Re: ADA Fixed Route Stop Announcements and Route Identification Compliance Review Final Report

Dear Mr. Gee:

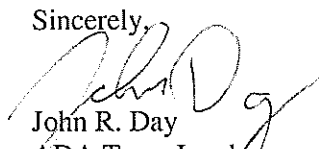

Thank you for your responses to the Federal Transit Administration's (FTA) findings during the Americans with Disabilities Act of 1990 (ADA) Fixed Route Stop Announcements and Route Identification Compliance Review conducted at the Toledo Area Regional Transit Authority (TARTA) from June 15-18, 2009. During the review, you were informed that FTA would issue a draft report of the findings, on which TARTA would have an opportunity to provide comment, following which a final report would be released.

Since your letter of February 2, 2011 had no corrections to the Draft Report, this report is now considered a Final Report and a copy so marked is enclosed for your records. As of the date of this letter the Final Report became a public document and is subject to dissemination under the Freedom of Information Act of 1974.

FTA recognizes that it has been nearly three years since our onsite review and that changes have likely occurred in TARTA's fixed route system. We appreciate the efforts that TARTA has already taken to correct the deficiencies identified. A corrective action plan has been implemented and you have worked diligently to comply with ADA regulations. We appreciate the cooperation and assistance that you and your staff have provided us during this review.

Should you have any questions about the enclosed report or this letter, please contact Ms. Britney Berry, at (202) 366-1065 or via e-mail at britney.berry@dot.gov.

Sincerely,

John R. Day
