and ‘Period To’ fields to enter dates or display the date picker to select dates from.
   e) Enter a dollar value into the ‘Amount Charged’ field.
   f) Enter a dollar value into the ‘Federal Share’ field.

6) You will be able to enter dollar values into the ‘This Period’ fields for the following sections on the form:
   a) A. Federal Cash on hand at Beginning of Period
b) B. Federal Cash Receipts

c) C. Federal Cash Disbursements

d) F. Federal Share of Expenditures

e) G. Recipient Share of Expenditures

7) You will also be able to enter dollar values into the ‘Amount’ fields for the following sections on the form:

a) ‘I. Federal Share of Unliquidated Obligations’

b) ‘J. Recipient Share of Unliquidated Obligations’

c) ‘P. Federal Program Income on Hand at Beginning of Period’

d) ‘Q. Total Federal Program Income Earned’

e) ‘R. Federal Program income expended in accordance with the deduction alternative’
f) ‘T. Federal Program income expended on allowable transit Capital and Operating expense’

P. Federal Program Income on Hand at Beginning of Period

Q. Total Federal Program Income Earned

R. Federal Program Income Expended in accordance with the deduction alternative

S. Federal Program Income Expended in accordance with the addition alternative

T. Federal Program Income Expended on allowable Transit Capital and Operating expense

U. Federal Unexpended Program Income \([P + Q - R] \text{ or } [P + Q - S] \text{ or } [P + Q - T]\)

8) All other remaining fields will be calculated automatically by the system.

Note: To avoid system validation errors while entering dollar values into the ‘This Period’ and ‘Amount’ fields, you must keep the following rules in mind for the FFR:

- The sum of the value displayed under the ‘Cumulative’ field in ‘G. Recipient Share of Expenditures’ and the value provided for ‘J. Recipient Share of Unliquidated Obligations’ must be less than or equal to the value displayed for ‘N. Total Recipient Share Required.’
- You cannot input values in both ‘R. Federal Program income expended in accordance with the deduction alternative’ and ‘T. Federal Program income expended on allowable transit Capital and Operating expense.’ You will be allowed to enter a value for only one of these fields.
- The calculated value of ‘D. Federal Cash on hand at End of Period (A + B - C)’ cannot be negative.
- The calculated value of ‘O. Remaining Recipient Share to be provided [N - (G + J)]’ cannot be negative.

9) Once you have completed entering all details, click the ‘Calculate Totals’ button. If you remain on the same page, it is likely that the system has identified a validation check in the calculations. Review the system generated validation checks.
10) The system will display the ‘Confirm FFR Data’ form if all rules of the FFR pass validation checks.
11) Sections ‘A’ to ‘U’ will also be displayed with the data entered in the previous step.

12) If you wish to return to the previous ‘Input FFR Values’ form to make changes, click on the ‘Modify FFR Values’ button at the bottom of the form.

13) Once you have finished entering information for the FFR, click the ‘Finalize for Closeout’ button.

14) The ‘Federal Financial Report (FFR) |Submit FFR’ form will be displayed.
   a) Use the ‘Back’ button if you wish to return to the previous form.
   b) The ‘Save’ button can be used to save the comments entered in the ‘Submission Remarks’ field. This is a required field.
   c) Enter comments for FTA into the ‘Submission Remarks’ field (required) and then click the ‘Submit to FTA’ button to proceed.
15) The ‘Submitted’ form will be displayed with the following confirmation message: “Federal Award ID Number [FAIN #] FFR for [FY] [Report Frequency] has been submitted to FTA.”

16) Click the ‘Close’ button. The system returns to the ‘Tasks’ tab. The task link will now be removed from the task list.
5.5.3.6 Task: Complete Final MPR

Before submitting a Closeout Amendment for approval, the FTA Regional Staff or the Recipient must submit a Final Milestone Progress Report (MPR) to FTA. The task to complete the final FFR is initiated as soon as the closeout amendment is created.

User Roles Required: The FTA Regional Post-Award Manager role or the Recipient can complete the final MPR. This may require coordination with other users to complete the closeout.

