1 About this User Guide

The Transit Award Management System (TrAMS) User Guide is a technically-focused manual intended to help users understand the system and perform work within it. Readers of this guide will learn basic navigation, system terminology, management of different system records, workflow progression, and other skills necessary to master the system.

This guide does not provide business guidance. Readers will encounter many references to business terminology, explanations of the Application to Award lifecycle, and familiar forms and reports, but only as it is necessary to help learn how to accomplish their work in TrAMS. The guide lays out many system rules, such as when a certain field is available, or which user roles may access certain actions. However, the guide does not define business rules or best practices, such as when it might be appropriate to take one action over another.

For best practices and other guidance, readers of this guide should refer to FTA circulars or FTA Regional Offices.

2 TrAMS Overview

The Federal Transit Administration (FTA) as part of the U.S. Department of Transportation (DOT) provides financial assistance to develop new transit systems and improve, maintain, and operate existing systems. Financial assistance to states and local transit providers (from here on referred to as recipients) is provided through federal grants and cooperative agreements. Recipients of these federal funds are responsible for managing their programs in accordance with federal requirements, and the FTA is responsible for ensuring that the recipients of these funds follow federal mandates along with statutory and administrative requirements. The Transit Award Management System (TrAMS) is a web-based tool that was developed to allow recipients to apply for federal funds, manage their programs in accordance with federal requirements, and provide the FTA with a method to review, approve, control, and oversee the distribution of funds.

The TrAMS application is based on the Appian platform. The platform provides workflow control through role-based access and by assigning 'Tasks' to the appropriate 'User Roles' when a particular step in a grant's life cycle should be performed. Recipients initiate the grants process within the TrAMS application and are notified by email of any assigned tasks. Access to specific TrAMS grant functions are restricted to only be available during certain times within the grant's life cycle and to users who are allowed to perform those tasks.

2.1 Recipients in TrAMS

The TrAMS system maintains information on each recipient organization, the organizations compliance with eligibility requirements for awards, and the users within their organization.

Recipient Organization profile information is automatically imported from the System for Award Management (SAM). Any changes to organizations information such as name, address, phone, emails, contact information, etc. must be made in SAM. Additional organizational information including, Congressional Districts, Fleet, Point of Contact and Union, Direct Recipient and Sub-allocation information is updated using TrAMS functionality. When applying for a grant, all required organizational information is taken from the Recipients organizations record.

To apply for FTA grants, recipients must ensure that they are in compliance with required civil rights programs. Using TrAMS, recipients must annually submit their Certification and Assurance that they adhere to the program standards. Through TrAMS they document, manage, and verify compliance to Equal Employment Opportunity (EEO), Title VI, and Disadvantage Business Enterprise (DBE) programs.

Each user within a recipient organization is provided with a unique 'User Name' for accessing TrAMS. Their user name is linked to one of more 'User Roles' that controls the information that they are allowed to view and update in TrAMS. Each organization has one or more users that have been granted the role of 'User Manager'. The 'User Manager' is able to manage the access to TrAMS for their organization, including adding new users, inactivating users, and assigning user roles. Each user role is linked to a specific subset of allowed activities and linked to assigned tasks as a grant moves through its life cycle.

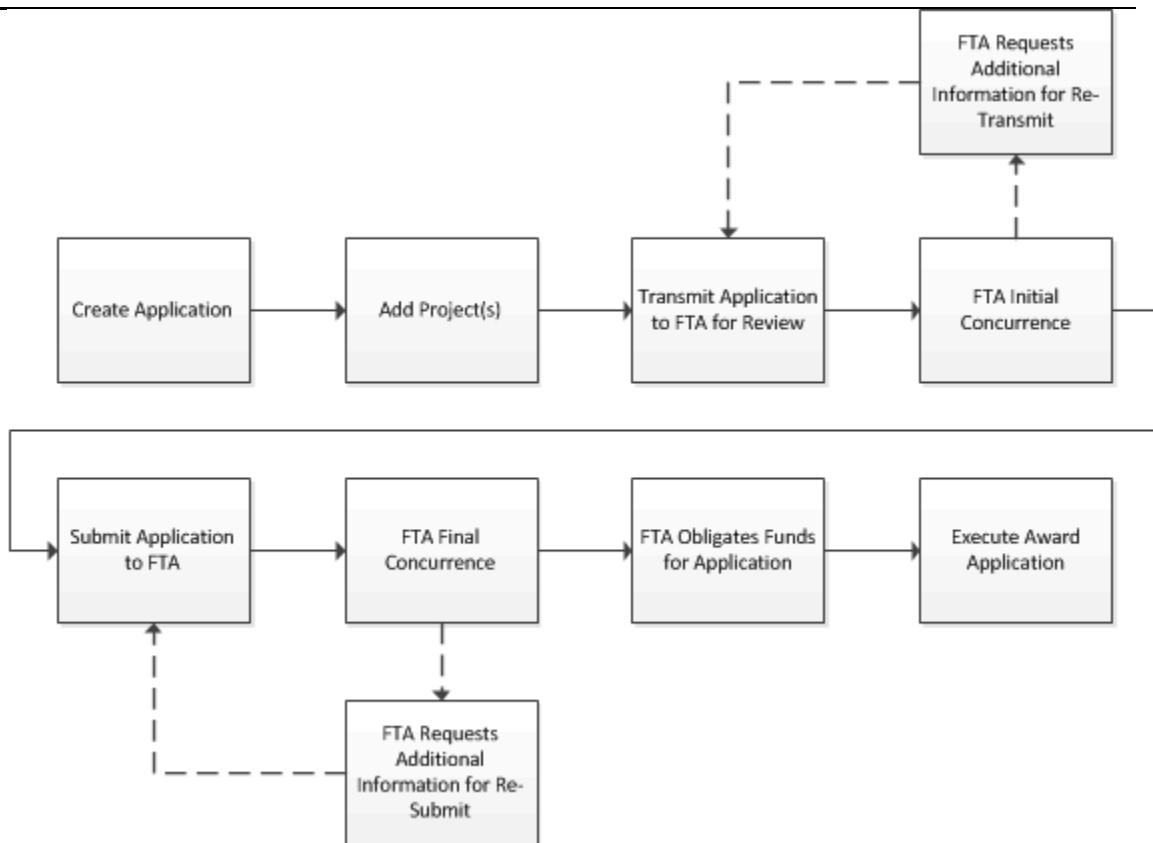

2.2 Grant Life Cycle in TrAMS

Using TrAMS a designated user representing the recipient organization will draft an application to begin the TrAMS Grant Life Cycle. Recipients will need to provide a high-level overview of the general purpose of the grant and answer some general questions regarding the purpose of the request. The recipient will then be required to add more specific information regarding the specifics of a grant by adding one or more projects. Projects within TrAMS allow for adding the details associated with an application including such items as location of project, type of work to be performed, environmental findings, funding source, funds requested, and expected project milestones. Additionally, TrAMS allows recipients to upload supporting documentation both on a project level and at the application level. Once a project is complete the system will perform a validation on the project to verify its completeness. After all projects for an application have been completed and validated, the system will perform a final validation on the application prior to the recipient being able to submit it for an initial FTA review.

Each recipient organization belongs to one of 10 regional FTA offices. Applications submitted to the FTA in TrAMS are transmitted to the recipients' local regional office. A pre-award manager from the regional office will be assigned to review the application for completeness and accuracy. The pre-award manager will use TrAMS to assign any additional required reviews (environmental, civil rights, and technical). These additional reviewers will receive a TrAMS task to log their concurrences or objections and provide any additional feedback. After all requested reviews have been completed TrAMS will notify the pre-award manager and assign him a new task to complete. The pre-award manager may at this point assign a task to the recipient to make changes or comments to their application or have TrAMS assign the application its Federal Award Identification Number (FAIN). Once the FAIN has been assigned the recipient will receive an email indicating that they have received initial approval of their application and that they have been assigned a task to submit the final application.

After submission has occurred the pre-award manager will receive a task to determine and assign any additional reviews that need to take place and request that funds are reserved. Again, tasks will be assigned to additional regional reviewers to log their concurrences or objections along with a task to the regional reservationist to reserve the funds. Once more TrAMS will allow the pre-award manager to route the application back to the recipient for additional changes if necessary. Following the completion of the approval process the regional Administrator will receive a task to approve and obligate the funds for the award. A user designated as the recipient 'Official' will receive a task to accept the award. At this point the award will be executed and will move into a post award phase of grant.

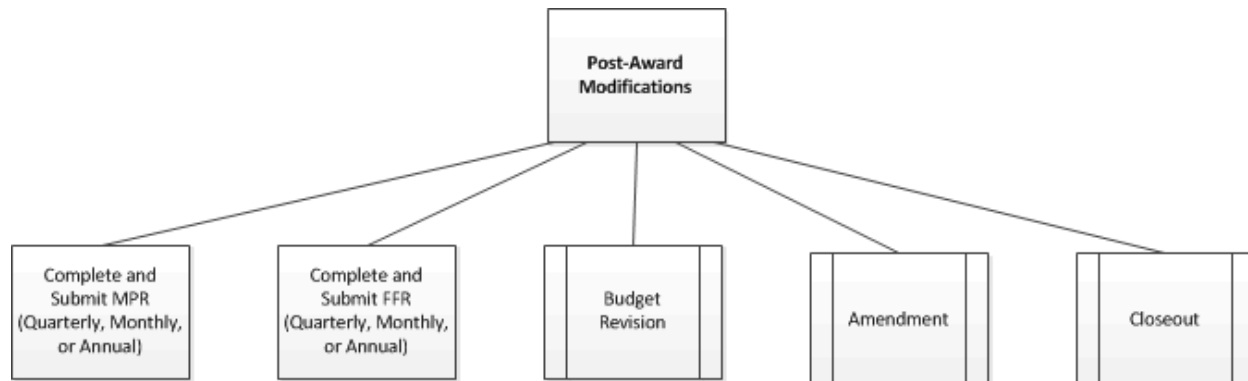

During the post-award phase, the recipient organization will be required to fulfill the terms of the award. Each award requires the recipient to provide a Federal Financial Report (FFR) and a Milestone Progress Reports (MPR). Frequency of these reports depends on the size of the recipient organization, the type of funding, and the amount of the funding. The TrAMS application will maintain the required frequency of these reports for each grant and will assign a task to the recipient prior to their due dates. Both the FFR and the MPR report will be created within the TrAMS application. Upon their completion they will be forwarded to FTA for review and will be maintained within the system throughout the life of the grant.

Required modifications to any grant are also maintained, reviewed, and approved using TrAMS. Three different types of changes to grants are available using TrAMS, Budget Revisions, Grant Amendments, and Administrative Amendments. Budget Revisions may be initiated by the recipient for changes that do not involve changes to scopes and funding of the grant. For changes to the scope or funds the recipient may initiate a Grant Amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. An Administrative Amendment is initiated by the FTA and will be used to modify grant name changes, clarify or modify terms and conditions of the grant or make funding adjustments to the grant.

Once all activities of a grant have been completed or all Federal funds expended the recipient must request a 'Closeout' of the grant using the TrAMS application. The recipient will be required to submit within TrAMS a final version of their FFR and MPR reports. Any unexpended balance of Federal funds will automatically deobligated by TrAMS upon closing of the grant. The grant closeout process may also be initiated by FTA in the event that the FTA determines that there is a failure to comply with the terms and conditions, failure of the recipient to make progress, or if they determine the funds are no longer needed for various reasons.

Following the completion of the closeout process of a grant, all financial records, supporting documents, and any submitted reports associated with the grant shall remain available in TrAMS for review by both the FTA and the recipient organization.

2.3 Information Exchanges

TrAMS interacts with other FTA and government systems in maintaining recipient organization information and awarding and executing grants and cooperative agreements. TrAMS interacts directly or indirectly with the following systems:

- **System of Award Management (SAM):** TrAMS obtains recipient organization information from SAM via a nightly update that includes such information as: legal business name, addresses, phone numbers, emails, DUNS, TIN, Cage Numbers and SAM organization contact information. Some recipient information from SAM displays in TrAMS. Any updates to the recipient's SAM information must be made in SAM; and must be completed by the recipient organization.
- **Grant Notification System 'GNS':** Applications funded from certain grant programs or discretionary funds are required to go through the Congressional Release Process. TrAMS transmits a file to GNS for these applications when they are ready to be awarded.
- **Financial Management System (FMS):** FMS is the interface for financial transactions between TrAMS and Delphi, where award information is transmitted nightly.
 - **Delphi eInvoicing System (DELPHI):** FMS sends the award/obligation information to be processed by DELPHI. Delphi's ESC/E Invoicing (sub-system) is used for requests for

drawdowns against cooperative agreements. Note: TrAMS does not directly interface with DELPHI.

- **Electronic Clearing House Operation (ECHO):** Requests to draw downs against grants are processed through ECHO Web 2.0 application. ECHO Web 2.0 interacts with FMS to ensure that only obligated funds are distributed. Note: TrAMS does not directly interface with ECHO.
- **Oversight Tracking System (OTRAK):** TrAMS transmits a monthly report of Recipients and Total Obligations to OTRAK. OTRAK maintains oversight review information on recipient organizations.
- **USA Spending:** As mandated through the Federal Funding Accountability and Transparency Act, federal assistance award information shall be available for public access on the usa.spending.gov website. TrAMS transmits a file on semi-monthly basis to provide award information to the site.

3 Getting Started

3.1 User Management and Access

3.1.1 Getting Access

In order to access TrAMS, users will first need an account set up for them using the FTA Access Control and Entry System (FACES). FACES is the user creation and management system for each user on the FTA platform where TrAMS resides. FACES is used to manage security requirements. This includes authenticating users when they try to log in to the FTA platform, locking accounts, recertifying user accounts, etc. FACES is used to assign and manage the user roles that will dictate what users see and do in TrAMS.

The [FACES User Guide](#) offers more detailed step-by-step instructions for establishing and managing user roles as mentioned above. The following sections of this user guide provide more detailed information about users and user roles within TrAMS.

3.1.2 Initial Login to TrAMS

Once user roles have been established in FACES, users can log into TrAMS through a browser via <https://faces.fta.dot.gov/suite/>.

New FTA users should contact their FTA office/region's Local Security Manager (LSM) or Supervisor in order to obtain access to TrAMS. After the LSM or Supervisor has activated the user's account in TrAMS, the user will receive an email from TrAMS indicating that the account is ready for use.

New Recipient users should contact their organization's 'User Manager' in order to obtain access to TrAMS. After the User Manager has added the users contact information into TrAMS the user will receive an email from TrAMS indicating that the account has been created.

For login instructions, see the [FACES User Guide](#).

3.1.3 Browser Support

The TrAMS web system may be accessed through a web browser.

The following web browsers are supported by TrAMS:

- Microsoft Edge
- Microsoft Internet Explorer
- Apple Safari
- Mozilla Firefox
- Google Chrome

3.1.4 User Roles

3.1.4.1 Introduction

There are three account types in TrAMS:

- FTA User Roles
 - These consist of FTA employees and Federal Contractors.
- Recipient User Roles
 - These consist of individuals who are employed by or support a Recipient Organization.
 - Note that Recipient Users are also referred to as Organization Users in the FACES User Guide.
- DOL User Roles
 - These consist of Department of Labor employees.
 - Note that DOL Users are also referred to as External Users in the FACES User Guide

3.1.4.2 Recipient User Roles

Each recipient organization will have a User Manager assigned to them and it will be the User Manager's responsibility to assign roles to each user within their organization. Recipient users will be assigned one or multiple roles. The roles assigned to a user control the 'Actions' that a user will have access to and the 'Tasks' that the system assigns to the user. Recipient users are limited to viewing the data for the recipient organizations that the user belongs to.

The following table lists the available user roles that may be assigned to recipient users and the system actions that these roles provide access to.

3.1.5 User Profiles

A User record includes all information that is directly related to a user's profile such as their name, address, title, and user roles. FTA users within an FTA office/region may see other users from within their office/region along with their 'Summary' page and 'User Details' information. Recipient users within an organization may see other users from within their organization along with their 'Summary' page and 'User Details' information.

Each user may manage their profile information. All information other than email address/username, current user roles, and the FTA office/region that they are a part of may be edited by the user. User roles may be edited by User Managers (refer to [User Manager Responsibilities](#) of the TrAMS Recipient User Guide for more information), LSMs, and Supervisors. FTA users should contact their office/region's LSM or Supervisor if they need to make additions or deletions. Recipient users should contact their organization's User Manager(s), LSM(s), or GSM(s). Changes to email addresses are not possible – if users need to change their email address, they must have an LSM or Supervisor activate a new FTA account with the new email address.

3.1.6 User PIN

TrAMS employs a PIN-based system to add security to some of its functions. A four-digit numeric Personal Identification Number (PIN) code, as set by the users themselves, will be required to complete specialized actions only available to specific user roles. The Recipient Roles are Submitter, Attorney, and Official. The FTA Roles are Administrator and Budget Director.

For recipient organization users, a PIN is used to formally submit an application to FTA for review as the Submitter, execute an application as the Official, and sign off on Certifications and Assurances as either the Official or Attorney.

User Setup

3.1.6.1 User Manager Responsibilities

Each organization will have one or more users that have been assigned the 'User Manager' role. As a User Manager for an organization a user is able to:

- Create new users
 - Assign user roles
- Create multiple users
- Review user role request
- Manage role documentation
- Review unlock requests
- Update existing user records
 - Edit user profile information
 - Deactivate users
 - Reactivate users
 - Manage user roles
 - Unlock users
- Recertify user roles

Some roles added by User Managers require elevated approvals (Submitter, Official, and Attorney). When these roles are added, a role request is generated and a request to review the role is sent to the user's LSM.

Some roles require justification for their assignment to a specific user. The TrAMS Submitter, Attorney, and Official roles require a Delegation of Authority letter from the agency's CEO justifying the assignment of the role to the specific user. Justification documentation can be uploaded in advance of role assignment via the Manage Role Documentation action or uploaded at the time the role is added on the Manage Roles form.

User accounts are automatically locked after 60 days of user inactivity. Users who are locked out will still be able to log into TrAMS but their access will be severely restricted. User Managers may review unlock requests for users in their organization.

Once a user has been created, users with the User Manager role are able to manage details for existing users in their organization including: managing the users' profiles, updating their user roles/privileges, and assigning User Manager privileges. Users may be deactivated from the Users Record, and deactivated users may be reactivated as well.

3.2 Understanding Workflow

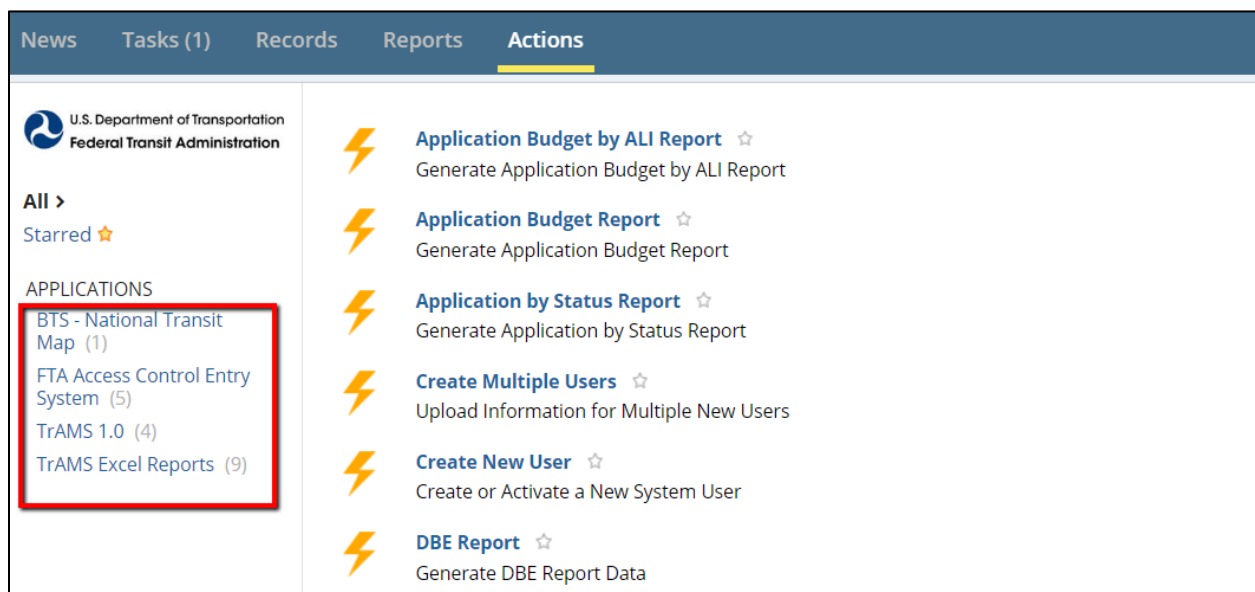

The underlying FTA Platform software, Appian, is workflow based – it is designed for situations where the work consists of steps in a pre-defined process such as applying for a grant or cooperative agreement. In Appian, workflow is carried out by a set of users. Users can access portions of TrAMS and take actions in TrAMS based on their user roles. Some user actions in TrAMS will kick off a workflow such as submitting a grant to FTA for review.

TrAMS automates the workflow associated with creating, awarding, and administering FTA awards. Each workflow step is associated with a specific user role responsible for completing the step. As part of the workflow, Appian assigns ‘Tasks’ to users with the appropriate user roles to prompt completion of the next “step” or “action” in the process. Steps in a workflow must be completed in the order defined.

To understand how tasks work, see the Task Tab section of Navigating TrAMS.

3.3 Navigating TrAMS

The software systems residing on the FTA Platform, including TrAMS, all share a common layout. This section provides a brief synopsis of the FTA Platform layout followed by TrAMS-specific information on how to navigate, find, and work with data in TrAMS. Users with access to multiple systems (TrAMS and NTD) on the FTA Platform will see content from each of their systems at the same time within the common layout.

