1 About this User Guide

The Transit Award Management System (TrAMS) User Guide is a technically-focused manual intended to help users understand the system and perform work within it. Readers of this guide will learn basic navigation, system terminology, management of different system records, workflow progression, and other skills necessary to master the system.

This guide does not provide business guidance. Readers will encounter many references to business terminology, explanations of the Application to Award lifecycle, and familiar forms and reports, but only as it is necessary to help learn how to accomplish their work in TrAMS. The guide lays out many system rules, such as when a certain field is available, or which user roles may access certain actions. However, the guide does not define business rules or best practices, such as when it might be appropriate to take one action over another.

For best practices and other guidance, readers of this guide should refer to FTA circulars, Standard Guidance for Grants, or Grants A to Z.

2 TrAMS Overview

The Federal Transit Administration (FTA) as part of the U.S. Department of Transportation (DOT) provides financial assistance to develop new transit systems and improve, maintain, and operate existing systems. Financial assistance to states and local transit providers (from here on referred to as recipients) is provided through federal grants and cooperative agreements. Recipients of these federal funds are responsible for managing their programs in accordance with federal requirements, and the FTA is responsible for ensuring that the recipients of these funds follow federal mandates along with statutory and administrative requirements. The Transit Award Management System (TrAMS) is a web-based tool that was developed to allow recipients to apply for federal funds, manage their programs in accordance with federal requirements, and provide the FTA with a method to review, approve, control, and oversee the distribution of funds.

The TrAMS Application is based on the Appian platform. The platform provides workflow control through role-based access and by assigning 'Tasks' to the appropriate 'User Roles' when a particular step in a grant's life cycle should be performed. Recipients initiate the grants process within the TrAMS Application and are notified by email of any assigned tasks. Access to specific TrAMS grant functions are restricted to only be available during certain times within the grant's life cycle and to users who are allowed to perform those tasks.

2.1 Recipients in TrAMS

The TrAMS system maintains information on each recipient organization, the organizations compliance with eligibility requirements for Awards, and the users within their organization.

Recipient Organization profile information is automatically imported from the System for Award Management (SAM). Any changes to organizations information such as name, address, phone, emails, contact information, etc. must be made in SAM. Additional organizational information including, Congressional Districts, Fleet, Point of Contact and Union, Direct Recipient and Sub-allocation information is updated using TrAMS functionality. When applying for a grant, all required organizational information is taken from the Recipients organizations record.

To apply for FTA grants, recipients must ensure that they are in compliance with required civil rights programs. Using TrAMS, recipients must annually submit their Certification and Assurance that they adhere to the program standards. Through TrAMS they document, manage, and verify compliance to Equal Employment Opportunity (EEO), Title VI, and Disadvantage Business Enterprise (DBE) programs.

Each user within a recipient organization is provided with a unique 'User Name' for accessing TrAMS. Their user name is linked to one of more 'User Roles' that controls the information that they are allowed to view and update in TrAMS. Each organization has one or more users that have been granted the role of 'User Manager'. The 'User Manager' is able to manage the access to TrAMS for their organization, including adding new users, inactivating users, and assigning user roles. Each user role is linked to a specific subset of allowed activities and linked to assigned tasks as a grant moves through its life cycle.

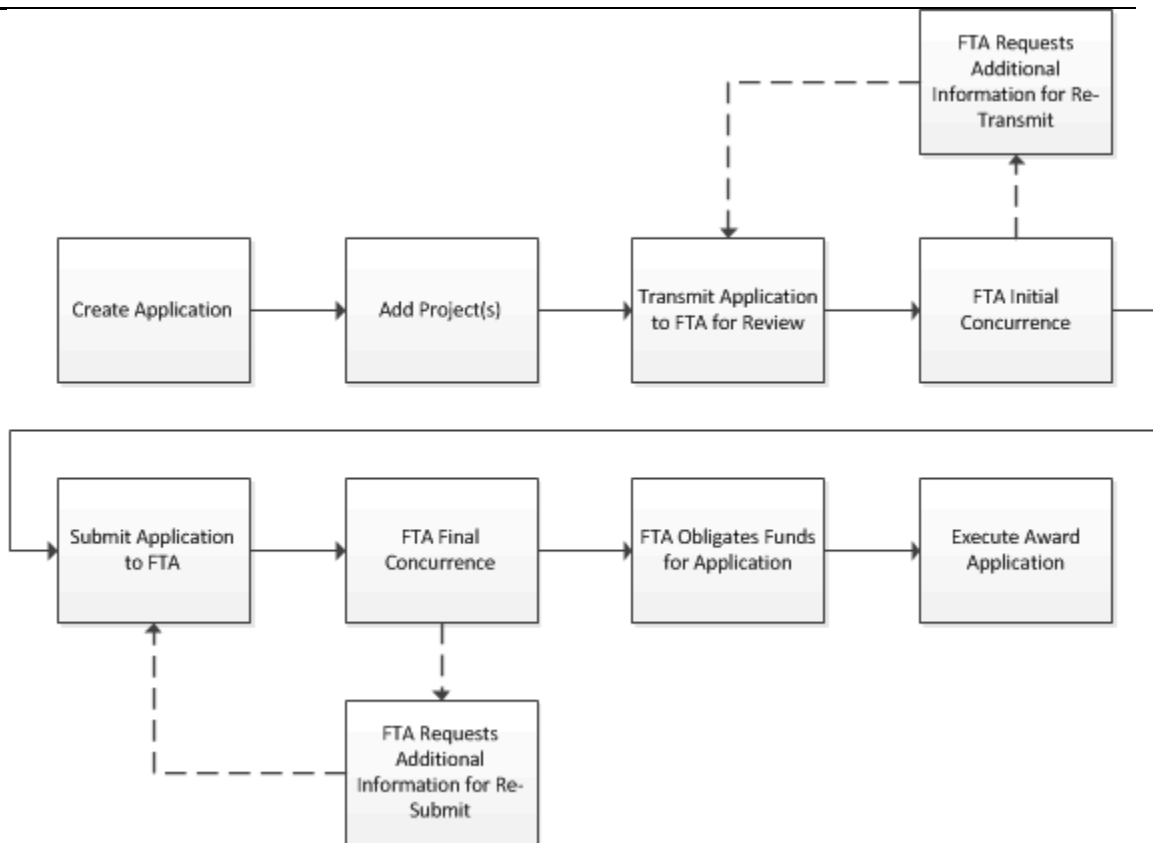

2.2 Grant Life Cycle in TrAMS

Using TrAMS a designated user representing the recipient organization will draft an Application to begin the TrAMS Grant Life Cycle. Recipients will need to provide a high-level overview of the general purpose of the grant and answer some general questions regarding the purpose of the request. The recipient will then be required to add more specific information regarding the specifics of a grant by adding one or more Projects. Projects within TrAMS allow for adding the details associated with an Application including such items as location of Project, type of work to be performed, environmental findings, funding source, funds requested, and expected Project milestones. Additionally, TrAMS allows recipients to upload supporting documentation both on a Project level and at the Application level. Once a Project is complete the system will perform a validation on the Project to verify its completeness. After all Projects for an Application have been completed and validated, the system will perform a final validation on the Application prior to the recipient being able to submit it for an initial FTA review.

Each recipient organization belongs to one of 10 regional FTA offices. Applications submitted to the FTA in TrAMS are transmitted to the recipients' local regional office. A pre-Award manager from the regional office will be assigned to review the Application for completeness and accuracy. The pre-Award manager will use TrAMS to assign any additional required reviews (environmental, civil rights, and technical). These additional reviewers will receive a TrAMS task to log their concurrences or objections and provide any additional feedback. After all requested reviews have been completed TrAMS will notify the pre-Award manager and assign him a new task to complete. The pre-Award manager may at this point assign a task to the recipient to make changes or comments to their Application or have TrAMS assign the Application its Federal Award Identification Number (FAIN). Once the FAIN has been assigned the recipient will receive an email indicating that they have received initial approval of their Application and that they have been assigned a task to submit the final Application.

After submission has occurred the pre-Award manager will receive a task to determine and assign any additional reviews that need to take place and request that funds are reserved. Again, tasks will be assigned to additional regional reviewers to log their concurrences or objections along with a task to the regional reservationist to reserve the funds. Once more TrAMS will allow the pre-Award manager to route the Application back to the recipient for additional changes if necessary. Following the completion of the approval process the regional Administrator will receive a task to approve and obligate the funds for the Award. A user designated as the recipient 'Official' will receive a task to accept the Award. At this point the Award will be executed and will move into a post Award phase of grant.

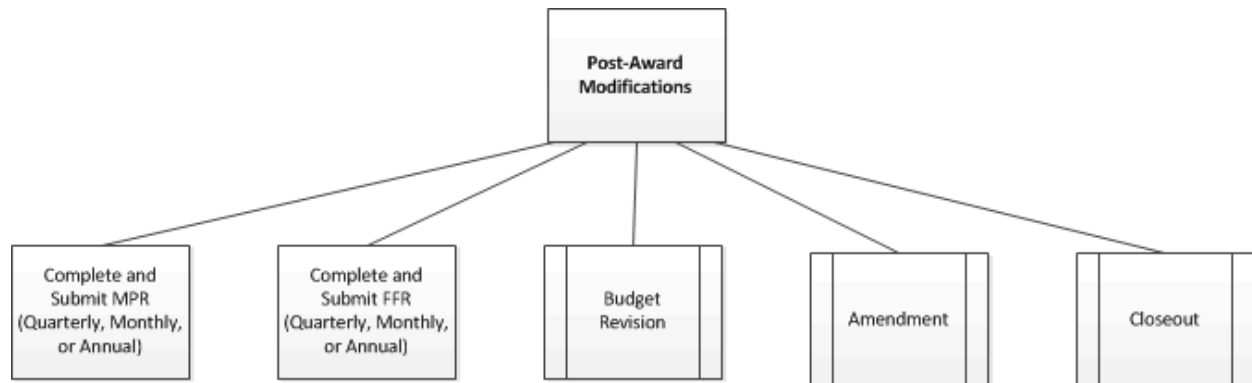

During the post-Award phase, the recipient organization will be required to fulfill the terms of the Award. Each Award requires the recipient to provide a Federal Financial Report (FFR) and a Milestone Progress Reports (MPR). Frequency of these reports depends on the size of the recipient organization, the type of funding, and the amount of the funding. The TrAMS Application will maintain the required frequency of these reports for each grant and will assign a task to the recipient prior to their due dates. Both the FFR and the MPR report will be created within the TrAMS Application. Upon their completion they will be forwarded to FTA for review and will be maintained within the system throughout the life of the grant.

Required modifications to any grant are also maintained, reviewed, and approved using TrAMS. Three different types of changes to grants are available using TrAMS, Budget Revisions, Grant Amendments, and Administrative Amendments. Budget Revisions may be initiated by the recipient for changes that do not involve changes to scopes and funding of the grant. For changes to the scope or funds the recipient may initiate a Grant Amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. An Administrative Amendment is initiated by the FTA and will be used to modify grant name changes, clarify or modify terms and conditions of the grant or make funding adjustments to the grant.

Once all activities of a grant have been completed or all Federal funds expended the recipient must request a 'Closeout' of the grant using the TrAMS Application. The recipient will be required to submit within TrAMS a final version of their FFR and MPR reports. Any unexpended balance of Federal funds will automatically deobligated by TrAMS upon closing of the grant. The grant closeout process may also be initiated by FTA in the event that the FTA determines that there is a failure to comply with the terms and conditions, failure of the recipient to make progress, or if they determine the funds are no longer needed for various reasons.

Following the completion of the closeout process of a grant, all financial records, supporting documents, and any submitted reports associated with the grant shall remain available in TrAMS for review by both the FTA and the recipient organization.

2.3 Information Exchanges

TrAMS interacts with other FTA and government systems in maintaining recipient organization information and Awarding and executing grants and cooperative agreements. TrAMS interacts directly or indirectly with the following systems:

- **System of Award Management (SAM):** TrAMS obtains recipient organization information from SAM via a nightly update that includes such information as: legal business name, addresses, phone numbers, emails, UEI (Unique Entity Identifier), TIN, Cage Numbers and SAM organization contact information. Some recipient information from SAM displays in TrAMS. Any updates to the recipient's SAM information must be made in SAM; and must be completed by the recipient organization.
- **Financial Management System (FMS):** FMS is the interface for financial transactions between TrAMS and Delphi, where Award information is transmitted nightly.
 - **Delphi Invoicing System (DELPHI):** FMS sends the Award/obligation information to be processed by DELPHI. Delphi's ESC/E Invoicing (sub-system) is used for requests for drawdowns against cooperative agreements. Note: TrAMS does not directly interface with DELPHI.
 - **Electronic Clearing House Operation (ECHO):** Requests to draw downs against grants are processed through ECHO Web 2.0 Application. ECHO Web 2.0 interacts with FMS to

ensure that only obligated funds are distributed. Note: TrAMS does not directly interface with ECHO.

- **Oversight Tracking System (OTRAK):** TrAMS transmits a monthly report of Recipients and Total Obligations to OTRAK. OTRAK maintains oversight review information on recipient organizations.
- **USA Spending:** As mandated through the Federal Funding Accountability and Transparency Act, federal assistance Award information shall be available for public access on the usa.spending.gov website. TrAMS transmits a file on semi-monthly basis to provide Award information to the site.

3 Getting Started

3.1 User Management and Access

3.1.1 Getting Access

In order to access TrAMS, users will first need an account set up for them using the FTA Access Control and Entry System (FACES). FACES is the user creation and management system for each user on the FTA platform where TrAMS resides. FACES is used to manage security requirements. This includes authenticating users when they try to log in to the FTA platform, locking accounts, recertifying user accounts, etc. FACES is used to assign and manage the user roles that will dictate what users see and do in TrAMS.

The [FACES User Guide](#) offers more detailed step-by-step instructions for establishing and managing user roles as mentioned above. The following sections of this user guide provide more detailed information about users and user roles within TrAMS.

3.1.2 Initial Login to TrAMS

Once user roles have been established in FACES, users can log into TrAMS through a browser via <https://faces.fta.dot.gov/suite/>.

New FTA users should contact their FTA office/region's Local Security Manager (LSM) or Global Security Manager (GSM) in order to obtain access to TrAMS. After the LSM or GSM has activated the user's account in TrAMS, the user will receive an email from TrAMS indicating that the account is ready for use.

New Recipient users should contact their organization's 'User Manager' in order to obtain access to TrAMS. After the User Manager has added the users contact information into TrAMS the user will receive an email from TrAMS indicating that the account has been created.

For login instructions, see the [FACES User Guide](#).

3.1.3 Browser Support

The TrAMS web system may be accessed through a web browser.

The following web browsers are supported by TrAMS:

- Microsoft Edge
- Microsoft Internet Explorer
- Apple Safari
- Mozilla Firefox
- Google Chrome

3.1.4 User Roles

3.1.4.1 Introduction

There are three account types in TrAMS:

- FTA User Roles
 - These consist of FTA employees and Federal Contractors.
- Recipient User Roles
 - These consist of individuals who are employed by or support a recipient organization.
 - Note that Recipient Users are also referred to as Organization Users in the FACES User Guide.
- DOL User Roles
 - These consist of Department of Labor employees.
 - Note that DOL Users are also referred to as External Users in the FACES User Guide
- Contractors
 - These are external users with read-only access.

3.1.4.2 FTA User Roles

Each FTA office and region will have one or more users that have been assigned the 'Local Security Manager (LSM)' role. As the LSM, a user can create new TrAMS users, activate/deactivate/ reactivate users, edit user profiles, assign user roles, and review role change requests from recipient User Managers for approval. Access to perform these functions is limited to the users within the office/region who have the 'LSM' role assigned to them.

The following table lists the available user roles that may be assigned to FTA users. The table also identifies the system actions that these roles provide access to.

3.1.4.3 Recipient User Roles

Each recipient organization will have a User Manager assigned to them and it will be the User Manager's responsibility to assign roles to each user within their organization. Recipient users will be assigned one or multiple roles. The roles assigned to a user control the 'Actions' that a user will have access to and the 'Tasks' that the system assigns to the user. Recipient users are limited to viewing the data for the recipient organizations that the user belongs to.

The following table lists the available user roles that may be assigned to recipient users and the system actions that these roles provide access to.

3.1.4.4 DOL User Roles

The 'DOL Reviewer' role is specifically designed to grant DOL users the necessary TrAMS privileges to review Applications where DOL certification has been requested by FTA. TrAMS will determine if an application must be submitted to DOL and whether that review is needed for certification or information based on the funding source that was selected on the application. The requested reviews are generated as tasks in TrAMS that can be claimed by anyone in the 'DOL Reviewer' role group. User will need to belong in this role group in order to view and submit these tasks.

The following table lists the DOL user role that may be assigned to a DOL Reviewer. The table also identifies the system actions that these roles provide access to.

3.1.5 User Profiles

A User record includes all information that is directly related to a user's profile such as their name, address, title, and user roles. FTA users within an FTA office/region may see other users from within their office/region along with their 'Summary' page and 'User Details' information. Recipient users within an organization may see other users from within their organization along with their 'Summary' page and 'User Details' information.

Each user may manage their profile information. All information other than email address/username, current user roles, and the FTA office/region that they are a part of may be edited by the user. User roles may be edited by User Managers (refer to [User Manager Responsibilities](#) of the TrAMS Recipient User Guide for more information), LSMs, and GSMs. FTA users should contact their office/region's LSM or GSM if they need to make additions or deletions. Recipient users should contact their organization's User Manager(s), LSM(s), or GSM(s). Changes to email addresses are not possible – if users need to change their email address, they must have an LSM activate a new FTA account with the new email address.

3.1.6 User PIN

TrAMS employs a PIN-based system to add security to some of its functions. A four-digit numeric Personal Identification Number (PIN) code, as set by the users themselves, will be required to complete specialized actions only available to specific user roles. The Recipient Roles are Submitter, Attorney, and Official. The FTA Roles are Administrator and Budget Director.

For recipient organization users, a PIN is used to formally submit an Application to FTA for review as the Submitter, execute an Application as the Official, and sign off on Certifications and Assurances as either the Official or Attorney.

For FTA users, a PIN is used to finalize the obligation of funds to a grant as an FTA Regional Administrator. A PIN is also used to authorize an Allotment Advice and authorize an Operating Budget as a TBP Budget Director.