The Final MPR task is assigned to the ‘Regional Post-Award Manager’ role as soon as the closeout amendment is created. To complete the final MPR:

1) Log on as the ‘Regional Post-Award Manager’ and click on the ‘Tasks’ tab

2) Select the “Complete Final Federal Financial Report for Federal Award ID No. [FAIN]’ task for the application.

3) The MPR form will populate
4) At any point, you may click the ‘Close Task’ button to return to the ‘Tasks’ tab without saving any changes and retain the task (Note that an email notification is sent when returned to group).

5) Enter comments into the ‘MPR Overview Remarks’ field to provide details about overall progress of the award. Note that this is a required field.

6) Verify all line items displayed under the ‘List of Line Items’ grid. Any value greater than zero under the ‘Number of Milestones Pending’ column indicates pending milestone(s) that must be provided with an appropriate ‘Actual Completion Date’ to pass validation.

**Note:** A milestone is considered ‘Pending’ if one of the following is true:

- The ‘Original Estimated Completion Date’ (when no revised milestone is provided) expired on or before the ‘Report Period End Date’ which is the date the closeout was created.
7) Select the check box for a line item with a pending milestone. The form will expand to display the ‘Line Item Details,’ ‘FTA Funding Information,’ and ‘Milestones’ sections.
   a) Select the check box for a pending milestone.
   b) The form will expand again to display the ‘Original Milestone Details’ and ‘Milestone Progress Information’ sections.
   c) Click in either the ‘Revised Estimated Completion Date’ or ‘Actual Completion Date’ field to enter a date or display the date picker to select a date from.

Note: Actual Completion Date must be on or before the ‘Report Period End Date’; for closeouts, this is the date of closeout creation.

8) If you enter invalid values for Revised Estimated Completion Date (i.e. a date in the past) or for Actual Completion Date (i.e. a date in the future), the system will display an error message indicating the issue with the entered date.
9) Each milestone can only have one date – either a new Revised Estimated Completion Date or an Actual Completion Date. For a closeout, user must complete all Actual Completion Dates.
   a) Enter comments into the ‘Milestone Progress Comments’ field to provide details about milestone progress. This is a required field
   b) Click the ‘Save All Changes’ button after you have completed entering all dates. The form will collapse the ‘Milestone Details’ section and the value under the ‘Number of Milestones Pending’ column will update accordingly.
10) If you wish to add a new milestone to the project, click the ‘Add New Milestone’ button. The form will expand further to display the ‘Add New Milestone’ section:

a) Enter a name for the milestone into the ‘Name’ field.

b) Click in either the ‘Revised Estimated Completion Date’ or ‘Actual Completion Date’ field to enter a date or display the date picker to select a date from. You may select only one type of date.

c) Enter a comment about the milestone into the ‘Milestone Progress Comments’ field. This is a required field.

d) Click the ‘Save All Changes’ button after you have completed entering information in all fields. You will be returned to the ‘Milestones’ grid.

**Milestone Progress Comments**
Order details about milestone progress (e.g., data changes, etc.)
Existing Comments: No Comment for this Milestone
Note: Enter the Actual Completion Date, which is found in the ‘Period of Performance End Date’ within the Application Summary page.

11) Repeat the previous step until all line items display a ‘0’ under the ‘Number of Milestones Pending’ column. The system will not allow you to proceed with an MPR submission should any pending milestones remain.

12) You can save changes in progress by using the ‘Save All Changes’ button and stay on the page.

13) You can save and then close task to complete at a later time. Changes will be saved.
14) Once you have finished entering dates for pending milestones, enter a comment into the ‘MPR Overview Remarks’ field; this is a required field.

15) Click the ‘Finalize for Closeout’ button.

16) The ‘Milestone Progress Report (MPR) | Submit MPR’ form will be displayed.
   a) Use the ‘Back’ button if you wish to return to the previous form.
   b) The ‘Save’ button can be used to save the comments entered the ‘Submission Remarks’ field and stay on the page.
   c) Enter comments for FTA into the ‘Submission Remarks’ field.
   d) Click the ‘Submit to FTA’ button to proceed with submission.