3.3.1 Navigation and Views

After logging in via <https://faces.fta.dot.gov/suite/>, you will see the FTA Platform homepage. The homepage contains four distinct areas as shown below in Figure 3: Navigation:

Figure 1: Navigation

1. **Navigation Tabs:** Located across the top of any FTA Platform screen are five tabs. The tabs are used to navigate through the system. All TrAMS users regardless of the User Roles assigned, will see these five tabs:

1. News
2. Tasks
3. Records
4. Reports
5. Actions

2. **User Account Information:** Located at the top right corner of the screen, the silhouette icon provides quick access to your user account, this includes three options:

Profile: Provides a means for the user to view and update their individual profile information and to set up their Personal Identification Number (PIN). See the [FACES User Guide](#) for PIN Set up

Settings: The user settings Page is where the user can set language and time zones and adjust other settings.

Sign – out: User can select the sign-out from the dropdown to close the application

3. **Navigation Menu:** The navigation menu may appear on the left-hand side or at the top of the screen. The navigation menu allows you to filter for specific data within the tab that is being viewed and may contain a menu of additional information you can view. Filters and menu items vary by tab and data type selected. In some cases, a search bar is available to allow you to quickly find specific items.
4. **Main Content:** This area displays menus, entry forms, reports, and other data. The information displayed is specific to the functionality of the tab you are working in (for example, only tasks will display when working in the 'Tasks' tab). When printing from within a web browser, only the content in the Main Content area will be included

3.3.2 Navigation Tabs

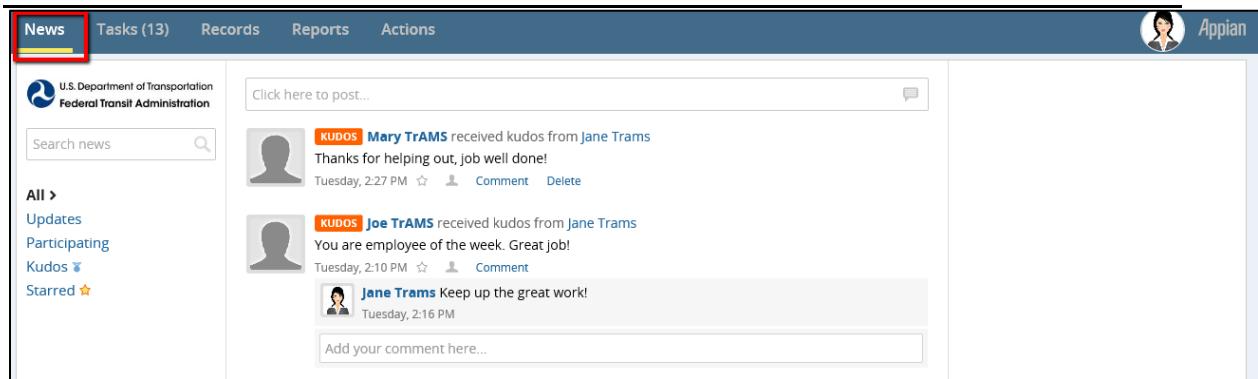

3.3.2.1 News Tab

The 'News' tab displays platform and software system-specific news to all users and allows the user to collaborate with other users through messaging. News feeds and messages may be targeted to specific users and/or groups, or to all users. The 'News' tab is the default tab displayed when a user initially logs into the platform.

The News Tab is the general landing page once you log on to the system. TrAMS automatically posts news feeds for a recipient organization for activities such as when:

- Applications are created
- Applications are returned to the recipient for comments and changes
- Applications are transmitted to FTA for initial review/concurrences
- Applications are submitted to FTA for final review/concurrences

TrAMS messages are grouped by award application and viewable by recipient organization users and FTA users. Feeds will appear with the most recent posting found at the top of the list. You can use the left-hand navigation to search for specific events or to filter down to a selected view. You can also follow specific users or groups.

You can click the empty star next to a news entry to “star” or flag important entries. You can then filter on all “Starred” entries using the “Starred” filter on the left-hand navigation pane.

FTA occasionally posts messages to all users on the news page. These posts are not monitored. Please do not respond to FTA messages posted here.

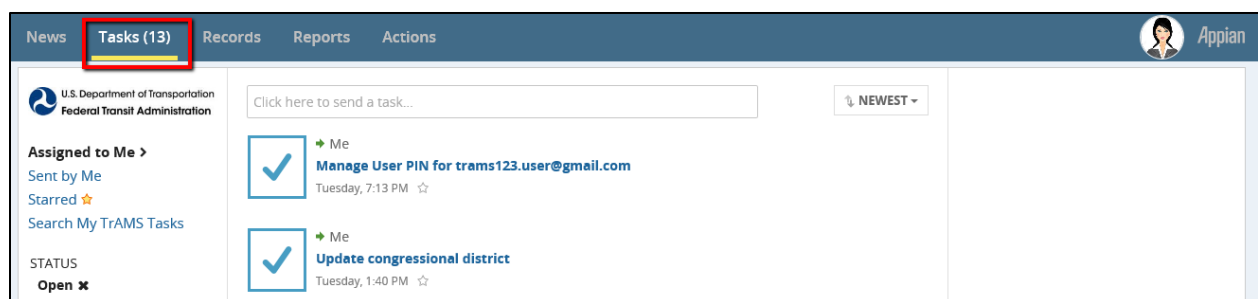

3.3.2.2 Tasks Tab

The ‘Tasks’ tab shows specific work items that have been assigned either to you or to groups to which you belong. TrAMS generates and assigns tasks to a specific user or user group at certain steps in the grant life cycle. TrAMS is workflow-based and tasks are used to move an application. Clicking a task link will open the associated task.

As an example, users that have been assigned the ‘Official’ user role will receive a task when an award is ready for execution. By accepting the task, the ‘Official’ will be able to review the award information and sign their acceptance.

The ‘Tasks’ tab also lists any social tasks assigned to or by you. The number of open tasks assigned to the user (both process and social tasks) displays next the ‘Tasks’ tab title enclosed in parentheses.

Social Tasks are derived from other users and not directly from TrAMS. Social tasks do not have task forms. Instead, they can be commented on, or closed, directly from the task list.

You can click the empty star next to each task to “star” it. You can then filter on all “Starred” tasks using the “Starred” filter on the left-hand navigation pane.

Tasks are assigned when a user needs to perform a specific action as a part of a workflow. Users are notified by email when tasks are assigned to them. The workflow waits for the task(s) to be completed prior to moving on to the next step (or task) in the workflow.

Tasks may be assigned to an individual user or to a group of users who share the same role. You can tell which type of task has been assigned by looking at the text above the task link. Tasks assigned directly to you will show the text “Me” above the task link. Tasks assigned to a group will show the group name.

Figure 1: Individual Task shows an example of a task assigned to a specific user. Figure 2: Group Task shows an example of a task assigned to a group.

Figure 2: Individual Task

Figure 3: Group Task

When tasks are assigned to a group of users, any user within the group may claim and complete the task. Once a task has been claimed, the task becomes unavailable to the other users in the group. If you select a task and then decide not to complete the task, you can return the task to the group for someone else to pick up.

3.3.3 Task Notifications

Automatic system-generated task notifications are sent via email at the time the tasks are created. Task notification emails have the following characteristics:

- From: Appian for Federal Transit Administration (PROD)
- To: User's Saved Contact Email (as viewed on User Profile – if your email has changed, speak with your User Manager)
- Subject: New Task: [Type of Task that has been assigned]
- Body: Link to the task

Note: Check your Junk folder if you believe you should have received a task notification and cannot find it in your email.

3.3.4 Accepting Tasks

When you receive a task notification email, you may click on the provided link. The link will redirect you to the FTA Platform log on screen. After logging into the system, you will be either redirected to the task form or you may need to check your task queue by going to the 'Tasks' tab. In the latter situation,

1. Click on the 'Tasks' tab.
2. Find the corresponding task link (use filters as needed).
3. Click on the link provided to accept the Task.

4. For group tasks, TrAMS will display an 'Accept' and 'Go Back' button options. Click the 'Accept' button to claim the task and begin working on the task. You can leave the task form and return later.

5. If you leave the Task and return later, you will notice that the task will appear as assigned to you (or 'Me') on the Tasks tab.

- Complete and submit the task. The Task will be removed from your task Tab once the task has been completed.

Note: If the Task form appears to be in read-only mode, scroll to the top of the form to verify that you have accepted the task.

3.3.5 Returning Tasks

If you have selected the wrong task or would prefer to work on the task at another time, you can return the task to the original assigned user(s) list. This can be done whether you have formally accepted the task.

- To return a task that you've opened, but not yet accepted, click the "Go Back" button at the top of the screen.

- To return a task that you have already accepted, scroll to the bottom of the page and select the "Close", "Close Task", or "Return to Group" button. The button terminology will depend on the specific task.

Note: If you have returned the task but do not immediately see the task back in your task queue, refresh the task queue by clicking on the 'Task' tab again. When returning a task to the group, you may also see a new email notification.

3.3.6 Records Tab

The 'Records' tab provides a way to access and work on records that already exist in the system. Records consist of all information for a specific type of data, such as all the information about a recipient organization or an application. Click the 'Records' tab to see a list the records types you have permissions to view.

All TrAMS users can view the six (6) record types defined in Table 2: Record Types.

Table 1: Record Types

Name	Description
Application/Awards	Contains applications and awards associated with recipient organization(s) or regional cost center FTA Staff members
Projects	Provides direct access to the individual projects that make up applications and awards.
Recipient Organization	Contains recipient organization information. If you are a recipient organization member, you can only see the recipient organizations to which you belong.
Static Reports	Contains historical copies of nightly generated reports.
Systems	Contains Software Release Information and FAQs for TrAMS and all other FTA Platform systems. See the FACES User Guide for more details.
Users	Contains information about all users within the recipient's organization (or regional cost center for FTA Staff members). See the FACES User Guide for more details.

3.3.7 Reports Tab

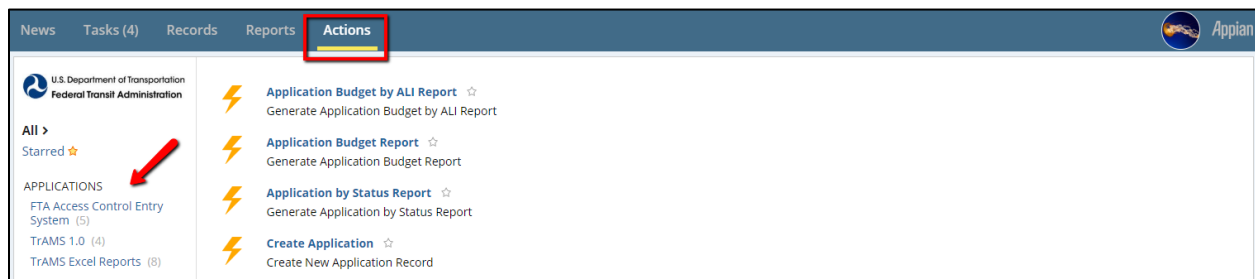

The 'Reports' tab provides access to a suite of reports accessed by clicking on the report name link. Currently, only a limited number of reports are available on the 'Reports' tab for TrAMS users. Additional TrAMS reports are available on the 'Actions' tab and are expected to be transferred over time (e.g., MPR and FFR reports). Recipient users can find the following reports under the Reports Tab:

- Disadvantaged Business Enterprise (DBE) Report.
- Disbursement Report
- Recipient POC Details
- User Details Report

3.3.8 Actions Tab

The activities, listed on the 'Actions' tab, are available to execute at any time. Available actions are based on your user roles. The 'Actions' tab provides a way to create new records, create and view Excel reports (use the TrAMS Excel reports in the left menu to filter options), and perform searches for specific records (use TrAMS 1.0 in the left menu to filter only to those options, such as search FFR/MPR reports). You will see FTA Access Control System (ACS) in the left menu only if you are a User Manager, and will see the available ACS options in the Action Tab main menu. See the [FACES User Guide](#) for information about associated Actions.

3.4 Working with the Navigation Tabs

This section contains general guidance on how to search for information within the standard FTA Platform layout. The guidance is applicable to all systems on the FTA Platform.

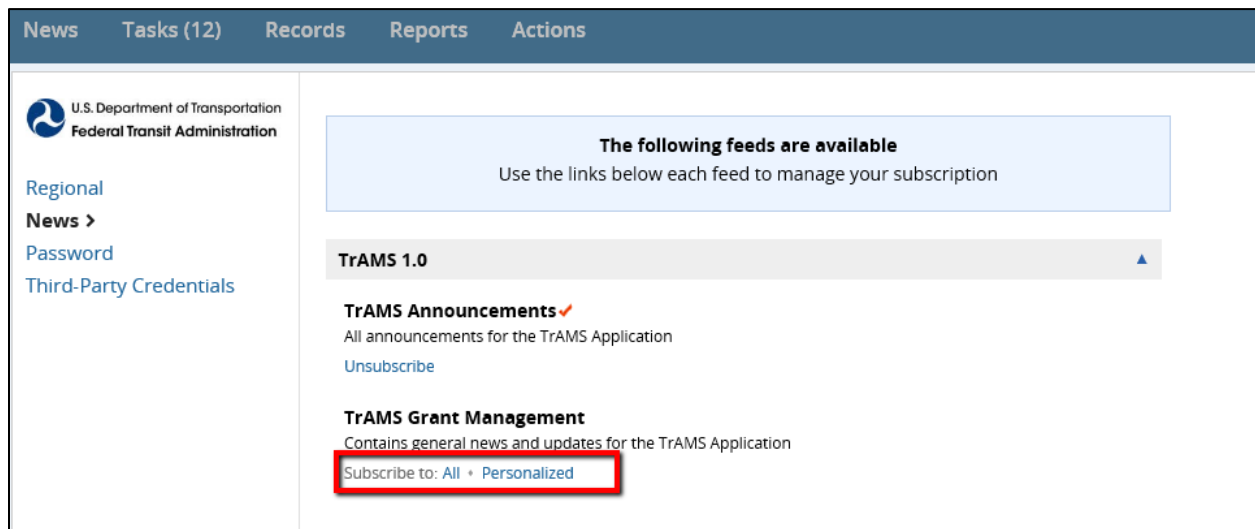

3.4.1 News Feeds

Any user with viewing permissions to a post can search the 'News' tab for that post. You can manage what you see and don't see on the news feed, these are restricted by the permissions you set. Viewing permissions for posts, messages, and kudos are granted only to the sender and his/her intended recipient users/groups. You can view, subscribe, and unsubscribe to news feeds using the following steps:

- 1) Click your user icon at the top right corner of the page and then select 'Settings'.

- 2) From the left navigation menu, select 'News'.

- 3) To subscribe to a feed, click either the 'All' or 'Personalized' link below the feed name.
 - a) 'All' subscribes you to all events added to that feed. A check mark will indicate that you have subscribed to 'All'.
 - b) 'Personalized' subscribes you to only view events added to that feed and targeted specifically to a group in which you're a member. Check with your system administrator before enabling this setting as they will need to configure this option. A person icon next to the news feed title will indicate that you have subscribed to 'Personalized'.
- 4) To unsubscribe from a feed, click the 'Unsubscribe' link below the feed name. Once you unsubscribe, you will no longer see events in your 'News' tab from that specific feed.

- 5) You can also unsubscribe from a feed from the 'News' tab directly by positioning your cursor over a news item and clicking the small red 'x' that appears.

Note: If you do not wish to see the system's automatic posts about awards, you can unsubscribe from the 'TrAMS Grant Management' news feed. It is recommended that you do not unsubscribe.

3.4.2 Records

You can search for data using the 'Records' tab. The record types that you can access will depend on your user role(s). The primary Record options are outlined in the following section and include:

- 1) Applications/Awards
- 2) Projects
- 3) Recipient Organizations
- 4) Static Reports,
- 5) Systems
- 6) Users.

A search box and additional filters can be used to refine your search within a given record type.

3.4.2.1 Searching from the Records Tab

To search for records using the 'Records' tab:

1. Click on the 'Records' tab on the navigation bar.

2. Select one of the record types available (e.g., "Applications / Awards").

3. A form will open listing the first hundred (100) records with hyperlinks to each record. Scroll to the bottom of the form to see the total number of records available for you to view.

4. Record-specific information will display with the record hyperlink (bold blue font) and under each record shown. This information varies by record type. For example, the Application record type shows the grantee name, application current status, and last updated date for the application.

Example User Record

5. For most record types, a search box and filters will display horizontally across the top of the screen where you can enter search criteria.

The search box is not case sensitive. The magnifying glass is an icon, use your key board enter key to populate the search item. When searching for an award or project identification number, the dashes are required.

Filters will vary based on data type selected. Static Reports will not contain any search filters.

Filter dropdown boxes have pre-determined filters from which you can select. Specific filters for each record type are discussed in subsequent user guides.

6. Records that meet the search criteria will display on the page.

3.4.2.2 Record Contents

Upon opening a specific record, in most instances, a high-level summary of the data populates in the main content area of the screen. This is the “Summary” dashboard in the navigation bar.

News Tasks (4) **Records** Reports Actions

Records / Applications / Awards

Related Actions: The top navigation menu contains links specific to the type of record. This will often include a 'Related Actions' option (sometimes referred to as a 'tab'). The 'Related Actions' opens to a page of options to view and modify detailed record information. Your ability to update record information depends on your assigned roles as well as the current state of the data (ex. recipient users with read only can view, however they cannot edit applications).

3.4.3 Using Search Fields

Both the 'News' and 'Records' pages contain search boxes/bars that can be used to filter available information. The search boxes/bars can be identified by a magnifying glass icon located within the box. As an example, the 'News' contains a search box on the top left-hand side of the screen as shown in the following screenshot.

Note: The magnifying glass icon in the search bar is simply an image and has no function.

Searches are case insensitive. Searching on **bus** returns the same entries as **Bus** or **BUS**. Searches will return partial matches as well. Searching on **bus** will return entries containing **bus**, **business**, or **busy**.

Depending on the type of information on the page, search entries can be entered in the following ways:

- **By Keyword(s):** Enter a word, the first part of a word, or multiple words into the search box and then press the 'Enter' key. The platform will return items that contain the search term(s). To search for a specific phrase, enclose the phrase in quotation marks (" ").
- **By Author:** Enter the text **from:** followed by all or part of a name, and then press 'Enter'. The search will return entries attributed to a user with a partially or fully matching first name, last name, or username. For example, **from: Smith** might return entries by John Smith, Matt Smithers, Smith Jordan, Smith Company, or robert.smith. It does not search through any comments. To include both a first and last name, enclose the name in quotation marks. For example, **from: "John Smith"** will only return entries attributed to John Smith. Searching by author only applies to searches on the 'News' page.

- **By Keyword and Author:** By combining the two tactics above, you can search for entries that contain a specific keyword and were attributed by a specific author. For example, `contract from:"John Smith"` only returns entries authored by John Smith that contain the word "contract." Entering `from:"John Smith" contract` returns the same results since contract is outside the quotes.
- **By Star Status:** Enter the text `is:starred` along with your other search requirements to narrow down results to only those you had previously starred. For example, `is:starred task` only returns tasks that were starred by you. Entering `contract from:"John Smith" is:starred` only returns entries authored by John Smith, containing the word "contract", and had been starred by you.

Table 3 presents search tips by data type in TrAMS.

Table 2: Search Box Tips

Data Type	Search Tip
News	The 'News' tab will return posts, messages, kudos, and events that contain the search term(s) either in the main entry or within a related comment. Searching by author does not search through comments attributed to the user.
Applications/Awards	Dashes are required when searching by application ID (e.g. search <code>FL-2018-001-00</code> and not <code>FL201800100</code>). Partial names are ok but must be continuous (e.g. <code>FL</code> is acceptable as is <code>FL-2018</code> and <code>2018-001</code>).
Recipient Organizations	Vendor ID or name or acronym

3.4.4 Actions Tab Searches

The 'Actions' tab contains options for dynamically searching through TrAMS information. To access the search options:

- 1) Select the 'Actions' tab.

- 2) Click the "TrAMS 1.0" application filter in the left-hand navigation pane (other filters may be available). The list of available actions and search options will display, what populates is based on your user roles.

The screenshot shows the 'Actions' menu in the TrAMS system. The menu includes options like 'Create Application', 'Search Applications / Awards', 'Search DBE Report', 'Search FFR and MPR for Review', and 'Search Recipient Organizations'. The 'TrAMS 1.0' link is highlighted with a red box.

- 3) From the Actions Menu Options, click a search link. A search form will open (e.g. “Search Applications/Awards”). Use the filters to refine your search. Note that the asterisk indicates a required filter. The data each user can access depends on their user role and associated organization(s).

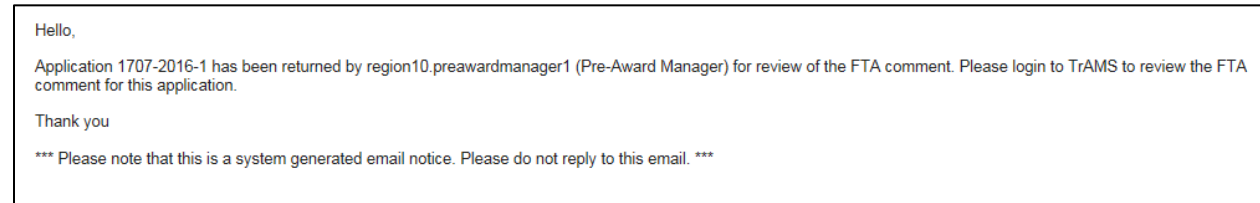

The screenshot shows the 'Application | Search Applications' search form. It includes search criteria for Fiscal Year, Federal Award ID Number (FAIN), Section Code, Application Name, Application State, and Application Status. The 'SEARCH' button is highlighted.