3.1.7 User Setup

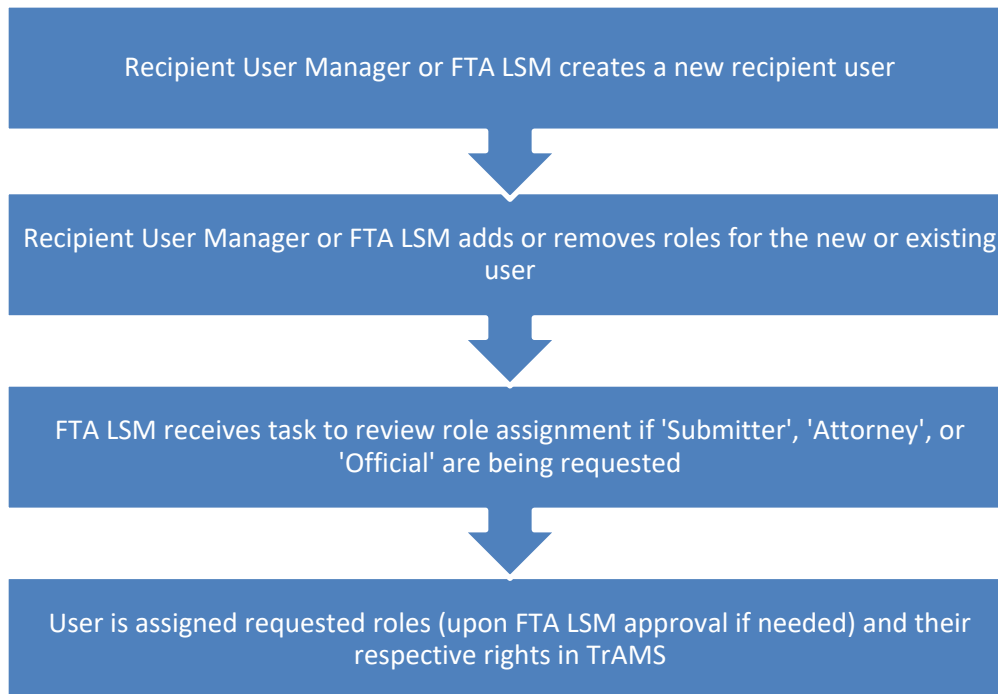

3.1.7.1 Local Security Manager (LSM) Responsibilities

All LSMs may only manage the user records associated with their own FTA office/region. LSMs may modify account information/role assignments for recipient users within their region. All other user records' information will be displayed as read-only for the LSM.

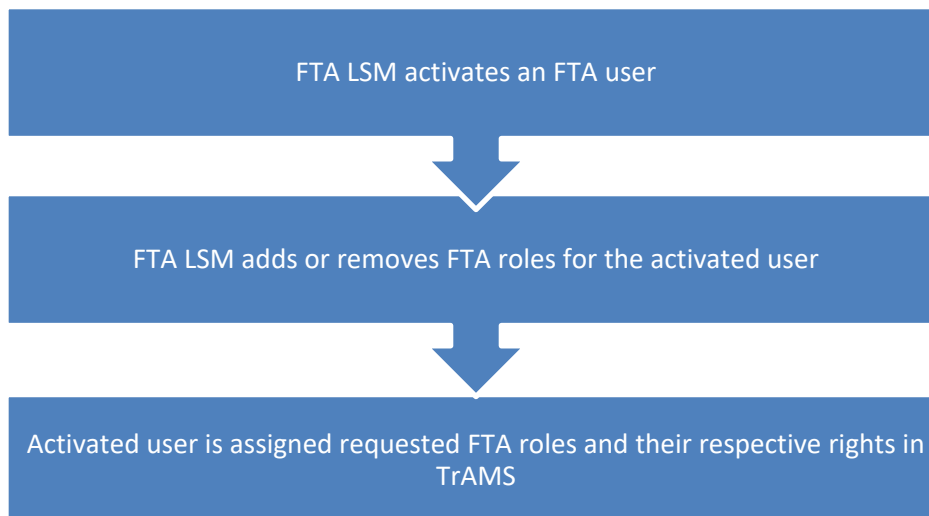

3.1.7.1.1 Workflow

The following presents an overview of the process required for creating a new recipient user record in the system and then assigning its roles:

FTA users will follow a different process since they are not created by other users in the system, but are synchronized from LDAP and then activated into TrAMS by the FTA LSM or GSM, as shown below:

3.1.7.2 User Manager Responsibilities

Each organization will have one or more users that have been assigned the 'User Manager' role. As a User Manager for an organization a user is able to:

- Create new users
 - Assign user roles
- Create multiple users
- Review user role request
- Manage role documentation
- Review unlock requests
- Update existing user records
 - Edit user profile information
 - Deactivate users
 - Reactivate users
 - Manage user roles
 - Unlock users
- Recertify user roles

Some roles added by User Managers require elevated approvals (Submitter, Official, and Attorney). When these roles are added, a role request is generated and a request to review the role is sent to the user's LSM. For further information on these roles, see [FACES User Guide](#)

User accounts are automatically locked after 60 days of user inactivity. Users who are locked out will still be able to log into TrAMS but their access will be severely restricted. User Managers may review unlock requests for users in their organization.

Once a user has been created, users with the User Manager role are able to manage details for existing users in their organization including: managing the users' profiles, updating their user roles/privileges, and assigning User Manager privileges. Users may be deactivated from the Users Record, and deactivated users may be reactivated as well.

3.2 Understanding Workflow

The underlying FTA Platform software, Appian, is workflow based – it is designed for situations where the work consists of steps in a pre-defined process such as applying for a grant or cooperative agreement. In Appian, workflow is carried out by a set of users. Users can access portions of TrAMS and take actions in TrAMS based on their user roles. Some user actions in TrAMS will kick off a workflow such as submitting a grant to FTA for review.

TrAMS automates the workflow associated with creating, Awarding, and administering FTA Awards. Each workflow step is associated with a specific user role responsible for completing the step. As part of the workflow, Appian assigns 'Tasks' to users with the appropriate user roles to prompt completion of the next "step" or "action" in the process. These 'Tasks' may be found on the 'My Work' tab. To learn more about 'Tasks' and the 'My Work' Tab, see the 'My Work' Tab section of Navigating TrAMS. Steps in a workflow must be completed in the order defined.

3.3 Working with Appian Forms

This section describes different aspects of the TrAMS/Appian interface, functionality and the types of field, filters, buttons and terminology user will see while working in TrAMS.

3.3.1 Buttons

Use form buttons to perform actions such as saving data, deleting data, or leaving the form. When no buttons exist on a form, user can click an item outside the form to close the form. They will see a variety of other button labels used. The button labels will indicate what actions will happen when the buttons are clicked. Many buttons use standardized labels and form layout to indicate expected functionality.

- **Back:** The 'Back' button appears on forms that are part of a sequence. It is used to move to a previous form in the sequence. The 'Back' button will usually appear on the lower left side of the form. Always use the form 'Back' button instead of the browser back button to avoid losing the place in the sequence.

- **Cancel:** The 'Cancel' button closes a form without saving any changes made on the form since the last save. The 'Cancel' button only applies to the current form.

- **Close:** The 'Close' button completes an action or workflow and returns the user to the menu on which they selected the action. The button is commonly on read-only forms where no action is to be taken (e.g. a success screen).

Tip: Click the 'Close' button on success screens to complete a process and prevent "extra" tasks appearing in the task list.

- **Forms with Close and Cancel Buttons:** Some forms contain a 'Cancel' button tied to an expanded portion of the form as well as a 'Close' button at the bottom of the form. In these instances, the 'Cancel' button will close the expanded portion of the form without saving the information and the 'Close' button will close the entire form without saving.

- **Save:** The 'Save' button saves the changes that have been made to the form. 'Save' buttons allow users to save data intermittently on a form. If a form has both a 'Save' button and a 'Cancel' button, only the changes made after the last 'Save' button click are not saved

SAVE CANCEL

- **Next:** The 'Next' or 'Next Step' button is shown when the workflow steps through a series of forms. It will save the data on the current form and move to the next form in the workflow.

NEXT STEP CANCEL

- **Generate Report:** The 'Generate Report' button appears on report forms. It initiates the creation of the report based on the selected search criteria. Most reports generate on the same form, others will generate a task. For the latter, users must open the task to retrieve the report.

- **Submit:** The 'Submit' button saves the data and closes the current form.

3.3.2 Checkboxes

Checkboxes are used when one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected (by selecting the box a second time) independent of the other items in the list.

3.3.3 Date Fields (Calendars)

User can enter dates into Appian date fields in one of two ways: 1) type the date directly into the field; or 2) use the calendar function to pick a date. Dates follow a 'mm/dd/yyyy' format.

To select a date using the picker:

1. Click in the date field box.

2. A calendar for the current month will display. Use the arrows (< and >) to navigate to the correct month and year. Users can only move forward or backward by months, not years.

3. Click on the date to select it. The date will populate in the date field.

Period of Performance End Date	06/16/2017
Select the date for which all award activities will be completed	

3.3.4 Document Uploads

Document uploads are indicated by the 'Upload' button. To upload a file, either click the 'Upload' button and select a file using the folder navigator. Alternately, users can drag and drop a file into the upload field box. Appian generally will not restrict the type of document that can be uploaded.

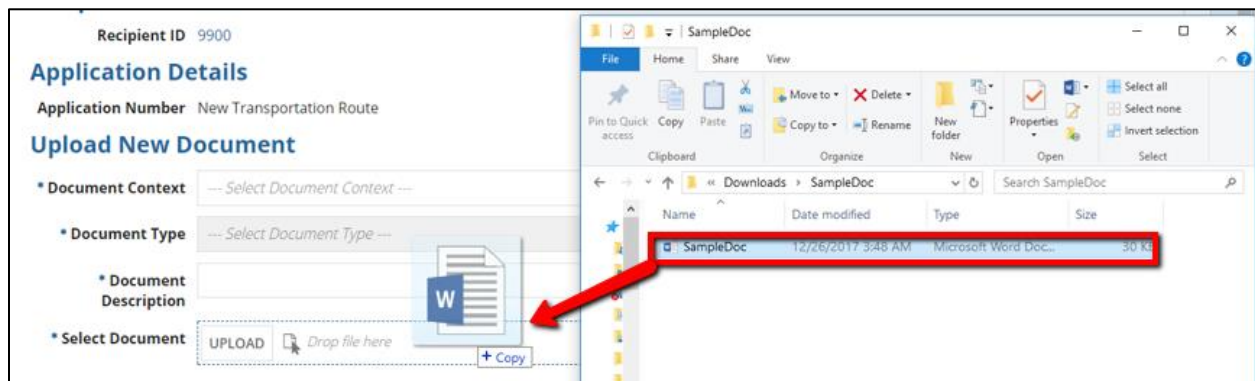

Documents are most easily readable by other users as .doc, .rtf and .pdf uploads.

Give the document a meaningful description. Appian document uploads can be up to 2GB in size.

Note: All migrated TEAM documents under the recipient profile will be identified as a “TEAM” Doc under ‘Uploaded by’, all future documents will generally identify who uploaded the document.

3.3.5 Drop-Down Fields (Single-Select)

Drop-downs fields are used to select from a set list of allowable values. The drop-down field ensures that only valid values are selected. Sometimes, the values allowed in a field may depend on the values selected in other fields. In these cases, the list of values will refresh as the independent fields values change. This will be the case when user is developing their Application budget activity line items, see example below.

New Budget Activity Line Items (ALIs)

You must select a scope, activity type and item name to add a line item.

[+Add Item](#)

3.3.6 Drop-Down (Multi-Select)

A multi-select drop down field also appears as a list of allowable items that expands when the user clicks in the field. In this case, multiple items can be selected from the list (click an item to select it). Selected

items will appear to be highlighted within the drop down and will be listed in the field box. To unselect click on the item again.

3.3.7 Grids (Tables)

Appian uses grids (tables) to display data. Individual or multiple records (rows) in these grids may be selectable and fields (columns) sortable depending on the specific grid.

3.3.7.1 Selecting Grid Records (Rows)

Grids contain checkboxes when a user can select a specific record to view or modify.

1. To select a grid record, click the checkbox next to the row.

Existing Line Items

To edit a line item, click on the checkbox for the line item and a new section will appear below with line item and milestone details

3.3.7.2 Expanding and Collapsing Data

Grids are also used to select items for which user wants to display additional details. For grids which are used to expand data details, only one row may be picked at a time.

- 1) Click the checkbox next to the item to expand. The page will expand below the current grid to show the additional information.

3.3.7.3 Sorting Grids by Field (Column)

Some grids are sortable and can be sorted alphabetically (or in reverse) on a single column. A blue arrow within a grid header field indicates that the grid has been sorted by either ascending or descending. One column will default the display. All column headers can be selected to sort on other criteria.

To sort a grid:

1. Click in the field label in the header row to sort the table on that column.

3.3.7.4 Paging Grids (Row Limits)

Most grids in TrAMS are paging grids. Paging grids have a maximum number of records that they can display at a time. When the number of records exceeds the number of rows that can display, additional “pages” become available. Users may “page through” the grid using the navigation arrows beneath the grid to see additional records.

<input checked="" type="checkbox"/>	Completed	114-00 BUS: SUPPORT EQUIP AND FACILITIES	11.42.05 ACQUIRE - YARDS AND SHOPS	Acquire - Yards And Shops	1	\$10,000.00	\$12,500.00

2. Click the double forward arrow ‘>>’ to move to the last record.
3. Click the single backward arrow ‘<’ to move to the previous set of records.
4. Click the double backward arrow ‘<<’ to move to the first record.

3.3.7.5 Managing Filters

Some grids have a filter icon on the top right corner that allows the user to save current filter settings as a custom filter. For example, the Application/Award record type as shown below. Users can also delete saved filter combinations as well as select a custom filter as a default.

1. Click the filter icon to begin.

3.4 Navigating TrAMS

This section provides a brief synopsis of the FTA Platform layout followed by TrAMS-specific information on how to navigate, find, and work with data in TrAMS. Some users will have access to multiple systems (e.g. TrAMS and NTD) on the FTA Platform.

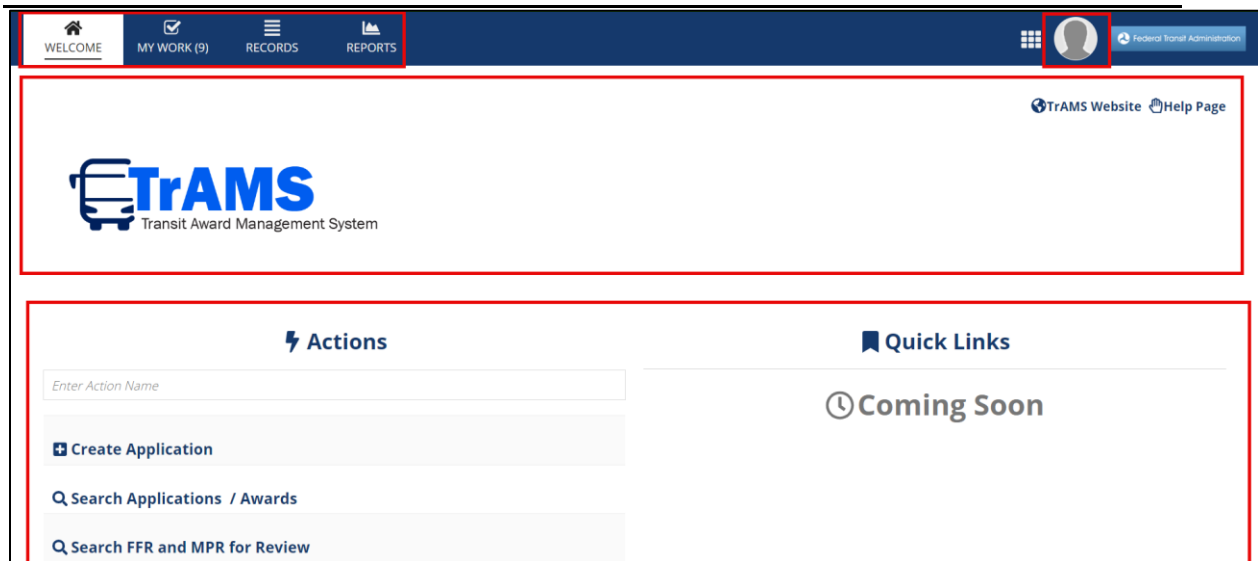

These users can switch back and forth using the Navigation Menu on the upper right corner, or select a system upon logging into TrAMS.

3.4.1 Navigation and Views

After logging in via <https://faces.fta.dot.gov/suite/>, the user will see the TrAMS Welcome homepage. The homepage contains four distinct areas as shown below in Figure 1: Navigation:

Figure 3: Navigation

1. **Navigation Tabs:** There are four tabs on the upper left corner of the screen. The Welcome tab will be selected by default. These tabs are used to navigate through the system. All TrAMS users, regardless of the User Roles assigned to them, will see these four tabs:

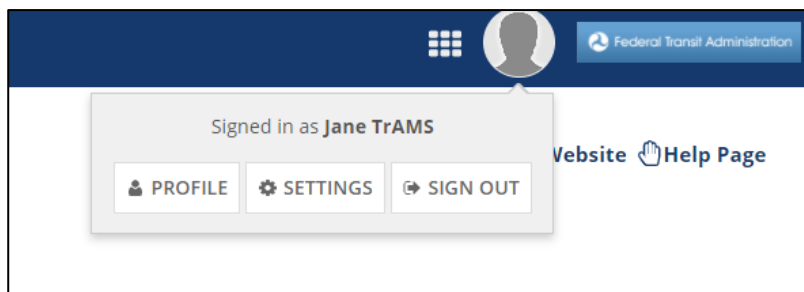

1. Welcome
2. My Work
3. Records
4. Reports

2. **User Account Information:** Located at the top right corner of the screen, the silhouette icon provides quick access to the user account. This includes three options:

Profile: Provides a means for the user to view and update their individual profile information and to set up their Personal Identification Number (PIN). See the [FACES User Guide](#) for PIN Set up

Settings: The user settings Page is where the user can set language and time zones and adjust other settings.

Sign – out: The user can select Sign-out from the dropdown to close the Application.

