5329(e)(3)(A),(B)
5329(e)(4)(A)(vi),(v)

SSO Pre-Certification Process

- Certification process specified in 49 U.S.C. Section 5329(e)(7)(A) is entirely separate from FTA's existing 49 CFR Part 659 program
 - A State in good standing under 49 CFR Part 659 remains in good standing

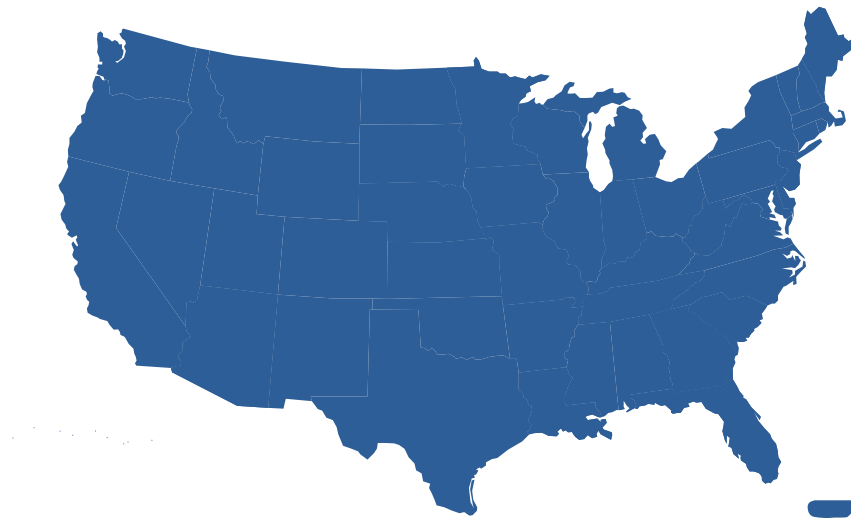

SSO Pre-Certification Process

- Occurs:
 - Between FTA and the Governor of the State
- Coordinated with highest ranking Transportation Official in State &

SSO Pre-Certification Process

MAP-21 Legislation – 5329(e)(7)(A)

IN GENERAL.—Not later than 1 year after the date of enactment of the Federal Public Transportation Act of 2012, the Secretary shall determine whether or not each State safety oversight program meets the requirements of this subsection and the State safety oversight program is adequate to promote the purposes of this section

MAP-21 Requirements

State SSO Programs must:

- Assume responsibility for RFGPTS safety from engineering and construction
- Be legally and financially independent from RFGPTS
- Not provide transportation in an RFGPTS area
- Not employ any individual who is also responsible for administering RFGPTS program
- Have authority to review, approve, oversee and enforce RFGPTS safety plan and adopt Federal and state safety regulations
- Have investigative and enforcement authority at RFGPTS
- Conduct triennial audits of RFGPTS safety
- Ensure adequate, qualified and trained/certified staff for SSO program
- Provide annual report

SSO Pre-Certification Results

Results

- 2 States received “initial certification” and were authorized to submit applications to FTA’s SSO Grant Program
- 21 States were authorized to submit applications to FTA’s SSO Grant Program and will be required to resubmit in order to receive “initial certification”
- 7 States received requests for additional information and/or formal scoping sessions

The MAP-21 statutory requirements are far more stringent than FTA's existing 49 CFR Part 659 SSO rule and program.
