

# Use of Grant Funds for Safety Plan Development and Implementation

- No additional funding provided to grantees for compliance with the PTASP Final Rule
- Federal funds may be used to develop and implement a safety plan:

• 5303	• 5309
• 5304	• 5337
• 5307	• 5339
- SSOA funds may **not** be used for any bus activities, only to be used for rail activities

# Safety Plan Approval

- Safety plan must be signed by agency's Accountable Executive.
- Safety plan must be approved by agency's Board of Directors or an equivalent authority (such as a mayor, county executive, or grant manager).
- A State Safety Oversight Agency must review and approve the safety plan for a rail transit agency for which it has responsibility.
  - **For multimodal agencies that choose to draft one plan for the entire agency, SSOAs are only required to review the rail portions of the plan**

# Safety Plan Certification

- Transit agencies, and States that draft plans on behalf of small operators, must initially self-certify through FTA's Certifications and Assurances process that they have established a Safety Plan by one year after the effective date of the rule.
- Annually, transit agencies and States self-certify that they are meeting the requirements of the rule.

# Record Keeping

Transit agencies must keep records related to their safety plan for three years.

- Documents related to the implementation of its Safety Management System (SMS) and results from SMS processes and activities.
- Documents, in whole or by reference, that describe the programs, policies, and procedures for carrying out the Public Transportation Agency Safety Plan (PTASP).

Documents must be made available upon request by FTA, other Federal entity, or a SSOA.

# PTASP Rule Oversight Framework

## FTA Role

- Guidance
- Technical assistance
- Triennial reviews

## Transit Agency (State DOT) Role

- Develop (State DOT for small bus) and implement PTASP
- Annual self-certification

## SSO Agency Role

- Review and approve PTASP
- Oversees RTA compliance

# Performance Management Framework and the Planning Process

# FTA's Safety Performance Measures (by Mode)\*

## Injuries

- Total amount and rate per total vehicle revenue miles.

## Fatalities

- Total amount and rate per total vehicle revenue miles.

## Safety Events

- Total amount and rate per total vehicle revenue miles.

## System Reliability

- Mean distance between major mechanical failures.

*\*Established in FTA's National Public Transportation Safety Plan*

# MAP-21 Performance Management Framework

## FTA

- Transit Asset Management
- National Public Transportation
- Safety Plan Public Transportation Agency Safety Plan

## FHWA

- Safety Performance
- Pavement and Bridge Condition
- System Performance & CMAQ
- Highway Safety Improvement Program
- Highway Asset Management Plan

