

# Cybersecurity Assessment Tool for Transit (CATT) – Tool Demo

March 1, 2023

---

**Raj Wagley**

Program Manager

Federal Transit Administration

# Opening the Webinar

**Bridget Zamperini**  
Office of System Safety  
Federal Transit Administration

# Introductory Remarks

**Mohammed Yousuf**

Director, Office of Infrastructure, Safety and  
Asset Innovation

Research, Demonstration and Innovation  
Federal Transit Administration

## About the CATT

**Raj Wagley**

Program Manager,  
Office of Infrastructure,  
Safety and Asset Innovation  
Federal Transit Administration

# CATT Tool - Project Information

- In FY2021, FTA awarded MetroLINK (Illinois), its partners Max Cybersecurity LLC and GraylineGroup (<https://graylinegroup.com>) a \$400K R&D project to assess cybersecurity risk and readiness for the transit industry
- The research used MetroLINK as a baseline for developing a framework and demonstrating the cybersecurity assessment tool customized for transit (CATT)
- FTA published an open-source PDF-based CATT on February 10, 2023, on its website <https://www.transit.dot.gov/research-innovation/cybersecurity-assessment-tool-transit-catt>
- Additional information about the tool and cybersecurity resources are available on FTA websites

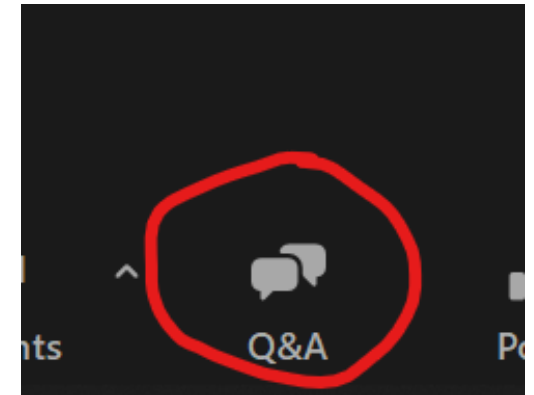

# Tool Demonstration

**Brandon Thomas**  
Partner, Grayline Group  
Austin, TX

[brandon@graylinegroup.com](mailto:brandon@graylinegroup.com)

- Review and demonstration of CATT tool and its components
- Q/A session will follow the demo so please submit questions on Q&A pod

# Question & Answer

- Please use the **Q&A Pod** at the bottom of your screen to submit questions during the demo
- Additional questions can be emailed to the program manager, Raj Wagley at [raj.wagley@dot.gov](mailto:raj.wagley@dot.gov)
- FTA will post responses from the demo and emails on its website by TBD

# Thank you for your participation!