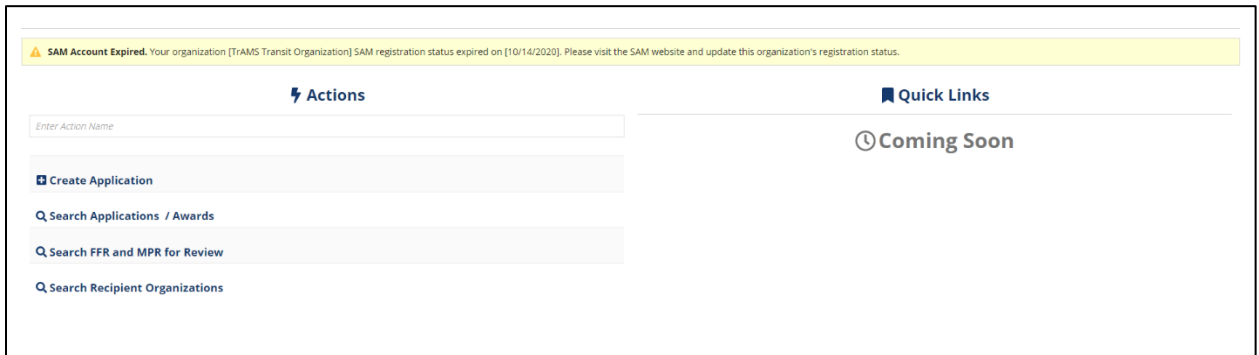

3. **Banner:** The TrAMS banner will appear below the Navigation Tabs. The “TrAMS Website” link will take the user to the FTA TrAMS public website. The “Help Page” link will take the user to the TrAMS System record. This page includes the System Details, Help Contacts, and Release information.

4. **Warning Messages:** Warnings are displayed on every tab for certain recipient (Submitter & Developer) users if their organization’s SAM account is expired.

5. **Main Content:** This area displays the information relevant to the selected tab. For example, only tasks will be displayed when the ‘My Work’ tab is selected.

3.4.2 Navigation Tabs

3.4.2.1 Welcome Tab

The 'Welcome' tab is the default tab displayed when a user initially logs into the platform. The 'Welcome' tab displays System Announcements, Actions, and Quick Links.

System Announcements are messages that are visible to users upon login. Messages are displayed on the screen based on a user's role.

3.4.2.1.1 Actions

Actions allow users to interact with information in TrAMS at a high-level. The actions available are based on each user's role. The 'Actions' tab provides a way to create new records and perform searches for specific records

3.4.2.1.1.1 Using Actions to Search

Users may use 'Search Applications / Awards' action to search for a specific Application.

To access the search options:

- 1) On the Welcome page, select “Search Applications / Awards” under the ‘Actions’ column.

The screenshot shows the TrAMS interface with two main sections: 'Actions' and 'Quick Links'. Under 'Actions', there is a search bar and a list of links. The link 'Search Applications / Awards' is highlighted with a red box. Under 'Quick Links', there is a 'Coming Soon' message.

- 2) Once the “Search Applications / Awards” Action has been clicked, the user will be taken to the “Application | Search Applications” form. Filters are available to refine the search. The data each user can access depends on their user role and associated organization(s).

The screenshot shows the 'Application | Search Applications' form. The form has a header with navigation tabs (WELCOME, MY WORK (19), RECORDS, REPORTS) and a user profile. The main section is titled 'Application | Search Applications' and contains two columns of search criteria: 'Recipient Search Criteria' and 'Application Search Criteria'. The 'Recipient Search Criteria' section includes fields for 'Recipient ID' and 'Recipient Name'. The 'Application Search Criteria' section includes fields for 'Fiscal Year', 'Federal Award ID Number (FAIN)', 'Section Code', 'Application Name', 'Application State', and 'Application Status'. A 'SEARCH' button is at the bottom right.

3.4.2.1.2 Quick Links

Quick Links allow users to navigate directly to frequent actions. This feature is currently in development and will be available in the future.

3.4.2.2 My Work Tab

The 'My Work' tab shows specific work items that have been assigned either to a user or group of users, this will include Ad-Hoc tasks received and sent by the users. TrAMS generates and assigns tasks at certain steps in the Award life cycle. TrAMS is workflow-based, and tasks are used to progress Applications. Clicking a link in the 'Title' column or the 'Task Name' column will open the associated task.

As an example, users that have been assigned the 'Official' user role will receive a task when an Award is ready for execution. By accepting the task, the 'Official' will be able to review the Award information and sign their acceptance.

Tasks are assigned when a user needs to perform a specific action as a part of a workflow. Users are notified by email when tasks are assigned to them. The workflow waits for the task(s) to be completed prior to moving on to the next step (or task) in the workflow.

Tasks may be assigned to an individual user or to a group of users who share the same role. The user can see which type of task has been assigned by looking at the 'Assigned To' column. Tasks assigned directly to users will show their name under the 'Assigned To' column. Tasks assigned to a group will show the group name.

When tasks are assigned to a group of users, any user within the group may claim and complete the task. Once a task has been claimed, the task becomes unavailable to the other users in the group. If users select a task and then decide not to complete the task, they can return the task to the group for someone else to pick up.

3.4.2.2.1 Task Notification

Automatic system-generated task notifications are sent via email at the time the tasks are created. Task notification emails have the following characteristics:

- From: Appian for Federal Transit Administration (PROD) <ftafacesadmin@dot.gov>
- To: User's Saved Contact Email (as viewed on User Profile – if the user's email has changed, speak with the User Manager)
- Subject: New Task: [Type of Task that has been assigned]
- Body: Link to the task

Note: Check the Junk folder for an expected task notification that cannot be found in the user's email.

3.4.2.2.2 Accepting Tasks

When users receive a task notification email, users may click on the provided link. The link will redirect users to the FTA Platform log on screen. After logging into the system, users will be either redirected to the task form or they may need to check their task queue by going to the 'Tasks' tab. In the latter situation,

1. Click on the 'My Work' tab.
2. Find the corresponding task link (use filters as needed).
3. Click on the link provided to accept the Task.

Note: If the Task form appears to be in read-only mode, scroll to the top of the form to verify that the user has accepted the task.

3.4.2.2.3 Returning Tasks

If a user has selected the wrong task or would prefer to work on the task at another time, the user can return the task to the original assigned user(s) list. This can be done even after formally accepting the task.

- 1) To return a task that is opened, but not yet accepted, click the "Go Back" button at the top of the screen.

- 2) To return a task that a user has already accepted, scroll to the bottom of the page and select the "Close", "Close Task", or "Return to Group" button. The button terminology will depend on the specific task.

Note: If the user has returned the task but do not immediately see the task back in the task queue, refresh the task queue by clicking on the 'My Work' tab again or click the icon next to the 'My Tasks' section. When returning a task to the group, the user may also see a new email notification.

3.4.2.3 Records Tab

The 'Records' tab provides a way to access and work on records that already exist in the system. Records consist of all information for a specific type of data, such as all the information about a recipient organization or an Application. A user can click the 'Records' tab to see a list the record types they have permissions to view.

All TrAMS users can view 4 record types defined in Table 1: TrAMS Records

Table 1: TrAMS Records

Record Type	Description	Record Category
Awards	Contains Awards associated with recipient organization(s) or regional cost center FTA Staff members	Application/Awards
Applications	Contains Applications associated with recipient organization(s) or regional cost center FTA Staff members	Application/Awards

3.4.2.3.1 Searching from the Records Tab

To search for records using the 'Records' tab:

1. Click on the 'Records' tab on the navigation bar.

Users can use the Record tab to search for different kinds of records such as, Applications, Awards, Projects, Recipient Organizations and DBE Reports.

- Use filters on each record types to narrow the data. For example, to search for an Award, select the “Application / Awards” record, select the “Award” record, and fill in the filter.

Upon opening a specific record, a high-level summary of the data populates in the main content area of the screen. This is the “Summary” dashboard and the navigation bar for an Application Record.

Related Actions: The top navigation menu contains links specific to the type of record. This will often include a ‘Related Actions’ option (sometimes referred to as a ‘tab’). The ‘Related Actions’ opens to a page of options to view and modify detailed record information. A user’s ability to update record

information depends on their assigned roles as well as the current state of the data (ex. recipient users with read only can view, however they cannot edit Applications).

3.4.2.4 Reports Tab

The 'Reports' tab provides access to a suite of reports. There are 3 columns in the Reports tab including Reports, Excel Reports, and Static Reports. By clicking on any report link, the user can review reports of data in TrAMS as permitted by their user roles. To learn about these reports in detail, refer to [Section 8: Reports](#).

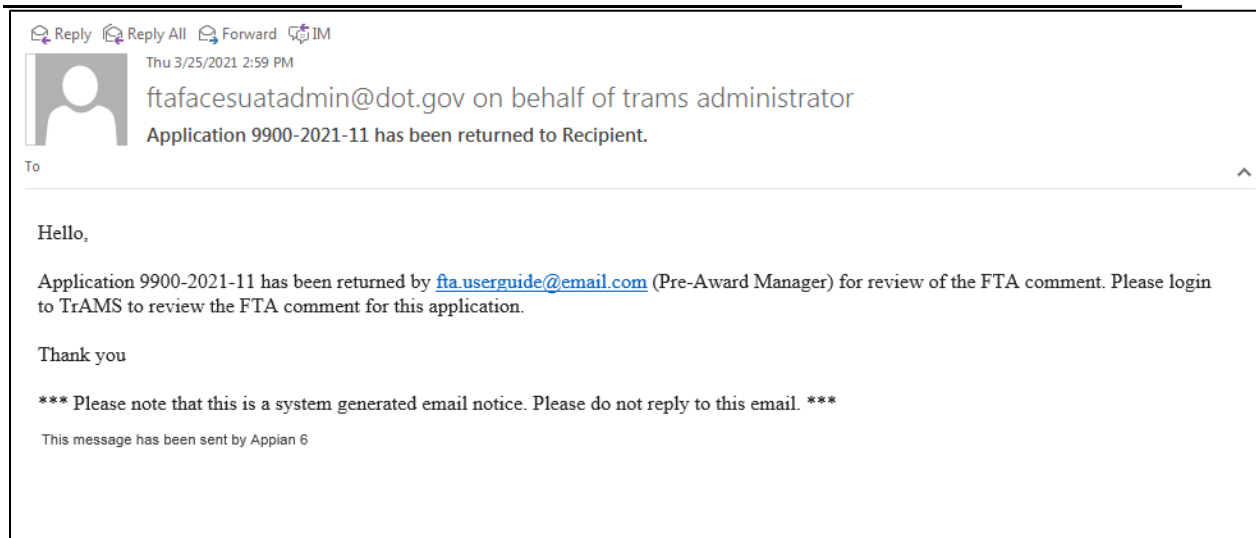

The screenshot shows the TrAMS Reports page. The header includes navigation tabs: WELCOME, MY WORK (9), RECORDS, and REPORTS. The main content area displays the TrAMS logo and the text 'Transit Award Management System'. Below this, there are three columns of report links:

- Reports**: Includes links for Disadvantaged Business Enterprise (DBE) Semi-Annual Uniform Report, Disbursement Report, MPR Details, Recipient POC Details, and Tasks for Applications (5 items).
- Excel Reports**: Includes links for Application Budget by ALI Report, Application Budget Report, Application by Status Report, Discretionary Allocation Detail Report, FFR Detail Report, Project Budget Report, Project Scope Budget Report, and Transactions By FAIN Report (8 items).
- Static Reports**: Includes a list of fiscal years from FY 2024 down to FY 2006 Archive (20 items).

3.5 Emails

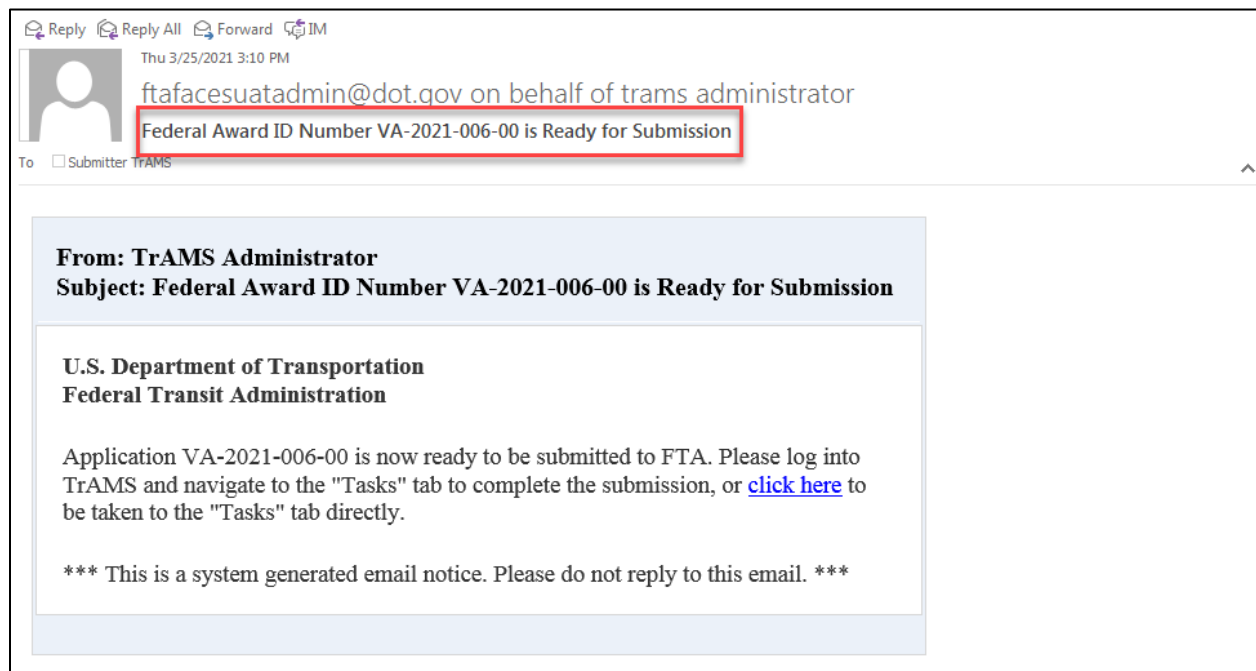

In addition to tasks, users may receive emails from the system indicating that they need to perform an action as part of a workflow. After receiving an email and logging on, the user will not find any corresponding tasks to perform. Instead, they will need to navigate to the appropriate record and must initiate the required action. In some instances, the action initiated will start a workflow that includes tasks for other user roles (e.g. Closeout Amendment). Similarly, the action may initiate other email notifications to different users (e.g. the Certification and Assurance process).

As an example, a user may receive an email indicating that an Application has been returned by the Pre-Award Manager and that they should review the comment.

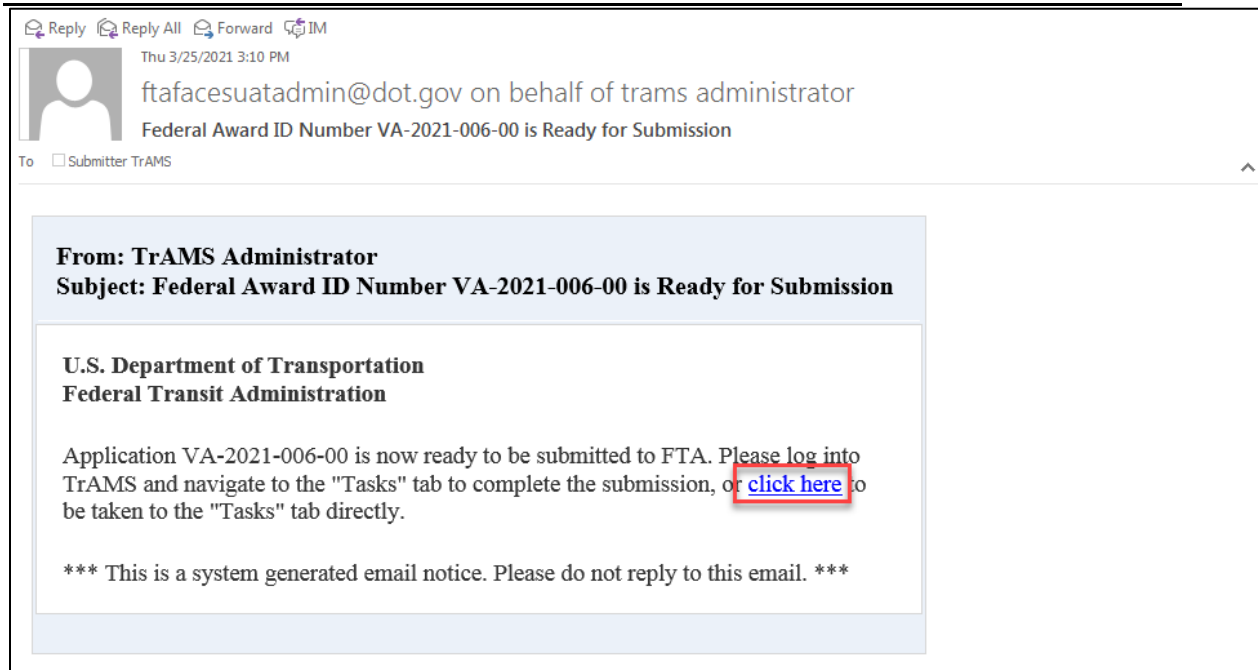

The user will be able to distinguish between emails sent by the system and system emails associated with tasks:

- The description of the task will be in the subject line for emails associated with tasks

- Emails not associated with a Task 'From' line will be listed as 'TrAMS Administrator'.
- The link in the email takes the user to the TrAMS website or takes the user to the task at hand if they are already logged into TrAMS

In both cases, the workflow will not continue until the required action(s) are complete.

3.6.1.2 Exporting Files (View/Prints) Information

TrAMS records and documents that may be viewed and printed have been formatted as 'Rich Text Format' (.rtf). These files will need to be opened using a program that is compatible with this type of file (e.g. Microsoft Word).

When the 'View/Print' Application related action is selected, the user will be prompted to open or save the file. Variations will exist depending on the browser that the user is working with and the default program the user has defined to be the default program to open rtf files.

Example: Internet Explorer 11 and Microsoft Word

Open Save Cancel

Example: Chrome

The view-print format may require the user to adjust the font size or layout of the page to suit the user's preferences or view information displayed.

4 Recipient Organization Management

4.1 Overview

A recipient organization is any entity that is eligible to seek and apply for federal assistance from FTA. FTA will assess a recipient organization's eligibility; and assign an identification number (Recipient ID) to conduct business with FTA. The Recipient ID is a four-digit number (e.g. 2345); and is used in TrAMS, and other FTA systems to identify the recipient organization record.