3.4.5 Emails

In addition to tasks, users may receive emails from the system indicating that they need to perform an action as part of a workflow. After receiving an email and logging on, the user will not find any corresponding tasks to perform instead they will need to navigate to the appropriate record and must initiate the required action. In some instances the action initiated with start a workflow that includes tasks to other user roles (for example closeout amendment). Similarly, the action may initiate other email notifications to different users (such as in the Certification and Assurance process).

As an example, a user may receive an email indicating that an Application has been returned by the pre-award manager and that they should review the comment.

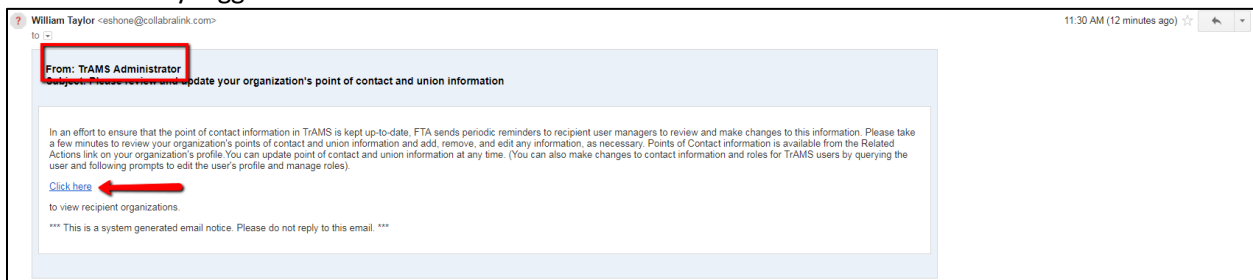

You will be able to distinguish between emails sent by the system and system emails associated with tasks:

- 'New Task' will be at the beginning of the subject line for emails associated with tasks.

- Emails not associated with a Task 'From' line will be listed as 'TrAMS Administrator'.
- The link in the email takes you to the TrAMS website or takes you to the task at hand if you are already logged into TrAMS

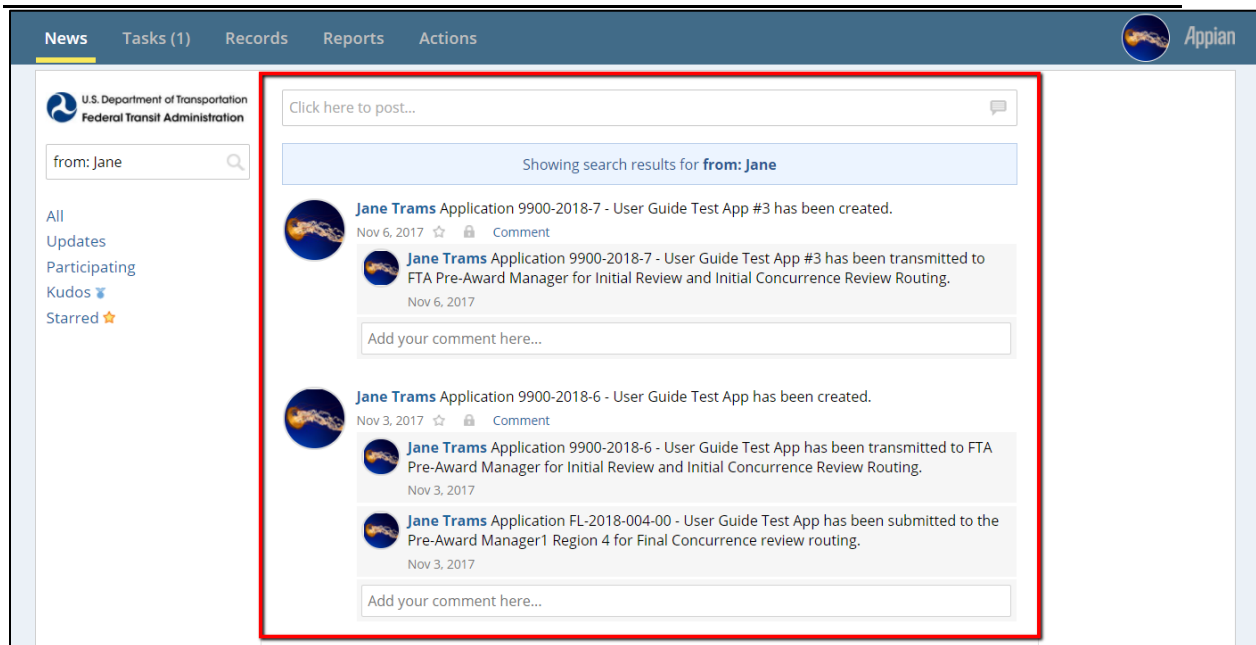

In both cases, the workflow will not continue until the required action(s) are complete.

3.4.6 Exporting Information from TrAMS

3.4.6.1 Printing from the Browser

When printing within a web browser, only content within the Main Content area will be included.

3.4.6.2 Exporting Files (View/Prints) Information

TrAMS records and documents that may be viewed and printed have been formatted as 'Rich Text Format' (.rtf). These files will need to be opened using a program that is compatible with this type of file (e.g. Microsoft Word).

When you select a 'View/Print' action, you will be prompted to open or save the file. Variations will exist depending on the browser that you are working with and the program you have defined to be the default program to open rtf files.

Example: Internet Explorer 11 and Microsoft Word

Example: Chrome

The view print format may require the user to adjust the font size or layout of the page to suit the user's preferences or view information displayed.

3.5 Working with Appian Forms

This section describes different aspects of the TrAMS/Appian interface, functionality and the types of field, filters, buttons and terminology you will see while working in TrAMS.

3.5.1 Buttons

Use form buttons to perform actions such as saving data, deleting data, or leaving the form. When no buttons exist on a form, you can click an item outside the form to close the form. You will see a variety of other button labels used. The button labels will indicate what actions will happen when the buttons are clicked. Many buttons use standardized labels and form layout to indicate expected functionality.

- **Back:** The 'Back' button appears on forms that are part of a sequence. It is used to move to a previous form in the sequence. The 'Back' button will usually appear on the lower left side of the form. Always use the form 'Back' button instead of the browser back button to avoid losing your place in the sequence.

- **Cancel:** The 'Cancel' button closes a form without saving any changes made on the form since the last save. The 'Cancel' button only applies to the current form.

- **Close:** The 'Close' button completes an action or workflow and returns the user to the menu on which they selected the action. The button is commonly on read-only forms where no action is to be taken (e.g. a success screen).

Tip: Click the 'Close' button on success screens to complete a process and prevent “extra” tasks appearing in the task list.

- **Forms with Close and Cancel Buttons:** Some forms contain a 'Cancel' button tied to an expanded portion of the form as well as a 'Close' button at the bottom of the form. In these instances, the 'Cancel' button will close the expanded portion of the form without saving the information and the 'Close' button will close the entire form without saving.

Contract Award Date	6/22/2016		6/9/2016	

- **Save:** The 'Save' button saves the changes that have been made to the form. 'Save' buttons allow users to save data intermittently on a form. If a form has both a 'Save' button and a 'Cancel' button, only the changes made after the last 'Save' button click are not saved

- **Next:** The 'Next' or 'Next Step' button is shown when the workflow steps you through a series of forms. It will save the data on the current form and move to the next form in the workflow.

- **Generate Report:** The 'Generate Report' button appears on report forms. It initiates the creation of the report based on the selected search criteria. Most reports generate on the same form, others will generate a task. For the latter, you must open the task to retrieve the report.

- **Submit:** The 'Submit' button saves the data and closes the current form.

3.5.2 Checkboxes

Checkboxes are used when one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected (by selecting the box a second time) independent of the other items in the list.

3.5.3 Date Fields (Calendars)

You can enter dates into Appian date fields in one of two ways: 1) type the date directly into the field; or 2) use the calendar function to pick a date. Dates follow a 'mm/dd/yyyy' format.

To select a date using the picker:

1. Click in the date field box.

2. A calendar for the current month will display. Use the arrows (< and >) to navigate to the correct month and year. You can only move forward or backward by months, not years.

3. Click on the date to select it. The date will populate in the date field.

3.5.4 Document Uploads

Document uploads are indicated by the 'Upload' button. To upload a file, either click the 'Upload' button and select a file using the folder navigator. Alternately, you can drag and drop a file into the upload field box. Appian generally will not restrict the type of document that you can upload.

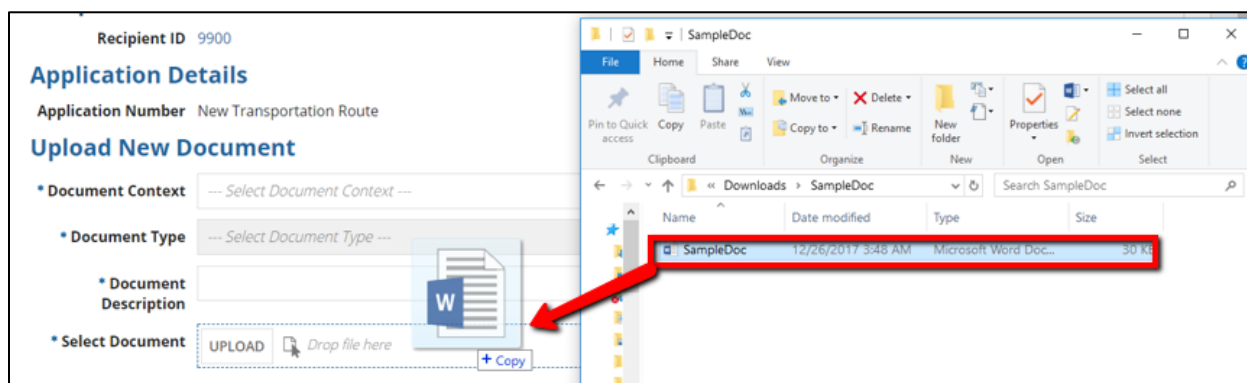

Documents are most easily readable by other users as .doc, .rtf and .pdf uploads.

Give your document a meaningful description. Appian document uploads can be up to 2GB in size.

Figure 4: Upload Button

Figure 5: Drag and Drop Upload

Deleting documents: documents can be deleted prior to saving. Hold cursor over the document, you will see an 'X', select to delete.

3.5.5 Drop-Down Fields (Single-Select)

Drop-downs fields are used to select from a set list of allowable values. The drop-down field ensures that only valid values are selected. Sometimes, the values allowed in a field may depend on the values selected in other fields. In these cases, the list of values will refresh as the independent fields values change. This will be the case when you are developing your application budget activity line items, see example below.

New Budget Activity Line Items (ALIs)

Status	Scope Code / Scope Name	Activity Type	Line Item Number / Line Item Name	
	121-00 RAIL - ROLLING STOCK	<div> Select Activity ENGINEERING/DESIGN (RAIL) LEASE - EXPANSION - CAPITAL RAIL LEASE - REPLACEMENT - CAPITAL RAIL MID-LIFE OVER/REBUILD - RAIL ROLL STOCK PURCHASE - RAIL SERVICE EXPANSION PURCHASE - REPLACE RAIL ROLLING STOCK </div>	<div> item </div>	DEL

You must select a scope, activity type and item name for this line item.

[+Add Item](#)

3.5.6 Drop Down (Multi-Select)

A multi-select drop down field also appears as a list of allowable items that expands when the user clicks in the field. In this case, multiple items can be selected from the list (click an item to select it). Selected items will appear to be highlighted within the drop down and will be listed in the field box. To unselect click on the item again.

3.5.7 Grids (Tables)

Appian uses grids (tables) to display data. Individual or multiple records (rows) in these grids may be selectable and fields (columns) sortable depending on the specific grid.

3.5.7.1 Selecting Grid Records (Rows)

Grids contain checkboxes when a user can select a specific record to view or modify.

1. To select a grid record, click the checkbox next to the row.

Existing Line Items

To edit a line item, click on the checkbox for the line item and a new section will appear below with line item and milestone details

<input type="checkbox"/>	Status	Scope Name / Code	Custom Item Name	Activity Type	Quantity	FTA Amount	Total Eligible Cost

3.5.7.2 Expanding and Collapsing Data

Grids are also used to select items for which you want to display additional details. For grids which are used to expand data details, only one row may be picked at a time.

- 1) Click the checkbox next to the item to expand. The page will expand below the current grid to show the additional information.

3.5.7.3 Sorting Grids by Field (Column)

Some grids are sortable and can be sorted alphabetically (or in reverse) on a single column. A blue arrow within a grid header field indicates that the grid has been sorted by either ascending or descending. One column will default the display. All column headers can be selected to sort on other criteria.

To sort a grid:

- Click in the field label in the header row to sort the table on that column.

3.5.7.4 Paging Grids (Row Limits)

Most grids in TrAMS are paging grids. Paging grids have a maximum number of records that they can display at a time. When the number of records exceeds the number of rows that can display, additional “pages” become available. You may “page through” the grid using the navigation arrows beneath the grid to see additional records.

3.5.10 Type Ahead Fields

Type-ahead fields are like text fields but search for matching inputs. The user can type valid data for the field and the system will populate available data inputs. The user will then be prompted to select from search results that match what was typed. A matching item that was selected can be unselected by clicking the “x”.

Note: Type ahead fields will be more common for FTA user views of the report forms where a recipient ID may need to be selected from the full list of recipients. In most cases, such as the recipient ID, the information will auto populate for recipient users. If you are a user in multiple organizations, you may be presented with the available search fields.

4 Recipient Organization Management

4.1 Overview

A recipient organization is any entity that is eligible to seek and apply for federal assistance from FTA. FTA will assess a recipient organization's eligibility; and assign an identification number (Recipient ID) to conduct business with FTA. The Recipient ID is a four-digit number (e.g. 2345); and is used in TrAMS, and other FTA systems to identify the recipient organization record.

The Recipient Organization record is where a user can search, view, and update, recipient organization record details in TrAMS.

Each recipient organization is associated to either a Regional FTA Office or an FTA Headquarters Office. These offices are known as "cost centers." Each cost center has an acronym and number that are used throughout TrAMS. The FTA cost centers are listed in Table 1: FTA Cost Centers for reference:

Table 3: FTA Cost Centers

Cost Center Name	Acronym	Number
FTA Regional 1 Office	TRO-1	78100
FTA Regional 2 Office	TRO-2	78200
FTA Regional 3 Office	TRO-3	78300
FTA Regional 4 Office	TRO-4	78400
FTA Regional 5 Office	TRO-5	78500
FTA Regional 6 Office	TRO-6	78600
FTA Regional 7 Office	TRO-7	78700

Office of Research, Demonstration and Innovation	TRI	67000
Office of Civil Rights	TCR	68000
Office of Planning and Environment	TPE	71000
Office of Transit Safety and Oversight	TSO	74000

User Role Requirements

A TrAMS user must have at a minimum, the Read-Only user role to access the recipient organization to view or update portions of the record information. In some instances, a user must have specified user roles to complete updates.

4.2 Search Recipient Organization Records

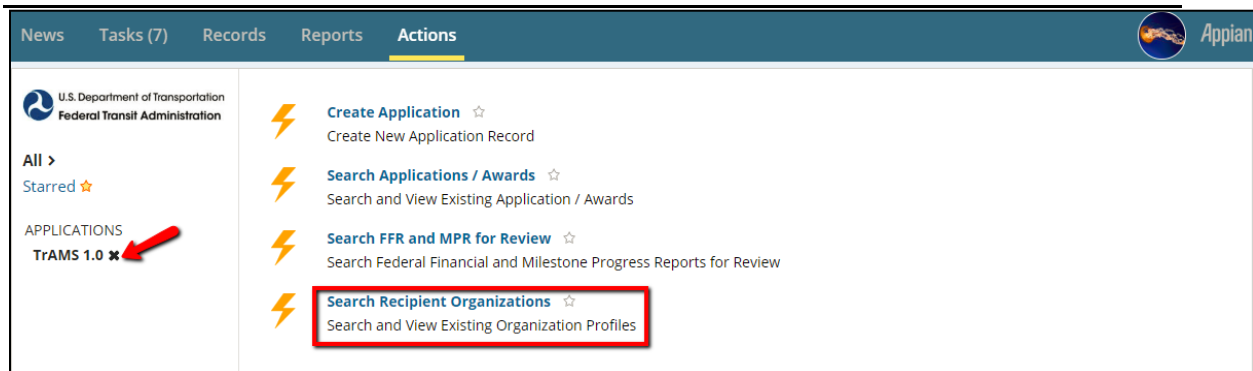

There are multiple ways to search for and access a recipient organization record. Users may find recipient organization information by either searching from the 'Actions' tab and selecting 'Search Recipient Organization' or searching from the 'Records' tab and selecting 'Search Recipient Organization'.

Users can navigate to the organization record from any application or awards' 'Summary' page by clicking the Recipient ID hyperlink located on that page.

4.2.1 Searching Recipient Organization from Actions Tab

To search for a recipient organization using the 'Actions' tab:

- 1) Select the 'Actions' tab in the navigation bar.
- 2) Click the 'Search Recipient Organizations' link in the menu (you can filter the menu for search functions by selecting TrAMS 1.0 in the left menu).

- 3) The 'Search Recipients in TrAMS' form will display with search criteria fields. Note that none of these fields are required. Not populating any fields will return all recipient organizations in your profile. You can search for an organization using one or more of the following criteria:
- a) **Recipient ID** The recipient's ID (or VIN) will default to their organization. When a user is assigned to more than one ID, you can choose the recipient ID from the drop-down menu. Only one ID can be selected and viewed at a time.
 - b) **Recipient Name:** Enter in all or part of the recipient organization's name in the 'Recipient Name' field. (Note, this will not work if you have not selected the correct VIN.)
 - c) **Recipient Alias:** Enter in all or part of the recipient alias name. (Note, this will not populate if you have not selected the correct VIN.)
 - d) **TrAMS Status:** Select the recipient organization's status in TrAMS from the drop-down menu provided under the 'TrAMS Status' field. Status options are 'Active', 'Inactive', or 'New-Pending Review'.
 - e) **SAM Status:** Select the recipient organization's status in SAM.gov from the drop-down menu provided under the 'SAM Status' field. Status options are: 'Active' or 'Expired'.
 - f) **Cost Center:** Select a cost center (aka, a Regional Office or HQ office) from the drop-down menu provided under the 'Cost Center' field. For recipient organizations, your Recipient ID is already associated with a cost center. If you are a user associated with multiple recipient organizations across different FTA offices; then the cost center you choose must correspond with the Recipient ID. Remember, this is not a required field.

In most cases, only your recipient organization will display. If you are associated with more than one organization, you can only search for one organization at a time.

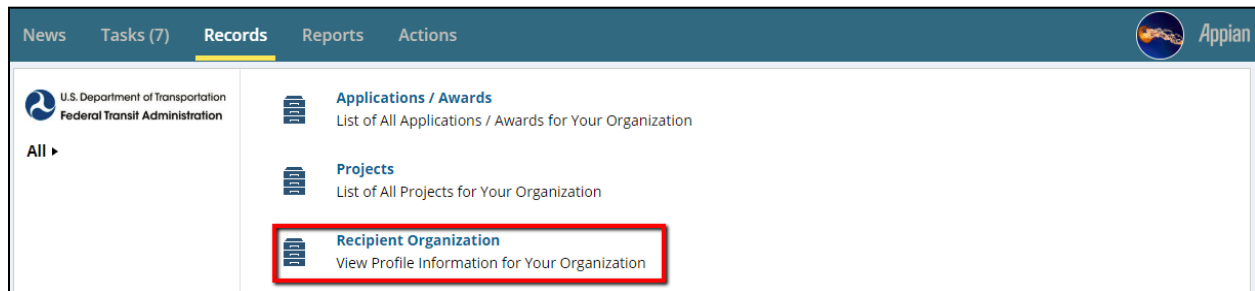

Recipient Organization names in the table are listed by their legal business name (from SAM) and then the provided acronym. If the legal business name is incorrect, or your SAM status is inactive, you must contact SAM to make modifications. If the acronym is missing or incorrect, contact FTA to update your information.

4.2.2 Searching Recipient Organizations from Records Tab

Recipient organization profile(s) may be accessed from the 'Records' tab in TrAMS.

- 1) Click the Records tab in the navigation bar.
- 2) Click on the 'Recipient Organization' record type from the menu to view recipient organizations. The results will display recipient organizations in which you have assigned user roles.

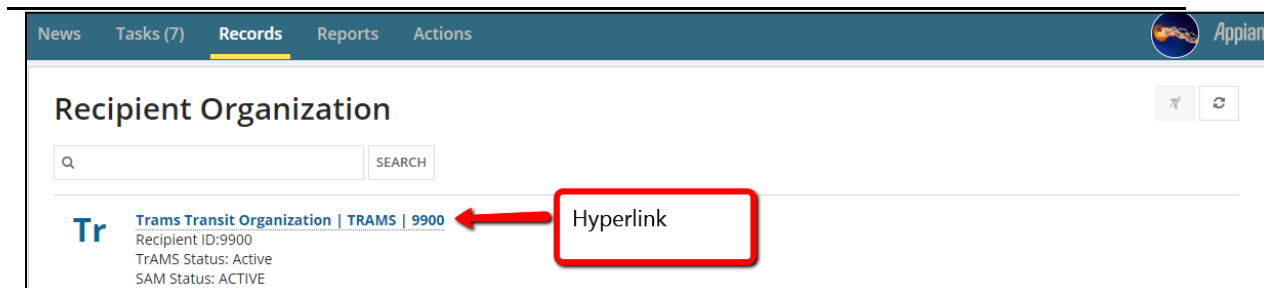

- 3) In most cases, only one recipient organization will display. If you have user roles for multiple recipient organizations, each organization will display in the list.
- 4) Recipient Organization names are listed by their legal business name (from SAM), the provided acronym, and then the four-digit recipient/vendor ID number (or VIN). If the legal business name is incorrect, you must contact SAM. If the acronym is missing or incorrect, contact FTA to update your information.
- 5) The results will display in alpha order based on the first two letters. You may filter displayed records by using the search box and typing the organization name in full or in part, or you can search by entering the four-digit recipient/vendor ID number.

