Date: January 14, 2014

The Federal Transit Administration (FTA) announces the availability of \$24.9 million of Fiscal Year (FY) 2013 funds for the deployment of low or no emission transit buses. Of that amount, \$21.6 million is available for buses and \$3.3 million is available for supporting facilities and related equipment. If additional funding is appropriated for this program in FY 2014, FTA may, at its discretion, also make those funds available under this announcement.

The “Low or No Emission Vehicle Deployment Program”(LoNo Program) provides funding for transit agencies for capital acquisitions and leases of zero emission and low-emission transit buses, including acquisition, construction, and leasing of required supporting facilities such as recharging, refueling, and maintenance facilities.