17) The ‘Submitted’ form will be displayed with the following confirmation message: “Federal Award ID Number [FAIN #] MPR for [FY] [Report Frequency] has been submitted to FTA for review.

18) Click the ‘Close’ button. The system returns you to the ‘Tasks’ tab and the task link will now be removed from the task list.
Note: FTA cannot mark the Final MPR reviewed or return the final MPR for changes until the completed closeout has been submitted to FTA.

5.5.3.7 Related Action: Validate and Submit Closeout

Once you have completed the final FFR, final MPR and budget reconciliation steps, the Closeout Amendment is ready for submission.

To validate and submit a completed closeout request:

1) Go to the ‘Related Actions’ menu and click ‘Validate and Submit Closeout’.

![Validate and Submit Closeout]

Validate and Submit Closeout
Validate and Submit Closeout for FTA Review

2) The ‘Final Budget’ form will be displayed. Select either the Yes or No option to respond to the question, “Is this budget final?” and then click the ‘Continue’ button to proceed.

![Application | Final Budget for Closeout]

3) You must select close to return to the related actions menu where you can return to review the budget and make any additional changes

4) Follow prior steps to validate and submit when ready to select the ‘Yes, this budget is final’ and proceed with the closeout.

5) If you selected ‘Yes, this budget is final’, you may continue to the next step.
Refer to Task: Complete Final FFR and Task: Complete Final MPR for the appropriate instructions on completing these reports.

6) The ‘Submit Closeout Request’ form will display if there are no errors. This form will display any unliquidated funds that remain on the award; these funds will be deobligated once the Closeout is approved.

   a) Click on the ‘Cancel’ button on this form to return to the ‘Related Actions’ menu.
   b) Click the ‘Submit to FTA’ button to proceed.
7) The ‘Confirmation’ form will be displayed with the following confirmation message: “The closeout amendment for Award Number [FAIN #] has been submitted to FTA for review.”

8) Click the ‘Close’ button to return to the ‘Related Actions’ menu.
5.5.3.7.1 TrAMS Validation Messages

</tbody>
</table>

5.5.3.8 Dashboard: Summary

- The user can track the status of the closeout process by looking at the ‘Closeout Status’ table listed on the Summary page. See screen shot below. The table is automatically updated as each of the closeout steps is completed.
- All elements must be complete to validate and transmit the closeout amendment.
- There is no required order to complete each step of the closeout.
6 Reports

Updates to the content of this section are in progress.

6.1 Overview

TrAMS includes a suite of reports that support application management and financial activities to include activities such as reviewing application statuses and budget information at various levels of detail. Most TrAMS reports are accessible by both recipient organization users and FTA users although the level of detail each user type can see may vary by report. This document describes reports available to both recipient and FTA users. TrAMS reports are downloadable as Microsoft Excel formatted files.

All TrAMS reports can be categorized into one of two groups:

1. **User Generated Dynamic Reports**
   Dynamic reports allow the user to select report filter criteria. They are generally found using the ‘Actions’ tab, and, in some cases, the ‘Reports’ tab. For dynamic reports, recipient users will only be able to see data specific to their recipient organizations. Recipients who belong to more than one organization, will be able to see data for each of those organizations. FTA users will be able to see data across all Cost Centers.

2. **Historical Static Reports**
   Historical (static) reports are generated each night by the TrAMS system and stored on the ‘Records’ tab. Static reports provide a daily snapshot of the same information available in the dynamic reports. Static report data is cumulative, beginning on the first day of the Federal Fiscal Year (October 1st) and ending on the day prior to the report generated date. For example, a static report dated May 30, 2018 will contain data for October 1, 2017 through May 29, 2018.
Static reports have no filter criteria applied and will contain data for all Cost Centers and all recipient organizations. Static reports are useful for comparing information across time periods.

The current TrAMS report suite includes 11 reports accessible to be recipient and FTA users. These reports are listed in Table 1: TrAMS Reports below. The remainder of this document describes the available reports, how to access them, and what filters can be applied when generating the reports.

