REGION 10 BULLETIN NO: 2014-02

Subject: TrAMS Webinars

Program Area: Grants Development; Training

Date: January 14, 2014

The Federal Transit Administration (FTA) will be hosting webinars on the Transit Award Management System (TrAMS).

FTA is scheduled to deploy TrAMS as its grants system of record in October of 2014. When deployed, TrAMS will offer a more efficient, user-friendly, and flexible tool to award and manage grants and cooperative agreements, will provide more useful information, and will strengthen the integrity and consistency of our grants award and management process.

In the past twelve months, FTA has developed significant functionality for the new system, including functionality to manage organizational information in the system, input and transmit an application, and complete post-award functions. However, the system remains a work-in progress and we need your input so that we can improve the content we've developed so far.

Upcoming Webinars

FTA will be holding webinars this month that will provide an update on the status of the project and will feature a live demonstration of post-grant award functionality including:

- Executing an awarded grant.
- Drafting and submitting Milestone Progress Reports and Federal Financial Reports
- Preparing and submitting a budget revision
- Preparing a grant amendment

There will also be opportunities for questions and answers during the webinar.

How to Participate in the Webinars

No advance registration is required; however, participants will be admitted to the webinar on a first-come, first-serve basis. A maximum of 200 people able to join the meeting via the webinar link and a maximum of 125 people able to join the meeting via the conference call line. Participants who join the webinar will be able to hear the audio portion but will not be able to ask questions via the conference call line; however, they will be able to ask questions via the “chat” function.

Previous Webinar

If you are planning to participate in the January webinars, we encourage you to view the content of the previous webinar on TrAMS that FTA held for grantees on August 29, 2013. A link to that recording can be found at

<https://connectdot.connectsolutions.com/p633mtmp0t5>.

This recording includes a live demonstration of the functionality grantees will use to manage their organizational information and develop an application in TrAMS along with questions and answers from webinar participants. (The audio portion begins about 32 seconds into the webinar).

Volunteering to Evaluate TrAMS

As part of our outreach in August and September of 2013, FTA invited individuals who work for our grantees to volunteer to evaluate the system we had configured so far and provide us with your feedback. Over 70 individuals representing over 50 grantees volunteered for this effort.

This month, we will be accepting a limited number of additional volunteers to help evaluate the post-award functionality we’ve developed so far. Priority will be given to the

individuals/organizations who volunteered in September and additional volunteers will be accepted on a first-come/first-serve basis.

If you would like to volunteer, please email fta.trams@dot.gov no later than COB Friday January 24, 2014. If you are already serving as a TrAMS volunteer evaluator, you do not need to re-apply.

For further information, contact Region 10's Amy Changchien at 206-220-4464 or email amy.changchien@dot.gov or Deborah Ensor at 206-220-7950 or email deborah.ensor@dot.gov.