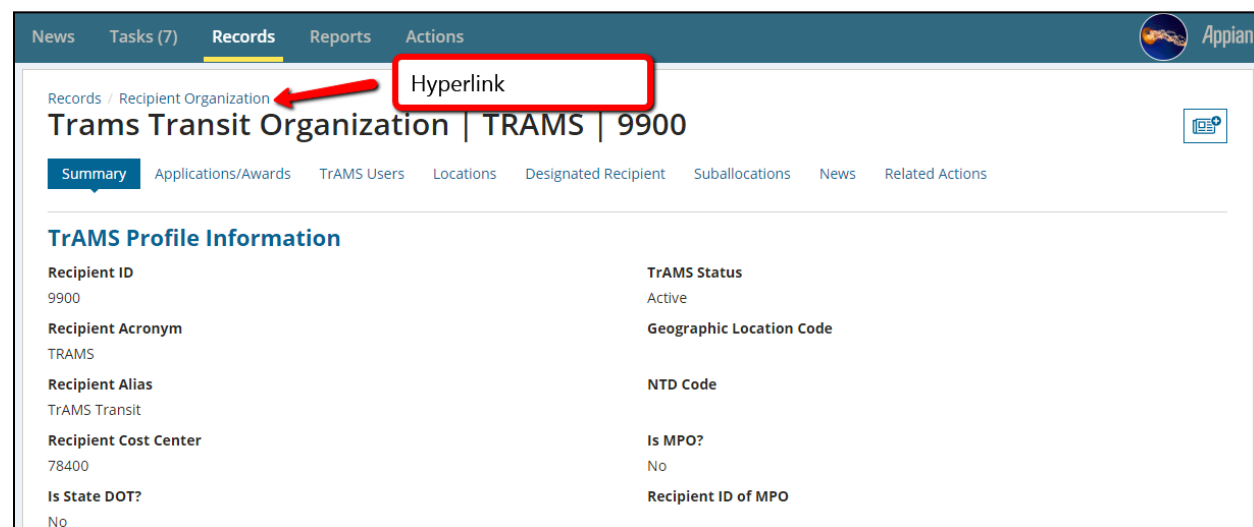

Note: The magnifying glass is just an icon, select the search button or enter on your keyboard to return results.

- 6) Click on the recipient organization's name, which is a hyperlink that will take you directly to your recipient organization record's 'Summary' page.

- 7) To return to the list of organization records, click the 'Recipient Organization' hyperlink at the top of the 'Summary' page. This is sometimes referred to as a "breadcrumb trail".

4.3 View Recipient Organization Records

4.3.1 Overview

Each Recipient profile has dashboards to view information and a series of related actions. The following section covers the different information that may be viewed. Information is outlined moving left to right as shown below. The **tab** selected is highlighted by the blue box and arrow.

4.3.2 Summary

The 'Summary' page is the landing page after selecting an organization record to view. The 'Summary' page is in a read-only format for all users. It contains high-level information concerning the organization including:

4.3.3 Applications / Awards

The applications / awards option will populate a list of all applications and awards that are associated with a recipient organization; this includes both active and closed awards. A grid/table will populate listing associated with the organization. The list provides the application/award number or Federal Award Identification Number (FAIN), the application name, person last updated by, last update date, and the current status of the application/award. Each amendment associated with an award will be displayed separately.

To view recipient 'Applications/Awards' from the Recipient organization profile:

Click on the 'Applications/Awards' form the navigation bar.

The screenshot shows the TrAMS interface for a recipient organization. The top navigation bar includes 'News', 'Tasks (7)', 'Records' (highlighted), 'Reports', and 'Actions'. The breadcrumb trail is 'Records / Recipient Organization'. The main heading is 'Trams Transit Organization | TRAMS | 9900'. Below this is a navigation bar with tabs: 'Summary', 'Applications/Awards' (highlighted with a red box), 'TrAMS Users', 'Locations', 'Designated Recipient', 'Suballocations', 'News', and 'Related Actions'. The 'Recipient Information' section displays the following details:

Recipient ID	Recipient Name

Below the recipient information is a section titled 'Applications'.

The FAIN will be displayed as a hyperlink and can be used to directly access the application/award record. If there are no applications, the grid will be empty.

4.3.5 Locations

Recipient organizations must be associated with at least one and may be associated with multiple, urbanized areas (UZA), states and congressional districts. This information is important as it is used during the development of applications. Applications must define the place of the performance which is in part associated with the UZA and applicable congressional districts.

The 'Locations' dashboard displays all the applied UZAs and congressional district(s).

To view the 'Locations' for a recipient organization:

4.3.6 Designated Recipient

The Designated Recipient section is undergoing changes in the TrAMS system and is not currently active. This section will be updated once implemented. The below describes the intent of this module.

The Designated Recipient option is visible to all users. This module will allow those recipient organizations who have the principal authority and responsibility for suballocating specified formula funds to states and urbanized areas (UZAs) to document the allocations (or splits) among the eligible direct recipients within the urbanized area. If the recipient organization is a designated recipient, you will see the funding programs and UZAs that are associated with the recipient of the 'Designated Recipient' page.

All user roles including the read-only can "view" the information in this dashboard.

Note: If you do not see a UZA listed; check your recipient locations. If you confirm a UZA is missing, contact your FTA office to update your location information.

Designated recipient details can only be updated by FTA after verifying that they have the appropriate documentation for the requested changes.

In TrAMS, a recipient organizations profile can be tagged as designated recipients for the following formula programs, which can be suballocated in TrAMS:

- Section 5307 – Urbanized Area Formula Program (5307-2A)
- Section 5310 – Formula Grants for Enhanced Mobility of Seniors & Individuals with Disabilities (5310-1A)
- Section 5337 – State of Good Repair Formula Grants (5337)
- Section 5339 - Formula Grants for the Bus and Bus Facilities Infrastructure Investment Program

Note: If you are a designated recipient your profile should indicate “yes” under the question ‘Is Designated Recipient?’ If your profile information is not accurate, contact your FTA POC; only FTA has the authority to update that piece of information.

4.3.8.2.2 Delete Recipient Profile Documents

- To delete a document that you just uploaded prior to selecting the save button, the user can either:

- a) Place the cursor over the newly uploaded document the document icon will display an “X”; select the “X” to proceed with deleting; or
- b) The user can select the ‘Cancel’ button to return to the ‘Document Summary’ page without saving the document.

The screenshot shows a document upload interface. At the top, there is a label "* Select Document" followed by a document icon with an "X" and the text "Justification Document3" and "DOCX - 11.14 KB". Below this, there is a "CANCEL" button on the left and a "SAVE" button on the right.

Note: Once a document has been uploaded and saved, it cannot be deleted. Contact your FTA POC to delete documents.

- c) Use the ‘Save’ button to complete the document upload process.

The screenshot shows the 'Recipient Organization | Add Documents' page in the TrAMS system. The page header includes 'Records / Recipient Organization' and 'Trams Transit Organization | TRAMS | 9900'. Below the header, there are tabs for 'Summary', 'Applications/Awards', 'TRAMS Users', 'Locations', 'Designated Recipient', 'Suballocations', 'News', and 'Related Actions'. The main content area is titled 'Recipient Organization | Add Documents' and contains a form for uploading a new document. The form includes fields for 'Recipient Information' (Recipient ID: 9900, Recipient Name: Trams Transit Organization), 'Upload New Document' (Document Context: Contact Persons, Document Type: General, Document Description: Contact Information), and a document upload section with a document icon and the text 'Justification Document2' and 'DOCX - 11.13 KB'. At the bottom, there are 'CANCEL' and 'SAVE' buttons.

Note: The table below describes the crosswalk for values listed under ‘Document Context’ and ‘Document Type’. For example, when the user selects ‘Civil Rights’ from the ‘Document Context’ dropdown, the user will also see and be able to select the values under ‘Document Type’ dropdown shown below. Note that documents migrated from TEAM, where no context or type was provided, will display with “General.”

4.3.8.4 Related Action: Certifications & Assurances

Recipients must certify that they are in compliance with Federal transit laws as well as Federal cross-cutting requirements prior to FTA making an award. Certification & Assurances (C&As) must be submitted electronically via TrAMS.

The C&As module:

- Allows you to view current and past C&As.
- Allows you to certify the current fiscal year.
- Allows you to correct or update the current fiscal year C&As.
- Prohibits corrections to past fiscal years.

User Roles:

- All TrAMS user roles can view the C&As.
- The Official user role executes only for the Official.
- The Attorney user role executes only for the Attorney.
- A user may be given authority to have both the 'Official' and 'Attorney' user roles to certify; this is referred to as "certifying on behalf of both" for an organization. Refer to [Certify on Behalf of Both the Official and Attorney](#) for more information.

4.3.8.4.1 View the C&As

- 1) Find your Recipient Organization Profile.
- 2) Click on Related Actions in the navigation bar.
- 3) Click on 'Certifications & Assurances' from the menu options.

- 4) The 'Certifications and Assurances' form will display for your recipient organization.
 - a) Use the provided drop-down menu under 'Select Fiscal Year' to select the fiscal year of the C&A you wish to view. Only the current fiscal year, plus the past nine fiscal years will display (a total of ten fiscal years are available to be viewed).
 - b) Click the 'Continue' button.

4.3.8.4.2 Complete C&A Certifications

To complete the certification of the C&As, it requires two independent actions. The C&As are workflow-based and are initiated by the Official User. The second action is taken by the Attorney user role. There is no task in the task tab; the Attorney will only receive an email notification once the Official has certified. The Official asserts to the certifications and the Attorney affirms the certifications. FTA does allow for one individual to take action in TrAMS “On Behalf of Both” the Official and Attorney. This is common when outside legal counsel supports an organization.

Affirmation of Applicant

Affirmation of Applicant BY SIGNING BELOW, on behalf of the Applicant, I declare that it has duly authorized me to make these Certifications and Assurances and bind its compliance. Thus, it agrees to comply with all Federal statutes and regulations, and follow applicable Federal guidance, and comply with the Certifications and Assurances as indicated on the foregoing page applicable to each application its Authorized Representative makes to the Federal Transit Administration (FTA) in Federal Fiscal Year 2016, irrespective of whether the individual that acted on his or her Applicant's behalf continues to represent it.

FTA intends that the Certifications and Assurances the Applicant selects on the other side of this document should apply to each Project for which it seeks now, or may later seek FTA funding during Federal Fiscal Year 2016. The Applicant affirms the truthfulness and accuracy of the Certifications and Assurances it has selected in the statements submitted with this document and any other submission made to FTA, and acknowledges that the Program Fraud Civil Remedies Act of 1986, 31 U.S.C. 3801 et seq., and implementing U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR part 31, apply to any certification, assurance or submission made to FTA. The criminal provisions of 18 U.S.C. 1001 apply to any certification, assurance, or submission made in connection with a Federal public transportation program authorized by 49 U.S.C. chapter 53 or any other statute.

In signing this document, I declare under penalties of perjury that the foregoing Certifications and Assurances, and any other statements made by me on behalf of the Applicant are true and accurate.

Affirmation of Attorney

Affirmation of Applicant's Attorney As the undersigned Attorney for the above named Applicant, I hereby affirm to the Applicant that it has authority under State, local, or tribal government law, as applicable, to make and comply with the Certifications and Assurances as indicated on the foregoing pages. I further affirm that, in my opinion, the Certifications and Assurances have been legally made and constitute legal and binding obligations on it.

I further affirm that, to the best of my knowledge, there is no legislation or litigation pending or imminent that might adversely affect the validity of these Certifications and Assurances, or of the performance of its FTA Project or Projects.

Each Applicant for FTA funding and each FTA Grantee with an active Capital or Formula Project must provide an Affirmation of Applicant's Attorney pertaining to the Applicant's legal capacity. The Applicant may enter its signature in lieu of the Attorney's signature, provided the Applicant has on file this Affirmation, signed by the attorney and dated this Federal fiscal year.

4.3.8.4.3 Certify on Behalf of Both the Official and Attorney

This process allows for a single individual to certify the C&As in TrAMS. The user must be assigned both user roles, Official and Attorney. To be assigned both TrAMS user roles, you must have the appropriate delegation of signature authority.

Information in this document is proprietary to FTA

Page 80

Unclassified – For Official Use Only

When certifying on “Behalf of Both” a signed and dated copy of the C&As must be uploaded to the C&As module at the time of certification. The exact same categories must be selected.

Typically, the Official PINs in TrAMS on behalf of the Attorney. The same process can be used if the Attorney PINs on behalf of the Official.

To complete certification on behalf of both

1. Follow the steps to complete the certification provided above.
2. Select the applicable certifications.
3. Upload the document and provide a document description. Multiple documents may be added.

A screenshot of the TrAMS 'Documents' section. At the top, a red message states 'Category 1 is a required selection'. Below this is a section titled 'Documents' with a dropdown arrow. Underneath is 'Existing Documents', which contains a table with columns: Document, Description, Uploaded By, and Date. The table is currently empty, showing 'No items available'. Below the table is the 'Upload Documents' section. It features an 'Upload' button, a text input field for 'Description', and a file upload area with a red arrow pointing to it. The file upload area includes an 'UPLOAD' button, a 'Drop file here' prompt, and a red 'X' icon. At the bottom of the upload section is a link that says '+ Add Document'.

4. Both the Official and the Attorney PIN fields will display
5. The PIN must be entered in each field
6. Click on the Certify button.

BEGIN RECERTIFICATION

4.3.8.4.4 Recertify or Correct C&As

Corrections may only be made to the current fiscal year C&As.

1. Only the Official can initiate recertification.
2. Follow steps to complete the certification provided above to proceed to the current fiscal year certifications.
3. Upload revised documentation, if applicable.
4. Both the Official and Attorney must re-PIN to be in a certified status.

4.3.8.4.5 C&As and Your Grant Applications

All recipients must complete their C&As in TrAMS before FTA can make an award (or amendment) in a given fiscal year. The following explains how the C&As relate to your applications and information about your C&As during application development:

- If FTA has not published the C&As yet or if you have not certified yet, the system will flag that your C&As are “missing” or not yet complete when you are working on a new application or a new amendment.
- There are no hard stops in the application development process. This will not stop application development, transmission or submission.
- The status box will change to completed once you have certified to the Certifications and Assurances.

Application Tasks for Completion	Status
Annual C&As	MISSING
Executive Summary	COMPLETED
Project(s) Validated	COMPLETED

- The example warning message will display when you are transmitting an application for initial review. This is not a hard stop; select the continue button to proceed with the action.

Warning Issues

This application can pass Application Validation with the following issues, but they must be corrected prior to Award

- Your organization has expired or incomplete civil rights program compliances. Please update your civil rights programs (Recipient Organization Record, Civil Rights Information Related Action)
- Your organization has not approved C&A's for Fiscal Year 2018 (Recipient Organization Record, Certifications & Assurances Related Action).

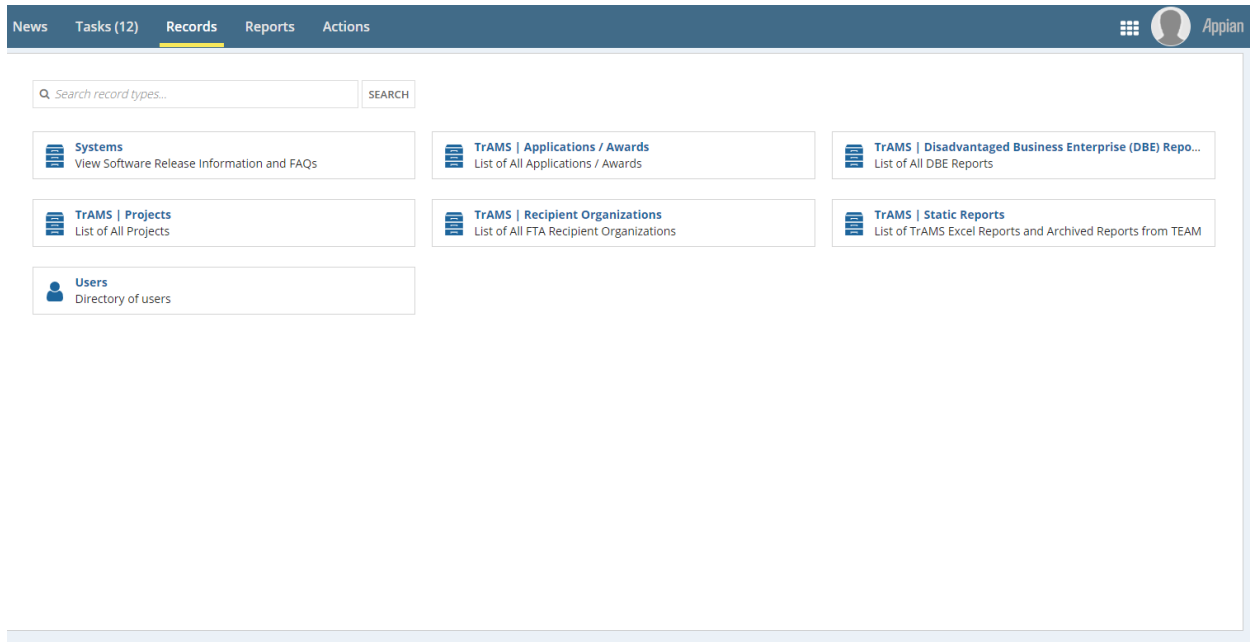

4.3.8.5 Related Action: Application Fleet Status

When rolling stock (fleet of buses, trains, etc.) is included in an award any information associated with the fleet can be found under the Related Actions tab, Application Fleet Status option. The information listed in the award is determined by the fleet status at the time of award execution.

All users may view the read-only fleet status information associated with the award.

4.3.8.9 Related Action: Sync Recipient Organization with SAM

Recipient organization details, such as addresses, are brought into TrAMS via a nightly sync with the System for Award Management (SAM). If the recipient has updated organizational information in SAM, any user can either sync with SAM immediately or wait for the nightly sync to occur.

NOTE: The DUNS information in TrAMS may not be modified. Before taking any action related to your organization's DUNS number, contact your FTA POC. If changes are required to your TrAMS profile, payment, or location information contact your FTA POC to make the desired corrections.

To sync a recipient organization's system record with information on the SAM.gov website immediately:

- 1) Click on the Related Actions tab.
- 2) Click 'Sync Recipient Organization with SAM' from the menu options.

Sync Recipient Organization With SAM

Sync with SAM System to Update Organization's SAM Information

- 3) The system will update its information from SAM and show you a success message.
- 4) Click on the 'Close' button in the message to return to the 'Related Actions' menu.
- 5) Confirm information has updated on the Summary.

4.4 Civil Rights Management

4.4.1 Overview

Pre-award submission of four civil rights programs are tracked in TrAMS:

- 1) Equal Employment Opportunity (EEO) Program
- 2) Disadvantaged Business Enterprise (DBE) Program
- 3) DBE Goal
- 4) Title VI of the Civil Rights Act of 1964.

There are several Related Actions and Reports in TrAMS related to Civil Rights. This section shows how to view and update each of those as they relate to Recipient Civil Rights Programs.

The Civil Rights Information Related Action is central to work conducted by Civil Rights users in TrAMS. It allows Recipient Civil Rights users to submit Program Plans and corrections, as well as allowing Civil Rights Officers to update program status and maintain documents and comments. Refer to [Related Action: Civil Rights Information](#) below for more detail.

There are also Related Actions devoted to Disadvantaged Business Enterprise (DBE) reports. Refer to [DBE Reporting](#) below for more detail.

They are as follows:

- Complete DBE Report: Allows the Recipient Civil Rights User to start the reporting process.
- Correct DBE Report: Allows the Recipient Civil Rights user make corrections when either the Civil Rights Officer or the DBE Approver has returned the DBE Report to the Recipient.

A Semiannual DBE report must be completed and submitted by recipient organizations with a DBE goal. Recipients with the user role of Civil Rights will receive an email with a link to the report 60 days prior to the due date (October 1 and April 1). Submission due dates are June 1 and December 1 of each fiscal year. FTA regional and HQ staff will review the reports and provide approval.

In TrAMS, DBE reports can be accessed in several ways, including via the related actions mentioned above. Refer to [DBE Reporting](#) below for more detail and to see other ways to access DBE reports.

4.4.6 DBE Reporting

This section shows the start to finish workflow of Disadvantaged Business Enterprise Reports, explains what the report entails, distinguishes between the Record and Reports tab versions, and shows how Civil Rights users can make changes to the DBE Report.