</tbody>
</table>
### 6.1.1 Static Reports – Records Tab

Static reports are accessed from the ‘Records’ tab. Static reports are stored by fiscal year, report name, month, and day. Reports are generated on a nightly basis and are cumulative starting with the first day of the fiscal year (October 1). Static reports have no filter criteria applied and show data for all Cost Centers and recipient organizations.

<table>
<thead>
<tr>
<th>Report Name</th>
<th>Report Content</th>

</tr>
<tr>
<td>11) Recipient POC Detail Report</td>
<td>Points of Contact (POC) for a recipient organization</td>
<td>Actions Tab</td>
<td>Records Tab</td>
</tr>
</tbody>
</table>
To access a historical static report:

1. Go to the ‘Records’ tab and click on ‘Static Reports’.

2. Select the fiscal year for the static report you wish to view. Archived data from TEAM is available for fiscal years prior to 2016 (e.g. click folder “FY 2015 Archive”).

3. A list of all available static reports will display. Click on the desired report name (e.g. ‘Application Budget Report’).
4. A list of months will display in federal fiscal year order (October – September). Click on the desired month.

5. The list of available reports by day will display. Click a report link to download a copy and save to your local environment. All reports are Microsoft Excel formatted.
6.1.2 Dynamic (User Generated) Reports

User generated reports or “dynamic” reports are accessed from either the ‘Actions’ tab or the ‘Reports’ tab. Dynamic reports allow the user to apply search criteria to limit report results.

6.1.2.1 Actions Tab

Reports on the ‘Actions’ tab are listed along with other actions in the menu. You may either scroll down the page until you find the desired report link or you can filter the full list of available actions by clicking the ‘TrAMS Excel Reports’ filter on the left-hand navigation pane.

6.1.2.1.1 Report Filter

To apply the action filter from the ‘Actions’ tab so that only report links are visible:

1) Go to the Actions tab and click the ‘TrAMS Excel Reports’ link on the left-hand navigation pane.

2) Once the filter is applied, only the available Excel reports will be visible. The exact list of reports will depend on your user roles in TrAMS.
6.1.2.1.2 How to Generate a Dynamic Report

Each report available on the ‘Actions’ tab is generated in a similar fashion. The following set of steps can be applied generically to generate any dynamic report on the ‘Actions’ tab:

1) Go to the ‘Actions’ tab and click on the report link (e.g. ‘Application Budget Report’).

2) Wait for the report form to open and then enter any applicable search criteria. Depending on the report, select search fields may require inputs before the report can be generated.
3) Click the ‘Generate Report’ button. Report generation time will vary depending on the report type and the amount of underlying data. While the system is creating the report, you will see the message ‘Working…’ in the top navigation bar.

4) Once the report has generated, a report link will appear at the top of the report form. The date and timestamp shown in the link title will match the time zone specified by the user in the user’s profile settings (e.g. “Application By Original Award Report for [User] [Date] [Time]”).

Note: When generating successive reports, be sure the ‘Working’ message has disappeared prior to clicking the link, otherwise you will download the previous report. The link for a report is not refreshed until the ‘Working’ message disappears.
5) Click on the report link to download the report. The report will be Microsoft Excel formatted. The search criteria applied will be listed in the header section of the report.

**6.1.2.1.3 Standard Form Buttons**

The dynamic report forms on the ‘Actions’ tab may contain one or more of the following standard buttons:

1) **Clear Filter**: Click the ‘Clear Filter’ button to clear all search criteria entered in the search filters.
2) **Generate Report**: Click the ‘Generate Report’ button to run the report.
3) **Close**: Click the ‘Close’ button to close the report form.

**6.1.2.1.4 Search Criteria Types**

Each dynamic report form will contain one or more search criteria. Required search criteria will be indicated on the form by a blue asterisk ‘*’.

1) **Checkbox**: Checkboxes are used when zero, one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected independent of the other items in the list. On the ‘FFR Detail Report’, the ‘Report Period Type’ search criterion is an example of a checkbox field.
2) **Date Picker:** Clicking on a date picker field will open a calendar from which a single date can be selected. You may also directly type in a date in the field’s entry box. On the ‘FFR Detail Report’, the ‘Period To’ filter is an example of a date picker.

