REGION 10 BULLETIN NO: 2010-78

Subject: NTI Quality Assurance and Quality Control in Transit

Program Area: Training

Date: November 10, 2010

The National Transit Institute (NTI) will be sponsoring a FREE course (\$300 for consultants and contractors) titled “**Quality Assurance and Quality Control in Transit**” in Pittsburgh, PA on February 8-9, 2011 and in Seattle, WA on April 12-13, 2011.

This course is intended for current and new transit professionals that engage in federally funded activities. It will be particularly beneficial for grantees, Federal Transit Administration (FTA) staff, consultants, contractors, and vendors, as it will provide an overview of the essential components of quality assurance and quality control in transit agencies. This course will also review and expand upon the FTA’s Quality Assurance and Quality Control Guidelines: February 2002 and address the various perspectives for quality relative to capital development, transit operations, maintenance, or vehicle acquisition.

Course topics include:

- An overview and definition of quality assurance and quality control
- The benefits of implementing a quality management system
- The components that comprise a quality management system
- Strategies to implement quality processes in at least one of the following areas: capital development, operations, management, and vehicle acquisition

If you are interested in attending, please follow this link