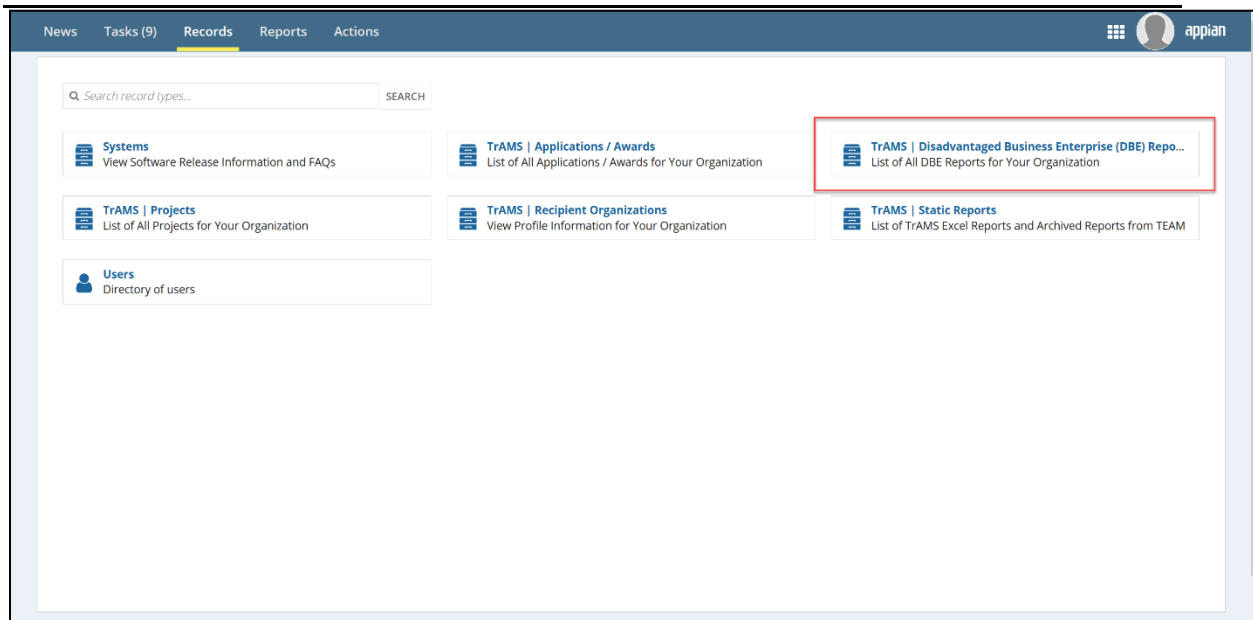

4.4.6.1 Overview

A Semiannual DBE report must be completed and submitted by recipient organizations with a DBE goal. The DBE reports are launched for recipients that have an Active status in TrAMS and a DBE Goal program in a status other than “N/A”, or “Incomplete”. Recipients submit semiannual reports to report on activities in the DOT’s Disadvantaged Business Enterprise (DBE) program. DBE Reports are completed and submitted by the recipient twice a year: June 1st and December 1st. TrAMS will launch a report and send email reminder on April 1st and October 1st. Recipients will have 60 days to complete and submit their DBE Report. Once Recipients have submitted the report for review, the FTA Office of Civil Rights reviews the reports.

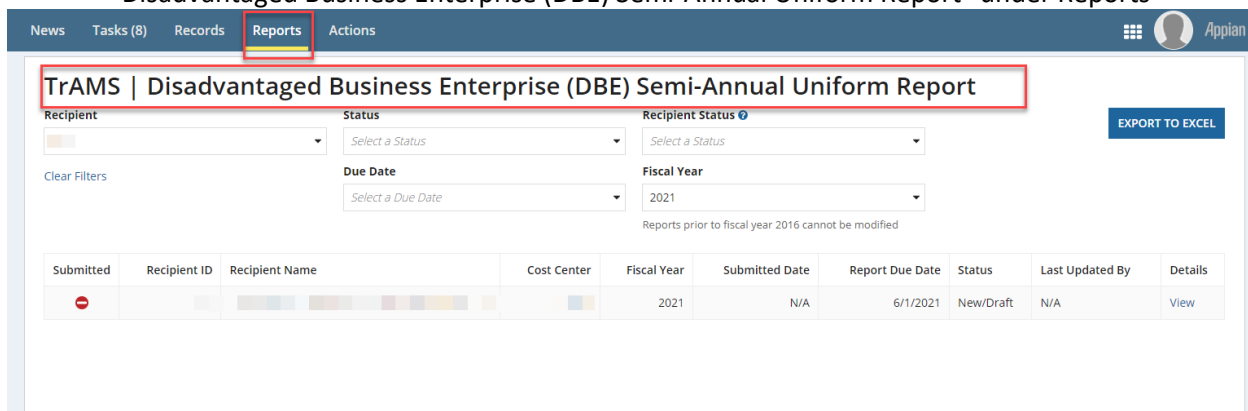

4.4.6.1.1 Access

There are two locations where TrAMS users can view the DBE report:

- “Disadvantaged Business Enterprise (DBE) Reports” under Records

- Available through the Records tab
- Available to all TrAMS users
- Export to Excel is available
- Complete or Correct DBE Reports
- “Disadvantaged Business Enterprise (DBE) Semi-Annual Uniform Report” under Reports

- Available through the Reports tab
- Available to Recipient users
- More filters than the “Disadvantaged Business Enterprise (DBE) Reports” available to the users
- Export to Excel is available

5 Application / Award Lifecycle

5.1 Application / Award Overview

5.1.1 Application / Award Status

The status of an application / award reflects the different phases within the grant lifecycle. Recipients may view an application at any time; however, the actions that they may perform on an application will vary depending on the application award status. Both FTA and the recipient may view the application at any time but modification of the application will be restricted depending on the status. Only users with the Submitter or Developer role will be able to edit the application, other user roles will see a read-only version of the forms.

The following table lists available statuses of applications prior to award:

TrAMS Pre-Award Status	Description
In-Progress	Initial application creation by the recipient or returned to recipient prior to FAIN assignment. Developers, Submitters, and FTA (pre-award manager) may edit.
In-Progress / Returned to Grantee	Application has been returned to the recipient from FTA after FAIN assignment. Developers, Submitters, and FTA may edit. Funding source for existing line items cannot be updated.
Transmitted / Ready for FTA Review	Application has been transmitted to the FTA, reviews have not yet begun. Only FTA may edit the application.
Initial Review / Concurrence	FTA initial review in progress. Only FTA may edit the application. FTA inputs congressional details if needed.
Review Complete / Ready for FAIN	FTA has completed their review. Only FTA may edit the application.
FAIN Assigned / Ready for Submission	The FAIN has been assigned and the application has been returned to the recipient. Submitter will have a Task to submit the application but will not be allowed to edit may return to FTA for editing.
Application Submitted	Application has been submitted to the FTA by the recipient. FTA may edit the application, except for ALI.

TrAMS Pre-Award Status	Description
Final Concurrence / Reservation	The application undergoing final concurrence reviews. FTA completes reservation and adds discretionary allocations. FTA sends application to DOL if required for certification or review. FTA may edit the application, except for ALL.
Ready for RA Concurrence / Award	Final concurrences are complete and application is awaiting concurrence by the RA and the awarding of the application. Application sent for Congressional release if required. Editing not available.
Obligated / Ready for Execution	Application has been sent back to the recipient and is waiting for execution by the Recipient Official. Editing not available.

The following statuses are applicable post award:

TrAMS Post-Award Status	Description
Active (Executed)	Active award or Active Amendment. Budget revisions, Amendments, Closeouts may be initiated by Developers and Submitters. FTA may initiate Administrative Amendments or Closeouts.
Active / Budget Revision In-Progress	A budget request has been initiated however it has not yet been sent to FTA for review. May edit project narratives and line items.
Active / Budget Revision Under Review	FTA is reviewing the budget revision and reserves funds if necessary.
In-Progress / Admin Amendment	FTA has initiated an amendment on this award.
Active Award / Inactive Amendment	The award is active however there is a newer active amendment for this award. All information is read-only.
Active Award / Ready for Closeout	Closeout in amendment in progress.

Active Award / Closeout Requested	Closeout request has been forwarded to the FTA for approval.
Closed	Award is complete and has been closed, all information is read-only no additional actions can be taken on the award.

5.1.2 Searching for Applications/Awards

Users can search two (2) ways for an application or award in TrAMS:

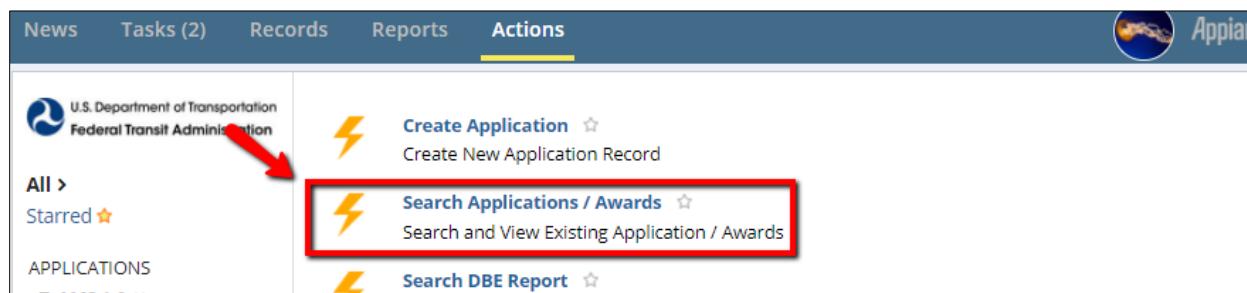

- 1) Use the 'Records' tab
- 2) Use the 'Actions' tab.

You can use the 'Projects' link on the 'Records' tab to search for application projects independent of the application record. This primarily applies to new TrAMS applications. See [Searching for Projects](#) for more details.

5.1.2.1 Action Tab: Search Application/Awards

To search from the 'Actions' tab:

- 1) Go to the 'Actions' tab and click the 'Search Applications / Awards' action link.

- 2) The 'Application | Search Applications' form will display. The first view is of a user associated with one recipient organization, the second view is for a user associated with multiple recipient organizations. The latter has the opportunity to further filter information by a specific recipient organization name or ID number.

Application | Search Applications

Enter one or more of the following search criteria to find an existing application.

Application Search Criteria

Fiscal Year	<input type="text" value="2018"/>	Application Name	<input type="text"/>
	Select obligation fiscal year for application		Enter all or part of an application name
Federal Award ID Number (FAIN)	<input type="text"/>	Application State	<input type="text"/>
	Enter federal award ID number		Enter state abbreviation for application
Section Code	<input type="text"/>	Application Status	<input type="text" value="Any"/>
	Enter two-digit section code for application funding source		Select application status

- 3) Enter any (or no) combination of search criteria in the provided fields and click the 'SEARCH' button. Search results are restricted to applications and awards for the user's recipient organizations. Search criteria is not required. If no search criteria is entered, all applications and awards for the recipient organization(s) will be returned.
- 4) The search criteria options are:
 - a) **Recipient ID/Name:** This is applicable only for users with more than one organization. Recipient ID is the 4 digit number. Recipient Name is a text field that allows the user to enter all or part of a recipient organizations name. The user must already belong to the organization that is entered in the text field.
 - b) **Fiscal Year:** A drop-down menu containing fiscal years.
 - c) **Federal Award ID Number (FAIN):** Enter a complete or partial application number. Enter the first part of an application number to return all applications beginning with the number. Dashes are required.
 - d) **Section Code:** Enter a two-digit section code for the application or award's funding source.
 - e) **Application Name:** Enter the full or partial name of the application.
 - f) **Application State:** Enter the state abbreviation for the application.
 - g) **Application Status:** Select an application status from the drop-down menu.
- 5) When the search is complete, the 'Application Search Results' form will open, containing a table of awards and applications that meet the search criteria. Each FAIN is a hyperlink to the returned application record. Click on a FAIN to go to the selected application record. Click the 'SEARCH AGAIN' button to return to the previous screen and enter new search criteria.

5.1.2.2 Records Tab: Applications/Awards

To search for an application or award from the Records tab:

- 1) Go to the 'Records' tab and click 'Applications/Awards'.

The screenshot shows the TrAMS interface with the 'Records' tab selected. Below the tab, the 'Applications / Awards' link is highlighted, and a red arrow points to it. The interface also displays the U.S. Department of Transportation Federal Transit Administration logo and the Appian logo.

- 2) A list of applications and awards will appear. FTA users can see all TrAMS applications and awards. Grantee users can only see the applications and awards for their organizations.

- 3) Each application record name is a hyperlink to the application record. As shown in the sample application record link below, application record links have a standard format: “application/award ID” | “the application/award title.”

The screenshot shows the 'Applications / Awards' page. At the top right is a 'Clear Filters' link. Below the header is a search bar with the text 'New Transit' and a 'SEARCH' button. To the right of the search bar are two dropdown menus: 'PRE-AWARD STATUS' with the value 'Final Concurr...' and 'POST-AWARD STATUS' with the value 'Any'. Below these is a list of application records. The first record is highlighted with a red box and contains the following information:

- [FL-2018-001-00 | New Transit Line](#)
- Grantee Name: Trams Transit Organization
- Current Status: Final Concurrence / Reservation
- Last Updated Date: Nov 02, 2017

Beneath the application link are three additional pieces of information: the grantee name, the current application status, and date the application was last updated.

The ‘Last Updated Date’ is changed to the current date anytime a user saves, updates, deletes or completes an action that changes the status of the application.

- 4) Search criteria can be used to filter or narrow down the list of applications (at top of the page). Filters include pre-award status and post-award status. These filters are drop-down boxes. You can also enter text into the ‘SEARCH’ box to filter the list to applications that match all or part of the text in the application name hyperlink. The search ignores capitalization (“bus” will return anything with “BUS”, “Bus”, or “bus” in the title). If you use the application FAIN, you must include the dashes.

The screenshot shows the 'Applications / Awards' page. A red box highlights the search and filter section at the top. It includes a search bar with a magnifying glass icon and the word 'SEARCH'. To the right of the search bar are two dropdown menus: 'PRE-AWARD STATUS' with the value 'Any' and 'POST-AWARD STATUS' with the value 'Any'. Below this section is a list of application records. The first record is highlighted with a red box and contains the following information:

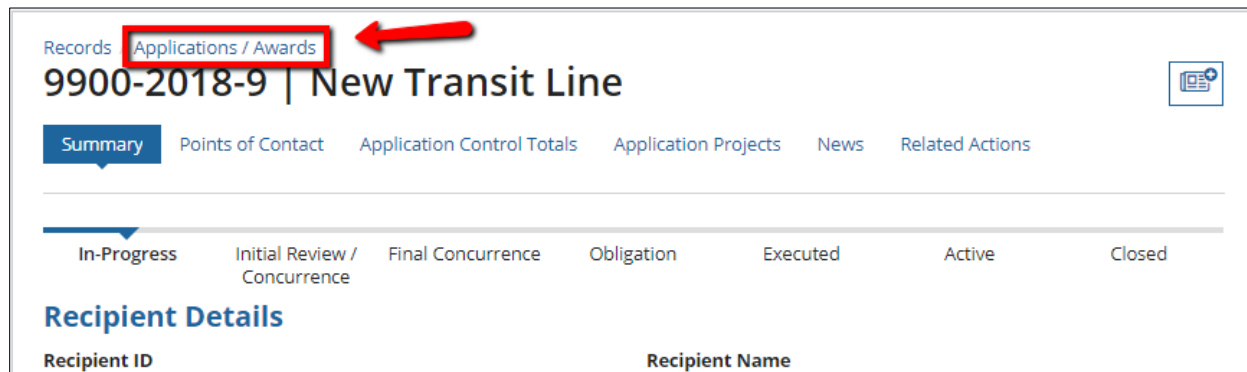

- [9900-2018-9 | New Transit Line](#)
- Grantee Name: Trams Transit Organization
- Current Status: In-Progress
- Last Updated Date: Feb 05, 2018

- 5) To view a specific application, click the application hyperlink to go directly to the application record.

The screenshot shows the 'Applications / Awards' page. A red box highlights the application record link for '9900-2018-9 | New Transit Line'. A red arrow points to this link. Below the link are three additional pieces of information: Grantee Name: Trams Transit Organization, Current Status: In-Progress, and Last Updated Date: Feb 05, 2018.

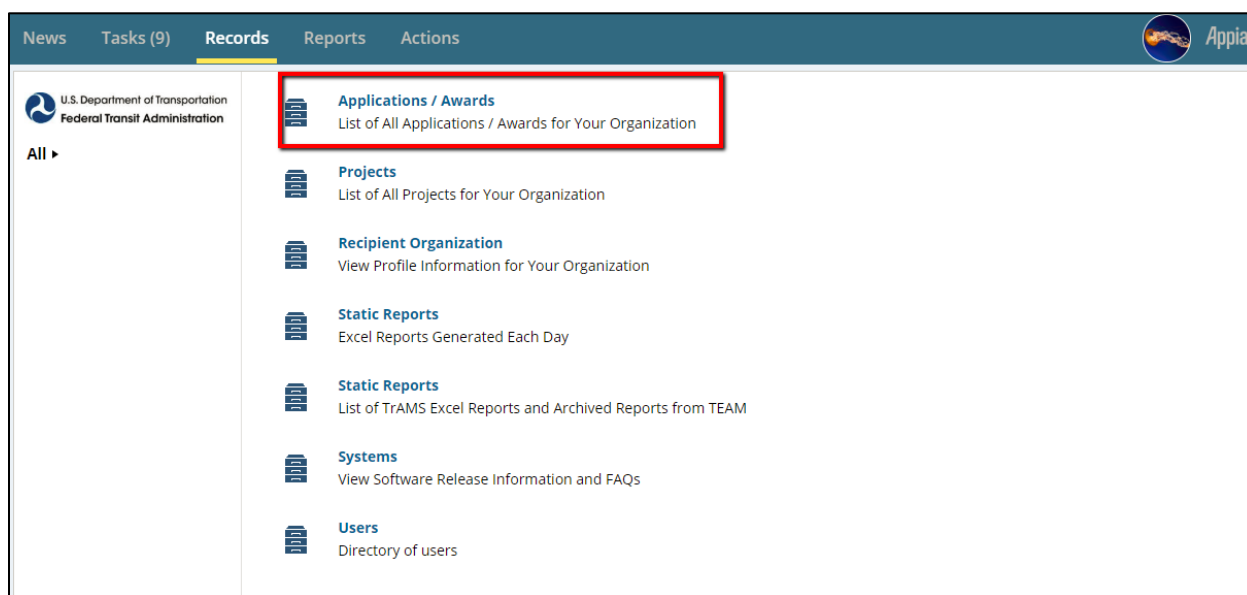

- 6) The 'Applications/Awards Summary' page will display. To return to the application list, click the 'Application /Award' hyperlink on the top of the page.

5.1.3 Search for Existing Awards

Users can search for awards in TrAMS two ways:

- 1) Select the Records tab across the top, click the Applications / Awards option, enter the Award Name in the Search box, enter part of the FAIN (dashes are required), or by using the filter criteria and selecting from a list of available options.

- 2) Select Records across the top, click the Recipient Organization option from the drop down list, search for the Recipient using the Search button. Choose from the Recipient names. Once the Recipient record opens, click on the Applications/Awards tab. The FAIN column includes a hyperlink to the application or award record.
Note that the grids can be sorted by selecting any column header.

5.1.4 Searching for Projects

Projects divide an application into smaller pieces. Each application must have at least one project. Sound project naming conventions will help with search functions later.

Application and award project records can be found from an application record or searched for directly from the 'Records' tab.

To search for a project from the 'Records' tab:

- 1) Go to the 'Records' tab and click 'Projects'.

5.1.5 Working with Applications/Awards

Once an Application/Award has been selected from one of the search options, the 'Summary' page will be displayed. The left navigation menu will contain more options to select and view additional application/award information. Available options will vary depending on your user role and the current status of the application/award.

The following left navigation menu options are available to all user roles and for all application/award statuses.

5.1.5.1 Summary

The Summary page of an application will be the landing page after selecting a specific application /award to view or work with. It contains high level information about the application/award including,

- A timeline showing the current status of the application/award,
- Basic recipient information with a hyperlink to the recipient record,
- Application/Award status information,
- The executive summary of the application/award,
- Application details.

The 'Summary' page is in read-only format for all users at all times, the 'Executive Summary' and the 'Application Details' information can be edited from the 'Related Action' Application Details.

- 1) Click the 'Recipient ID' hyperlink to move to the recipient record to see or edit detailed recipient information.
- 2) Click on the 'Application/Award' hyperlink to navigate back to list of application records.

5.1.5.4 Dashboards

5.1.5.4.1 Dashboard: Points of Contact

The 'Points of Contact' dashboard displays FTA points of contacts and the recipient point of contact for the application/award. The recipient point of contact is set during the initial application development and may be updated on the 'Application Details' screen. The FTA points of contacts will be established after initial transmission of an application ('Transmitted / Ready for FTA Review' status). The point of contacts name, user role, email, and phone number will be displayed. Updates to names, roles, and phone numbers must be done from the user's profile page.

To view the 'Points of Contact' for an application/award:

- 1) Click on the 'Points of Contact' from the left navigation menu to view points of contact associated with the application/award. The points of contact associated to the application are listed and displayed in grid format. If there are no points of contact associated, the grid will be empty.

- 2) To move away from the 'Points of Contact' dashboard simply click on another item from the left navigation menu or select a new tab.

- Scope of work to be performed
- Location where work will be performed

- Funding sources and associated amounts
- Project milestones
- Environmental findings
- Specific project documentation

Projects allow the overall application/award to be divided into multiple pieces. Each application/award must have at least one project associated with it. Awards migrated from TEAM will only have one.

To view Projects associated with an application/award:

- 1) Click on select 'Application Projects' from the left navigation menu. The list of projects associated with the application/award will be displayed in a grid.
- 2) Click on the link of the 'Project Number' for the project information that you want to view.

5.1.6 Application Phases & Application Status

As the title suggests, this section explains the difference between the Application Phases and the Application Statuses as well as how they relate to one another. The Application Phases are tracked in TrAMS by a visual called the Progress Bar, as mentioned in the [Summary](#) section. Below is an example of a Progress Bar.

The [Application/Award Status](#) is visible in multiple places within TrAMS, but a common location to view the application Status is on the 'Summary' Dashboard, as shown in the following image:

5.2 Application Development

Application detail records include both applications that are in progress and applications that have been awarded. Available application record details will be displayed in the left navigation menu after selecting an application record. The 'Related Actions' menu will display actions relevant to the selected application. Actions displayed will vary based on the user's role and the current status of the application.

Refer to the [Working with Applications/Awards](#) section for more detailed information on common application / award details and actions.

5.2.1 In-Progress Phase

This section details the steps leading up to the submission of a formal application and subsequent award. The process and information requested to be completed is designed to ensure that once an application is transmitted, it can be processed by the FTA Regional Office in a timely manner.

To create and transmit an application to FTA, you must be a Submitter or Developer user. The basic steps covered in the create application process includes:

- 1) Create the application, complete the application details
- 2) Add one of more projects to the application to include:
 - a) Add project details and narratives, project locations, and project plan information.
 - b) Add budget activity line items and milestones
 - c) Add environmental determinations
 - d) Validate the project
- 3) Validate and transmit the application

After an application is transmitted, FTA can return the application to the recipient or assign the application to internal reviewers FTA will only assign a FAIN if the application is considered complete. The application will then be returned to the recipient for formal submission to FTA. After submission, FTA will conduct any additional reviews, reserve funds for the application, and then award the grant.