Statewide and Metropolitan Planning

# Coordination with the Planning Process

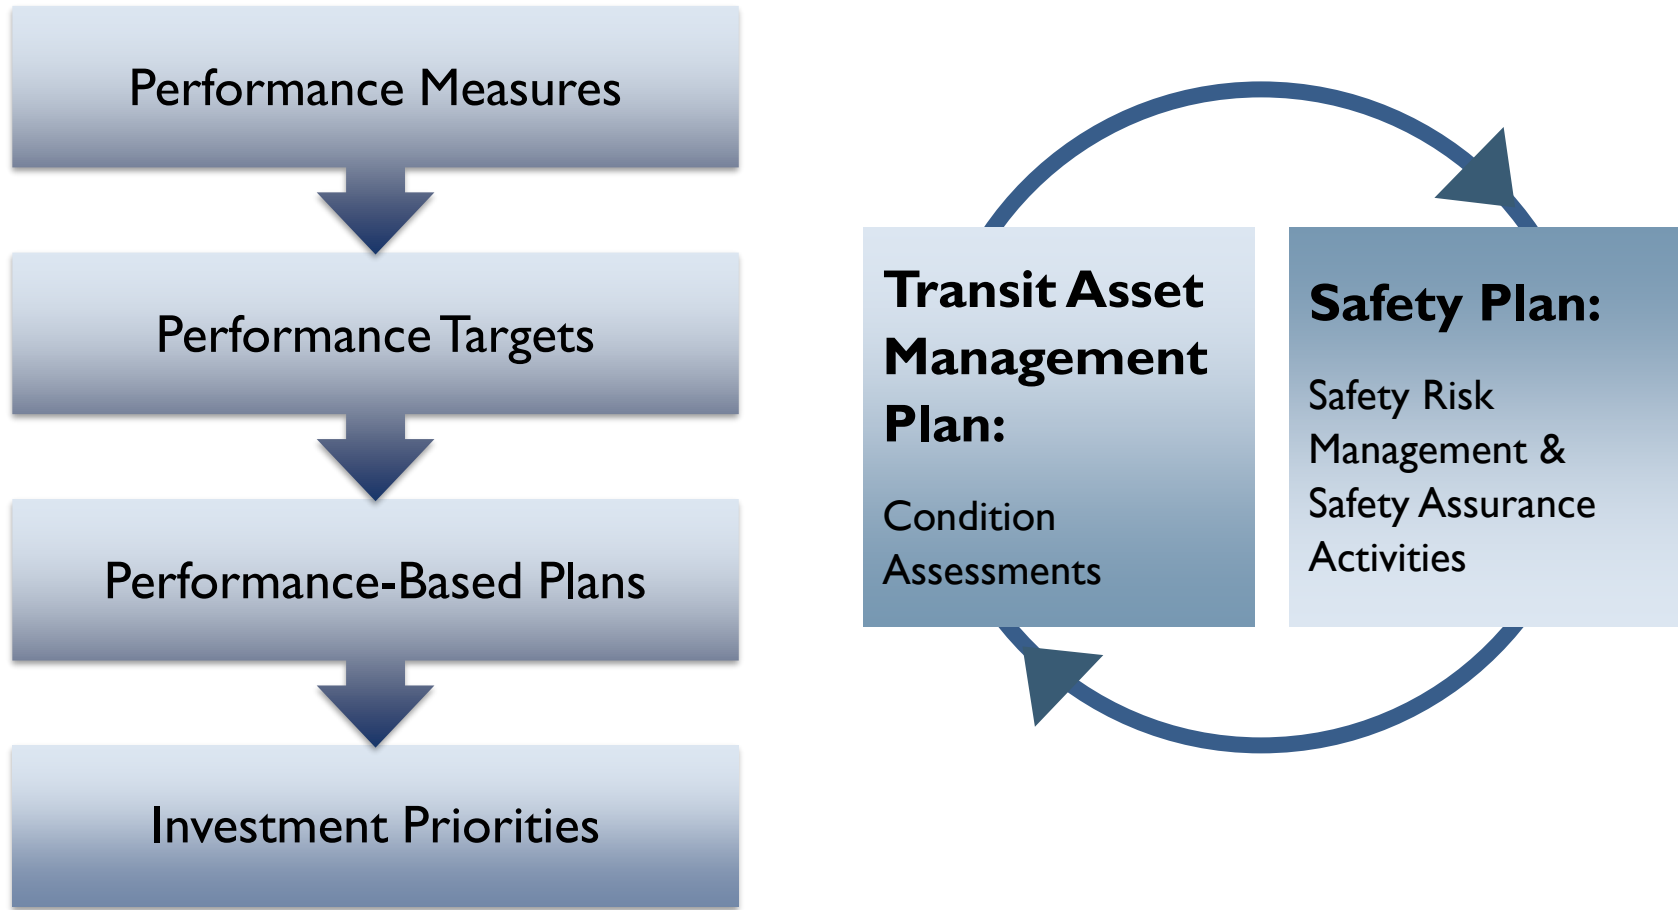

- Transit agencies are required to make their safety performance targets available to States and Metropolitan Planning Organizations (MPO).
- This will assist with the selection of safety performance targets at the State and MPO levels.
- The safety performance targets will help States and MPOs develop their investment priorities for upcoming transit projects within their jurisdictions for at least the following four years.
- The FTA/FHWA Joint Rule on Planning (23 C.F.R. Part 450) provides more information on planning and coordination requirements.

# State DOT and MPO Roles in the Planning Process

- Incorporate safety performance targets received from your transit agencies in to the statewide and MPO transportation plans and transportation improvement programs
- Provide guidance to transit agencies on the planning process for your state or MPO as needed
- MPOs have 180 days after the initial Safety Plans are finished (must be by July 20, 2020) to establish their own safety performance targets

# Linking Safety, Transit Asset Management, and Project Planning

# Safety Management Systems (SMS)

# Safety Management System (SMS)

# Safety Management Policy

Establish A  
Written  
Statement of  
Safety Policy,  
Communicated  
Throughout the  
Agency, that  
Includes:

Safety objectives for the agency

---

A employee reporting program

---

Organizational  
accountabilities  
and safety  
responsibilities  
for:

1. Accountable Executive

---

2. Chief Safety Officer

---

3. Agency Leadership

---

4. Key Staff Responsible for Safety

# Safety Risk Management

Establish A  
Process For:

**Identify** safety hazards.

---

**Assess** the safety risks associated with the identified safety hazards.

---

**Prioritize** safety hazards based on the level of risk.

---

**Implement** safety risk mitigations.

---

# Safety Assurance (All Transit Agencies)

Establish  
Activities  
For:

Safety  
Performance  
Monitoring and  
Measurement

Monitor compliance with/sufficiency of operations and maintenance procedures.

---

Identify mitigation(s) that may be ineffective, inappropriate, or not implemented as intended.

---

Conduct investigations of safety events to identify causal factors.

---

Monitor safety-related information.

---

# Safety Assurance (Rail/Large Bus Systems Only)

Establish Activities  
For:

Management  
of Change

Identify and assess changes that may introduce new hazards or impact safety performance.

---

Continuous  
Improvement

Assess safety performance and correct safety deficiencies.

# Safety Promotion

Elements:

Comprehensive safety training program for agency employees/contractors directly responsible for safety.

---

Communicate an agency's safety performance throughout the organization.

# PTASP Effective Date

The rule is effective on **July 19, 2019**. Transit agencies must develop, certify, and implement an agency safety plan by **July 20, 2020**.

**Please do not wait to begin development of your agency safety plan. FTA cannot waive or extend the compliance deadline.**

# Outreach and Technical Assistance

# FTA Technical Assistance

To assist with the implementation of these final rules and to reduce administrative and financial burdens, FTA is publishing templates, guidance and technical assistance, including:

- Rail (forthcoming)
  - SSPP to PTASP Roadmap
  - Rail Guidance
- Bus
  - [PTASP Template](#)
  - [Bus Guidance](#)

The screenshot shows the Federal Transit Administration website page for "Public Transportation Agency Safety Plans". The page features a navigation menu with "About", "Funding", and "Regulations & Guidance". A sidebar on the left contains links for "Overview", "Getting Started", "Guidance and Templates", "FAQs", and "Resources". The main content area includes a video player titled "A New Era in Transit Safety" with a play button. Below the video is a section titled "Overview" with a three-dot menu icon. The text in the "Overview" section states: "On July 19, 2018, FTA published the Public Transportation Agency Safety Plan (PTASP) Final Rule, which requires certain operators of public transportation systems that receive federal funds under FTA's Urbanized Area Formula Grants to develop safety plans that include the processes and procedures to implement Safety Management Systems (SMS). The PTASP rule is effective July 19, 2019. The plan must include safety performance targets. Find additional guidance on planning and target setting on FTA's Performance-Based Planning pages. Transit operators also must certify they have a safety plan in place meeting the requirements of the rule by July 20, 2020. The plan must be updated and certified by the transit agency annually. The rule applies to all operators of public transportation systems that are recipients and sub-recipients of federal financial assistance under the Urbanized Area Formula Program (49 U.S.C. § 5307). However, FTA is deferring applicability of this requirement for operators that only receive funds through FTA's Enhanced Mobility of Seniors and Individuals with Disabilities Formula Program (Section 5310) and/or Rural Area Formula Program (Section 5311)." To the right of the main content is a "Webinars" section with a heading "Registration is required to join these webinars." and a list of four webinars: "Multimodal Agencies Webinar" (Monday, August 6 at 2:00 PM ET), "State Safety Oversight Agencies Webinar" (Thursday, August 9 at 2:00 PM ET), "Bus-only Agencies Webinar" (Tuesday, August 28 at 2:00 PM ET), and "State DOTs Webinar" (Wednesday, August 29 at 2:00 PM ET). Below the webinars is a "Related Links" section with a list of links: "Sign Up for Updates", "Public Transportation Agency Safety Plan Final Rule", "Safety Management Systems (SMS)", "Safety Rulemaking", "Transit Safety & Oversight", "Safety Training", and "A New Era of Safety (video)". At the bottom right is a "Contact Us" section with the "Public Transportation Agency Safety Plan Team" information: "Federal Transit Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, United States, PTASP\_QA@dot.gov, Phone: 202-366-1783".
