NOFO Section C. Eligibility Information, subsection 3. Eligible Projects

# Eligibility Information

## Eligible Projects

- Projects are not required to be in an air quality non-attainment area.
- Vehicles must make greater reductions in energy consumption and harmful emissions, including direct carbon emissions, than comparable standard buses or other low or no emission buses.
- Projects must be part of the long-term integrated fleet management plan.
- Bus testing must be completed prior to disbursement of FTA funds.
- Vehicles must be purchased from certified transit vehicle manufacturers in accordance with the Disadvantaged Business Enterprise (DBE) regulations.
- All capital procurements must meet FTA's Buy America requirements.

NOFO Section F. Federal Award Administration, subsection 2. Administrative and National Policy Requirements

# Eligibility Information

## Definition of Low or No Emission Bus

A low or no-emission bus is defined as a passenger vehicle used to provide public transportation that significantly reduces energy consumption, air pollution, or direct carbon emissions, when compared to a standard vehicle.

This includes zero-emission transit buses, which are defined as buses that produce no direct carbon emissions and no particulate matter emissions under any and all possible operational modes and conditions.

# Eligibility Information

## Ineligible Projects

- Operating expenses
- Preventive maintenance
- Development or deployment of prototype vehicles
- Previous project expenses
- Mobility Management
- Planning and design studies independent of a capital project

# Application Review

## Evaluation Criteria (The Six Hows)

### 1. Demonstration of Need

**How** will the proposed project address an unmet need for capital investment?

### 2. Demonstration of Benefits

**How** will the proposed project support the program objectives (reduce energy consumption, reduce harmful emissions and reduce direct carbon emissions)?

### 3. Planning and Local/Regional Prioritization

**How** is the proposed project consistent with local and regional long range planning documents and local government priorities?

### 4. Local Financial Commitment

**How** will the local funds be secured?

### 5. Project Implementation Strategy

**How** will the proposed project be implemented?

### 6. Technical, Legal & Financial Capacity

Does the applicant have the know-**how** to carry out the proposed project?

### Get Started on Your Workspace Application

Workspace is the standard way for organizations or individuals to apply for federal grants in Grants.gov. Workspace allows a grant team to simultaneously access and edit different forms within an application. Plus, the forms can be filled out online or offline—your choice.

Grants.gov Workspace also allows applicants and organizations to tailor their application workflow. Here are three approaches that applicants can take when completing a Workspace application:

Basic	Intermediate	Advanced
<ul style="list-style-type: none"><li>+ Best for organizations with 1-2 registered Grants.gov users</li><li>+ Application forms are downloaded and emailed to collaborators before being uploaded back to the workspace</li></ul> <p><a href="#">LEARN MORE &gt;</a></p>	<ul style="list-style-type: none"><li>+ Best for organizations with 3-5 registered Grants.gov users</li><li>+ Applicant teams are typically comprised of an AOR who submits, as well as a Workspace Owner who oversees form completion</li></ul> <p><a href="#">LEARN MORE &gt;</a></p>	<ul style="list-style-type: none"><li>+ Best for organizations with external Grants.gov users, such as consultants</li><li>+ Workspace Owner manages form access</li><li>+ Workspace Owner adds subforms</li></ul> <p><a href="#">LEARN MORE &gt;</a></p>

**Registering an Organization**

The instructions below are for new organizations or organizations that have never applied for a federal grant before. Most applicants work for organizations that already completed these steps to do business with the federal government.

Before your organization can apply for a federal grant, there are several steps an organization must complete outside of Grants.gov prior to submitting an application through Grants.gov. An organization is an entity that submits grant applications on behalf of the group, such as a state government, [nonprofit organization](#), or a [private business](#). Once you form a legal entity with a [Employer Identification Number \(EIN\)](#), you are ready to complete the steps below.

Below are the main steps and links to more information to complete this process. The process below can take between three business days and five weeks, so please make sure to begin early. If you do not complete these steps by the submission deadline, you are unlikely to be allowed to submit an application. Contact the federal agency point of contact listed in the grant opportunity to discuss that agency's policy.