If the application indicates pre-award authority, then the applicant must submit the initial Federal Financial Report (FFR) before the Official will receive the task to execute.

Once a grant has been awarded (and the FFR has been submitted for the pre-authority application), users with the Official role in the Recipient Organization will receive a task to execute the award. The task must be completed within 90 days.

Figure 2, below, highlights this general application process from initial creation to award.

Figure 6: Application Work Flow

5.2.1.1 Action: Create Application

The 'Create Application' action is the first step in the application development process. Only recipient organization users with the Submitter or Developer roles can access this action.

The form collects high-level information about the application. Some fields are required to save the form. All questions must be answered prior to application transmission. You can return to this form using the 'Application Details' related action once the application is created.

For Guidance to better understand each question and level of information/details refer to resources available on the TrAMS Guidance Page and your primary FTA Office.

To create a new application:

- 1) Click the 'Actions' tab to display a list of available user actions.
- 2) Click the 'Create Application' action.

- 16) Once all details have been entered for the new application, click the 'Create Application' button. If you remain on the page, review the form for any error messages for missed information. Click the 'Cancel' button to discard the application and all information entered.

A screenshot of a web form at the bottom right. It contains two buttons: a blue button labeled 'CREATE APPLICATION' and a white button with a blue border labeled 'CANCEL'.

- 17) The new application record will be created and saved.
- 18) A confirmation message will display: 'Click on the link below to view the new Application record,' and the Summary Dashboard will be displayed. You may either click on the hyperlink to automatically be redirected to the new application record and continue developing your application, or return to the record later by clicking the 'Close' button to return to the 'Actions' tab. To access the application at a later date, go to Records, Applications / Awards, and search for the application record.

The temporary 'Application Number' is also generated after clicking the 'Create Application' button. There are 3 components of the temporary application number, each separated by a dash. The first part (from left to right) is the Recipient ID, followed by the fiscal year, which is the second part. The last component of the temporary Application Number is a unique number that is incremented each time a new application is created. This 'Application Number' is temporarily used to reference the application until the FAIN is assigned by FTA.

A screenshot of a web application confirmation message. At the top is a navigation bar with 'News', 'Tasks (2)', 'Records', 'Reports', and 'Actions' (highlighted). The Appian logo is on the right. The main content area has the heading 'Application | Created'. Below it is a green success bar with a checkmark icon and the text 'Success!'. The message states 'Application Number 9900-2018-12' and 'Click the link below to open the new Application record.' followed by a blue hyperlink: '9900-2018-12 | 2311 FORMULA FFY17 & FFY18 FUNDS FOR MOB MGT & CAPITAL PROJECTS'. A blue 'CLOSE' button is in the bottom right corner.

Once you access the application record, the Progress Bar will show that the application is in the 'In-Progress' phase, as shown in the image below. This is the first phase within the Pre-Award grant life-cycle.

5.2.1.1.1 Related Actions Available upon Application Creation

After an application is created several Related Actions are immediately available. Some maybe be used right away, though others will come into play later on in Application Development. As the Application / Award Lifecycle progresses in this User Guide, Related Actions and Tasks will be shown in the order that progresses the Application / Award for the most part, but

5.2.1.1.1.1 Related Action: Application Documents

- a) **New Document:** Add a document by clicking the 'Upload' button under the respective program and then selecting a document to upload from your computer.
 - b) **Date:** Click on the date field to either type in a date or display a date picker.
 - c) **Description:** Enter a document description.
- 19) Once all details have been entered for the new project, click the 'Finish' button to complete the create project steps.

- 20) The new project record will be created and saved.
- 21) A confirmation message will display with a hyperlink to the project record. Click the hyperlink to go directly to the new project record and continue developing your project, Click the 'Close' button to return to the application 'Related Actions' tab.
- On the 'Success' page, the Project Number is also generated. The format of the project number is the Temporary Application Number, separated by a dash (-), the letter 'P' and a unique number that is incremented each time a new project is created within the application. See the image below for the Project Number generated for this project.

The screenshot shows the TrAMS web application interface. At the top is a navigation bar with tabs: News, Tasks (2), Records (highlighted), Reports, and Actions. The Appian logo is in the top right. 5.2.1.2 Projects

Once a project has been created, additional details are required before the application is ready for transmission. Projects contain the following details:

- Scope of work
- Location where work will be performed
- Funding sources and amounts (budget activity line items)
- Project milestones
- Environmental determinations
- Project-specific documentation

Projects must be independently validated for completeness.

Related actions are available from the project related actions tab and are editable for Developers, Submitters, and FTA users with 'Pre-Award Manager' or 'Post-Award Manager' roles while an application has a status of 'In Progress'. With the exception of 'Validate Project' these actions are also available to other user roles in a read-only format and available during other project statuses in the read-only format.

Project Overview

* Project Name

Proj 3 Small Urban Mobility Management FFY 2017 & FFY 2018 funding

Please create a project name. For example, Wilson Bridge Construction. You may rename this project at a later time.

* Project Description

Project 3 – Small Urban Mobility Management at 80%. The Project 3 amount is \$711,440 for mobility management activities for Small Urban Regional Coordinating Council areas to include Region 7 (Nashua), Region 8 (Greater Manchester), and Region 10 (Southeast Seacoast region).

The Project 3 request includes FFY 2017 Small Urban lapsing funds in the amount of \$201,571 (55% of FFY2017 apportionment) and FFY 2018 Small Urban carryover funds in the amount of \$204,321 (15% of FFY2018 apportionment).

Please describe the scope of this project and how it impacts the associated grant application.

* Project Benefits

Funding for this project will be used to support coordinated transportation service activities in the Small Urban regions in cooperation with the State Coordinating Council for Community Transportation.

Please describe the expected results of your project. Include who will benefit from this project and how they will benefit (i.e. what is expected to be achieved as a result of this project)

Additional Information
Small Urban Mobility Management funds are requested to support coordinated transportation service activities in cooperation with the State Coordinating Council for Community Transportation. NH is divided into nine Community Transportation Regions and each region has an associated Regional Coordinating Council (RCC) which is composed of local transportation providers, human service agencies, funding agencies and organizations, consumers, and regional planning commission staff. Available Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities formula.
If needed, please provide additional information about this project that hasn't been included above.

The Non-FTA Funding Information section appears differently in TrAMS applications in comparison to Transportation Electronic Award Management (TEAM) applications. TEAM is the legacy system used process and review applications. An application created by the legacy system is usually referred to as a TEAM grant. There are several differences between applications created by the TrAMS system versus the TEAM system, but the one difference applicable to this section can be seen in the image below.

Funding Information: TEAM Application

Funding Information	
FTA Funding Source 49 USC 5311 - (MAP 21) Formula Grants for Rural Areas (FY2013 and forward)	FTA Funding Source 49 USC 5311 - (MAP 21) Formula Grants for Rural Areas (FY2013 and forward)

Award Non-FTA Amount \$0.00	Revised Non-FTA Amount \$0.00
Award Total Eligible Cost \$43,181.00	Revised Total Eligible Cost \$43,181.00

Unlike TrAMS, a TEAM application has a simpler layout when it comes to the Budget ALI page. A TEAM application only has one section for Funding Information, while the TrAMS applications divide the section into two: 1) FTA Funding information and 2) Non-FTA Funding information. Notice the difference in the TEAM Funding information shown above versus the TrAMS Funding Information displayed below.

The FTA Amount is derived from the dollar amount entered into the 'FTA Funding Amount' field within the 'Manage Budget Activity Line Items and Milestones' form. The Total Eligible Cost includes the FTA Amount, plus some of the Non-FTA Funding.

The Non-FTA Funding that is included in the Total Eligible Cost includes all of the values entered into the 'Local Share Amount', 'Local/In-Kind Share Amount', 'State Share Amount', 'State/In-Kind Share Amount', and 'Other Federal Share Amount' fields. FTA Environmental Review

Prior to approving a grant in TrAMS, FTA must find that the action complies with the National Environmental Policy Act (NEPA) and any other applicable environmental laws and regulations including, but not limited to, Section 106 of the National Historic Preservation Act, Section 4(f), and the Endangered Species Act. TrAMS requires you to enter NEPA classes of action (whether the project qualifies as a c-list or d-list categorical

- 5) At the bottom of the form, review the text in the ‘Step 1: Independent Utility and Permissible Segmentation’ section. Select whether this project is covered by one or multiple NEPA findings.
- a) **Multiple:** ‘This Project and each ALI activity have a separate, individual NEPA finding’ – select this option when each ALI within the project has its own environmental determination, or
 - b) **One:** ‘This Project and ALL ALIs activities are covered by one NEPA determination’ – select this option when one environmental determination applies to the project as a whole.

Step 1: Independent Utility and Permissible Segmentation

For most entries in TrAMS, there will be one NEPA finding per "Project" in TrAMS. In some cases, it may be desirable for one "Project" to have multiple NEPA findings, and in that instance, there would be one NEPA finding identified per ALI (e.g., large formula grants covering multiple independent activities or Projects that involve permissible early acquisition of real property where the early property acquisition has not been set up as its own "Project") rather than at the Project level. Whether a NEPA finding is made at the Project level or for individual ALIs, every NEPA finding must comply with the scope requirements of 23 CFR 771.111(f) (independent utility, logical termini for linear projects, not restrict consideration of alternatives for reasonably foreseeable transportation projects).

If your Project includes permissible early acquisition of real property, that early acquisition of property must have its own NEPA finding if Federal funds may be used for the acquisition. That can be done through either including a separate "Project" for early property acquisition or by entering NEPA findings at the ALI level.

Identify if your Project involves one or more than one environmental finding (e.g., multiple NEPA findings at the ALI level). *

☒ This Project and each ALI activity have a separate, individual NEPA finding.

☐ This Project and ALL ALIs activities are covered by one NEPA finding.

- 6) Click on the ‘Next’ button to move the next form. Click the ‘Close’ button on this, or any subsequent forms, to close the form without saving changes and return to the project ‘Related Actions’ menu.

Class II(c) consists of projects called categorical exclusions (CEs) which are known not to have, either individually or cumulatively, a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. Class II(c) does not require documentation.

5.2.1.2.7 Related Action: Validate Project

All projects must be validated before transmitting an application to FTA for review.

To **validate a project**, complete the following:

- 1) Search and open the desired project
- 2) Click the 'Related Actions' link from the navigation bar.
- 3) Click on the 'Validate Project' related action from the menu.

- 4) The system will validate the project to ensure all required elements for the project are present and will provide a summary of critical issues and warnings.

- 5) If the validation results in critical issues, you will need to address them individually before the project will pass validation. Critical issues will result in a red box 'Validation Error' and the list of errors to be corrected. Potential critical errors include missing ALIs, incomplete ALIs, missing location details, and missing environmental determinations. The following screenshot shows two critical errors that must be addressed: an incomplete ALI and a missing congressional district.

- 6) Click the 'Close' button to return back to the available related actions for the project and update the project as necessary.
- 7) Once the project passes initial validation, you will be presented with a series of questions based on the ALIs in your project. The forms will only appear if the criteria apply to your project. The three potential forms are:
- Section 5307 Funding Security Question
 - Transportation Development Credit or In-Kind Funding Document Upload
 - Fleet Status Update for Rolling Stock ALIs

- 8) **Section 5307 Funding Security Question:** This question will only appear if you have selected 5307 funding for this application. The question asks if at least 1% of the 5307 funds will be expended for security purposes.

A screenshot of the TrAMS web application interface. At the top, there is a navigation bar with tabs: 'Summary', 'Project Control Totals', 'News', and 'Related Actions' (which is highlighted in blue). Below the navigation bar, the main content area has a header 'Project | Section 5307 Funding Security Question'. Underneath this is a section titled 'Project Details' which contains two fields: 'Project Number' with the value '9900-2018-12-P3' and 'Project Name' with the value 'Proj 3 Small Urban Mobility Management FFY2017 & FFY2018 funding'. Below the project details, there is a bold instruction: 'This project includes Section 5307 funds. Answer the following question:'. The question is 'Will 1% or more of the 5307 funds in this application be expended for security purposes?'. There are two radio button options: 'Yes -- our organization will expend at least 1% of the 5307 funds in this application for security-related projects' (which is selected) and 'No -- our organization will NOT expend at least 1% of the 5307 funds in this application for security-related projects'. At the bottom right of the form, there is a green 'Continue' button.

- 9) If you select 'Yes, our organization will expend at least 1% of the 5307 funds in this application for security related projects' and then click the 'Continue' button, you will be presented with a confirmation screen.
- 10) If you select 'No, our organization will NOT expend at least 1% of the 5307 funds in this application for security related projects,' then you will need to explain why on the next form.
- a) Click on desired reason. This is a multi-select choices
 - b) Update the 'Explanation' field with the desired text. This is a long paragraph text field.
 - c) Click on 'Continue' to save the information.

5.3.1.2 Related Action: Award Fund Status

The 'Award Fund Status' Related Action allows a Recipient to view the financial details of an executed award such as obligation, deobligation, disbursement, refund and unobligated balance. All recipient user roles can access this Related Action, which is available once an award has a status of 'Active'. The 'Award Fund Status' page is read-only for all users.

To view 'Award Fund Status' information:

- 1) Click the 'Award Funds Status' from the 'Related Actions' menu.
- 2) The display will include:
 - a) Recipient Details
 - b) Award Details
 - c) Award Funding Summary
 - d) Award Funding – Account Class Code grid
 - e) Award Funding - Financial Purpose Code (FPC) grid
 - f) Application Transaction History grid, which can be filtered by several drop down options.

Note: Each grid will display a small number of rows, use the arrow keys on the bottom of the grid to view additional records. Arrows only appear when there are additional rows.

5.4 Post-Award Reporting

5.4.1 Overview

Information in this document is proprietary to FTA

Page 256

Unclassified – For Official Use Only

Recipients of FTA funding submit Milestone Progress Reports (MPR) and Federal Financial Reports (FFR) on a periodic basis to show the status and progress of activities and funding expenditures on their awards. The MPRs and FFRs are completed and submitted by the recipient within 30 days of the end of the reporting period. The reporting period for MPRs and FFRs can be Annual, Quarterly or Monthly, depending on the requirements for the award and/or funding program.

Submission of both MPRs and FFRs in TrAMS is task-based, which means that recipient users in the 'MPR Reporter' and 'FFR Reporter' role groups will receive a task to complete and submit their MPR or FFR 30 days before a report is due. Once recipients submit their reports for FTA review, FTA Regional Office staff with the 'Post-Award Manager' role may complete their reviews of the reports before the next reporting period is over. Once a new reporting period has finished, FTA staff will no longer be able to review reports from prior periods – those reports will now be read only.

5.4.1.1 FFR/MPR Reporting Cycle Timeframes

Table 1 - Quarterly FFR/MPR Reporting Cycle Timeframes

Quarterly FFR/MPR Reporting Cycle	Months Covered	Task Issued	Due Date	Task Closes*
Quarter 1	Oct – Nov – Dec	January 1	January 30	March 31
Quarter 2	Jan – Feb - Mar	April 1	April 30	June 30
Quarter 3	Apr – May – June	July 1	July 30	September 30
Quarter 4	July - Aug - Sept	October 1	October 30	December 31

**Tasks are launched at 7:15 AM GMT; and Task closes and the period closes for FTA staff to review at 11:59 PM GMT. Tasks may not be modified after FTA has accepted the report. FTA regional and HQ staff will review the reports and provide approval.*

Table 2 – Annual FFR/MPR Reporting Cycle Timeframes

Annual FFR/MPR Reporting Cycle	Months Covered	Task Issued	Due Date	Task Closes*
Federal Fiscal Year	October 1 to September 30	October 30 of the next fiscal year	October 30 of the next fiscal year	September 30 of the next fiscal year
Example	October 1, 2017 to Sept. 30, 2018	October 1, 2018	Oct. 30, 2018	Sept. 1, 2016

Note: Federal Fiscal Year is October 1 to September 30;

**Tasks are launched at 7:15 AM GMT; and Task closes and the period closes for FTA staff to review at 11:59 PM GMT. Tasks may not be modified after the report has been accepted by FTA. FTA regional and HQ staff will review the reports and provide approval*

5.4.2 Search for FFRs and MPRs

5.4.2.1 Action: Search FFR and MPR for Review

To view the complete MPR and FFR reports (in progress, submitted or reviewed); they can be found under the 'Actions' tab.

To view read-only versions of previously submitted or draft FFRs and MPRs:

- 1) Click 'Search FFR and MPR for Review'.
- 2) The 'MPR and FFR Review | Search Criteria' form will display. The following search fields can be used to narrow down your search for a specific report. Any required fields are marked with an asterisk.
 - a) The 'Application/Award Fiscal Year' field will limit the search to select report years.
 - b) The 'Application/Award Status' field will limit search based on the award status. Some example statuses are: Active (Executed), In-Progress, or Closed.
 - c) Select whether your award is 'Active' or 'Closed' from the drop-down menu provided under the 'Active / Closed Award(s)' field.
 - d) Use the 'Application Number' field to enter a specific application/award number. You must include the dashes and the amendment extension.
 - e) Select the 'Report Type' field to search for FFR or MPRs only, select "Any" to retrieve both types. *This is a required field.
 - f) Select the 'Report Status' field to search for reports either "Work In Progress", Submitted, FTA Review Complete.
 - g) Select one or more check boxes for the 'Report Period Type' field. *This is a required field.

Note: You must select "Initial" if you are searching for an initial award. Initial awards are not automatically pulled when selecting the 'ANY' option.

- h) The corresponding report period selections on the right side of the screen will become active as the check boxes are selected. You must select one or more report periods from the 'Report Period Annual,' 'Report Period Quarterly,' and/or 'Report Period Monthly' fields. Hold down the 'CTRL' key if you wish to select multiple report periods. All activated report period fields will require a selection.

Note: Selecting ‘Initial’ does not activate any Report Period lists. You must select the Initial box to retrieve initial reports.

- i) Select a radio button option for the ‘Report Final’ field.

To search for reports within a given range of dates the user may use the ‘Period From’ field ‘Period To’ field to enter in a date or display a calendar picker to select a date from for the first date of a range.

Note: The ‘Clear Filter’ button on this form can be used at any time to wipe out all entered search criteria.

- 3) Apply the desired search criteria along with the required fields and click the ‘Search’ button.

5.4.3 Federal Financial Report (FFR)

5.4.3.1 Complete and Submit FFR

5.4.3.1.1 Task: Complete [Fiscal Year and Cycle] Federal Financial Report for Federal Award ID No. [Application Number]

The completion of the Federal Financial Report is assigned as a task to the users with the 'FFR Reporter' user role.

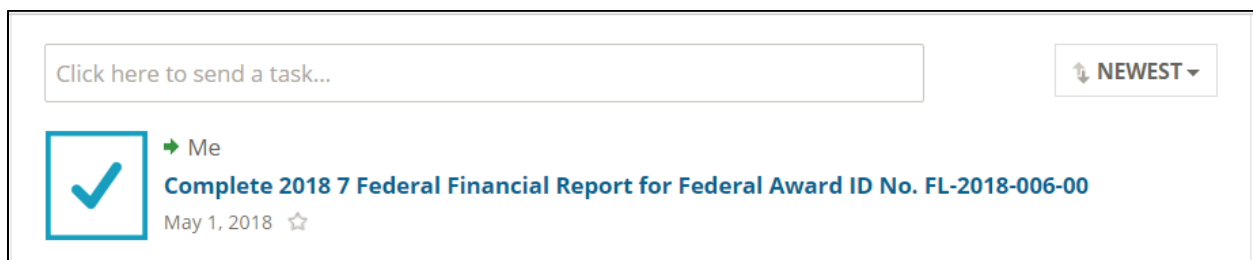

The task to complete the FFR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the FFR Reporter Group; therefore, everyone with the FFR user role will receive the task. The task will allow the FFR Reporter to complete and submit their Federal Financial Report.

A task will be issued for each active award. The number of Tasks assigned to a user will be visible next to the 'Tasks' tab.

- 1) After the FFR Reporter successfully logs on, click the 'Tasks' tab.

- 2) Select the task for the application and then accept the task. The format of the task reads; Complete [FY] [Report Frequency] Federal Financial Report' for Federal Award ID No.

- 3) The 'Input FFR Values' form will be displayed. You must accept the task to edit the fields.

On June 21, 2018, FTA made a modification to the FFR report form rules; it no longer allows the calculated value of Line D to be negative (see Note below). Please be aware that FFRs submitted before this date may show negative amounts.

Note: To avoid system validation errors while entering dollar values into the 'This Period' and 'Amount' fields, you must keep the following rules in mind for the FFR:

The sum of the value displayed under the 'Cumulative' field in 'G. Recipient Share of Expenditures' and the value provided for 'J. Recipient Share of Unliquidated Obligations' must be less than or equal to the value displayed for 'N. Total Recipient Share Required.'

You cannot input values in both 'R. Federal Program income expended in accordance with the deduction alternative' and 'T. Federal Program income expended on allowable transit Capital and operating expense.' You will be allowed to enter a value for only one of these fields.

Each of the separate values entered for 'A. Federal Cash on hand at Beginning of Period,' 'B. Federal Cash Receipts,' 'C. Federal Cash Disbursements,' 'F. Federal Share of Expenditures,' and 'I. Federal Share of Unliquidated Obligations' cannot be greater than 'E. Total Federal Funds Authorized.'

The calculated value of 'D. Federal Cash on hand at End of Period (A + B - C)' cannot be negative.

The calculated value of 'O. Remaining Recipient Share to be provided [N - (G + J)]' cannot be negative.

10) The system will display the 'Confirm FFR Data' form. If you wish to return to the previous 'Input FFR Values' form to make changes, click on the 'Modify FFR Values' button.