The Recipient Organization record is where a user can search, view, and update, recipient organization record details in TrAMS.

Each recipient organization is associated to either a Regional FTA Office or an FTA Headquarters Office. These offices are known as "cost centers." Each cost center has an acronym and number that are used throughout TrAMS. The FTA cost centers are listed in Table 1: FTA Cost Centers for reference:

Table 2: FTA Cost Centers

Cost Center Name	Acronym	Number
FTA Regional 1 Office	TRO-1	78100
FTA Regional 2 Office	TRO-2	78200
FTA Regional 3 Office	TRO-3	78300

Office of Research, Demonstration and Innovation	TRI	67000
Office of Civil Rights	TCR	68000

User Role Requirements

A TrAMS user must have at a minimum, the Read-Only user role to access the recipient organization to view or update portions of the record information. In some instances, a user must have specified user roles to complete updates.

4.2 Search Recipient Organization Records

There are multiple ways to search for and access a recipient organization record. Users may find recipient organization information by either searching from the 'Welcome' tab 'Actions' and selecting 'Search Recipient Organization' or searching from the 'Records' tab and selecting 'Search Recipient Organization'.

Users can navigate to the organization record from any Application or Awards' 'Summary' page by clicking the Recipient ID hyperlink located on that page.

4.2.1 Searching Recipient Organization from Actions Tab

To search for a recipient organization using the 'Actions' tab:

- 1) Navigate to the 'Welcome Tab' and click the 'Search Recipient Organizations' link in the 'Actions' section.

The screenshot displays the TrAMS Recipient interface. It is divided into two main sections: 'Actions' and 'Quick Links'. The 'Actions' section on the left contains a search bar labeled 'Enter Action Name' and four buttons: 'Create Application', 'Search Applications / Awards', 'Search FFR and MPR for Review', and 'Search Recipient Organizations'. The 'Search Recipient Organizations' button is highlighted with a red rectangular border. The 'Quick Links' section on the right displays a 'Coming Soon' message with a clock icon.

- 2) The 'Search Recipients in TrAMS' form will display with search criteria fields. Note that none of these fields are required. Not populating any fields will return all recipient organizations in the profile. Users can search for an organization using one or more of the following criteria:
- a) **Recipient ID** The recipient's ID will default to their organization. When a user is assigned to more than one ID, they can choose the recipient ID from the drop-down menu. Only one ID can be selected and viewed at a time.
 - b) **Recipient Name:** Enter in all or part of the recipient organization's name in the 'Recipient Name' field.
 - c) **Recipient Alias:** Enter in all or part of the recipient alias name.
 - d) **TrAMS Status:** Select the recipient organization's status in TrAMS from the drop-down menu provided under the 'TrAMS Status' field. Status options are 'Active', 'Inactive', or 'New-Pending Review'.
 - e) **SAM Status:** Select the recipient organization's status in SAM.gov from the drop-down menu provided under the 'SAM Status' field. Status options are: 'Active' or 'Expired'.
 - f) **Cost Center:** Select a cost center (aka, a Regional Office or HQ office) from the drop-down menu provided under the 'Cost Center' field. For recipient organizations, the user's Recipient ID is already associated with a cost center. If users are a user associated with multiple recipient organizations across different FTA offices; then the cost center they choose must correspond with the Recipient ID. Remember, this is not a required field.

Recipients are responsible for changes to the SAM profile information and must be made directly in SAM. TrAMS is synced nightly with SAM. Users can also update their recipient organization's SAM information by clicking on the Sync Recipient Organization with SAM related action.

4.3.3 Applications / Awards

The Applications / Awards option will populate a list of all Applications and Awards that are associated with a recipient organization; this includes both active and closed Awards. A grid/table will populate listing associated with the organization. The list provides the Application/Award number or Federal Award Identification Number (FAIN), the Application name, person last updated by, last update date, and the current status of the Application/Award. Each amendment associated with an Award will be displayed separately.

To view recipient 'Applications/Awards' from the Recipient organization profile:

Click on the 'Applications/Awards' form the navigation bar.

The FAIN will be displayed as a hyperlink and can be used to directly access the Application/Award record. If there are no Applications, the grid will be empty.

4.3.5 Locations

Recipient organizations must be associated with at least one and may be associated with multiple, urbanized areas (UZA), states and congressional districts. This information is important as it is used during the development of Applications. Applications must define the place of the performance which is in part associated with the UZA and applicable congressional districts.

The 'Locations' dashboard displays all the applied UZAs and congressional district(s).

To view the 'Locations' for a recipient organization:

User's organization should have at least one Congressional District to support future Applications/Awards. To manage the Congressional Districts, refer to [Related Action: Manage Congressional Districts](#).

4.3.6 Designated Recipient

The Designated Recipient section is undergoing changes in the TrAMS system and is not currently active. This section will be updated once implemented. The below describes the intent of this module.

The Designated Recipient option is visible to all users. This module will allow those recipient organizations who have the principal authority and responsibility for suballocating specified formula funds to states and urbanized areas (UZAs) to document the allocations (or splits) among the eligible direct recipients within the urbanized area. If the recipient organization is a designated recipient, users will see the funding programs and UZAs that are associated with the recipient of the 'Designated Recipient' page.

All user roles including the read-only can "view" the information in this dashboard.

Note: If users do not see a UZA listed; they should check the recipient locations. If they confirm a UZA is missing, they can contact the FTA office to update their location information.

Designated recipient details can only be updated by FTA after verifying that they have the appropriate documentation for the requested changes.

In TrAMS, a recipient organizations profile can be tagged as designated recipients for the following formula programs, which can be suballocated in TrAMS:

- Section 5307 – Urbanized Area Formula Program (5307-2A)
- Section 5310 – Formula Grants for Enhanced Mobility of Seniors & Individuals with Disabilities (5310-1A)
- Section 5337 – State of Good Repair Formula Grants (5337)
- Section 5339 - Formula Grants for the Bus and Bus Facilities Infrastructure Investment Program

Note: If users are a designated recipient their profile should indicate "yes" under the question 'Is Designated Recipient?' If their profile information is not accurate, contact the FTA POC; only FTA has the authority to update that piece of information.

4.3.7.1 Introduction

All users have access to view information about their assigned recipient organization. Certain information may only be modified by specific user roles.

To view or modify, use the 'Related Actions' tab for the selected Recipient Organization. The following actions are available only to recipient users:

- Recipient Documents
- Civil Rights Information
- Certifications & Assurances
- Fleet Status
- Congressional Districts
- Direct Recipients
- POC and Union Information
- Sync Recipient Organization With SAM

4.3.7.2 Related Action: Recipient Documents

TrAMS users have the ability to manage documentation for their assigned recipient organizations.

To view recipient documents:

- 1) Click on Related Actions in the navigation bar.
- 2) Click 'Recipient Documents' from the menu.

- 3) The Recipient Organization | Recipient Documents page will display. Documents migrated from TEAM or added to TrAMS will display in a grid. If there are no documents, the grid will be blank. To search for a specific document, input the relevant search criteria within the search bar and filters. To view a previous uploaded document on the 'Recipient Documents' page, click on the hyperlink under the 'Document File Name' column.

4.3.7.3 Related Action: Civil Rights Information

Refer to the [Civil Rights Management](#) section to learn about the Civil Rights Information related action in context.

4.3.7.4 Related Action: Certifications & Assurances

Recipients must certify that they are in compliance with Federal transit laws as well as Federal cross-cutting requirements prior to FTA making an Award. Certification & Assurances (C&As) must be submitted electronically via TrAMS.

The C&As module:

- Allows users to view current and past C&As.
- Allows users to certify the current fiscal year.
- Allows users to correct or update the current fiscal year C&As.
- Prohibits corrections to past fiscal years.

User Roles:

- All TrAMS user roles can view the C&As.
- The Official user role executes only for the Official.
- The Attorney user role executes only for the Attorney.
- A user may be given authority to have both the 'Official' and 'Attorney' user roles to certify; this is referred to as "certifying on behalf of both" for an organization. Refer to [Certify on Behalf of Both the Official and Attorney](#) for more information.

4.3.7.4.1 View the C&As

- 1) Find the Recipient Organization Profile.
- 2) Click on Related Actions in the navigation bar.
- 3) Click on 'Certifications & Assurances' from the menu options.
- 4) The 'Certifications and Assurances' form will display for the users' recipient organization.
 - a) Use the provided drop-down menu under 'Select Fiscal Year' to select the fiscal year of the C&A to be viewed. Only the current fiscal year, plus the past nine fiscal years will display (a total of ten fiscal years are available to be viewed).
 - b) Click the 'Continue' button.

A screenshot of the TrAMS user interface. At the top, there's a breadcrumb trail: "Records / Recipient Organization". Below it, the header reads "Trams Transit Organization | TRAMS | 9900". A navigation bar contains several tabs: "Summary", "Applications/Awards", "TrAMS Users", "Locations", "Designated Recipient", "Suballocations", "News", and "Related Actions" (which is highlighted in blue). Below the navigation bar, the main content area is titled "Trams Transit Organization | Certifications and Assurances". It features a dropdown menu labeled "* Select Fiscal Year" with "2018" selected. At the bottom of this section, there are two buttons: "CANCEL" on the left and "CONTINUE" on the right, which is highlighted with a red border.

- 5) If the Certifications & Assurances have not yet been published for a fiscal year, users will receive a warning message:

Miami Beach, City Of | Certifications and Assurances

Select Fiscal Year
2018

C&A's not published for FY2018

CANCEL
CONTINUE

- 6) If the C&As are published, a read-only version of the 'FY [current FY] C&A Affirmations' form for the selected fiscal year will populate.

If the C&As have not been completed by the recipient for the current fiscal year, this entire form will be read-only and display incomplete fields. An example of an incomplete field is a Certification Date displayed as N/A or categories only displaying red circles (indicating not certified).

4.3.7.4.2 Complete C&A Certifications

To complete the certification of the C&As, it requires two independent actions. The C&As are workflow-based and are initiated by the Official User. The second action is taken by the Attorney user role. There is no task in the task tab; the Attorney will only receive an email notification once the Official has certified. The Official asserts to the certifications and the Attorney affirms the certifications. FTA does allow for one individual to take action in TrAMS "On Behalf of Both" the Official and Attorney. This is common when outside legal counsel supports an organization.

Initiate CA& Certification

- 1) Log in as the Official User.
- 2) Locate the Recipient Organization Profile.
- 3) Click on Related Actions in the navigation bar.
- 4) Select the Certification and Assurances option from the available menu.
- 5) A form will populate to select the fiscal year to certify; select the current fiscal year.
- 6) The C&A's form will populate and display checkboxes next to each C&A category. Boxes will only display if users have the Official User Role.
- 7) Category #1 is a required selection. An error message will display and users cannot certify until it is selected.
- 8) Check applicable boxes.

Note: The Certified circle will remain red until users complete certification, by entering their PIN. Once certified, the circle will change to a green circle with a checkmark

4.3.7.4.3 Certify on Behalf of Both the Official and Attorney

This process allows for a single individual to certify the C&As in TrAMS. The user must be assigned both user roles, Official and Attorney. To be assigned both TrAMS user roles, users must have the appropriate delegation of signature authority.

When certifying on "Behalf of Both" a signed and dated copy of the C&As must be uploaded to the C&As module at the time of certification. The exact same categories must be selected.

Typically, the Official PINs in TrAMS on behalf of the Attorney. The same process can be used if the Attorney PINs on behalf of the Official.

To complete certification on behalf of both

1. Follow the steps to complete the certification provided above.
2. Select the applicable certifications.
3. Upload the document and provide a document description. Multiple documents may be added.

Category 1 is a required selection

4.3.7.4.4 Recertify or Correct C&As

Corrections may only be made to the current fiscal year C&As.

- Only the Official can initiate recertification.
- Follow steps to complete the certification provided above to proceed to the current fiscal year certifications.
- Upload revised documentation, if applicable.
- Both the Official and Attorney must re-PIN to be in a certified status.

4.3.7.4.5 C&As and Your Grant Applications

All recipients must complete their C&As in TrAMS before FTA can make an Award (or amendment) in a given fiscal year. The following explains how the C&As relate to the Applications and information about the C&As during Application development:

- If FTA has not published the C&As yet or if users have not certified yet, the system will flag that the C&As are “missing” or not yet complete when users are working on a new Application or a new amendment.
- There are no hard stops in the Application development process. This will not stop Application development, transmission or submission.
- The status box will change to completed once users have certified to the Certifications and Assurances.

Application Tasks for Completion	Status
Annual C&As	MISSING
Executive Summary	COMPLETED
Project(s) Validated	COMPLETED

- The example warning message will display when users are transmitting an Application for initial review. This is not a hard stop; select the continue button to proceed with the action.

Warning Issues

This application can pass Application Validation with the following issues, but they must be corrected prior to Award

- Your organization has expired or incomplete civil rights program compliances. Please update your civil rights programs (Recipient Organization Record, Civil Rights Information Related Action)
- Your organization has not approved C&A's for Fiscal Year 2018 (Recipient Organization Record, Certifications & Assurances Related Action).

4.3.7.5 Related Action: Application Fleet Status

This related action is available for any Application / Award with rolling stock (fleet of buses, trains, etc.) The information is determined by the fleet status at the time of Award execution. All users may view the read-only fleet status information associated with an Application / Award they otherwise have access to.

- 1) Log in as a TrAMS user
- 2) Navigate to the Records tab
- 3) Click on the “TrAMS | Recipient Organizations”

The screenshot displays the TrAMS (Transit Award Management System) web application. The top navigation bar includes 'WELCOME', 'MY WORK (8)', 'RECORDS', and 'REPORTS'. The 'RECORDS' tab is active. Below the navigation bar, the 'TrAMS Transit Award Management System' logo is visible. The main content area shows three tabs: 'Applications / Awards', 'Recipient Organizations' (highlighted with a red box), and 'Disadvantaged Business Enterprise (DBE) Reports'. Under the 'Recipient Organizations' tab, there is a search bar and a table listing recipient organizations. The table has columns for Recipient ID, Recipient Name, Recipient Acronym, UEI, Region / Office, Organization Type, TrAMS Status, SAM Status, and Action. Three organizations are listed: MANATEE COUNTY AREA TRANSIT, DEPARTMENT OF TRANSPORTATION CONNECTICUT, and DISTRICT COLUMBIA.

4.3.7.8 Related Action: Recipient Details and Payment Codes

A recipient organization's TrAMS profile information can be modified using this related action. Profile information will be based on the latest sync with the SAM.gov site (refer to [Related Action: Sync Recipient Organization with SAM](#) to sync the recipient organization with SAM). FTA staff with the Regional 'Supervisor' role will be able to modify most of the recipient organization's profile information,

such as Cost Center and UZA codes. Only FTA users with the 'Vendor Setup' role in the 'Office of Budget and Policy' can modify the recipient's payment information.

To edit the details for a recipient organization as the FTA Regional Supervisor:

- 1) Click 'Recipient Details and Payment Codes'.

- 2) Users will be taken to the 'Manage Recipient Profile Information' form for the selected recipient organization. Only fields under the 'Required Information' and 'Geographical Information' sections will be editable. The 'Payment Codes' section will be read only. Modify any fields as needed.

4.3.7.9 Related Action: POC and Union Information

The Point of Contact (POC) and Union information for an organization are stored to provide contact information for an Application/Award. The system also uses POC information to send email notifications about certain system activities (e.g. email reminders for C&A's or notifications of Award execution tasks). This information may also be used for FTA to send correspondence.

All users of the recipient organization will have access to view POC and Union information. Adding, updating, and the deletion of POC and Union information are limited to recipient users that have the 'User Manager' role.

Refer to [Civil Rights Management](#) to better understand the information captured under the civil rights information and the process for submitting and obtaining FTA reviews and concurrence on the civil rights programs.

4.3.7.9.1 View POC and union information applicable to a recipient organization

- 1) Click on Related Actions tab
- 2) Click 'POC and Union Information' from the menu options.
- 3) The 'Points of Contact' form will display.
- 4) Any POCs associated with an organization will appear in the Points of Contact grid.
- 5) To filter on a particular recipient POC, users can search by the contact name, title, or the email address, users must know part of all of this information for the search feature. Users can also select the appropriate POC contact type from the drop-down menu provided under the 'POC Contact Type' field. The display only shows the first 10 contacts, users may need to page over to display additional information

4.3.7.10 Related Action: Sync Recipient Organization with SAM

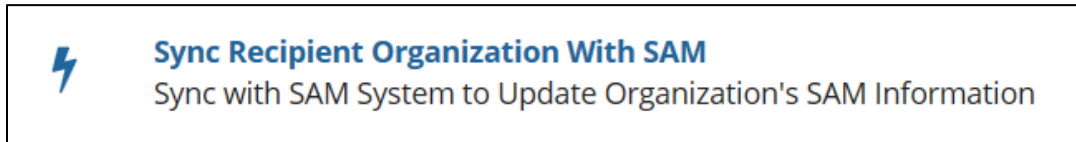

Recipient organization details, such as addresses, are brought into TrAMS via a nightly sync with the System for Award Management (SAM). If the recipient has updated organizational information in SAM, any user can either sync with SAM immediately or wait for the nightly sync to occur.

NOTE: The UEI information in TrAMS may not be modified. Before taking any action related to the organization's UEI, contact the FTA POC. If changes are required to the TrAMS profile, payment, or location information contact the FTA POC to make the desired corrections.

To sync a recipient organization's system record with information on the SAM.gov website immediately:

- 1) Click on the Related Actions tab.
- 2) Click 'Sync Recipient Organization with SAM' from the menu options.

- 3) The system will update its information from SAM and display a success message.
- 4) Click on the 'Close' button in the message to return to the 'Related Actions' menu.
- 5) Confirm information has updated on the Summary.

4.3.7.11 Related Action: Designated Recipient Status

The Designated Recipient has the principal authority and responsibility for administering the funding apportioned to states and urbanized areas (UZAs) for specified formula funding programs. This includes allocating the state or UZA's annual apportionment amounts among direct recipients within the area.

In TrAMS, recipient organizations can be tagged as designated recipients for the following formula funding programs:

- Section 5307 – Urbanized Area Formula Program (5307-2A)
- Section 5310 – Formula Grants for Enhanced Mobility of Seniors & Individuals with Disabilities (5310-1A)
- Section 5337 – State of Good Repair Formula Grants (5337)

A user with the FTA Regional Supervisor role will be able to set designated recipient status for any recipient organizations in TrAMS.