3) **Drop Down (Single-Select):** A single-select drop down field is a list of items that expands when the user clicks in the field. Only one item can be selected from the list. The selected item will be visible in the form field box. On the ‘FFR Detail Report’, the ‘Application/Award Type’ filter is an example of a single-select drop down list.
4) **Drop Down (Multi-Select):** A multi-select drop down field also appears as a list of items that expands when the user clicks in the field. In this case, multiple items can be selected from the list (click an item to select it). Selected items will appear to be highlighted within the drop down and will be listed in the field box. On the ‘FFR Detail Report’, the ‘Report Period Monthly’ filter is an example of a multi-select drop down list.
5) **Radio Button:** Radio button groups are used when a user can select only one (1) item from a short list (usually <5 items). The selected radio button will appear highlighted. On the ‘FFR Detail Report’, the ‘Report Final’ filter is an example of a radio button group.

6) **Text:** A text field search filter allows the user to enter free text. On the ‘FFR Detail Report’, the ‘Application/Award Number’ filter is an example of a text field.

7) **Type Ahead:** Type-ahead fields are similar to text fields but search for matching inputs as the user types. The user will then be prompted to select from search results that match what was typed. A matching item that was selected can be unselected by clicking the “x”. Type ahead fields will be more common for FTA user views of the report forms where a recipient ID may need to be selected from the full list of recipients. On the FTA version of the ‘FFR Detail Report’, the ‘Recipient Name/ID’ filter is an example of a type-ahead field. Typing the number ‘1818’ prompts the user to select the recipient with ID 1818.
6.1.2.2 Reports Tab

Reports on the ‘Reports’ tab are accessed by clicking on the report name link. While only a limited number of reports are currently available on the ‘Reports’ tab, additional reports from the ‘Actions’ tab are expected to be transferred over time. The following reports can be found under the Reports Tab by both FTA and recipient users:

- Disbursement Report
- User Details Report – See the FACES User Guide.

To generate a report from the ‘Reports’ tab:

1) Click on the report link (e.g. ‘Disbursement Report’).

2) Wait for the report form to open and then enter any applicable search criteria. Depending on the report, select search fields may require inputs, required fields will be indicated by a blue asterisk (*).
3) Click the ‘Export to Excel’ button. A message will appear stating that the report is being generated.

4) Once the report has generated, you will receive a task to download the report. Go to the Tasks tab and select the task.

5) Click on the report link to download the report. The report will be Microsoft Excel formatted and the title will include the date and time that the report was generated. The search criteria applied will be listed in the header section of the report.
6.2 Available Reports

This section describes each of the TrAMS reports including a short description of the report data generated, search criteria available for dynamic reports, and file links and names. Search criteria fields annotated with a ‘FTA Only’ indicate criteria only visible to FTA users and, in some cases, recipient users associated with multiple Recipient organizations. Within this document, required search criteria on dynamic reports are annotated by bolded font and an asterisk ‘*’ (e.g. Fiscal Month*).

When reviewing report data, note that some report fields may not be populated for applications or awards migrated from TEAM. For example, Pre-Award and Post-Award information is only available for TEAM awards amended in TrAMS if managers have been assigned. This information is not available for applications or awards migrated from TEAM without an additional activity.

6.2.1 Application Budget by ALI Report

6.2.1.1 Description

The ‘Application Budget by ALI Report’ displays budget activity line item (ALI) data for original awards and amendments. The report allows users to view and track ALI level budget details and key milestone dates for an original award and amendments on those awards.

6.2.1.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Application Budget by ALI Report’ link.

2) Static Report:
6.2.1.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘Application Budget by ALI Report’:

1) Recipient Name/ID  
2) Recipient Region/Cost Center  
3) Federal Award ID  
4) Project Number  
5) Section Code  
6) Scope Code/Name  
7) Activity Line Item (ALI) Name/Code  
8) Application/Award Fiscal Year*  
9) Application/Award Type  
10) Application/Award Status  
11) FTA Pre-Award Manager  
12) FTA Post-Award Manager

* Indicates required search criteria.