5.4.4 Milestone Progress Report (MPR)

5.4.4.1 Task: Complete and Submit MPR

To complete the Milestone Progress, Report the user must have the 'MPR Reporter' user role.

The task to complete the MPR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the MPR Reporter Group; therefore, everyone with the MPR user role will receive the task. The task will allow the MPR Reporter to complete and submit their Milestone Progress Report. A task will be issued for each active award.

The number of tasks assigned to a user will be visible next to the 'Tasks' tab.

- 1) After the MPR Reporter successfully logs on, click the 'Tasks' tab.

5.5 Post-Award Management

Activity conducted after a grant is award is considered post-award management. These activities consist of budget revision, amendment, reporting and close out.

A budget revision can be initiated by the Recipient for changes to an award, as long as the change does not include new scope codes or funding amounts. For changes to the scope codes or funding amount, the Recipient may initiate an amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. For a change to, modify terms and conditions or make funding adjustments, an FTA user will initiate an Administrative Amendment.

5.5.1 Budget Revisions

A budget revision is any change to an award that has an impact on the budget allocation of the original award. A budget revision may be a transfer of funds within a project scope or between existing ALIs within an approved award. It could also include the addition or deletion of an ALI.

The function of a budget revision is to allow the transfer of funds within or across existing project scope codes and budget activity line items (ALIs), add additional ALIs, or make updates to Application Details (narrative, performance end date, OMB questions).

5.5.1.1 User Roles

Users with the "Developer" or "Submitter" role can initiate a budget revision.

5.5.1.2 Budget Revision Workflow

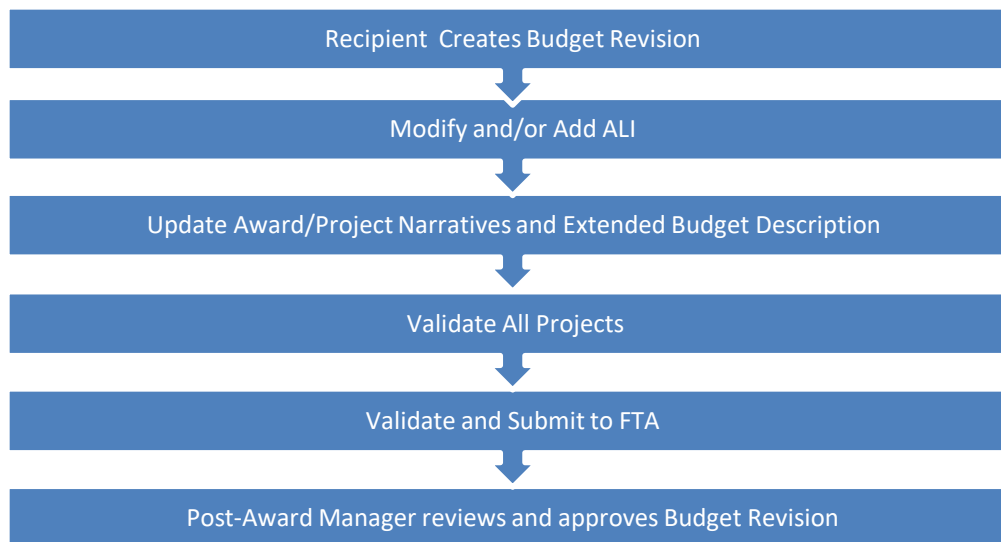

Once a budget revision is initiated, the award status is moved to 'Active / Budget Revision In-Progress'. No other types of revisions (Amendments or Closeout Amendments) may be initiated until the award is back in an 'Active (Executed)' status.

Budget revisions are reviewed and approved by FTA staff in the Regional Post-Award Manager user role. FTA may reject the budget revision and return it to the recipient for additional modifications. Following approval of the budget revision, FTA staff may need to take additional steps within TrAMS to align obligated funds to the new budget. Upon completion of FTA actions, the award will return to the 'Active (Executed)' status.

The award must be back in Active status before any additional drawdowns can be made against the revised budget. Recipients should wait three (3) to five (5) business days after budget revision approval to seek a drawdown.

The following is the general workflow of a budget revision:

5.5.1.3 Budget Revision Creation and Submission

5.5.1.3.1 Related Action: Create Budget Revision

Updates to the content of this section are in progress.

To create a 'Budget Revision' you must be logged on with the 'Submitter' or 'Developer' user roles and the award must be in the 'Active (Executed)' status.

- 1) Locate your award, and select the 'Related Actions' tab.
- 2) Click the 'Create Budget Revision' related action.
- 3) Select one or more of the following budget revision reasons (required).
 - a) Modify FTA Funding Across Existing Scope Codes
 - b) Modify FTA Funding Within Existing Scope Codes

- c) Modify Non-FTA Funding for Existing Scopes
- d) Modify Quantities for Existing ALI

If you are using the budget revision process to modify the period of performance, end date use (b) Modify Funding Within Existing Scope Codes.

5.5.1.3.1.1 Error Messages while Creating a Budget Revision

- 1) Recipient users may encounter error messages when the active award has a pending Budget Revision or a pending amendment. The system will populate an error message indicating the applicable pending action. For example:
 - a. For budget revisions, user can confirm if a pending action by reviewing the related action menu option Budget Revision History.

Note: These revisions apply to this amendment only. To see revisions to previous amendments, search for those amendments on the Records tab.

<input type="checkbox"/>	Revision Number	Revision Status	Revision Description	Revision Reason	Date Created	Date Approved
<input type="checkbox"/>	0	Approved	New Application	New Application	2/23/2016 4:20 PM GMT+00:00	9/13/2016 2:59 PM GMT+00:00
<input type="checkbox"/>	1	Pending	12/4/2018 Budget Revision The purpose of this budget revision is to move a total of \$12,000 (\$9,600 federal and \$2,400 local) from ADA Construction 11.93.09 to ADA Engineering/Design 11.91.09.	Modify FTA Funding Within Existing Scope	12/4/2018 7:10 PM GMT+00:00	

- b. For amendments, users can determine if there is a pending action by searching for the application without the amendment extension (-00 or 01, etc...). In the example below, award 00 is inactive; the active award is 01 and amendment 02 is in review; once amendment 02 is approved, amendment 01 will move to the "Active Award/ Inactive Amendment" status.

- 2) The Budget Revision remarks field is limited to 450 characters. If the grantee exceeds the character limits (including spaces) the system will reject the create budget revision function.

- 3) The information in the 'Award | Budget Revision Details' form can be modified as several points during the creation and during the review process. The grantee will be presented with the same form again prior to submission, and can be edited at that time.
- 4) Users should be aware of the below:
 - i) The 'Budget Revision Reasons' field requires at least one selected check box
 - ii) The Budget Revision Description field does not accept certain special characters; it is best to avoid bullets and \$ signs.
 - iii) The Budget Revision Description will display in the Budget Revision View Print History Grid once created. The information should be concise. It is preferred that the detailed budget revision information is incorporated into Executive Summary.
 - iv) If there is a pending action on the award, the grantee will not be able to create a new budget revision until the prior action is completed or deleted. Refer to the [Related Action: Delete Budget Revision](#).

5.5.1.3.2 Related Action: Budget Revision Activity Line Items

When modifying Budget Activity Line Items (ALIs) in TrAMS, the display fields and options available vary slightly for applications that were originally created in TEAM or TrAMS. Separate sections are included to address the different business rules that apply to TEAM and TrAMS awards.

5.5.1.3.2.1 Budget Revision Activity Line Items (TrAMS Award)

To modify the budget ALIs for an application

- 1) Select the Related Actions tab from the Application/Award level.
- 2) Click the 'Budget Revision Activity Line Items' option.

- 3) The 'Manage Budget Revision Activity Line Items and Milestones' form will be displayed. The ALIs associated with the application are shown in the 'Existing Line Items' section.
- 4) At any point, you may click the 'Close' button to return to the 'Related Actions' menu without saving any changes.

“The following projects in this application have not passed Project Validation: <list of incomplete Project Numbers> Please validate all projects in the application before continuing (Project Record, Validate Project Related Action).”	The projects associated to the budget revision application have not been validated.

5.5.1.4 FTA Review of Submitted Budget Revisions

The FTA awarding office will review budget revisions and either approve or disapprove the request.

FTA may return the budget revision request to the recipient for additional information or corrections. If returned, the revision will revert to ‘Active / Budget Revision In-Progress’ status in the system.

Once the revision is approved, FTA must complete either a scope code transfer (TrAMS Award) or FPC transfer (TEAM Awards) to complete the financial transaction of the budget revision, if appropriate.

Once the FTA office has approved the Budget Revision, and completed the financial action, the award will return to an ‘Active (Executed)’ status.

Recipients are reminded to wait at least three to five business days after approval to ensure the financial transactions have passed through all of FTAs financial management systems (FMS).

5.5.1.5 Additional Ways to Check the Change in Period of Performance End Date

If the Budget Revision is created to modify the Period of Performance End Date, user can check the following sections that displays ‘Period of Performance End Date’ in the read only format.

5.5.2 Amendments

An amendment may be initiated in TrAMS on an award application with 'Active (Executed)' status by the recipient organization. Amendments are created to revise details of an award such as scope, increase or decrease award funding or change the performance period end date.

User Roles: users with the 'Submitter' or 'Developer' role have the authority to create an amendment.

Once created, the amendment must go through the same FTA review cycle as an original TrAMS application, it follows all steps from creation to award.

The general workflow is as follows:

Refer to the [Application Development](#) section for further details on how an application is created and submitted.

Only recipients may initiate amendments however, FTA staff may initiate Administrative Amendments.

5.5.2.1 Amendment

5.5.2.1.1 Related Action: Create Amendment

Note: Only a recipient organization's Submitter or Developer roles will be able to access this action.

To create an Amendment, the user must select an Award that is in 'Active (Executed)' status with no existing Amendment or pending Budget Revisions. See steps below:

The screenshot shows the 'Award Summary' dashboard with tabs for Summary, Points of Contact, Application Control Totals, Application Projects, News, and Related Actions. A progress bar at the top indicates the award's status: In-Progress, Initial Review / Concurrence, Final Concurrence, Obligation, Executed, **Active**, and Closed. The 'Active' status is highlighted with a blue arrow. Below the progress bar, the 'Recipient Details' section shows the Recipient ID (9900) and Recipient Name (Trams Transit Organization). The 'Award Status Information' section lists the Award Number (FL-2018-007-00), Award Name (2311 FORMULA FFY17 & FFY18 FUNDS FOR MOB MGT & CAPITAL PROJECTS), Award Status (Active (Executed) - highlighted with a red box), Period of Performance Start Date (2/26/2018), Award Date (Feb 26, 2018), Executed Date (Feb 28, 2018), Last Disbursement Date (N/A), and Period of Performance End Date (12/31/2025).

- 1) Select an award with a status of 'Active (Executed)'. Once on the Award Summary dashboard, click 'Related Actions' tab and select 'Create Amendment' from the menu.

- 2) The 'Amendment | Create Amendment' form appears. The user must select from the Amendment Reasons shown and submit a brief description in the Amendment Details field.
- 3) Click the 'Create Amendment' button.
Note: The Amendment details cannot be modified later, similar to budget revision details. The Amendment Details is limited to 500 characters, including spaces. If the Create Amendment does not proceed to the next step, check your word count.

The screenshot shows a form titled 'Does your State require E.O. 12372 review?'. It has two radio buttons: 'Yes, our state requires E.O. 12372 review.' (selected) and 'No, our state does not require E.O. 12372 review.'. Below this are two text input fields: 'Please Provide State Application ID' and 'Please Provide Date Submitted for State Review' (containing '09/28/2018'). At the bottom right, there are two buttons: 'SAVE' and 'CANCEL'. The 'CANCEL' button is highlighted with a red box.

- 5) Click 'Save' button to save all the information and return to the 'Related Actions' tab.

This screenshot is identical to the previous one, showing the same form with the 'SAVE' button highlighted with a red box instead of the 'CANCEL' button.

Note: Projects can be added by FTA users with 'Pre-Award Manager' or 'Post-Award Manager' roles while an amendment has a status of 'In-Progress'.

The screenshot shows the 'Related Actions' tab selected in a navigation bar. Below the navigation bar, there is a list of actions, each preceded by a lightning bolt icon. The actions are: 'Application Documents' (Manage Application Documents), 'Add Project to Application' (Create Project and Associate to Application), 'Application Details' (Edit/View Application Details), and 'View-Print Application' (Generate View/Print for Application). The 'Add Project to Application' option is highlighted with a red box.

Note: Projects with a single scope and single ALI cannot be deleted.

5.5.2.1.3 Project Related Actions

With the exception of 'Validate Project', the following project Related Actions are available to various user roles in a read-only format and available during other project statuses in the read-only format.

- Project Details and Narratives

-
- Project Location
 - Project Plan Information
 - Amendment Budget Activity Line Items and Milestone
 - Environmental Determinations
 - Validate Project
 - View-Print Application
 - Project Documents

Note: These project related actions are also editable for FTA users with ‘Pre-Award Manager’ or ‘Post-Award Manager’ roles while an amendment has a status of ‘In Progress’

Refer to the [Application Development](#) section for additional information on how to edit a project

5.5.2.1.3.1 Related Action: Amendment Budget Activity Line Items and Milestones

The Application and Project Budgets are formulated by adding scopes and budget activity line items (ALIs) to a project. In an amendment, recipients are able to add new scopes and ALIs that were not previously part of the award.

To add or update the budget ALIs for a project on an amendment:

1. From the project-level ‘Related Actions’ menu, click ‘Amendment Budget Activity Line Items and Milestones’.

2. The ‘Manage Budget Activity Line Items and Milestones’ form will be displayed. The ALIs associated to the project are listed and displayed in grid format under the ‘Existing Line Items’ section.

18. Repeat previous steps to update the remaining ALIs in the grid. The status for each ALI will change from 'In-Progress' to 'Complete.' The status of 'Complete' is required for all ALIs on the project in order to validate and mark the project as ready for FTA review.

5.5.2.1.4 Transmit and Submit Amendment

The amendment transmission and submission process is the same as an original award. Refer to [Application Development](#) for instructions to transmit an amendment to FTA for initial review and to accept the submission task to formally submit an amendment for final review.

When transmitting an amendment, you will receive similar prompts:

1. If rolling stock is included add fleet information. Select the Close button, if no changes are needed to proceed to the next form.
2. If TDC or In-kind local match is included, prompts to add documentation will display. Use the skip button, if no additional documentation is required.
3. If Section 5307 funds were applied, even if no additional funds were added, there will be a prompt to respond to for the 1% security questions.

-
4. If the amendment is a Cooperative Agreement award, you will be prompted to select the cost center of the FTA office that will manage the amendment. Refer to [Application Development](#) for more information.

5.5.2.1.5 Amendment Execution

Once FTA has completed all reviews and awarded the amendment, the Recipient Official is required to execute the award agreement for the amendment. Refer to [Application Development](#) for details on how to execute the award.

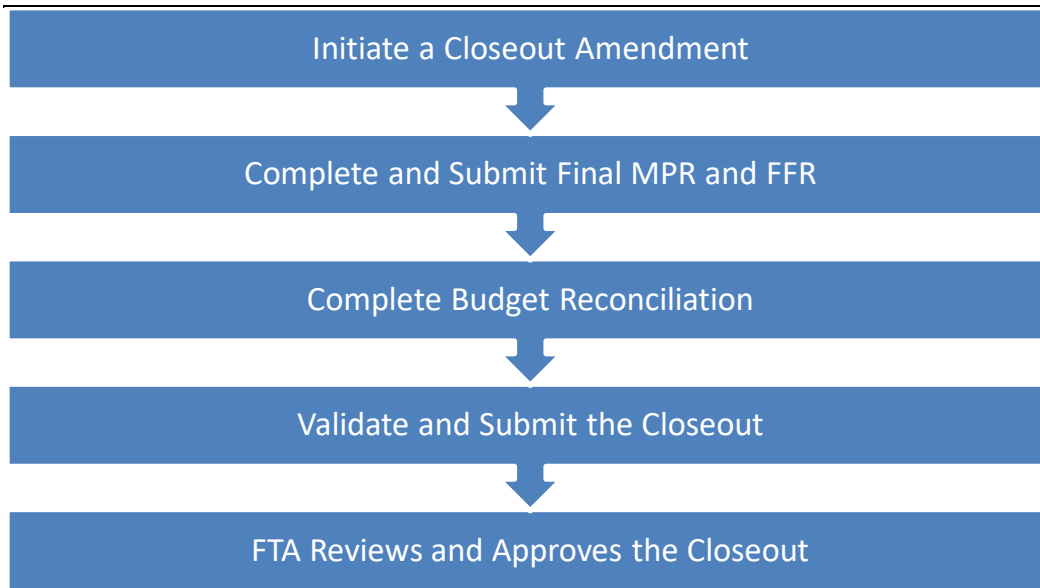

5.5.3 Closeout Amendment

Closeout Amendment is the process by which FTA Regional Staff determines that all activities in an award are complete and all federal funds necessary to complete the project have been expended. Either the recipient or FTA can initiate closeout of an award when all approved activities are completed and/or applicable federal funds expended.

5.5.3.1 Closeout Amendment Workflow

Award closeout is the term used to signify the process which completes an award after all activities for an Award have been completed or all federal funds necessary to complete the project have been expended.

Both the recipient and FTA may initiate a closeout; the steps are the same regardless of which user initiates and completes the closeout.

A closeout can only be performed on an award that is in the 'Active (Executed)' status with no pending post award actions. The process is the same for both TEAM and TrAMS awards, any differences in the format of the award is explained in the Guide. All parts of the closeout must be completed to validate and submit the request to FTA.

5.5.3.2 User Roles for Closeouts

Recipient users with a ‘Submitter’ or ‘Developer’ role have access to initiate and submit a closeout request.

The Recipient users with the FFR Reporter and the MPR Reporter user roles have access to complete the final reports for the closeout amendment package.

The user roles may be assigned to one or more individuals; therefore, coordination may be required.

FTA users with the Post-Award Manager role have access to initiate and submit a closeout request.

If FTA initiates the Closeout, then the Post-Award Manager will submit the Closeout and complete the final reports for the closeout amendment package.

5.5.3.3 Related Action: Create Closeout Amendment

Only the FTA Regional Post-Award Manager role or the Recipient will be able to access this related action to initiate and submit the closeout request.

Ensure the record has an application status of 'Active (Executed)'. A Closeout cannot be initiated if there are any pending amendments or budget revisions. 'Create Closeout Amendment' will not be displayed as one of the menu options within Related Actions tab if there are pending actions.

- 1) Steps to create Closeout Amendment:
 - a) Search and Select the Award Record either using the Records Tab or locating the record under the recipient profile 'application/awards' tab
 - b) From the Award Record, click on Related Actions
 - c) To initiate Click 'Create Closeout Amendment' from the menu options.

5.5.3.5 Task: Complete Final FFR

A final Federal Financial Report (FFR) must be submitted to FTA before a Closeout Amendment can be processed. A task will be generated once the Closeout amendment is created.

User Roles Required: Only a Regional Post Award Manager User Role or the Recipient can complete the final FFR. This may require coordination with other users to complete your closeout.

The Final FFR task is assigned to the 'Regional Post Award Manager' role as soon as the closeout amendment is created.

To complete the final FFR:

- 1) Log on as the 'Regional Post Award Manager' and click on the 'Tasks' tab.
- 2) Select the 'Complete Final Federal Financial Report for Federal Award ID No. [FAIN]' task for the application.

- 3) Click the 'Accept' button to accept the task and the editable 'Federal Financial Report (FFR) | Input FFR Values' form will be displayed. Click the 'Go Back' button to return the task to the FFR Reporter Group.
- 4) At any point, you may click the 'Close Task' button on this form to return to the 'Tasks' tab without saving any changes and retain the task. (Note that an email notification is sent when returned.)

Note: To avoid system validation errors while entering dollar values into the 'This Period' and 'Amount' fields, you must keep the following rules in mind for the FFR:

- The sum of the value displayed under the 'Cumulative' field in 'G. Recipient Share of Expenditures' and the value provided for 'J. Recipient Share of Unliquidated Obligations' must be less than or equal to the value displayed for 'N. Total Recipient Share Required.'
- You cannot input values in both 'R. Federal Program income expended in accordance with the deduction alternative' and 'T. Federal Program income expended on allowable transit Capital and Operating expense.' You will be allowed to enter a value for only one of these fields.
- Each of the separate values entered for 'A. Federal Cash on hand at Beginning of Period,' 'B. Federal Cash Receipts,' 'C. Federal Cash Disbursements,' 'F. Federal Share of Expenditures,' and 'I. Federal Share of Unliquidated Obligations' cannot be greater than 'E. Total Federal Funds Authorized.'
- The calculated value of 'D. Federal Cash on hand at End of Period (A + B - C)' **cannot be negative.**
- The calculated value of 'O. Remaining Recipient Share to be provided [N - (G + J)]' **cannot be negative.**

9) Once you have completed entering all details, click the 'Calculate Totals' button. If you remain on the same page, it is likely that the system has identified a validation check in the calculations. Review the system generated validation checks.

5.5.3.6 Task: Complete Final MPR

Before submitting a Closeout Amendment for approval, the FTA Regional Staff or the Recipient must submit a Final Milestone Progress Report (MPR) to FTA. The task to complete the final FFR is initiated as soon as the closeout amendment is created.

User Roles Required: The FTA Regional Post-Award Manager role or the Recipient can complete the final MPR. This may require coordination with other users to complete the closeout.

The Final MPR task is assigned to the 'Regional Post-Award Manager' role as soon as the closeout amendment is created. To complete the final MPR:

- 1) Log on as the 'Regional Post-Award Manager' and click on the 'Tasks' tab
- 2) Select the "Complete Final Federal Financial Report for Federal Award ID No. [FAIN]" task for the application.
- 3) The MPR form will populate

- At any point, you may click the 'Close Task' button to return to the 'Tasks' tab without saving any changes and retain the task (Note that an email notification is sent when returned to group).
- Enter comments into the 'MPR Overview Remarks' field to provide details about overall progress of the award. Note that this is a required field.
- Verify all line items displayed under the 'List of Line Items' grid. Any value greater than zero under the 'Number of Milestones Pending' column indicates pending milestone(s) that must be provided with an appropriate 'Actual Completion Date' to pass validation.