To set designated recipient status for a recipient organization:

- 1) Click 'Designated Recipient Status'.

- 2) Users will be taken to the 'Manage Designated Recipients' form for the selected recipient organization. The formula programs associated with the recipient organization are listed and displayed in grid format.

4.4 Civil Rights Management

4.4.1 Overview

Pre-award submission of four civil rights programs are tracked in TrAMS:

- 1) Equal Employment Opportunity (EEO) Program
- 2) Disadvantaged Business Enterprise (DBE) Program
- 3) DBE Goal
- 4) Title VI of the Civil Rights Act of 1964.

There are several Related Actions and Reports in TrAMS related to Civil Rights. This section shows how to view and update each of those as they relate to Recipient Civil Rights Programs.

The Civil Rights Information Related Action is central to work conducted by Civil Rights users in TrAMS. It allows Recipient Civil Rights users to submit Program Plans and corrections, as well as allowing Civil Rights Officers to update program status and maintain documents and comments. Refer to [Related Action: Civil Rights Information](#) below for more detail.

There are also Related Actions devoted to Disadvantaged Business Enterprise (DBE) reports. Refer to [DBE Reporting](#) below for more detail.

They are as follows:

- Complete DBE Report: Allows the Recipient Civil Rights User to start the reporting process.

-
- **Correct DBE Report:** Allows the Recipient Civil Rights user make corrections when either the Civil Rights Officer or the DBE Approver has returned the DBE Report to the Recipient.

A Semiannual DBE report must be completed and submitted by recipient organizations with a DBE goal. Recipients with the user role of Civil Rights will receive an email with a link to the report 60 days prior to the due date (October 1 and April 1). Submission due dates are June 1 and December 1 of each fiscal year. FTA regional and HQ staff will review the reports and provide approval.

In TrAMS, DBE reports can be accessed in several ways, including via the related actions mentioned above. Refer to [DBE Reporting](#) below for more detail and to see other ways to access DBE reports.

4.4.2 User Roles

The following is a summary of the different Civil Rights related actions and reports in TrAMS and the User Roles that have access to them:

4.4.3 Civil Rights Programs

There are four Civil Rights programs that a recipient can enroll in based on the needs of their recipient organization. Recipient organizations are required to update their organizations information based on the deadline for each program.

- Title VI Program
- DBE Goal
- DBE Program
- EEO Program

4.4.3.1 Program Submission Statuses

The statuses of a Recipient's Civil Rights Programs are shown in the Civil Rights Programs section of the main screen on the Civil Rights Information Related Action (Refer to [Related Action: Civil Rights Information](#)).

Civil Rights Programs

4.4.5 DBE Reporting

This section shows the start to finish workflow of Disadvantaged Business Enterprise Reports, explains what the report entails, distinguishes between the Record and Reports tab versions, and shows how Civil Rights users can make changes to the DBE Report.

4.4.5.1 Overview

A Semiannual DBE report must be completed and submitted by recipient organizations with a DBE goal. The DBE reports are launched for recipients that have an Active status in TrAMS and a DBE Goal program in a status other than “N/A”, or “Incomplete”. Recipients submit semiannual reports to report on activities in the DOT’s Disadvantaged Business Enterprise (DBE) program. DBE Reports are completed and submitted by the recipient twice a year: June 1st and December 1st. TrAMS will launch a report and send email reminder on April 1st and October 1st. Recipients will have 60 days to complete and submit their DBE Report. Once Recipients have submitted the report for review, the FTA Office of Civil Rights reviews the reports.

4.4.5.1.1 Access

There are two locations where TrAMS users can view the DBE report:

5 Application / Award Lifecycle

5.1 Application / Award Overview

5.1.1 Application / Award Status

The status of an Application / Award reflects the different phases within the grant lifecycle. Both FTA and the recipient may view Applications and Awards at any time, but modification of the Application or Award will be restricted depending on the status and role of the user.

The following table lists available statuses of Applications prior to Award:

TrAMS Pre-Award Status	Description
In-Progress	Initial Application creation by the recipient or returned to recipient prior to FAIN assignment. Developers, Submitters, and FTA (pre-Award manager) may edit.
In-Progress / Returned to Grantee	Application has been returned to the recipient from FTA after FAIN assignment. Developers, Submitters, and FTA may edit. Funding source for existing line items cannot be updated.
Transmitted / Ready for FTA Review	Application has been transmitted to the FTA, reviews have not yet begun. Only FTA may edit the Application.
Initial Review / Concurrence	FTA initial review in progress. Only FTA may edit the Application. FTA can add discretionary allocations if needed.
Review Complete / Ready for FAIN	FTA has completed their review. Only FTA may edit the Application.
FAIN Assigned / Ready for Submission	The FAIN has been assigned and the Application has been returned to the recipient. Submitter will have a Task to submit the Application but will not be allowed to edit, may return to FTA for editing.
Application Submitted	Application has been submitted to the FTA by the recipient. FTA may edit the Application, except for ALI.
Final Concurrence / Reservation	The Application undergoing final concurrence reviews. FTA completes reservation and adds discretionary allocations. TrAMS sends Application to DOL if required for certification or review. FTA may edit the Application, except for ALI.

TrAMS Pre-Award Status	Description
Ready for RA Concurrence / Award	Final concurrences are complete, and Application is awaiting concurrence by the RA and the Awarding of the Application. Editing not available.
Obligated / Ready for Execution	Application has been sent back to the recipient and is waiting for execution by the Recipient Official. Editing not available.

The following statuses are applicable post Award:

TrAMS Post-Award Status	Description

5.1.3 Searching for Projects

Projects divide an Application into smaller pieces. Each Application must have at least one Project. Sound Project naming conventions will help with search functions later.

Application and Award Project records can be found from an Application record or searched for directly from the 'Records' tab.

To search for a Project from the 'Records' tab:

- 1) Go to the 'Records' tab and click 'Applications / Awards', then click 'Projects'.

5.1.4.1 Award Record: Summary

The Summary page of an Award will be the landing page after selecting a specific Award to view or work with. It will display information that has been Awarded by FTA for an Award, including:

- The award overview which will display high level information about the Award including:
 - The Award Name
 - The Total FTA Amount – This is the total FTA amount across all projects of the Award.

- The Total Amount – This is the total amount including non-FTA funding.
- The Award Status – This is the current status of the Award.
- The Pre-Award Manager – This is the Pre-Award manager assigned to the last awarded amendment.
- The Post-Award Manager - This is the Post-Award manager assigned to the last awarded amendment.

The 'Summary' page is always in read-only format for all users. All sections can be expanded or minimized at the user's discretion.

If there is a draft amendment currently in progress for the award, a link is displayed at the top of the Award Overview. Users can click on this link to navigate to the latest in progress amendment of the Award. Note that since the amendment displayed is not currently awarded by FTA, the Award record information will not be updated to display the information from the amendment.

5.1.4.2 Award Record: Related Actions

By selecting the 'Related Actions' from Award records the user will be shown a menu of options that are associated to the Award record. These will include additional details about the Award that may be viewed and actions that may be taken on the record. The menu items shown depend on the logged in users' role and the status of the Award.

The following detailed 'Related Actions' are visible regardless of the user role or status of the Application.

- Execution & Award Summary
- View-Print Award
- View-Print Budget Change History
- Award Documents

A screenshot of the 'Related Actions' menu in the TrAMS system. The menu is displayed as a list of four items, each with a blue icon and a title. The first item is 'Execution & Award Summary' with a trophy icon, followed by 'View-Print Award' with a printer icon, 'View-Print Budget Change History' with a printer icon, and 'Award Documents' with a document icon. Each item has a subtitle describing the action. The menu is part of a larger interface with tabs for 'Summary', 'Amendments and Budget Revisions', and 'Related Actions'.

There are several other related actions available under the Award Record. These Related Actions become available to different users under different award statuses. There are some related actions which will only be available on both Application & Award record, some will be available only under the Award Record while others will only be available under the Application record. Users will need to navigate to the Application Record to view and use those related actions. Related actions Execution & Award Summary, View-Print Award and View-Print Budget Change History that are available under the Award Record are described under the sections for [Application Development](#) and [Post-Award Management](#).

5.1.4.2.1 Related Action: Award Documents

The 'Award Documents' related action allows users to view documents associated with the Award.

All documents that were uploaded as part of an application/amendment or project will be listed under Award Documents once the application has been awarded. Any documents uploaded to an application or amendment that has not yet been awarded will not be part of the Award Documents.

Both recipient and FTA users will be able to view and add documents under Award Documents however only FTA users will be able to delete documents using the Award Documents related action. There are certain document contexts and types that users will not be able to add or delete from the Award Documents related action. These include:

- 1) Suballocation Documents
- 2) View-Print Documents

Users will need to create an amendment or budget revision to modify these documents.

To add, delete or view documents from Award Documents:

- 1) On the Award related actions click 'Award Documents'.

A screenshot of the TrAMS user interface showing the 'Related Actions' menu. The menu is located at the top of a sidebar and contains several options. The 'Award Documents' option is highlighted with a red rectangular box. The options in the menu are: 'Create Amendment' (lightning bolt icon), 'Create Closeout Amendment' (paper plane icon), 'Create Budget Revision' (lightning bolt icon), 'Execution & Award Summary' (trophy icon), 'Award Funds Status' (trophy icon), 'View-Print Award' (printer icon), 'View-Print Budget Change History' (printer icon), and 'Award Documents' (upload icon). Each option has a corresponding icon and a brief description of its function.

5.1.4.3.1 Award Dashboard: Award Funds Status

The 'Award Fund Status' allows users to view the financial details of an executed Award such as obligation, deobligation, disbursement, refund, and unobligated balance. All FTA, recipient and DOL user roles can access this dashboard, which is available once an Award has a status of 'Active (Executed)'. The 'Award Fund Status' page is read-only for all users.

To view 'Award Fund Status' information:

- 1) Click the 'Award Funds Status' from the 'Related Actions' menu.
- 2) The display will include:
 - a) Recipient Details
 - b) Award Information/ Award Amendment Information
 - c) Award Funding Summary
 - d) Award Funding - Financial Purpose Code (FPC) grid
 - e) Award Funding – Account Class Code grid
 - f) Application Transaction History grid, which can be filtered by several drop down options.

Note: Each grid will display a small number of rows, use the arrow keys on the bottom of the grid to view additional records. Arrows only appear when there are additional rows.

5.1.4.3.2 Award Dashboard: Amendments and Budget Revisions

The Amendments and Budget Revisions dashboard gives users a snapshot of all awarded amendments for an award as well as the budget revisions on each amendment of that award. This dashboard is available to all FTA, Recipient and DOL users once an application is awarded. If there is a draft amendment that has not been awarded, it will not be displayed on the grid, however a message will be displayed above the grid listing a link to the draft amendment.

All budget revisions will be displayed under the budget revision column for the corresponding amendment. Note that Budget Revisions listed may still be in draft and may not be approved yet.

The menu items shown depend on the logged in users' role and the status of the Application/Award.

The following detailed 'Related Actions' are visible regardless of the user role or status of the Application.

- Application Documents
- Application Details
- View-Print Application
- View-Print Budget Change History
- Application Review Comments

These actions are described in the following sections. Additional related actions that are available are described under [Application Development](#) and [Post-Award Management](#).

5.1.5.3 Application Dashboards

5.1.5.3.1 Dashboard: Points of Contact

The 'Points of Contact' dashboard displays FTA points of contacts and the recipient point of contact for the Application/Award. The recipient point of contact is set during the initial Application development and may be updated on the 'Application Details' screen. The FTA points of contacts will be established after initial transmission of an Application ('Transmitted / Ready for FTA Review' status). The point of contacts name, user role, email, and phone number will be displayed. Updates to names, roles, and phone numbers must be done from the user's profile page.

To view the 'Points of Contact' for an Application/Award:

- 1) Click on the 'Points of Contact' from the navigation menu to view the points of contact associated with the Application/Award. The points of contact associated to the Application are displayed in grid format. If there are no points of contact associated, the grid will be empty.

- 2) To move away from the 'Points of Contact' dashboard simply click on another item from the navigation menu or select a new tab.

5.1.5.3.2 Dashboard: Application Control Totals

The 'Application Control Totals' displays the total funding associated with an Application/Amendment

To view the 'Application Control Totals' for an Application/Amendment:

- 1) Click on the 'Application Control Totals' from the navigation menu to view the dollar totals associated with the Application/Amendment. The Application/Amendment totals are listed in a grid and itemized by their funding source name. If no funding sources have been defined for an Application the grid will not be displayed.

- 2) To move away from the 'Application Control Totals' simply click on another item from the navigation menu or select a new tab.

5.1.5.3.3 Dashboard: Application Projects

The 'Application Projects' dashboard displays the list of Projects associated with an Application/Award. Projects contain the details associated with each grant including

- Scope of work to be performed
- Location where work will be performed
- Funding sources and associated amounts
- Project milestones
- Environmental findings
- Specific Project documentation

Projects allow the overall Application/Award to be divided into multiple pieces. Each Application/Award must have at least one Project associated with it. Awards migrated from TEAM will only have one.

To view Projects associated with an Application/Award:

- 1) Click on select 'Application Projects' from the navigation menu. The list of Projects associated with the Application/Award will be displayed in a grid.
- 2) Click on the link of the 'Project Number' for more Project information.

5.1.6 Application Phases & Application Status

This section explains the difference between the Application Phases and the Application Statuses as well as how they relate to one another. The Application Phases are tracked in TrAMS by a visual called the Progress Bar, as mentioned in the [Summary](#) section. Below is an example of a Progress Bar.

The [Application/Award Status](#) is visible in multiple places within TrAMS, but a common location to view the Application Status is on the 'Summary' Dashboard, as shown in the following image:

Each phase within a TrAMS Application has one or more statuses. For example, an Application within the 'In-Progress' phase can have a status of 'In-Progress' or 'In-Progress / Returned to Grantee.' The table below shows the relationship between the Progress Bar (Application Phases) and the Application Statuses.

Table 4: Application Phases and Statuses

5.2 Application Development

Application detail records include both Applications that are in progress and Applications that have been Awarded. Available Application record details will be displayed in the left navigation menu after selecting an Application record. The 'Related Actions' menu will display actions relevant to the selected Application. Actions displayed will vary based on the user's role and the current status of the Application.

Refer to the [Working with Applications/Awards](#) section for more detailed information on common Application / Award details and actions.

5.2.1 In-Progress Phase

This section details the steps leading up to the submission of a formal Application and subsequent Award. The process and information requested to be completed is designed to ensure that once an Application is transmitted, it can be processed by the FTA Regional Office in a timely manner.

After an Application is created several Related Actions are immediately available. Some may be used right away, though others will come into play later on in Application Development. As the Application / Award Lifecycle progresses in this User Guide, Related Actions and Tasks will be shown in the order that progresses the Application / Award for the most part.

To create and transmit an Application to FTA, user must be a Submitter or Developer user. The basic steps covered in the create Application process includes:

- 1) Create the Application, complete the Application details
- 2) Add one of more Projects to the Application to include:
 - a) Add Project details and narratives, Project locations, and Project plan information.
 - b) Add budget activity line items and milestones
 - c) Add environmental determinations
 - d) Validate the Project
- 3) Validate and transmit the Application

After an Application is transmitted, FTA can return the Application to the recipient or assign the Application to internal reviewers FTA will only assign a FAIN if the Application is considered complete.

The Application will then be returned to the recipient for formal submission to FTA. After submission, FTA will conduct any additional reviews, reserve funds for the Application, and then Award the grant.

If the Application indicates pre-Award authority, then the applicant must submit the initial Federal Financial Report (FFR) before the Official will receive the task to execute.

Once a grant has been Awarded (and the FFR has been submitted for the pre-authority Application), users with the Official role in the Recipient Organization will receive a task to execute the Award. The task must be completed within 90 days.

Figure 2, below, highlights this general Application process from initial creation to Award.

Figure 4: Application Work-Flow

5.2.1.1 Action: Create Application

The 'Create Application' action is the first step in the Application development process. Only recipient organization users with the Submitter or Developer roles can access this action.

The form collects high-level information about the Application. Some fields are required to save the form. All questions must be answered prior to Application transmission. User can return to this form using the 'Application Details' related action once the Application is created.

For Guidance to better understand each question and level of information/details refer to resources available on the TrAMS Guidance Page and the primary FTA Office.

To create a new Application:

- 1) Click the 'Actions' tab to display a list of available user actions.
- 2) Click the 'Create Application' action.

- 3) The 'Application Details' form will display. The form contains two sections: 'Application Details' and 'Application Financial Information'.

Note: If the recipient organization's SAM account is expired, the recipient user will see a warning message on the Application Details. The recipient must update the organization's registration status before moving forward.

Note: If the recipient organization is missing one or more of the required Legal documents from their Recipient Documents related action (Authorizing Resolution and/or Opinion of Counsel), the user will see a warning message. The recipient must add the required Document Types in the Recipient Documents before validating and transmitting the application.

14) **Period of Performance Start Date:** The period of performance start date is a non-editable field. There is placeholder text that will display until the time of Award. The Period of Performance Start Date will be the Original Award Date (i.e., the date the Regional Administrator enters the PIN to obligate the Award). Once the Award is obligated, the placeholder text will be removed, and the field will be auto-populated with the proper date.

15) **Period of Performance End Date:** Enter the period of performance end date. The date selected must be at least 60 days in the future for all new Applications. The date must not exceed 12/31/2099. The Period of Performance End Date field is not mandatory at the time of Application creation but is required and must be populated before the Application is Transmitted. 17) **Suballocation Funds:** Select the appropriate radio button response to the question: ‘Does this Application include suballocation funds?’ If the organization is a direct recipient of suballocated funds from a designated recipient (option 2 in the screenshot below), additional documentation must be uploaded (e.g. split letter). One or more documents can be added. If the selection changes to a different option (e.g. option 1 or 2), then any uploaded documents are deleted and the option to upload documents disappears from the page.

Documents uploaded will be visible under ‘Application Documents’ related action. Once the application/amendment has been awarded suballocation documents will also be visible under the ‘Award Documents’ related action. The document context for these will be ‘Financial’ and the document type will be ‘Suballocation information’. Note that these documents cannot be added or deleted from the Application or Award documents related actions, they can only be added or

deleted from the Application Details related action in statuses where the Application Details related action is editable.