6.2.1.4 Actions Tab Report View

The ‘Application Budget by ALI Report’ form appears as follows:

6.2.1.5 Dynamic Report Link

Report Link Text: ‘ALI Budget Report for [User] [Date]’
6.2.1.6 File Names for Downloaded Reports

- Dynamic Report File: “Application By Original Award Report for [User] [Date].xlsx”
- Static Report File: “[mm]-[dd]-[yyyy] Application Budget by ALI Report.zip”

### 6.2.2 Application Budget Report

#### 6.2.2.1 Description

The ‘Application Budget Report’ allows users to view and track application-level budget details, disbursement amounts, and key application milestone dates for original awards and amendments at an award level.
6.2.2.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Application Budget Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘Application Budget Report’ link.

6.2.2.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘Application Budget Report’:

1) Recipient Name/ID FTA Only
2) Recipient Region/Cost Center FTA Only*
3) Federal Award ID
4) Section Code
5) Application/Award Fiscal Year
6) Application/Award Type
7) Application/Award Status
8) FTA Pre-Award Manager
9) FTA Post-Award Manager

* Indicates required search criteria.

6.2.2.4 Form View

The ‘Application Budget Report’ form appears as follows:

### 6.2.3 Application by Status Report

#### 6.2.3.1 Description

The ‘Application by Status Report’ lists the status of grant and cooperative agreements for applications and awards. This report can be used to determine reviews that have taken place and reviews still required.

#### 6.2.3.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Application by Status Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
d) Click the ‘Application by Status Report’ link.

6.2.3.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘Application by Status Report’:

1) Recipient Name/ID  
2) **Recipient Region/Cost Center**  
3) Federal Award ID  
4) Application/Award Fiscal Year  
5) Application/Award Type  
6) Application/Award Status  
7) FTA Pre-Award Manager  
8) FTA Post-Award Manager

* Indicates required search criteria.

6.2.3.4 Form View

6.2.5 Discretionary Allocation Detail Report (or Application Discretionary Allocation Detail Report)

6.2.5.1 Description
The ‘Discretionary Allocation Detail Report’ provides application/award information for grants and cooperative agreements that contain discretionary and/or earmark allocations, including status and if the funds have been awarded.

6.2.5.2 Report Locations
1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Discretionary Allocation Detail Report’ link.
2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘Discretionary Allocation Detail Report’ link.

6.2.5.3 Dynamic Report Search Criteria
The following search criteria can be applied to the ‘Discretionary Allocation Detail Report’:

1) Recipient Name/ID FTA Only
2) Recipient Region/Cost Center FTA Only
3) Federal Award ID
4) Project Number
5) Discretionary ID
6) Application/Award Fiscal Year*
7) Application/Award Type
8) Application/Award Status
9) FTA Pre-Award Manager
10) FTA Post-Award Manager

* Indicates required search criteria.

### 6.2.6 FFR Detail Report

#### 6.2.6.1 Description

The ‘FFR Detail Report’ provides information on Federal Financial Reports (FFRs) submitted for awards, including the submission or review status of the report and the financial information as reported by the recipient. This report can be used to determine whether an FFR has been submitted and/or reviewed by FTA. FFRs display with their latest status, saved comments, recipient information, and award details relevant to the entered search criteria. Users can input search criteria to filter reports by report period type and report period date ranges.

**Note:** Most financial information populated in the report is recipient-reported. The exceptions are disbursement, deobligated, and unliquidated obligation amounts which are generated by FTA’s financial systems.

#### 6.2.6.2 Report Locations

1. Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘FFR Detail Report’ link.
2. Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘FFR Detail Report’ link.

#### 6.2.6.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘FFR Detail Report’:

Information in this document is proprietary to FTA

Unclassified – For Official Use Only
1) Recipient Name/ID  
2) Recipient Region/Cost Center  
3) Application/Award Number  
4) Application/Award Fiscal Year  
5) Report Status  
6) Report Period Type*  
7) Report Final  
8) Period From  
9) Period To  
10) Application/Award Type  
11) Application/Award Status  
12) Report Period Annual  
13) Report Period Quarterly  
14) Report Period Monthly

* Indicates required search criteria.

