- *Space for each seminar is limited so no walk-ins are allowed. Registrations are accepted on a first-come, first-served basis. The maximum number of participants is 40. If the maximum number of participants is reached during registration, attendance will be limited to two individuals per agency in order to accommodate as many agencies as possible. Exceptions should be discussed with your Regional Office Program Manager.*
- *Please submit your workshop registration by **Monday, November 21, 2016**.*
- *For questions or more information regarding your registration please contact Mike Baker of AdSTM, Inc. at (518) 424-6178 or michael.baker@adstm.com.*

FTA REGION VI FY 2017 STATE MANAGEMENT REVIEW WORKSHOP OVERVIEW

BACKGROUND

The State Management Review (SMR) is one of the Federal Transit Administration's (FTA) management tools for examining performance of a state or territory's management practices and program implementation of the FTA funded transit and planning programs. It ensures that the programs are administered in accordance with 49 U.S.C. Chapter 53, Federal transit law provisions. As the Common Rule gives states and territories more flexibility in managing aspects of their FTA funded programs, the workshop also clarifies requirements as they apply to states and their sub-recipients.

In 2012, the SMR Program was streamlined to reflect the recommendations of the 2011 FTA Oversight Task Force to develop a risk-based approach to oversight of transit grant programs. The new, risk-based approach, which was successfully utilized during the 2012-2016 SMR cycles, will continue during the 2017 State Management Reviews. It is designed to allow more time to examine grantee practices in historically high risk areas such as program management, procurement, financial capacity, grant administration and Civil Rights to ensure that grantees are meeting FTA requirements and providing the appropriate oversight of their FTA grant programs and of their subrecipients. In addition, some requirements of the new FAST Act are addressed, as applicable to states.

WHO SHOULD ATTEND?

These workshops are designed for State DOT professionals who manage FTA funded programs or projects, or manage transit service or compliance programs. The workshops will help attendees broaden their understanding of the FTA and other federal rules and regulations that shape and define their programs. ***Priority for space will be given to those grantees scheduled for a State Management Review in 2017.***

WORKSHOP LEADERS

Each workshop will be conducted by transit professionals who are reviewers for the FTA's SMR program. The instructors will provide guidance in each of the areas to be reviewed, answer questions and share industry best practices. Staff from the FTA also attend the workshops to answer questions about the SMR, assist grantees in any area related to their FTA grant program, and refer to printed guidelines or other resources should you require additional information.

WORKSHOP AGENDA

Participants should **check-in no later than 8:00 am. The workshop will begin promptly each morning at 8:30 am** and end at 4:30 pm. Breaks are provided during both the morning and afternoon sessions and participants are free to have lunch on their own. The workshop content will cover each of the review areas of the SMR over the two-day period. Participant questions and group discussion will be accommodated as time allows.

FTA REGION VI
FTA FY 2017 STATE MANAGEMENT REVIEW WORKSHOP