- 23) A confirmation message will display: 'Click on the link below to view the new Application record,' and the Summary Dashboard will be displayed. Users may either click on the hyperlink to automatically be redirected to the new Application record and continue developing their Application, or return to the record later by clicking the 'Close' button to return to the 'Actions' tab. To access the Application at a later date, go to Records, Applications / Awards, and search for the Application record.

The temporary 'Application Number' is also generated after clicking the 'Create Application' button. There are 3 components of the temporary Application number, each separated by a dash. The first part (from left to right) is the Recipient ID, followed by the fiscal year, which is the second part. The last component of the temporary Application Number is a unique number that is incremented each time a new Application is created. This 'Application Number' is temporarily used to reference the Application until the FAIN is assigned by FTA.

A screenshot of a confirmation message box titled 'Application | Created'. It contains a green success banner with a checkmark icon and the text 'Success!'. Below this, it displays 'Application Number 9900-2018-12'. A bold instruction reads 'Click the link below to open the new Application record.' followed by a blue hyperlink: '9900-2018-12 | 2311 FORMULA FFY17 & FFY18 FUNDS FOR MOB MGT & CAPITAL PROJECTS'. A blue 'CLOSE' button is located in the bottom right corner.

Once users access the Application record, the Progress Bar will show that the Application is in the 'In-Progress' phase, as shown in the image below. This is the first phase within the Pre-Award grant life-cycle.

Below the tabs is a horizontal timeline with seven stages: 'In-Progress', 'Initial Review / Concurrence', 'Final Concurrence', 'Obligation', 'Executed', 'Active', and 'Closed'. The 'In-Progress' stage is highlighted with a blue arrow pointing to it.

Note that once an application/amendment is awarded, all documents uploaded will be available under the Award Documents related action and users will no longer be able to add or remove documents from the application documents related action. Any modifications to the documents i.e., adding or removing will only be done using the Award Documents related action. Also note that certain document contexts and types cannot be uploaded or removed once an application is awarded, and users will need to create a budget revision or amendment to modify these documents.

5.2.1.2.1 Document Contexts and Document Types

Further details on this topic are discussed in [Related Action: Application Documents](#). This section displays all the available combinations of Document Contexts and their corresponding Document types as well as a brief description of each. For example, if users access the Application Document related action and select a Document Context of 'Federal Financial Report,' then the Document Types that will be available for selection are General and Recipient Remarks. 5.2.1.3 Related Action: Application Details

The 'Application Details' will allow FTA users with the role of 'Pre-Award Manager' or 'Post-Award Manager' to edit high level Application information during initial Application creation and during post-Award modifications. This information will be read-only for all other FTA users and during other phases of a grant's life cycle.

To edit an Application record:

- 1) Click 'Application Details'.
- 2) Users will be taken to the 'Application Details' form for the selected Application. Users will be able to edit text saved in fields and change the values saved for drop-down menus. Refer to [Action: Create Application](#) for information that will be expected for each field.

- Once users have completed the changes, click the 'Save' button. All changes will be saved and they will be returned to the 'Related Actions' menu. Users can verify changes by clicking the 'Summary' dashboard to view Application details.

5.2.1.4 Related Action: View-Print Application

The View-Print Application related action generates a document in TrAMS to view and print the application/award's information. The information within each View/Print document includes a summary of the application/award, projects, and relevant recipient details.

TrAMS provides both a current view/print and historical view/prints for each amendment. The current view-print is a dynamic document based on the latest information in the application/award and recipient organization record. The historical view-print is a static document that is generated when an award is executed.

Amendments associated with the award will be displayed in the View-Print Application. For example, if a user navigates to the View/Print Application for the latest amendment (-02), the user will be able to download the Current View-Print for -00, -01, and -02, and the Historical View-Print for -00, -01, and -02 if it is available.

View-Print Types: Users see 2 types of view-prints under the related action, Historical View-Print and Current View-Print.

- **Historical View-Print:** This document is generated and saved during Application execution.
- **Current View-Print:** This document generated at the time the user accessed the related action

5.2.1.5 Related Action: Apply Estimated Indirect Costs

5.2.1.5.1 Overview

The 'Apply Estimated Indirect Costs' related action allows TrAMS to report data to USASpending. Indirect costs are an estimate of the total dollar amount of federal funds that are expected to be used for indirect costs.

Note: This related action is only applicable to initial awards (not to amendments or budget revisions)

For example, an application may have several projects with several line items each. Even if each project were to have multiple overlapping funding sources, the 'Apply Estimated Indirect Costs' related action would still show amounts for each funding source associated with the application regardless the funding source's project association(s). In other words, 'Estimated Indirect Cost Amount' is not tracked at the individual line item level. Further clarification is provided in the step-by-step instructions below.

Note: This related action must be completed before the 'Validate and Transmit Application' related action can be completed for the application

If the user attempts to validate and transmit the application before completing the 'Apply Estimated Indirect Costs' related action, they will encounter a validation error. For more information, refer to [Related Action: Validate and Transmit Application](#)

5.2.1.8 Related Action: View Period of Performance Changelog

During the lifecycle of an Application / Award, the Period of Performance (POP) End Date may change several times. This related action allows the user to see a history of those changes.

To view the Period of Performance Changelog for an Application:

- 1) Use the Records tab to search and open the desired Application/Award.
- 2) Click the 'Related Actions' link from the navigation bar.
- 3) Click the 'View Period of Performance Changelog' related action from the menu.

- 4) A view-only form called 'Period of Performance Changelog' will open. It shows a grid that details the history of changes to the Period of Performance.

- Scope of work
- Location where work will be performed
- Funding sources and amounts (budget activity line items)
- Project milestones
- Environmental determinations
- Project-specific documentation

Projects must be independently validated for completeness.

Related actions are available from the Project related actions tab and are editable for Developers, Submitters, and FTA users with 'Pre-Award Manager' or 'Post-Award Manager' roles while an Application has a status of 'In Progress'. With the exception of 'Validate Project' these actions are also available to other user roles in a read-only format and available during other Project statuses in the read-only format.

These values are dependent on each other. The value for Scope Code/Scope Name must be selected first. The values for Activity Type will not populate until Scope Code/Scope Name is selected. Similarly, the values for Line Item Number/Line Item Name will not populate until an Activity Type is selected. The relationships are based on the Activity Line Item Tree.

Also notice that each added line item has a link that says 'DEL' to the right of the 'Line Item Number/Line Item Name' column. Clicking this link allows the user to delete the activity line item.

☒ No, 3rd Party Contractors will not be used for this line item.

- 8) **FTA Funding Information:** Update the FTA Funding Information Section with the requested amount to be provided by the grant or cooperative agreement.
- FTA Funding Source:** Select a value from the drop-down menu provided under the 'FTA Funding Source' field. The Funding Source selected determines whether the Application is a discretionary or a formula Application. If a discretionary funding source (e.g. 5309 – New Starts) is selected for one or more Budget Activity Line Items, then the Application will go through the discretionary

workflow, wherein the Pre-Award Manager and Reservationist will be able to add Discretionary IDs to the application. If only non-discretionary funding source (e.g. 5311 – Rural Area Formula) is selected, the application will go through the formula workflow. .

- b) **FTA Funding Amount:** Update the FTA Funding Amount field with the desired amount of funding. (Note: The dollar sign and commas will auto populate once users click outside of the field.). The FTA Funding Source selected determines whether an application is a Formula Grant or a Discretionary Application.

(Note: This information will not be additive to the 'Total Eligible Cost' of the activity budget or Award budget. Users will be requested to upload a document to support these funds when validating the Project.)

The 'Total Eligible Cost' will be update after saving. This is the sum of the FTA Funding and Non-FTA Funding (excluding the Transportation Development Credit and Adjustment Amount).

The Non-FTA Funding Information section appears differently in TrAMS Applications in comparison to Transportation Electronic Award Management (TEAM) Applications. TEAM is the legacy system used process and review Applications. An Application created by the legacy system is usually referred to as a TEAM grant. There are several differences between Applications created by the TrAMS system versus the TEAM system, but the one difference applicable to this section can be seen in the image below.

Funding Information: TEAM Application

Award Non-FTA Amount \$0.00	Revised Non-FTA Amount \$0.00
Award Total Eligible Cost \$43,181.00	Revised Total Eligible Cost \$43,181.00

Unlike TrAMS, a TEAM Application has a simpler layout when it comes to the Budget ALI page. A TEAM Application only has one section for Funding Information, while the TrAMS Applications divide the section into two: 1) FTA Funding information and 2) Non-FTA Funding information. Notice the difference in the TEAM Funding information shown above versus the TrAMS Funding Information displayed below.

TrAMS requires you to enter NEPA classes of action (whether the project qualifies as a c-list or d-list categorical</p>

 - b) **One:** 'This Project and ALL ALIs activities are covered by one NEPA determination' – select this option when one environmental determination applies to the Project as a whole.

Step 1: Independent Utility and Permissible Segmentation

For most entries in TrAMS, there will be one NEPA finding per "Project" in TrAMS. In some cases, it may be desirable for one "Project" to have multiple NEPA findings, and in that instance, there would be one NEPA finding identified per ALI (e.g., large formula grants covering multiple independent activities or Projects that involve permissible early acquisition of real property where the early property acquisition has not been set up as its own "Project") rather than at the Project level. Whether a NEPA finding is made at the Project level or for individual ALIs, every NEPA finding must comply with the scope requirements of 23 CFR 771.111(f) (independent utility, logical termini for linear projects, not restrict consideration of alternatives for reasonably foreseeable transportation projects).

If your Project includes permissible early acquisition of real property, that early acquisition of property must have its own NEPA finding if Federal funds may be used for the acquisition. That can be done through either including a separate "Project" for early property acquisition or by entering NEPA findings at the ALI level.

Identify if your Project involves one or more than one environmental finding (e.g., multiple NEPA findings at the ALI level). *

5.2.1.13.1 Validate and Retransmit Application to FTA

If deficiencies are identified in the Application by any FTA reviewers, the Application will be returned to the recipient for updates. An email will be sent to the recipient's Point of Contact indicating that the Application has been returned. The status of the Application will return to the 'In-Progress' status or to 'In-Progress / Returned to the Grantee' when returned following FAIN assignment.

The recipient may then:

- View and respond to FTA comments from the Application Related Actions menu 'Application Review Comments'. See [Related Action: Application Review Comments](#).
- Have users with the Submitter or Developers roles edit the Application.
 - All actions available and editable during drafting of the Application will be available.
 - Changes made to Projects will require Project validation prior to resubmission.
 - After correcting the Application deficiencies, retransmit the Application using the 'Validate and Transmit Application to FTA' related action.
- **WARNING:** Changes to existing ALI(s) will not be permitted once the FAIN has been generated. Projects within the Application can no longer be deleted once the FAIN is assigned (In-Progress/Returned to Grantee).

"Submitting this Application will result in a deobligation of <deobligation amount for amendment>."	This message will be displayed for an amendment that will result in a deobligation amount.

5.3 Application Review, Award, and Execution

When a recipient has completed validation and transmission of an application, this marks the end of the In-Progress phase. The application now moves to the Initial Review / Concurrence Phase. During this phase, FTA users will conduct various reviews of the Application before it is returned to the recipient to review and submit a finalized version.

During the next two phases, Final Concurrence and Obligation, FTA users will conduct another series of reviews of the application and reserve funding before returning it to the recipient again.

At this point the application is in the Execution phase. This phase begins the with a task for the recipient to execute the award.

Note: If the Application uses Pre-Award Authority, the recipient will receive a task to complete the initial FFR before they receive a task to execute.

After validation and transmission, the application will be reviewed by FTA users for a few phases leading up to execution. To learn more about how these phases and the Award Status are related, refer to [Application Phases & Application Status](#).

5.3.1 Initial Review / Concurrence Phase

After FTA has completed its initial concurrence reviews for the application and the FAIN has been generated, the submitter will receive a task to formally submit the application to FTA.

5.3.1.1 Task: Review & Submit

After the FTA has completed their initial review of the Application and has assigned a FAIN to the Application, FTA will return the Application to the recipient for formal submission. A 'Task' will be assigned to users in the recipient organization with the Submitter role group. All Submitters will receive an email notice indicating that a task has been assigned.

To complete the submit task:

- 1) Click the 'Tasks' tab to view a list of tasks for the Recipient user.
- 2) Select the 'Review & Submit' task for the Application.

5.3.2 Final Concurrence, Obligation, and Execution

After a recipient has formally submitted the application, it enters the Final Concurrence phase in which FTA conducts another series of reviews and reserves funds as necessary.

Note: At any time during the Final Concurrence phase, the application can be returned to the recipient. The recipient will receive an email notification that the application has been returned and will need to transmit again after making any necessary changes. Refer to *Related Action: Validate and Transmit Application*.

After the Final Concurrence phase, the application moves to the Obligation phase. During this phase, FTA will obligate and award the application.

Finally, the application will enter the Execution phase in which a recipient user will be able to execute the Award.

5.3.2.1 Execution Phase

5.3.2.1.1 Task: Complete Initial Federal Financial Report for Federal Award

When the Application is created, the recipient has the option to identify whether the Application uses Pre-Award Authority or not. If the recipient chooses the 'Yes' option, this indicates that the Application uses Pre-Award Authority and the next step after obligating / Awarding the Application will be for the Recipient's FFR reporter to complete the initial FFR.

To complete the Initial FFR task:

- Click the 'Tasks' tab to view a list of tasks for the logged-in user.
- Select the 'Complete Initial Federal Financial Report for Federal Award ID No. [FAIN]' task.

Note: Once the initial FFR is submitted by the Recipient, a Post Award Manager will receive an email notification stating that the initial FFR is ready for review.

5.3.2.1.2 Task: Execute Award

After the FTA has completed their reviews of the Application and obligated the funds for the Award, a 'Task' will be assigned to users with the Official role to execute the Award. The Official will receive an email notice indicating that a task has been assigned.

Once the Application is obligated / Awarded, the progress bar is updated on the summary dashboard to reflect that it is in the 'Executed' phase, as shown in the image below.

When the Application is created, the recipient has the option to identify whether the Application uses Pre-Award Authority or not. If the recipient chooses the 'Yes' option, this indicates that the Application uses Pre-Award Authority and the next step after obligating / Awarding the Application will be for the Recipient's FFR reporter to complete the initial FFR. For steps on completing the initial FFR, see the Initial FFR section of the appendix. Once the initial FFR is completed, the Recipient's Official user can execute the Award.

After FTA has completed their reviews of the Application, the Initial FFR is completed (if applicable), and the funds have been obligated, a 'Task' will be assigned to users with the Official role to execute the Award. All users with the Official role in the recipient organization will receive an email notice indicating that a task has been assigned.

To complete the execute Award task:

- 1) Click the 'Tasks' tab to view a list of tasks for the logged-in user.
- 2) Select the 'Execute Award for Federal ID Number [FAIN]' task.

Recipients may view their fund status from a Project level versus total Award level. To view the Project fund status, the user will need to navigate to the Project record within an Application or Award. Once users are in an Application or Award:

- 1) Select 'Application Projects' tab.
- 2) A grid will populate with a list of Projects. Only several will populate, if users have additional Projects they may need to move the grid forward using paging at the bottom right of the grid. Users can sort information in the grid using the column headers.
- 3) Click on the 'Project Number' , which is a hyperlink taking users to the Project record.

5.3.3.4 Related Action: Application Fleet Status

When rolling stock (fleet of buses, trains, etc.) is included in an Application, any information associated with the fleet can be found under the Related Actions tab, Application Fleet Status option. The information listed in the Application is determined by the fleet status at the time of Award execution.

All users may view the read-only fleet status information associated with the Application.

- 1) From the Application, click the Related Actions tab, select 'Application Fleet Status' from the list.

The screenshot shows a list of actions available for an application. The 'Application Fleet Status' option, which includes the subtext 'View Application Fleet Status', is highlighted with a red rectangular box. Other options include 'View-Print Application', 'Application Details', 'Apply Estimated Indirect Costs', 'View-Print Budget Change History', 'DOL Certification Details', 'Application Documents', 'Application Review Comments', and 'Validate and Transmit Admin Amendment'.

- 2) 'The Application Fleet Status' form will display.
- 3) Select the 'Close' button to return to the 'Related Actions' menu.

The screenshot displays the 'Application Fleet Status' form for application NY-2022-003-00. The form title is 'Application Fleet Status' with a subtitle 'This represents the fleet status at the time of FTA award'. Below the title is a section labeled 'Fleets' containing a table with fleet data. A 'CLOSE' button is located at the bottom right of the form.

5.4 Post-Award Reporting

5.4.1 Overview

Information in this document is proprietary to FTA

Page 308

Unclassified – For Official Use Only

Recipients of FTA funding submit Milestone Progress Reports (MPR) and Federal Financial Reports (FFR) on a periodic basis to show the status and progress of activities and funding expenditures on their Awards. The MPRs and FFRs are completed and submitted by the recipient within 30 days of the end of the reporting period. The reporting period for MPRs and FFRs can be Annual, Quarterly or Monthly, depending on the requirements for the Award and/or funding program.

Submission of both MPRs and FFRs in TrAMS is task-based, which means that recipient users in the 'MPR Reporter' and 'FFR Reporter' role groups will receive a task to complete and submit their MPR or FFR 30 days before a report is due. Once recipients submit their reports for FTA review, FTA Regional Office staff with the 'Post-Award Manager' role may complete their reviews of the reports before the next reporting period is over. Once a new reporting period has finished, FTA staff will no longer be able to review reports from prior periods – those reports will now be read only.