**Note:** Depending on the Report Period Type selected either the ‘Report Period Annual’, the ‘Report Period Quarterly’, or the ‘Report Period Monthly’ field will become required.

6.2.7 MPR Detail Report

6.2.7.1 Description

The ‘MPR Detail Report’ provides information on Milestone Progress Reports (MPRs) submitted for awards, including the MPR submission dates and review status and the milestones reported by the Recipient. The report will also include basic grant (e.g. FAIN) and recipient information (e.g. Recipient ID, Recipient Name). Users can also search by report type (e.g. Quarterly), reporting period, or for reports submitted in a particular date range. Recipients may use this report to determine which MPRs have been submitted and whether FTA has reviewed the reports.

6.2.7.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘MPR Detail Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘MPR Detail Report’ link.

6.2.7.3 Dynamic Report Search Criteria

1) Recipient Name/ID FTA Only
2) Recipient Region/Cost Center FTA Only
3) Application/Award Number
4) Application/Award Fiscal Year
5) Report Status
6) Report Period Type*
7) Report Final

6.2.8 Project Budget Report

6.2.8.1 Description

The ‘Project Budget Report’ allows recipient users to view and track budget details for applications, original awards, and amendments on a project level. Users will be able to filter on their data by awards, projects, section codes, award fiscal years, award types, award status, and FTA grant manager details.

6.2.8.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Project Budget Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.

### 6.2.9 Project Scope Budget Report

#### 6.2.9.1 Description

The ‘Project Scope Budget Report’ allows recipient users to view and track budget details for applications, original awards, and amendments on a scope level. Users will be able to filter on their data by awards, projects, section codes, scope codes, award fiscal years, award types, award status, and FTA grant manager details.

**Note:** This report only shows applications that originated in TrAMS.

#### 6.2.9.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Project Scope Budget Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘Project Scope Budget Report’ link.

#### 6.2.9.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘Project Scope Budget Report’:

1) Recipient Name/ID \(^\text{FTA Only}\)
2) Recipient Region/Cost Center \(^\text{FTA Only}\)
3) Federal Award ID
4) Project Number
5) Section Code
6) Scope Code/Name
7) Application/Award Fiscal Year
8) Application/Award Type
9) Application/Award Status
10) FTA Pre-Award Manager
11) FTA Post-Award Manager

### 6.2.10 Recipient POC Detail Report

#### 6.2.10.1 Description

The ‘Recipient POC Details Report’ lists individuals who are a recipient organization’s Points of Contacts (POC). The list may be filtered by ‘Recipient POC Contact Types’ and/or ‘Recipient POC SAM Contact Types’. The report includes details for each POC such as their title, address, contact information, and contact type.

#### 6.2.10.2 Report Locations

1) Dynamic Report:
   a) Go to the Actions tab.
   b) Click the ‘Recipient POC Detail Report’ link.

2) Static Report:
   a) Go to the Records tab.
   b) Click the ‘Static Reports’ folder.
   c) Click the desired year.
   d) Click the ‘Recipient POC Detail Report’ link.

#### 6.2.10.3 Dynamic Report Search Criteria

The following search criteria can be applied to the ‘Recipient POC Detail Report’:

1) Recipient Name/ID *FTA Only
2) Recipient Office/Region *FTA Only*
3) Recipient POC Contact Type *
4) Recipient POC SAM Contact Type*

* Only of the three starred fields is required for this report.

#### 6.2.10.4 Form View

The ‘Recipient POC Detail Report’ form appears as follows:
6.2.10.5 Dynamic Report Link

Report Link Text: ‘Recipient POC Detail Report for [User] [Date]’

6.2.10.6 File Names for Downloaded Reports

- Actions Tab: “Recipient POC Detail Report for [User] [Date].xlsx”
- Records Tab: “[Date] Recipient POC Details Report.xlsx”

6.2.10.7 TrAMS Report Fields

<table>

6.2.11 User Details Report

Refer to the FACES user guide for more information about the User Details Report.
6.2.12 Static Reports – Records Tab

Static reports are accessed from the ‘Records’ tab. Static reports are stored by fiscal year, report name, month, and day. Reports are generated on a nightly basis and are cumulative starting with the first day of the fiscal year (October 1). Static reports have no filter criteria applied and show data for all Cost Centers and recipient organizations.
To access a historical static report:

6. Go to the ‘Records’ tab and click on ‘Static Reports’.

7. Select the fiscal year for the static report you wish to view. Archived data from TEAM is available for fiscal years prior to 2016 (e.g. click folder “FY 2015 Archive”).

