REGION 10 BULLETIN NO: 09-60

Subject: Transportation Safety Institute Course Catalog for FY 2010

Program Area: Safety and Security

Date: October 29, 2009

The Transit Safety and Security Division have released their course catalog for Fiscal Year (FY) October 1, 2009 – September 30, 2010. The schedule and course details can be viewed at <http://www.tsi.dot.gov>.

The Transit Safety and Security Division was established in 1976 in direct support of the Federal Transit Administration's (FTA) mission to provide economical, timely, state-of-the-art training and educational opportunities to the transit industry. The Division, housed within the Research and Innovative Technology Administration's (RITA) Transportation Safety Institute (TSI), serves as the primary training unit for FTA's Office of Transit Safety and Security. TSI courses equip transit personnel with high performance skills needed to effectively operate, maintain, and manage public transportation systems. Their mission is "to provide the transit industry with timely and professional training to better ensure that employees operate with high standards of safety and security while contributing toward a system of greater mobility for the American public."

For further information, contact Region 10's Susan Fletcher at (206) 220-7514 or email susan.fletcher@dot.gov.

Sincerely,

for R.F. Krochalis
Regional Administrator