5.4.1.1 FFR/MPR Reporting Cycle Timeframes

Table 1 - Quarterly FFR/MPR Reporting Cycle Timeframes

Quarterly FFR/MPR Reporting Cycle	Months Covered	Task Issued	Due Date	Task Closes*
Quarter 1	Oct – Nov – Dec	January 1	January 30	March 31
Quarter 2	Jan – Feb - Mar	April 1	April 30	June 30
Quarter 3	Apr – May – June	July 1	July 30	September 30
Quarter 4	July - Aug - Sept	October 1	October 30	December 31

**Tasks are launched at 7:15 AM GMT; and Task closes and the period closes for FTA staff to review at 11:59 PM GMT. Tasks may not be modified after FTA has accepted the report. FTA regional and HQ staff will review the reports and provide approval.*

Table 2 – Annual FFR/MPR Reporting Cycle Timeframes

Annual FFR/MPR Reporting Cycle	Months Covered	Task Issued	Due Date	Task Closes*
Federal Fiscal Year	October 1 to September 30	October 30 of the next fiscal year	October 30 of the next fiscal year	September 30 of the next fiscal year
Example	October 1, 2017 to Sept. 30, 2018	October 1, 2018	Oct. 30, 2018	Sept. 1, 2016

Note: Federal Fiscal Year is October 1 to September 30;

**Tasks are launched at 7:15 AM GMT; and Task closes and the period closes for FTA staff to review at 11:59 PM GMT. Tasks may not be modified after the report has been accepted by FTA. FTA regional and HQ staff will review the reports and provide approval*

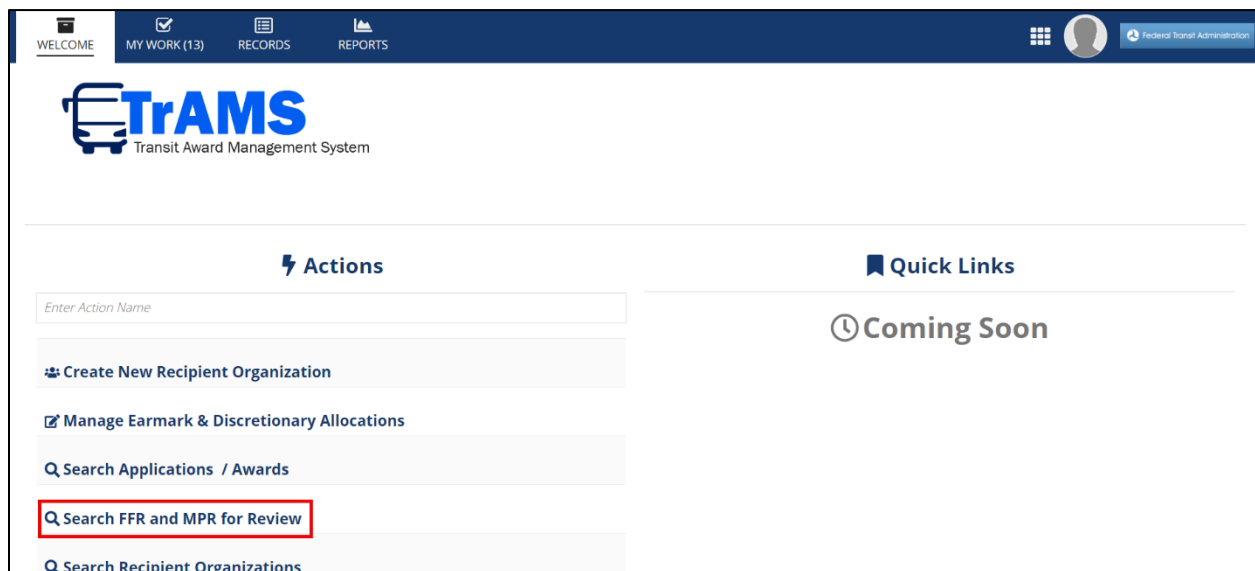

5.4.2 Search for FFRs and MPRs

5.4.2.1 Action: Search FFR and MPR for Review

To view MPR and FFR reports (in progress, submitted or reviewed), first navigate to the 'Welcome' tab.

To view read-only versions of previously submitted or draft FFRs and MPRs:

- 1) Click 'Search FFR and MPR for Review'.

- 2) The 'MPR and FFR Review | Search Criteria' form will display. The following search fields can be used to narrow down search for a specific report. Any required fields are marked with an asterisk.
 - a) The 'Application Fiscal Year' field will limit the search to select report years.
 - b) The 'Application Status' field will limit search based on the award status. Some example statuses are: Active (Executed), In-Progress, or Closed.
 - c) Use the 'Application Number' field to enter a specific application/award number. User must include the dashes and the amendment extension.
 - d) Use the 'Post-Award Manager' field to enter the Post-Award manager associated with the report.
 - e) The 'Application Type' filter can be used to filter for Grants or Cooperative Agreements if needed.

-
- f) Use the 'Application Cost Center' Filter to display reports for a particular Application Cost Center.
 - g) Use the 'Recipient Region/Cost center' Filter to display reports for a particular Recipient Cost Center.
 - h) Use the 'Recipient' filter to enter a recipient ID or name to view reports for a particular recipient.
 - i) Select the 'Report Type' field to search for FFR or MPRs only, select 'Any' to retrieve both types. *This is a required field.
 - j) Select the 'Report Status' field to search for reports that are 'Work In Progress', 'Submitted', 'Resubmitted' and 'FTA Review Complete'.
 - k) To search for reports within a given range of dates the user may use the 'Period From' field 'Period To' field to enter in a date or display a calendar picker to select a date from for the first date of a range. Users can also select the checkbox displayed to include the Final Report for a given period.
 - l) Select one or more check boxes for the 'Report Period Type' field. *This is a required field.

Note: User must select "Initial" if they are searching for an initial report.

- m) The corresponding report period selections will become active as the check boxes are selected. User must select one or more report periods from the 'Annual Period,' 'Quarterly Period,' and/or 'Monthly Period' fields once they become available for selection. All activated report period fields will require a selection.

Note: Selecting 'Initial' does not activate any Report Period lists. User must select the Initial box to retrieve initial reports.

Note: The 'Clear Filter' button on this form can be used at any time to wipe out all entered search criteria.

- 3) Apply the desired search criteria along with the required fields and click the 'Search' button.

5.4.3 Federal Financial Report (FFR)

5.4.3.1 Complete and Submit FFR

5.4.3.1.1 Task: Complete [Fiscal Year and Cycle] Federal Financial Report for Federal Award ID No. [Application Number]

The completion of the Federal Financial Report is assigned as a task to the users with the 'FFR Reporter' user role.

The task to complete the FFR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the FFR Reporter Group; therefore, everyone with the FFR user role will receive the task. The task will allow the FFR Reporter to complete and submit their Federal Financial Report.

A task will be issued for each active Award. The number of Tasks assigned to a user will be visible next to the 'Tasks' tab.

- 1) As an FFR Reporter, click on the 'My Work' tab.

- 2) Select the task for the Application and then accept the task. The format of the task reads; Complete [FY] [Report Frequency] Federal Financial Report' for Federal Award ID No.

On June 21, 2018, FTA made a modification to the FFR report form rules; it no longer allows the calculated value of Line D to be negative (see Note below). Please be aware that FFRs submitted before this date may show negative amounts.

Note: To avoid system validation errors while entering dollar values into the 'This Period' and 'Amount' fields, users must keep the following rules in mind for the FFR:

The sum of the value displayed under the 'Cumulative' field in 'G. Recipient Share of Expenditures' and the value provided for 'J. Recipient Share of Unliquidated Obligations' must be less than or equal to the value displayed for 'N. Total Recipient Share Required.'

Users cannot input values in both 'R. Federal Program income expended in accordance with the deduction alternative' and 'T. Federal Program income expended on allowable transit Capital and operating expense.' Users will be allowed to enter a value for only one of these fields.

Each of the separate values entered for 'A. Federal Cash on hand at Beginning of Period,' 'B. Federal Cash Receipts,' 'C. Federal Cash Disbursements,' 'F. Federal Share of Expenditures,' and 'I. Federal Share of Unliquidated Obligations' cannot be greater than 'E. Total Federal Funds Authorized.'

The calculated value of 'D. Federal Cash on hand at End of Period (A + B - C)' cannot be negative.

The calculated value of 'O. Remaining Recipient Share to be provided [N - (G + J)]' cannot be negative.

5.4.4 Milestone Progress Report (MPR)

5.4.4.1 Task: Complete and Submit MPR

To complete the Milestone Progress, Report the user must have the 'MPR Reporter' user role.

The task to complete the MPR will be assigned 30 days prior to their due date. Users will receive a system generated email notification that they have a task. The email goes to the MPR Reporter Group; therefore, everyone with the MPR user role will receive the task. The task will allow the MPR Reporter to complete and submit their Milestone Progress Report. A task will be issued for each active Award.

The number of tasks assigned to a user will be visible next to the 'Tasks' tab.

- 1) As an MPR Reporter, click on the 'My Work' tab.

- 2) Select the task 'Complete [FY] [Report Frequency] Milestone Progress Report' for the Application. The form will populate; accept the task to complete the report.

5.5 Post-Award Management

Activity conducted after a grant is award is considered post-award management. These activities consist of budget revision, amendment, reporting and close out.

A budget revision can be initiated by the Recipient for changes to an award, as long as the change does not include new scope codes or funding amounts. For changes to the scope codes or funding amount, the Recipient may initiate an amendment. When an amendment has been initiated, TrAMS will send the request through a full cycle of FTA reviews and approvals similar to the initial grant approval process. For a change to, modify terms and conditions or make funding adjustments, an FTA user will initiate an Administrative Amendment.

5.5.1 Budget Revisions

A budget revision is any change to an award that has an impact on the budget allocation of the original award. A budget revision may be a transfer of funds within a project scope or between existing ALIs within an approved award. It could also include the addition or deletion of an ALI.

The function of a budget revision is to allow the transfer of funds within or across existing project scope codes and budget activity line items (ALIs), add additional ALIs, or make updates to Application Details (narrative, performance end date, OMB questions).

5.5.1.1 User Roles

Users with the “Developer” or “Submitter” role can initiate a budget revision.

5.5.1.2 Budget Revision Workflow

Once a budget revision is initiated, the award status is moved to ‘Active / Budget Revision In-Progress’. No other types of revisions (Amendments or Closeout Amendments) may be initiated until the award is back in an ‘Active (Executed)’ status.

Budget revisions are reviewed and approved by FTA staff in the Regional Post-Award Manager user role. FTA may reject the budget revision and return it to the recipient for additional modifications. Following approval of the budget revision, FTA staff may need to take additional steps within TrAMS to align obligated funds to the new budget. Upon completion of FTA actions, the award will return to the ‘Active (Executed)’ status.

The award must be back in Active status before any additional drawdowns can be made against the revised budget. Recipients should wait three (3) to five (5) business days after budget revision approval to seek a drawdown.

The following is the general workflow of a budget revision:

5.5.1.3.1.1 Error Messages while Creating a Budget Revision

- 1) If the recipient organization's SAM status is about to expire in 7 days or has expired, the user will be presented with a critical error and not be able to create a budget revision unless they renew their SAM account in SAM.gov.
- 2) If the recipient organization's SAM status is about to expire within 30 days, the user will see a warning message to renew their SAM registration. The user will be able to move forward at creating a budget revision.
- 3) Recipient users may encounter error messages when the active Award has a pending Budget Revision or a pending amendment. The system will populate an error message indicating the applicable pending action. For example:
 - a. For budget revisions, user can confirm if a pending action by reviewing the related action menu option View-Print Budget Change History.

Note: These revisions apply to this amendment only. To see revisions to previous amendments, search for those amendments on the Records tab.

- 4) The information in the 'Award | Budget Revision Details' form can be modified as several points during the creation and during the review process. The grantee will be presented with the same form again prior to submission and can be edited at that time.
- 5) Users should be aware of the below:
 - i) The 'Budget Revision Reasons' field requires at least one selected check box
 - ii) The Budget Revision Description field does not accept certain special characters; it is best to avoid bullets and \$ signs.
 - iii) The Budget Revision Description will display in the Budget Revision View Print History Grid once created. The information should be concise. It is preferred that the detailed budget revision information is incorporated into Executive Summary.
 - iv) If there is a pending action on the Award, the grantee will not be able to create a new budget revision until the prior action is completed or deleted.

5.5.1.3.2 Related Action: Budget Revision Activity Line Items

When modifying Budget Activity Line Items (ALIs) in TrAMS, the display fields and options available vary slightly for Applications that were originally created in TEAM or TrAMS. Separate sections are included to address the different business rules that apply to TEAM and TrAMS Awards.

- 9) Select a scope code from the drop-down menu provided under the 'Scope Code / Scope Name' field.
- 10) Select an activity type for the selected scope from the drop-down menu provided under the 'Activity Type' field.
- 11) Select a line item name or number from the drop-down menu provided under the 'Line Item Number/Line Item Name' field (The validation message disappears and a checkmark appears in the status box which indicates that the form can be saved and the user can move forward).
- 12) Click the 'Finish' button to add all new ALIs that have been completed to the Project and return to the 'Manage Budget Revision Activity Line Items and Milestones' form.

To update new or existing budget ALIs for a Project:

- 13) Select the check box for an ALI users wish to modify from the grid under 'Existing Line Items'. The form will expand below the grid to include the following sections for the selected line item:
 - a) Line Item Scope
 - b) Line Item Details
 - c) Funding Information
 - d) Rolling Stock Information
 - e) Milestones'

Note: There is no longer a 'Zero Out Line Item' button. If users need to bring an ALI down to a zero dollar amount. Enter a '\$0' into the field. (Do not simply wipe out the amount, they must replace the amount with a zero dollar amount.) Add notations in the extended budget description. The milestone can be corrected with actual dates during the next reporting cycle referencing this revision action.

14) Update the 'Line Item Scope' section as needed:

- a) Update the line item's name in the 'Custom Line Item Name' field with the desired text.

Line Item Scope: 111-00 BUS - ROLLING STOCK

5.5.1.4 FTA Review of Submitted Budget Revisions

The FTA awarding office will review budget revisions and either approve or disapprove the request.

FTA may return the budget revision request to the recipient for additional information or corrections. If returned, the revision will revert to 'Active / Budget Revision In-Progress' status in the system.

Once the revision is approved, FTA must complete either a scope code transfer (TrAMS Award) or FPC transfer (TEAM Awards) to complete the financial transaction of the budget revision, if appropriate.

Once the FTA office has approved the Budget Revision, and completed the financial action, the award will return to an 'Active (Executed)' status.

Recipients are reminded to wait at least three to five business days after approval to ensure the financial transactions have passed through all of FTAs financial management systems (FMS).

5.5.1.5 Additional Ways to Check the Change in Period of Performance End Date

If the Budget Revision is created to modify the Period of Performance End Date, the user can check the following sections that displays 'Period of Performance End Date' in the read-only format.

5.5.2 Amendments

An amendment may be initiated in TrAMS on an award application with 'Active (Executed)' status by the recipient organization. Amendments are created to revise details of an award such as scope, increase or decrease award funding or change the performance period end date.

User Roles: users with the 'Submitter' or 'Developer' role have the authority to create an amendment.

Once created, the amendment must go through the same FTA review cycle as an original TrAMS application, it follows all steps from creation to award.

The general workflow is as follows:

Refer to the [Application Development](#) section for further details on how an application is created and submitted.

Only recipients may initiate amendments however, FTA staff may initiate Administrative Amendments.

If a recipient organization's SAM account has either expired or will expire within 30 days, then the user will be presented with a warning message and should renew their SAM account in SAM.gov.

5.5.2.1 Amendment

5.5.2.1.1 Related Action: Create Amendment

Note: Only a recipient organization's Submitter or Developer roles will be able to access this action.

To create an Amendment, the user must select an Award that is in 'Active (Executed)' status with no pending Amendment or Budget Revisions. See steps below:

5.5.2.1.3.1 Related Action: Amendment Budget Activity Line Items and Milestones

The Application and Project Budgets are formulated by adding scopes and budget activity line items (ALIs) to a Project. In an amendment, recipients can add new scopes and ALIs that were not previously part of the Award.

To add or update the budget ALIs for a Project on an amendment:

1. From the Project record 'Related Actions' menu, click 'Amendment Budget Activity Line Items and Milestones'.

2. The 'Manage Budget Activity Line Items and Milestones' form will be displayed. The ALIs associated to the Project are listed and displayed in grid format under the 'Existing Line Items' section.

18. Repeat previous steps to update the remaining ALIs in the grid. The status for each ALI will change from 'In-Progress' to 'Complete.' The status of 'Complete' is required for all ALIs on the Project in order to validate and mark the Project as ready for FTA review.

5.5.2.1.4 Transmit and Submit Amendment

The amendment transmission and submission process is the same as an original Award. Refer to [Application Development](#) for instructions to transmit an amendment to FTA for initial review and to accept the submission task to formally submit an amendment for final review.

When transmitting an amendment, users will receive similar prompts:

1. If rolling stock is included add fleet information. Select the Close button if no changes are needed to proceed to the next form.
2. If TDC or In-kind local match is included, prompts to add documentation will display. Use the skip button if no additional documentation is required.
3. If Section 5307 funds were applied, even if no additional funds were added, there will be a prompt to respond to for the 1% security questions.

-
4. If the amendment is a Cooperative Agreement Award, users will be prompted to select the cost center of the FTA office that will manage the amendment. Refer to [Application Development](#) for more information.
 5. If the recipient organization's SAM account is expired, the user will see a critical error message and will not be able to continue. The recipient must update the organization's registration status before the user can move forward.

5.5.2.1.5 Amendment Execution

Once FTA has completed all reviews and awarded the amendment, the Recipient Official is required to execute the award agreement for the amendment. Refer to [Application Development](#) for details on how to execute the award.

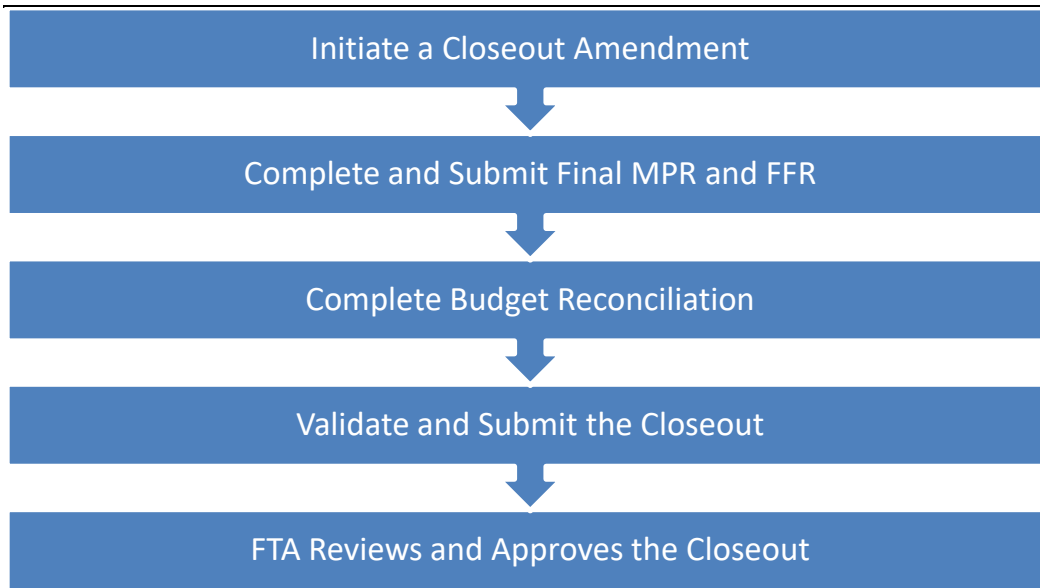

5.5.3 Closeout Amendment

Closeout Amendment is the process by which FTA Regional Staff determines that all activities in an award are complete and all federal funds necessary to complete the project have been expended. Either the recipient or FTA can initiate closeout of an award when all approved activities are completed and/or applicable federal funds expended.