Note: A milestone is considered 'Pending' if one of the following is true:

- The 'Original Estimated Completion Date' (when no revised milestone is provided) expired on or before the 'Report Period End Date' which is the date the closeout was created

- There is no 'Actual Completion Date' indicating the milestone was successfully achieved on or before the 'Report Period End Date'
- The 'Revised Estimated Completion Date' expired on or before the 'Report Period End Date'
- All milestone must have an actual completion date to have a complete closeout request
- Zeroed out milestone are not considered pending

6 Reports

Updates to the content of this section are in progress.

6.1 Overview

TrAMS includes a suite of reports that support application management and financial activities to include activities such as reviewing application statuses and budget information at various levels of detail. Most TrAMS reports are accessible by both recipient organization users and FTA users although the level of detail each user type can see may vary by report. This document describes reports available to both recipient and FTA users. TrAMS reports are downloadable as Microsoft Excel formatted files.

All TrAMS reports can be categorized into one of two groups:

1. User Generated Dynamic Reports

Dynamic reports allow the user to select report filter criteria. They are generally found using the 'Actions' tab, and, in some cases, the 'Reports' tab. For dynamic reports, recipient users will only be able to see data specific to their recipient organizations. Recipients who belong to more than one organization, will be able to see data for each of those organizations. FTA users will be able to see data across all Cost Centers.

2. Historical Static Reports

Historical (static) reports are generated each night by the TrAMS system and stored on the 'Records' tab. Static reports provide a daily snapshot of the same information available in the dynamic reports. Static report data is cumulative, beginning on the first day of the Federal Fiscal Year (October 1st) and ending on the day prior to the report generated date. For example, a static report dated May 30, 2018 will contain data for October 1, 2017 through May 29, 2018.

Static reports have no filter criteria applied and will contain data for all Cost Centers and all recipient organizations. Static reports are useful for comparing information across time periods.

The current TrAMS report suite includes 11 reports accessible to be recipient and FTA users. These reports are listed in Table 1: TrAMS Reports below. The remainder of this document describes the available reports, how to access them, and what filters can be applied when generating the reports.

6.1.1 Static Reports – Records Tab

Static reports are accessed from the 'Records' tab. Static reports are stored by fiscal year, report name, month, and day. Reports are generated on a nightly basis and are cumulative starting with the first day of the fiscal year (October 1). Static reports have no filter criteria applied and show data for all Cost Centers and recipient organizations.

To access a historical static report:

1. Go to the 'Records' tab and click on 'Static Reports'.

2. Select the fiscal year for the static report you wish to view. Archived data from TEAM is available for fiscal years prior to 2016 (e.g. click folder "FY 2015 Archive").

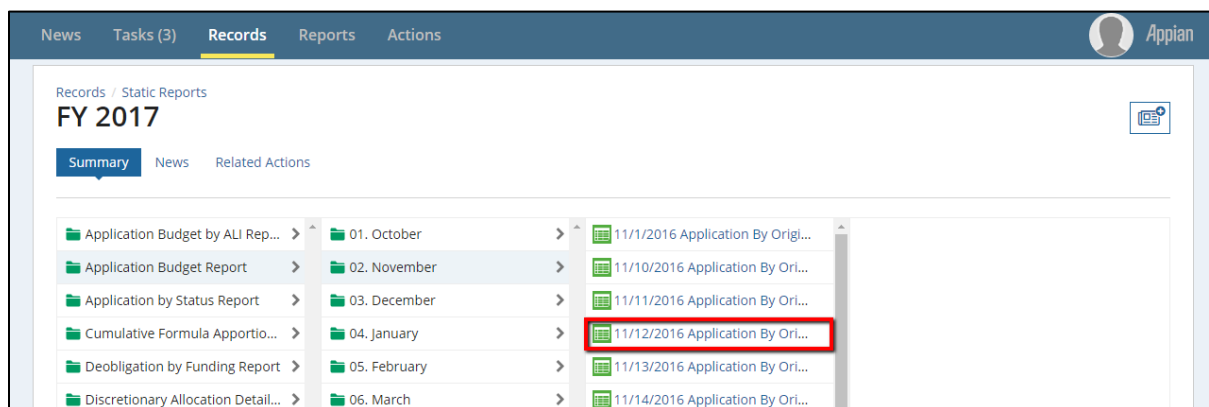

3. A list of all available static reports will display. Click on the desired report name (e.g. 'Application Budget Report').

4. A list of months will display in federal fiscal year order (October – September). Click on the desired month.

5. The list of available reports by day will display. Click a report link to download a copy and save to your local environment. All reports are Microsoft Excel formatted.

- for and viewed from the Actions tab.

6.1.2 Dynamic (User Generated) Reports

User generated reports or “dynamic” reports are accessed from either the ‘Actions’ tab or the ‘Reports’ tab. Dynamic reports allow the user to apply search criteria to limit report results.

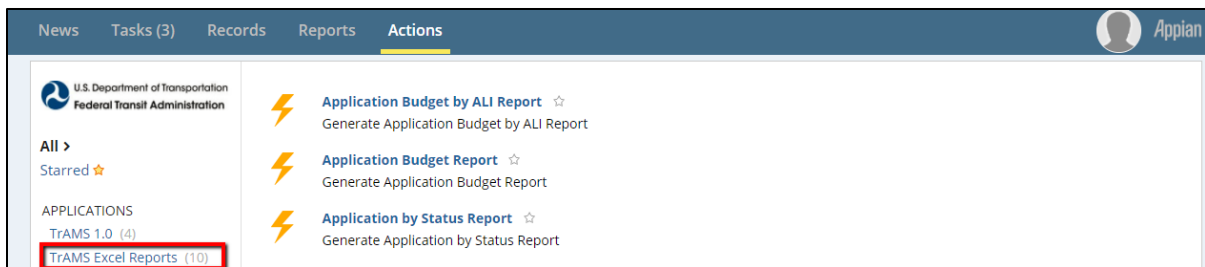

6.1.2.1 Actions Tab

Reports on the ‘Actions’ tab are listed along with other actions in the menu. You may either scroll down the page until you find the desired report link or you can filter the full list of available actions by clicking the ‘TrAMS Excel Reports’ filter on the left-hand navigation pane.

6.1.2.1.1 Report Filter

To apply the action filter from the ‘Actions’ tab so that only report links are visible:

- 1) Go to the Actions tab and click the ‘TrAMS Excel Reports’ link on the left-hand navigation pane.

- 2) Once the filter is applied, only the available Excel reports will be visible. The exact list of reports will depend on your user roles in TrAMS.

The screenshot shows the 'Actions' tab in the TrAMS interface. On the left, there is a sidebar with the U.S. Department of Transportation Federal Transit Administration logo, 'All >', 'Starred ★', and 'APPLICATIONS' with a sub-item 'TrAMS Excel Reports ✕'. The main area lists several report generation options, each with a lightning bolt icon, a report name, a star icon, and a description:

6.1.2.1.2 How to Generate a Dynamic Report

Each report available on the 'Actions' tab is generated in a similar fashion. The following set of steps can be applied generically to generate any dynamic report on the 'Actions' tab:

- 1) Go to the 'Actions' tab and click on the report link (e.g. 'Application Budget Report').

This screenshot shows the 'Actions' tab with a red box highlighting the 'Application Budget Report' link. The sidebar on the left shows 'APPLICATIONS' with sub-items 'FACES (5)', 'TrAMS 1.0 (5)', and 'TrAMS Excel Reports (10)'. The main area lists the same report generation options as the previous screenshot, with the 'Application Budget Report' link highlighted by a red box.

- 2) Wait for the report form to open and then enter any applicable search criteria. Depending on the report, select search fields may require inputs before the report can be generated.

- 3) Click the 'Generate Report' button. Report generation time will vary depending on the report type and the amount of underlying data. While the system is creating the report, you will see the message 'Working...' in the top navigation bar.

- 4) Once the report has generated, a report link will appear at the top of the report form. The date and timestamp shown in the link title will match the time zone specified by the user in the user's profile settings (e.g. "Application By Original Award Report for [User] [Date] [Time]").

Note: When generating successive reports, be sure the 'Working' message has disappeared prior to clicking the link, otherwise you will download the previous report. The link for a report is not refreshed until the 'Working' message disappears.

- 5) Click on the report link to download the report. The report will be Microsoft Excel formatted. The search criteria applied will be listed in the header section of the report.

6.1.2.1.3 Standard Form Buttons

The dynamic report forms on the 'Actions' tab may contain one or more of the following standard buttons:

- 1) **Clear Filter:** Click the 'Clear Filter' button to clear all search criteria entered in the search filters.
- 2) **Generate Report:** Click the 'Generate Report' button to run the report.
- 3) **Close:** Click the 'Close' button to close the report form.

6.1.2.1.4 Search Criteria Types

Each dynamic report form will contain one or more search criteria. Required search criteria will be indicated on the form by a blue asterisk '*'. Search criteria filters may be of the following types:

- 1) **Checkbox:** Checkboxes are used when zero, one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected independent of the other items in the list. On the 'FFR Detail Report', the 'Report Period Type' search criterion is an example of a checkbox field.

- 2) **Date Picker:** Clicking on a date picker field will open a calendar from which a single date can be selected. You may also directly type in a date in the field's entry box. On the 'FFR Detail Report', the 'Period To' filter is an example of a date picker.

- 3) **Drop Down (Single-Select):** A single-select drop down field is list of items that expands when the user clicks in the field. Only one item can be selected from the list. The selected item will be visible in the form field box. On the 'FFR Detail Report', the 'Application/Award Type' filter is an example of a single-select drop down list.

- 4) **Drop Down (Multi-Select):** A multi-select drop down field also appears as a list of items that expands when the user clicks in the field. In this case, multiple items can be selected from the list (click an item to select it). Selected items will appear to be highlighted within the drop down and will be listed in the field box. On the 'FFR Detail Report', the 'Report Period Monthly' filter is an example of a multi-select drop down list.

- 7) **Type Ahead:** Type-ahead fields are similar to text fields but search for matching inputs as the user types. The user will then be prompted to select from search results that match what was typed. A matching item that was selected can be unselected by clicking the "x". Type ahead fields will be more common for FTA user views of the report forms where a recipient ID may need to be selected from the full list of recipients. On the FTA version of the 'FFR Detail Report', the 'Recipient Name/ID' filter is an example of a type-ahead field. Typing the number '1818' prompts the user to select the recipient with ID 1818.

6.1.2.2 Reports Tab

Reports on the 'Reports' tab are accessed by clicking on the report name link. While only a limited number of reports are currently available on the 'Reports' tab, additional reports from the 'Actions' tab are expected to be transferred over time. The following reports can be found under the Reports Tab by both FTA and recipient users:

Disbursement Report

User Details Report – *See the FACES User Guide.*

To generate a report from the 'Reports' tab:

- 1) Click on the report link (e.g. 'Disbursement Report').

- 2) Wait for the report form to open and then enter any applicable search criteria. Depending on the report, select search fields may require inputs, required fields will be indicated by a blue asterisk (*).

- 3) Click the 'Export to Excel' button. A message will appear stating that the report is being generated.

- 4) Once the report has generated, you will receive a task to download the report. Go to the Tasks tab and select the task.

- 5) Click on the report link to download the report. The report will be Microsoft Excel formatted and the title will include the date and time that the report was generated. The search criteria applied will be listed in the header section of the report.

Note: Clicking the ‘Close’ button on the Task form completes the download task whether or not you have downloaded the report. If you close the form before downloading the report, you will have to regenerate the report.

6.2 Available Reports

This section describes each of the TrAMS reports including a short description of the report data generated, search criteria available for dynamic reports, and file links and names. Search criteria fields annotated with a ‘FTA Only’ indicate criteria only visible to FTA users and, in some cases, recipient users associated with multiple Recipient organizations. Within this document, required search criteria on dynamic reports are annotated by bolded font and an asterisk ‘*’ (e.g. **Fiscal Month***).

When reviewing report data, note that some report fields may not be populated for applications or awards migrated from TEAM. For example, Pre-Award and Post-Award information is only available for TEAM awards amended in TrAMS if managers have been assigned. This information is not available for applications or awards migrated from TEAM without an additional activity.

6.2.4 Disbursement Report

6.2.4.1 Description

The 'Disbursement Report' allows users to query individual disbursements and/or refunds for an award. While other reports in TrAMS show a single, cumulative disbursement amount per grant or project, this

report displays each disbursement and refund processed. Search fields include account class code, financial purpose code, and section code.

For grants awarded in TrAMS, users can also query for disbursements on individual projects within the award and on individual budget scope codes within the projects. For reports run on grants awarded in TEAM, the fields for budget scope code, scope name, and scope suffix will be blank as this information is only tracked for awards made in TrAMS. Additionally, the report will only generate data for grants where disbursements have taken place. If an application has not reached 'Awarded/Executed Status' or if no disbursements have occurred, the report will not return any information for that award.

Note: It may take several minutes to generate a report when the search criteria entered are broad and produce large amounts of data.

6.2.6 FFR Detail Report

6.2.6.1 Description

The 'FFR Detail Report' provides information on Federal Financial Reports (FFRs) submitted for awards, including the submission or review status of the report and the financial information as reported by the recipient. This report can be used to determine whether an FFR has been submitted and/or reviewed by FTA. FFRs display with their latest status, saved comments, recipient information, and award details relevant to the entered search criteria. Users can input search criteria to filter reports by report period type and report period date ranges.

Note: Most financial information populated in the report is recipient-reported. The exceptions are disbursement, deobligated, and unliquidated obligation amounts which are generated by FTA's financial systems.

6.2.6.2 Report Locations

- 1) Dynamic Report:
 - a) Go to the Actions tab.
 - b) Click the 'FFR Detail Report' link.
- 2) Static Report:

6.2.11 User Details Report

Refer to the FACES user guide for more information about the User Details Report.

6.2.12 Static Reports – Records Tab

Static reports are accessed from the 'Records' tab. Static reports are stored by fiscal year, report name, month, and day. Reports are generated on a nightly basis and are cumulative starting with the first day of the fiscal year (October 1). Static reports have no filter criteria applied and show data for all Cost Centers and recipient organizations.

To access a historical static report:

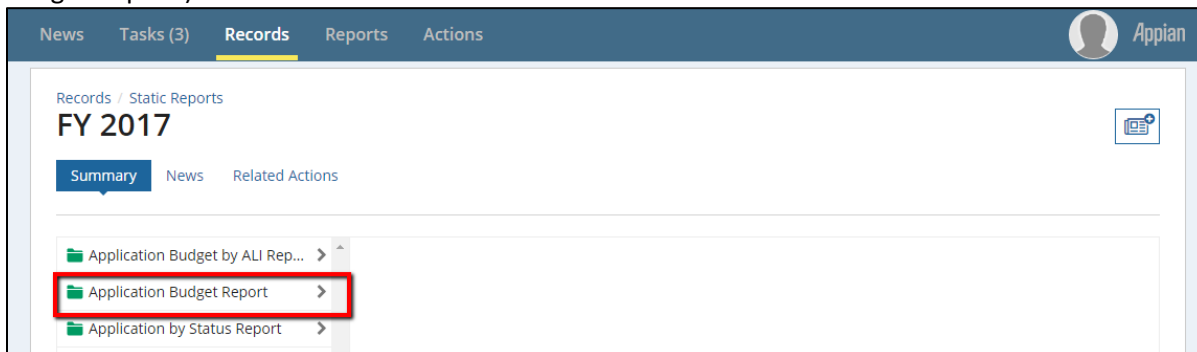

6. Go to the 'Records' tab and click on 'Static Reports'.

7. Select the fiscal year for the static report you wish to view. Archived data from TEAM is available for fiscal years prior to 2016 (e.g. click folder "FY 2015 Archive").

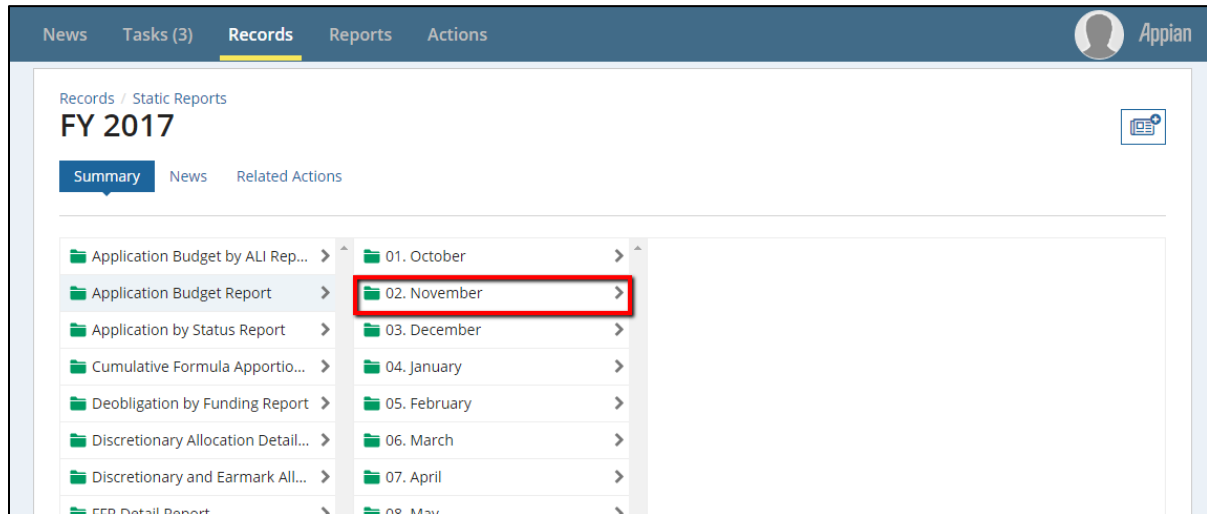

8. A list of all available static reports will display. Click on the desired report name (e.g. 'Application Budget Report').

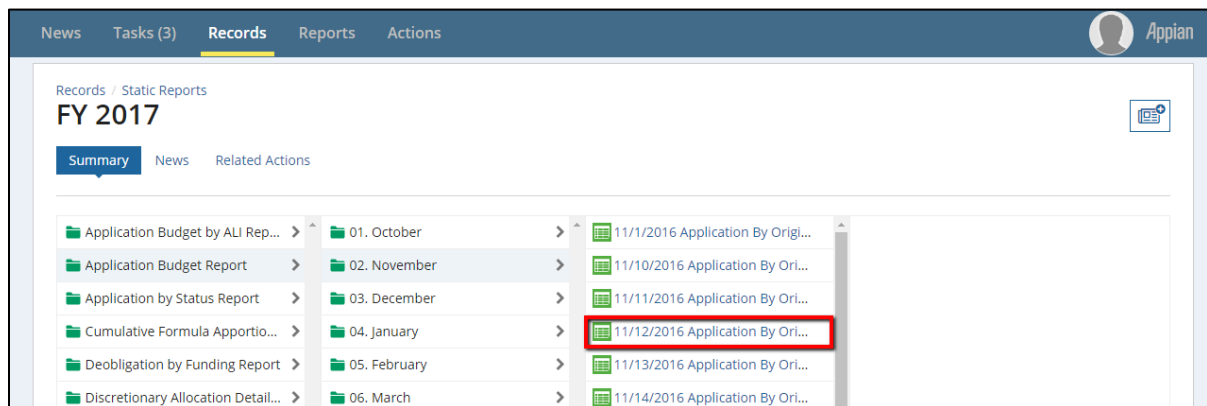

9. A list of months will display in federal fiscal year order (October – September). Click on the desired month.

10. The list of available reports by day will display. Click a report link to download a copy and save to your local environment. All reports are Microsoft Excel formatted.

7.1.2 Glossary of Terms

Appian	Web-based Business Process Management (BPM) software used to development the FTA Platform that houses TrAMS.
Application	A request for financial assistance in TrAMS through federal grants and cooperative agreements.
Award	An application that has been awarded in TrAMS (the application can be a grant or cooperative agreement)
Buttons	Used to perform actions such as saving data, deleting data, or leaving the form.
Cost Center	A term used to represent an FTA regional or Headquarters office within TrAMS. Link back to the page where it's referenced.
Dashboard	A user interface that organizes and presents information in a way that is easy to view and read.
Field	A user input element on a form for entering data (e.g. a checkbox or textbox).
Form	A web-page where a user enters data or information.

Grid	The Appian term to describe a table. Grids have records (rows) and fields (columns).
Group	A collection of TrAMS users. All users with the same role in the same Recipient Organization will belong to a group (e.g. Transit CO ABC Submitters).
Menu	A list of options displayed on screen either in a list, dropdown list, or toolbar (top to bottom or across the top of the page).
Navigation Menu	A series of links specific to the type of record.
Navigation Tabs	Displays FTA-platform and system-specific information to all users. Tabs are used to navigate through the system.
Page	A web-page or web-enabled screen.
Project	Is a single activity or group of related activities that comprise a project within an application; and has a defined budget and schedule.
Recipient Organization	A recognized recipient, that has been assigned a unique FTA identification number (4 digits), which is also referred to as a Recipient ID Number. Recipient Organizations are tied to FTA Cost Centers.
Role	A set of privileges and responsibilities within TrAMS assigned to a user. Users can be assigned one or more roles.
System	A software application (e.g. TrAMS). The term “system” is used throughout this user guide instead of “application” to avoid confusion with TrAMS grant applications.
Task	An assigned step within a workflow. Appian can assign tasks to individual users or groups. Users can assign tasks to other users within the TrAMS system.
User	An individual with a TrAMS account that has at least one assigned user role and has logged into the FTA Appian Platform.
Workflow	A series of steps in a pre-defined process that must be completed in order.
