# Public Transportation Safety Certification Training Program Final Rule

Office of Transit Safety and Oversight

**S**eptember 18, 2018

#### **Today's Presentation**

- Background
- Revisions from the NPRM
- Final Rule Overview
- Technical Training Plans
- Recordkeeping
- Oversight Framework
- Questions

### **Background**

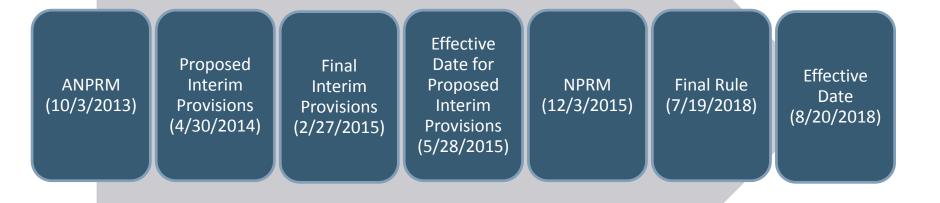

#### **Statutory Requirements**

- Congress directed FTA to establish a comprehensive Public Transportation Safety Certification Training Program for two categories of personnel (49 U.S.C. § 5329(c)(I)).
  - Federal and State employees who conduct safety audits and examinations of public transportation systems
  - Employees of public transportation agencies directly responsible for safety oversight
- Concurrently, Congress directed FTA to publish interim safety certification training requirements to be in effect until the effective date of the final rule (49 U.S.C. § 5329(c)(2)).

#### **The Training Rule Process**

Final Rule Published on July 19, 2018 Effective Date is August 20, 2018

#### **SMS** and the Training Rule

- Under the Public Transportation Safety Program Rule, FTA established SMS as the approach to Transit Safety.
- SMS encourages agencies to be proactive and to ensure that employees have the competencies required to manage safety effectively.
- SMS is integrated into the Training Rule by requiring safety personnel to have a minimum level of SMS competency.
- SMS is integrative and ensures that safety is everyone's responsibility, not just the safety office; therefore, SMS training is required for all employees who are engaged in safety oversight, from frontline, to middle managers, to Executives.

### Revisions from Safety Certification Training Program NPRM

#### **Training Rule NPRM Changes**

#### **NPRM Comments**

- 19 comments, including one letter representing five state DOTs.
- The majority of commenters were supportive of FTA establishing a training curriculum to ensure basic level of safety-related competency.

Major Issues Discussed by Commenters			
Comment Category	FTA Response	Reduction in Burden*	
Course Requirements	Final rule does not require security or SMS gap courses.	<ul> <li>Total reduction of 38 course hours</li> <li>Approximate total reduction of up to \$565,000</li> </ul>	
Equivalency Credit	Final rule provides process for obtaining credit for non-FTA sponsored courses.

#### **Enrolling in the Program and Requesting an ITP**

- Email <u>FTASafetyPromotion@dot.gov</u> to enroll and request your Individual Training Plan (ITP)
- Include the following information in your request:
  - The agency you work for
  - Your role within that agency
  - Your phone number

#### **Registering for Courses**

- Register on the Transportation Safety Institute (TSI) Learning Management System (LMS) at
  - https://tsi-dot.csod.com/client/tsi-dot/default.aspx
  - Contact TSI for assistance:
  - **(405) 954-3682**
  - <u>Transit@dot.gov</u>

#### Requesting Credit for Equivalent Courses

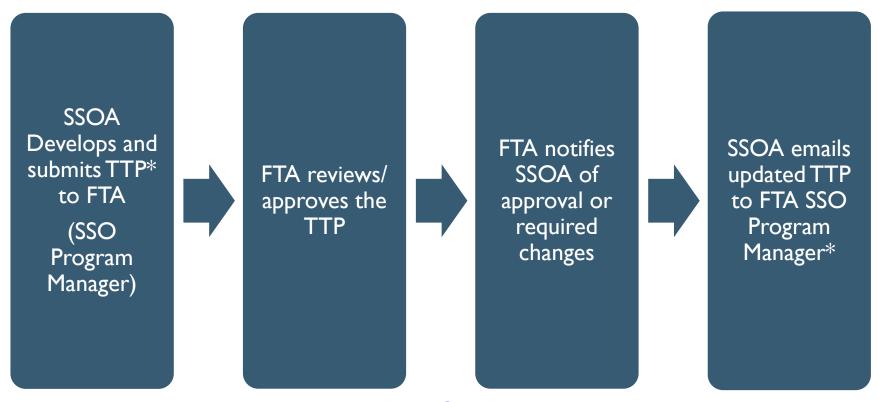

- Go to FTA's training website at <a href="https://www.transit.dot.gov/regulations-and-guidance/safety/safety-training">https://www.transit.dot.gov/regulations-and-guidance/safety/safety-training</a> to download the equivalency credit request form for official evaluation of training completed outside of FTA's Safety Training Program
- Email completed form and required supporting documents to <u>FTASafetyPromotion@dot.gov</u>
- Allow 60 days for review and response by FTA

### Technical Training Plan Requirement for SSOAs

#### **Technical Training Plans**

<sup>\*</sup>To request a TTP template please email <a href="mailto:FTASafteyPromotion@dot.gov">FTASafteyPromotion@dot.gov</a>

#### **Technical Competencies**

- Required technical competencies (technical training component of the curriculum) may be satisfied through a number of options, including:
  - Internal staff
  - Qualified staff from other agencies (e.g., FRA State Participation Program)
  - Contractors
- SSOAs can address each competency area through:
  - Rail system training
  - Equivalencies
    - Experience/existing qualifications
    - Certifications
      - E.g., the FRA Certified Track Inspector

### Recordkeeping

#### Recordkeeping

- SSOAs and RTAs must ensure that their designated personnel are enrolled in training program.
- Designated personnel must update their individual training record as they complete applicable training requirements.
- SSOAs must retain a record of technical training completed by their designated personnel in compliance with this rule for at least five (5) years from the date record is created.

#### Recordkeeping (Availability of Records)

#### SSOAs and RTAs

- May not release information on designated personnel that is required by the rule without their written consent, unless required by law.
- Must promptly provide copies of any records of training completed to comply with this rule, upon written request by personnel.
- Must provide access to facilities used and records compiled to comply with the rule to DOT, FTA, or any State agency with jurisdiction over transit safety oversight.
- If requested by the NTSB, disclose information related to the training of designated personnel to NTSB as part of an accident investigation.

### **Oversight Framework**