8. A list of all available static reports will display. Click on the desired report name (e.g. ‘Application Budget Report’).
9. A list of months will display in federal fiscal year order (October – September). Click on the desired month.

10. The list of available reports by day will display. Click a report link to download a copy and save to your local environment. All reports are Microsoft Excel formatted.

### 7.1.2 Glossary of Terms

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Appian</td>
<td>Web-based Business Process Management (BPM) software used to development the FTA Platform that houses TrAMS.</td>
</tr>
<tr>
<td>Application</td>
<td>A request for financial assistance in TrAMS through federal grants and cooperative agreements.</td>
</tr>
<tr>
<td>Award</td>
<td>An application that has been awarded in TrAMS (the application can be a grant or cooperative agreement)</td>
</tr>
<tr>
<td>Buttons</td>
<td>Used to perform actions such as saving data, deleting data, or leaving the form.</td>
</tr>
<tr>
<td>Cost Center</td>
<td>A term used to represent an FTA regional or Headquarters office within TrAMS. Link back to the page where it’s referenced.</td>
</tr>
<tr>
<td>Dashboard</td>
<td>A user interface that organizes and presents information in a way that is easy to view and read.</td>
</tr>
<tr>
<td>Field</td>
<td>A user input element on a form for entering data (e.g. a checkbox or textbox).</td>
</tr>
<tr>
<td>Form</td>
<td>A web-page where a user enters data or information.</td>
</tr>
<tr>
<td><strong>Grid</strong></td>
<td>The Appian term to describe a table. Grids have records (rows) and fields (columns).</td>
</tr>
<tr>
<td>----------</td>
<td>---------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>Group</strong></td>
<td>A collection of TrAMS users. All users with the same role in the same Recipient Organization will belong to a group (e.g. Transit CO ABC Submitters).</td>
</tr>
<tr>
<td><strong>Menu</strong></td>
<td>A list of options displayed on screen either in a list, dropdown list, or toolbar (top to bottom or across the top of the page).</td>
</tr>
<tr>
<td><strong>Navigation Menu</strong></td>
<td>A series of links specific to the type of record.</td>
</tr>
<tr>
<td><strong>Navigation Tabs</strong></td>
<td>Displays FTA-platform and system-specific information to all users. Tabs are used to navigate through the system.</td>
</tr>
<tr>
<td><strong>Page</strong></td>
<td>A web-page or web-enabled screen.</td>
</tr>
<tr>
<td><strong>Project</strong></td>
<td>Is a single activity or group of related activities that comprise a project within an application; and has a defined budget and schedule.</td>
</tr>
<tr>
<td><strong>Recipient Organization</strong></td>
<td>A recognized recipient, that has been assigned a unique FTA identification number (4 digits), which is also referred to as a Recipient ID Number. Recipient Organizations are tied to FTA Cost Centers.</td>
</tr>
<tr>
<td><strong>Role</strong></td>
<td>A set of privileges and responsibilities within TrAMS assigned to a user. Users can be assigned one or more roles.</td>
</tr>
<tr>
<td><strong>System</strong></td>
<td>A software application (e.g. TrAMS). The term “system” is used throughout this user guide instead of “application” to avoid confusion with TrAMS grant applications.</td>
</tr>
<tr>
<td><strong>Task</strong></td>
<td>An assigned step within a workflow. Appian can assign tasks to individual users or groups. Users can assign tasks to other users within the TrAMS system.</td>
</tr>
<tr>
<td><strong>User</strong></td>
<td>An individual with a TrAMS account that has at least one assigned user role and has logged into the FTA Appian Platform.</td>
</tr>
<tr>
<td><strong>Workflow</strong></td>
<td>A series of steps in a pre-defined process that must be completed in order.</td>
</tr>
</tbody>
</table>
