**REGION 8 BULLETIN NO: 2016-11**

Subject: Senior Executive Service (SES) Vacancies in the Federal Transit Administration (FTA)

Date: 08/26/2016

Dear Grantees:

This is to notify you of two Senior Executive Service (SES) vacancies in the Federal Transit Administration (FTA). We want to attract a diverse pool of candidates from within and outside the government who can bring strong executive skills to the position of Regional Administrator in Denver, CO and San Francisco, CA.

If you know someone who has outstanding Leadership qualities and may be interested in this challenging position, please encourage them to apply for this vacancy announcement which can be found on the Office of Personnel Management USAJOBS website at:

<https://www.usajobs.gov/GetJob/ViewDetails/446779900>

The Regional Administrator (RA) for this Region exercises executive direction over activities in the region to effectively promote, implement, and administer FTA programs under federal public transportation law. America's transportation network is essential to the quality of life of our citizens and the productivity of the nation's economy.

The transit programs in this region are characterized by the highest degree of complexity, due to the type and number of on-going projects; the involvement of large sums of money; the requirements of different transit needs and the involvement of a multiplicity of carriers and governmental jurisdictions; and the involvement of complex, novel, and politically sensitive cases. The RA is responsible for overseeing these activities to ensure that the portfolio of transit programs and projects are well managed and that the Federal funds are protected, while also serving as FTA's primary spokesperson, promoting new initiatives and programs.

Sincerely,

/Linda M. Gehrke/

Linda M. Gehrke  
Regional Administrator