5.5.3.1 Closeout Amendment Workflow

Award closeout is the term used to signify the process which completes an award after all activities for an Award have been completed or all federal funds necessary to complete the project have been expended.

Both the recipient and FTA may initiate a closeout; the steps are the same regardless of which user initiates and completes the closeout.

A closeout can only be performed on an award that is in the 'Active (Executed)' status with no pending post award actions. The process is the same for both TEAM and TrAMS awards, any differences in the format of the award is explained in the Guide. All parts of the closeout must be completed to validate and submit the request to FTA.

5.5.3.2 User Roles for Closeouts

Recipient users with a 'Submitter' or 'Developer' role have access to initiate and submit a closeout request.

The Recipient users with the FFR Reporter and the MPR Reporter user roles have access to complete the final reports for the closeout amendment package.

The user roles may be assigned to one or more individuals; therefore, coordination may be required.

FTA users with the Post-Award Manager role have access to initiate and submit a closeout request.

If FTA initiates the Closeout, then the Post-Award Manager will submit the Closeout and complete the final reports for the closeout amendment package.

5.5.3.3 Related Action: Create Closeout Amendment

Note: Only the FTA Regional Post-Award Manager role or the Recipient will be able to access this related action to initiate and submit the closeout request.

Ensure the record has an Application status of 'Active (Executed)'. A Closeout cannot be initiated if there are any pending amendments or budget revisions. 'Create Closeout Amendment' will not be displayed as one of the menu options within Related Actions tab if there are pending actions.

If a recipient organization's SAM account has either expired or will expire within 30 days, then the user will be presented with a warning message and should work with the recipient to renew their SAM account in SAM.gov.

- 1) Steps to create Closeout Amendment:
 - a) Search and Select the Award Record either using the Records Tab or locating the record under the recipient profile 'Application/Awards' tab.
 - b) From the Award Record, click on Related Actions
 - c) To initiate Click 'Create Closeout Amendment' from the menu options.

8) All other remaining fields will be calculated automatically by the system.

Note: To avoid system validation errors while entering dollar values into the 'This Period' and 'Amount' fields, users must keep the following rules in mind for the FFR:

- The sum of the value displayed under the 'Cumulative' field in 'G. Recipient Share of Expenditures' and the value provided for 'J. Recipient Share of Unliquidated Obligations' must be less than or equal to the value displayed for 'N. Total Recipient Share Required.'
- Users cannot input values in both 'R. Federal Program income expended in accordance with the deduction alternative' and 'T. Federal Program income expended on allowable transit Capital and Operating expense.' Users will be allowed to enter a value for only one of these fields.
- Each of the separate values entered for 'A. Federal Cash on hand at Beginning of Period,' 'B. Federal Cash Receipts,' 'C. Federal Cash Disbursements,' 'F. Federal Share of Expenditures,' and 'I. Federal Share of Unliquidated Obligations' cannot be greater than 'E. Total Federal Funds Authorized.'
- The calculated value of 'D. Federal Cash on hand at End of Period (A + B - C)' **cannot be negative.**
- The calculated value of 'O. Remaining Recipient Share to be provided [N - (G + J)]' **cannot be negative.**

- 9) Once users have completed entering all details, click the 'Calculate Totals' button. If users remain on the same page, it is likely that the system has identified a validation check in the calculations. Review the system generated validation checks.

5.5.3.6 Task: Complete Final MPR

Before submitting a Closeout Amendment for approval, the FTA Regional Staff or the Recipient must submit a Final Milestone Progress Report (MPR) to FTA. The task to complete the final FFR is initiated as soon as the closeout amendment is created.

User Roles Required: The FTA Regional Post-Award Manager role or the Recipient can complete the final MPR. This may require coordination with other users to complete the closeout.

The Final MPR task is assigned to the 'Regional Post-Award Manager' role as soon as the closeout amendment is created. To complete the final MPR:

- 1) Log on as the 'Regional Post-Award Manager' and click on the 'Tasks' tab
- 2) Select the "Complete Final Federal Financial Report for Federal Award ID No. [FAIN]" task for the Application.
- 3) The MPR form will populate

6 Reports

Updates to the content of this section are in progress.

6.1 Overview

TrAMS includes a suite of reports that support Application management and financial activities to include activities such as reviewing Application statuses and budget information at various levels of detail. Most TrAMS reports are accessible by both recipient organization users and FTA users although the level of detail each user type can see may vary by report. This document describes reports available to both recipient and FTA users. TrAMS reports are downloadable as Microsoft Excel formatted files.

All TrAMS reports can be categorized into one of two groups:

Information in this document is proprietary to FTA

Page 421

Unclassified – For Official Use Only

1. User Generated Dynamic Reports

Dynamic reports allow the user to select report filter criteria and are found using the 'Reports' tab. Dynamic reports include both 'Reports' and 'Excel Reports', with the main difference being that the former may include visualizations such as charts. For dynamic reports, recipient users will only be able to see data specific to their recipient organizations. Recipients who belong to more than one organization, will be able to see data for each of those organizations. FTA users will be able to see data across all Cost Centers.

2. Historical Static Reports

Historical (static) reports are generated each night by the TrAMS system and stored on the 'Reports' tab. Static reports provide a daily snapshot of the same information available in the dynamic reports. Static report data is cumulative, beginning on the first day of the Federal Fiscal Year (October 1st) and ending on the day prior to the report generated date. For example, a static report dated May 30, 2018 will contain data for October 1, 2017 through May 29, 2018. Static reports have no filter criteria applied and will contain data for all Cost Centers and all recipient organizations. Static reports are useful for comparing information across time periods.

The current TrAMS report suite includes 20 reports accessible FTA users. These reports are listed in Table 1: TrAMS Reports below. The remainder of this document describes the available reports, how to access them, and what filters can be applied when generating the reports.

6.1.1 User Generated Dynamic Reports

User generated reports or “dynamic” reports are accessed from the ‘Reports’ tab and listed under the ‘Reports’ and ‘Excel Reports’ columns. Dynamic reports allow the user to apply search criteria to limit report results.

6.1.1.1 How to Generate a Dynamic Report

Each report available on the ‘Reports’ tab is generated in a similar fashion. The following set of steps can be applied generically to generate any dynamic report on the ‘Reports’ tab:

- 1) Go to the 'Reports' tab and click on the report link (e.g. 'Application Budget Report').

- 2) Wait for the report form to open and then enter any applicable search criteria. Depending on the report, select search fields may require inputs before the report can be generated.

- 3) Click the 'Generate Report' button. Report generation time will vary depending on the report type and the amount of underlying data.
- 4) Once the report has generated, a report link will appear at the top of the report form. The date and timestamp shown in the link title will match the time zone specified by the user in the user's profile

settings (e.g. "Application By Original Award Report for [User] [Date] [Time]").

The screenshot shows the TrAMS Reports interface. The top navigation bar includes 'WELCOME', 'MY WORK (18)', 'RECORDS', and 'REPORTS'. The main heading is 'Reports | Application By Application-Level Budget Report'. Below this, a section titled 'Generated Excel Report' contains a link: 'Application By Original Award Report for Jane TrAMS Mar 10, 2021 02:33 PM', which is highlighted with a red box. Underneath is the 'Report Search Criteria' section with the following fields:

- Recipient Name/ID: 9900 - TrAMS Transit Organization
- * Recipient Region/Cost Center: 62000 - Office of Administration
- Application/Award Fiscal Year: 2017
- Application/Award: Please Select a Type

- Click on the report link to download the report. The report will be Microsoft Excel formatted. The search criteria applied will be listed in the header section of the report.

The screenshot shows an Excel spreadsheet with the following data:

6.1.1.1.2 Standard Form Buttons

The dynamic report forms may contain one or more of the following standard buttons:

- Clear Filter:** Click the 'Clear Filter' button to clear all search criteria entered in the search filters.
- Generate Report:** Click the 'Generate Report' button to run the report.
- Close:** Click the 'Close' button to close the report form.

The screenshot shows three buttons arranged horizontally: 'CLEAR FILTER', 'GENERATE REPORT', and 'CLOSE'.

6.1.1.1.3 Search Criteria Types

Each dynamic report form will contain one or more search criteria. Required search criteria will be indicated on the form by a blue asterisk '*'. Search criteria filters may be of the following types:

- 1) Checkbox:** Checkboxes are used when zero, one or more items can be selected from a small list (usually <5 items). Each item has its own checkbox that can be selected or deselected independent of the other items in the list. On the 'FFR Detail Report', the 'Report Period Type' search criterion is an example of a checkbox field.

- 7) **Type Ahead:** Type-ahead fields are similar to text fields but search for matching inputs as the user types. The user will then be prompted to select from search results that match what was typed. A matching item that was selected can be unselected by clicking the "x". Type ahead fields will be more common for FTA user views of the report forms where a recipient ID may need to be selected from the full list of recipients. On the FTA version of the 'FFR Detail Report', the 'Recipient Name/ID' filter is an example of a type-ahead field. Typing the number '9900' prompts the user to select the recipient with ID 9900.

6.1.2 Historical Static Reports

Static reports are accessed from the 'Reports' tab. Static reports are stored by fiscal year, report name, month, and day. Reports are generated on a nightly basis and are cumulative starting with the first day of the fiscal year (October 1). Static reports have no filter criteria applied and show data for all Cost Centers and recipient organizations.

To access a historical static report:

1. Go to the 'Reports' tab and select the fiscal year for the static report users wish to view. Archived data from TEAM is available for fiscal years prior to 2016 (e.g. click folder "FY 2015 Archive").

The screenshot shows the TrAMS Reports interface. It has three main tabs: **Reports**, **Excel Reports**, and **Static Reports**. Each tab has an 'Enter Report Name' search box. Under the **Static Reports** tab, a list of fiscal years is displayed: **FY 2021** (highlighted with a red box), **FY 2020**, **FY 2019**, **FY 2018**, **FY 2017**, and **FY 2016**. Other report categories like 'Certifications & Assurances Completion Status' and 'Application Budget by ALI Report' are visible under the other tabs.

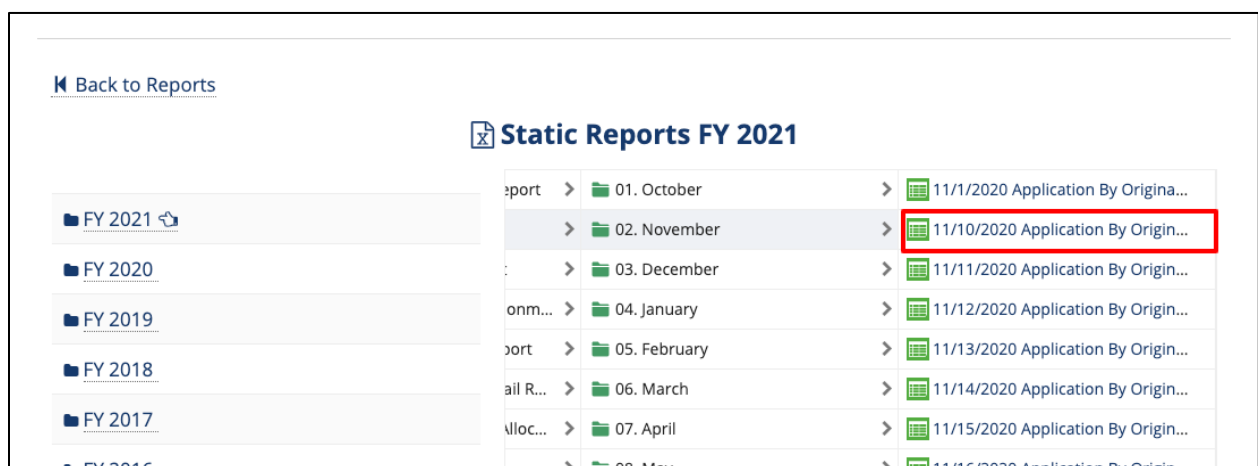

2. A list of all available static reports will display. Click on the desired report name (e.g. 'Application Budget Report').

The screenshot shows the 'Static Reports FY 2021' interface. On the left, there's a 'Back to Reports' link and a list of fiscal years: **FY 2021** (with a folder icon), **FY 2020**, **FY 2019**, **FY 2018**, **FY 2017**, and **FY 2016**. The main area displays a list of reports for FY 2021: **Application Budget by ALI Report**, **Application Budget Report** (highlighted with a red box), **Application by Status Report**, **Cumulative Formula Apportionm...**, **Deobligation by Funding Report**, **Discretionary Allocation Detail R...**, and **Discretionary and Earmark Alloc...**. Each report has a right-pointing arrow next to it.

3. A list of months will display in federal fiscal year order (October – September). Click on the desired month.

- The list of available reports by day will display. Click a report link to download a copy and save to the local environment. All reports are Microsoft Excel formatted.

6.2 Available Reports

This section describes each of the TrAMS reports including a short description of the report data generated, search criteria available for dynamic reports, and file links and names. Search criteria fields annotated with a 'FTA Only' indicate criteria only visible to FTA users and, in some cases, recipient users associated with multiple Recipient organizations. Within this document, required search criteria on dynamic reports are annotated by bolded font and an asterisk '*' (e.g. **Fiscal Month***).

When reviewing report data, note that some report fields may not be populated for Applications or Awards migrated from TEAM. For example, Pre-Award and Post-Award information is only available for TEAM Awards amended in TrAMS if managers have been assigned. This information is not available for Applications or Awards migrated from TEAM without an additional activity.

6.2.4 Disbursement Report

6.2.4.1 Description

The 'Disbursement Report' allows users to query individual disbursements and/or refunds for an Award. While other reports in TrAMS show a single, cumulative disbursement amount per grant or Project, this report displays each disbursement and refund processed. Search fields include account class code, financial purpose code, and section code.

For grants Awarded in TrAMS, users can also query for disbursements on individual Projects within the Award and on individual budget scope codes within the Projects. For reports run on grants Awarded in TEAM, the fields for budget scope code, scope name, and scope suffix will be blank as this information is only tracked for Awards made in TrAMS. Additionally, the report will only generate data for grants where disbursements have taken place. If an Application has not reached 'Awarded/Executed Status' or if no disbursements have occurred, the report will not return any information for that Award.

Note: It may take several minutes to generate a report when the search criteria entered are broad and produce large amounts of data.

6.2.6 FFR Detail Report

6.2.6.1 Description

The 'FFR Detail Report' provides information on Federal Financial Reports (FFRs) submitted for Awards, including the submission or review status of the report and the financial information as reported by the recipient. This report can be used to determine whether an FFR has been submitted and/or reviewed by FTA. FFRs display with their latest status, saved comments, recipient information, and Award details relevant to the entered search criteria. Users can input search criteria to filter reports by report period type and report period date ranges.

Note: Most financial information populated in the report is recipient-reported. The exceptions are disbursement, deobligated, and unliquidated obligation amounts which are generated by FTA's financial systems.

See the [FACES User Guide](#) for more information about the User Details Report.

6.2.12 Tasks for Recipients Report

6.2.12.1 Description:

All Recipient users can access the 'Tasks for Applications' report from the 'Tasks for Applications' link under the 'Reports' column. The 'Tasks for Applications' report consists of one tab that provides Recipient users a view of the 'Tasks for Recipients' list. The 'Tasks for Recipients' report enables all Recipient users to filter the list of existing TrAMS applications that have active tasks assigned to recipients. The report can be accessed by all Recipient users in TrAMS to view details of application and task assignment details, such as the task status, task start time, and work duration

1. After successfully logging on to TrAMS as a Recipient user, navigate to the *Reports* section. Under the *Reports* column, locate and select *Tasks for Applications*.

2. The system will redirect the user to the Tasks for Recipients screen. The 'Tasks for Recipients' list all applications with incomplete assigned to Recipient users under the filter fields.

7.1.2 Glossary of Terms

Appian	Web-based Business Process Management (BPM) software used to development the FTA Platform that houses TrAMS.
Application	A request for financial assistance in TrAMS through federal grants and cooperative agreements.
Award	An application that has been awarded in TrAMS (the application can be a grant or cooperative agreement)
Buttons	Used to perform actions such as saving data, deleting data, or leaving the form.
Cost Center	A term used to represent an FTA regional or Headquarters office within TrAMS.
Dashboard	A user interface that organizes and presents information in a way that is easy to view and read.
Field	A user input element on a form for entering data (e.g. a checkbox or textbox).
Form	A web-page where a user enters data or information.

Grid	The Appian term to describe a table. Grids have records (rows) and fields (columns).
Group	A collection of TrAMS users. All users with the same role in the same Recipient Organization will belong to a group (e.g. Transit CO ABC Submitters).
Menu	A list of options displayed on screen either in a list, dropdown list, or toolbar (top to bottom or across the top of the page).
Navigation Menu	A series of links specific to the type of record.
Navigation Tabs	Displays FTA-platform and system-specific information to all users. Tabs are used to navigate through the system.
Page	A web-page or web-enabled screen.
Project	Is a single activity or group of related activities that comprise a project within an application; and has a defined budget and schedule.
Recipient Organization	A recognized recipient, that has been assigned a unique FTA identification number (4 digits), which is also referred to as a Recipient ID Number. Recipient Organizations are tied to FTA Cost Centers.
Role	A set of privileges and responsibilities within TrAMS assigned to a user. Users can be assigned one or more roles.
System	A software application (e.g. TrAMS). The term “system” is used throughout this user guide instead of “application” to avoid confusion with TrAMS grant applications.
Task	An assigned step within a workflow. Appian can assign tasks to individual users or groups. Users can assign tasks to other users within the TrAMS system.
User	An individual with a TrAMS account that has at least one assigned user role and has logged into the FTA Appian Platform.
Workflow	A series of steps in a pre-defined process that must be completed in order.
